

Courses with early closing dates

The courses listed below have closing dates set by the institutions that are earlier than UAC's closing dates. These courses have additional selection criteria such as submitting a portfolio, attending an interview and/or auditions, or completing a personal statement, questionnaire or test.

If the courses you are interested in have early closing dates, make sure you contact the relevant institutions to find out what you need to submit early. Also, ensure that you don't add these courses to your preferences after the institutions' closing dates because you won't be considered and you will be wasting a preference.

For more information, refer to the course descriptions in Part 2, or contact the institutions.
