ABOUT

Western Sydney University postgraduate degrees can have a huge impact on your career and your community. They are practical, realistic and run by staff with a wealth of industry experience.

We specialise in integrating advanced academic knowledge with real-world experience. Our internationally recognised research institutes focus on the application of academic knowledge. We aim to ensure that our postgraduate courses make a difference.

ADMISSION REQUIREMENTS

You must check the admission requirements on the UAC or the University websites before completing your application.

For admission to most postgraduate coursework courses you would normally be expected to have a Bachelor degree from a recognised tertiary institution in an appropriate discipline. You may also need relevant professional work experience and/or membership of a professional organisation. For some courses, entry is available on the basis of relevant professional work experience alone or a combination of tertiary study and professional experience.

Entry requirements vary between courses. For information about the entry requirements for a specific course, call 1300 897 669 or refer to the University Handbook at <http://handbook.westernsydney.edu.au/hbook>.

Overseas qualifications and English proficiency

If you hold overseas qualifications from countries where English is not the standard language of instruction, you must provide evidence of English language proficiency. Refer to Western Sydney's English language proficiency requirements on UAC's website at uac.edu.au/postgraduate/admission/elp.shtml.

If you do not meet the University's English language proficiency requirements you cannot be offered a place.

ADDITIONAL REQUIREMENTS

You may have to complete a personal statement, provide a portfolio of work, supplementary form or questionnaire, attend a test or interview, or provide specific documentation as part of the application process. Check the individual course description on UAC's website at uac.edu.au/postgraduate/course-search to see whether special requirements apply.

Applicants should note that failure to provide the additional information required may result in their application not being considered.

TYPES OF PROGRAMS AVAILABLE

Western Sydney offers Masters by coursework, Postgraduate Diploma, Postgraduate Certificate and post-initial Bachelor courses. Western Sydney postgraduate coursework courses are offered through UAC. Visit uac.edu.au/postgraduate for details.
