

# STAT preparation workshops

STAT preparation workshops are being held in Sydney, Newcastle, Shellharbour and Wollongong by the Workers' Educational Association (WEA), in Canberra by the Australian National University (ANU) Centre for Continuing Education, in North Wollongong and Shellharbour by TAFE NSW Illawarra Institute, and in Wagga Wagga by TAFE NSW Riverina Institute.

The workshops aim to develop skills, confidence and strategies to help you meet the test requirements. They usually involve group discussion, tutor guidance and practice questions. The workshops teach effective time management and specific techniques for answering particular types of questions, and are led by qualified and experienced tutors.

To register for a workshop or to obtain further information, contact the centre you wish to attend. Note that these centres operate on an independent basis.
