

Qualification status explanations

The following is a list of the statements UAC uses to describe our progress in assessing each of your qualifications. Next to each statement is a more comprehensive explanation of your assessment status.

Qualification assessment status	Explanation
Assessment finalised	Your assessment is finalised. No further information is required.
Results not yet available	Your results are not yet available. As soon as they are available, UAC will obtain these on your behalf.
We have obtained your results. Assessment finalised	The results we have received are assessable according to UAC's participating institutions' assessment guidelines. Your assessment is finalised. No further information is required.
We have obtained your results. Assessment finalised using results available	The results we have received are assessable according to UAC's participating institutions' assessment guidelines and we have finalised your assessment based on these results. If you are currently studying, we will update your assessment when results from these studies are received. If we cannot obtain these results on your behalf and we have sent you a letter asking you to provide them, your assessment will be updated once these results are received.
We are waiting for your reply to our letter – [type of letter sent]	UAC cannot finalise the assessment of your qualification until you have replied to our letter. Check your correspondence in Check & Change for further information. When providing your documents, ensure that you also attach our letter to you requesting the documents (print it from Check & Change).
We have received your reply to our letter – [type of letter sent]	UAC has received your correspondence but it has not yet been processed by an assessor. Check back later to confirm that your qualification has been assessed and your application has proceeded.
We are waiting for your reply to our letter – [type of letter sent]. Assessment finalised using results available	UAC has received your documents and assessed your qualifications according to UAC's participating institutions' assessment guidelines. If you are currently studying, we require a copy of your current results as soon as they are available, in order to update your results assessment. Check your correspondence in Check & Change for further information. If you post or deliver your documents, ensure that you also attach our letter to you requesting the documents (print it from Check & Change). If our barcoded letter to you requesting the documents was not attached to results you have already posted or delivered, your reply may not have been registered on our system, even if we have received and finalised assessment of your results.
We have received your reply to our letter – [type of letter sent]. Assessment finalised	UAC has received your correspondence and the results you provided are assessable according to UAC's participating institutions' assessment guidelines. Your assessment is finalised. No further information is required.
Please provide your IB Diploma predicted grades. We are awaiting your reply to our letter.	Your qualification cannot be assessed as you have not provided UAC with your IB Diploma predicted grades. Check your correspondence in Check & Change for further information.
You need to provide your current overseas secondary results. We are awaiting your reply to our letter.	Your qualification cannot be assessed as you have not provided UAC with your current overseas secondary results. Check your correspondence in Check & Change for further information.
We can obtain your current November results. See letter from UAC.	UAC will be able to obtain your results on your behalf if you reply to our letter. Check your correspondence in Check & Change for further information.
Check if you have a letter from UAC advising that you do not meet English language proficiency requirements.	If you do not meet the English language proficiency requirements for one or more of your courses you will have been sent a letter. Check your correspondence in Check & Change for further information.

Qualification assessment status	Explanation
Not assessed reasons	
Not assessed. ATAR (or equivalent) requirements not met	Your secondary qualification has not been assessed as you have not met the ATAR (or equivalent) requirements for your qualification.
Not assessed. Documentation provided not acceptable for assessment; see letter from UAC	Your qualification has not been assessed as the documentation that you provided does not meet UAC's participating institutions' document guidelines. Check your correspondence in Check & Change for further information.
Not assessed. No assessment guidelines	Your qualification will not be assessed. This decision is based on the criteria set by UAC's participating institutions. Contact the institution/s where you would like to study for further information.
Not assessed. Qualification not necessary for application	Your qualification has not been assessed as you have other qualifications that the institution will use to determine your competitiveness for its course.
Not assessed. Minimum requirements for assessment not met	Your qualification does not meet the minimum requirements for assessment. This decision is based on the criteria set by UAC's participating institutions. Contact the institution/s where you would like to study for further information.
Not assessed. Course incomplete	<p>You have not completed your course and your qualification cannot be assessed. This decision is based on the criteria set by UAC's participating institutions.</p> <p>If you believe that you have completed your course, you will need to supply UAC with proof of this. You can either provide a copy of your testamur or a copy of your transcript of results that clearly states that you have completed all requirements of the course.</p>
Not assessed. Did not sit the Special Tertiary Admissions Test (STAT)	Your STAT results have not been assessed as you do not appear to have sat STAT. If you did sit STAT, contact UAC to confirm your details.
Not assessed. Insufficient study for assessment	Your qualification has not been assessed as it does not meet the minimum length of study requirement determined by UAC's participating institutions. Contact the institution/s where you would like to study for further information.
Not assessed. Combined with another qualification	The qualifications you provided to us have been assessed according to UAC's participating institutions' assessment guidelines. However, this qualification has been combined with another of your qualifications. Be assured that all your given qualifications have been assessed and we require no further information from you.
Awaiting further results for assessment.	Your qualification cannot be assessed as you do not have grades for enough subjects to allow assessment. Your assessment will be updated once further results are received.
Further results to be provided. Refer to the letter we have sent you.	Your qualification cannot be assessed until you have provided the results requested. Check your correspondence in Check & Change for further information.
Requested documentation not provided.	Your qualification has not been assessed as you have not provided UAC with the documentation requested. Check your correspondence in Check & Change for further information
Qualification assessed as tertiary study.	Your qualification has been assessed as tertiary study. Check the assessment of your tertiary qualifications for further information.

Qualification assessment status	Explanation
Not assessed reasons for employment qualifications	
Not assessed. No documentation has been received	Your employment has not been assessed as you have not provided a statement of service to support your employment claim.
Not assessed. Documentation provided not acceptable for assessment	Your employment has not been assessed as the statement of service that you provided does not meet UAC's participating institutions' assessment guidelines for statements of service.
Not assessed. Employment was not paid	Your employment has not been assessed as volunteer work is not assessable under UAC's participating institutions' assessment guidelines.
Not assessed. Hours worked less than one year full-time	Your employment has not been assessed as it does not meet the minimum hours worked requirement as determined by UAC's participating institutions. Your employment can only be assessed if the hours worked are equivalent to a minimum of one year of full-time employment.
Not assessed. Combined with same type of employment at another organisation	Your employment experience has been assessed. As we have combined some of your periods of employment, our system automatically notifies you that some of your experience has not been assessed. Be assured that all your given experience has been assessed according to UAC's participating institutions' assessment guidelines and we require no further information from you.
