\* There is no comparable NSW HSC subject for this WACE subject. Contact the relevant institution for information on that institution's policy regarding WACE subjects that have no comparable NSW HSC subject.

- (1) In the NSW HSC there is a small number of multi-level subject areas (English, mathematics, music and LOTE) which enable advanced students to study extension subjects. Students undertaking an extension course must also study the underpinning subject. Some institutions, for some courses, award bonuses for achievement in both subjects. In such cases, WACE students undertaking this WACE subject will be considered for the same pattern of bonuses as NSW HSC students undertaking the comparable subject listed in this table and may be eligible to receive more than one bonus.
