

# Reach Media Kit 2025

# **Exclusive Reach data**

We are a data-based marketing solution unique to the Australian market. With unparalleled insight into learner audiences, we specialise in connecting them with your recruitment objectives.

We can connect you to over 80,000 Year 12 students, 300,000 UAC applicants and 2mil website visitors in the moments that matter the most.

Maximise your ROI with marketing and recruitment decisions powered by UAC intelligence.

## **Use Reach to**

## Increasing brand awareness

Maximise ROI by marketing to current school leavers, non-school leavers and postgraduate students who fit your target audience.

## Launching a new course or scholarship

Create awareness and increase applications for new courses or scholarships.

## Reach new student markets

Reach students outside your current market, for example, by geography, SES status or alternative pathways.

## Supporting pathway & alternative entry programs

Promote pathway programs to students seeking alternative entry options.

## Promoting open days & events

Drive awareness and attendance for open days and other key events.

## Retargeting interested students

Connect with students who've shown interest in your offering/higher ed but haven't applied.

## Targeting key influencers

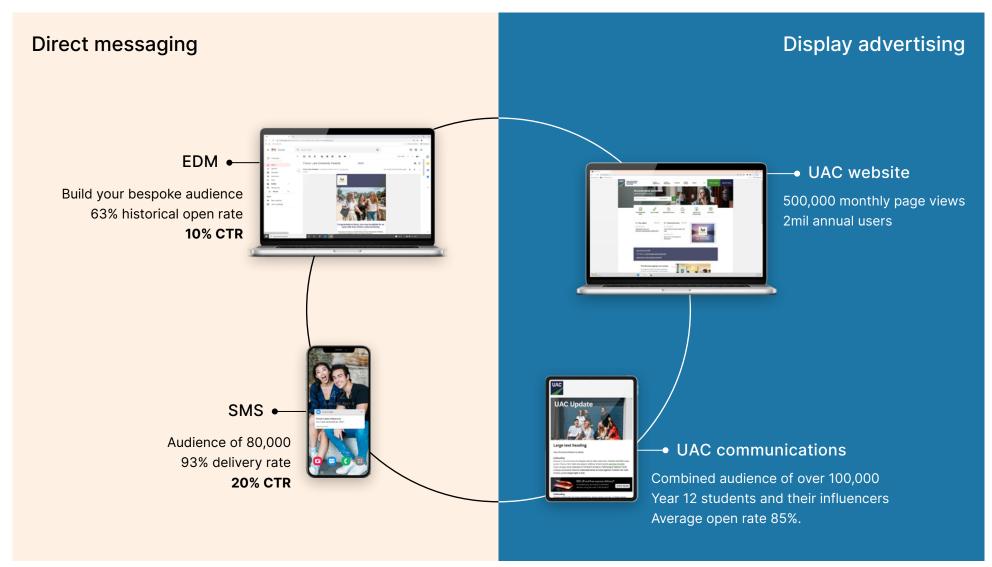

Engage parents and career advisers who influence student decisions.

## Promoting online study options

Attract students interested in flexible online study and remote learning.

# Reach ecosystem

<sup>\*</sup>Results are based on 1000's of campaigns sent over the last 6 years.

# **Our clients**

We are proud to collaborate with leading unis, colleges, government, and industry partners who trust Reach to connect with their target audiences. Our clients include:

**Private Providers** 

Government & Industry Partners

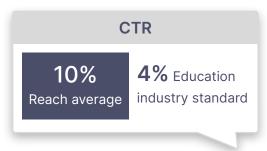

# Direct messaging

### **Products**

Drive student recruitment by starting helpful conversations with your target market as they make important decisions about their tertiary education. Get them familiar with your institution, excited to attend your open days, ready to preference your courses and overjoyed when it's time to accept your offer. Choose from a suite of templates or chat to us about bespoke options.

# Direct messaging

## Our data, your audience

A Reach campaign gives you direct access to your ideal audience, whether it's **Year 12 students**, **non-school leavers**, **or postgraduates**, at key decision-making moments in their applicant journey.

Using exclusive Australian market data sourced from ABS and UAC, we build a highly targeted recipient list tailored to your needs.

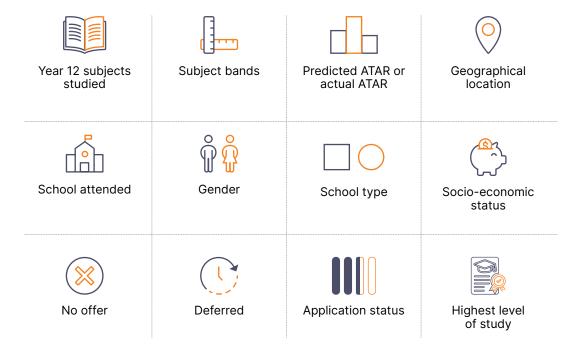

- Precision Targeting: Select key parameters to refine your audience.
- Granular Insights: Use unique data to reach high-intent prospects.
- **Stronger Leads**: Engage the right students at the right time for better results.

Let's build your ideal audience today.

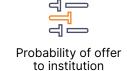

## Supercharge your ROI with AI

Use our Al tools to predict a recipient's offer chances by institution, field of study, or pathway—so you target your hottest leads.

## 2024 campaign highlights

#### Need

A G8 university approached Reach for a year-long partnership to help increase preferences in four key cohorts.

#### Solution

Reach's marketing and data analytics teams collaborated with the university to produce a yearlong marketing plan based on key dates and UAC student data and trends.

Through strategic brand awareness and conversion campaigns, all key areas saw growth, despite the drop in applications sector-wide!

#### Need

A Sydney-based college needed to increase their applications across all their offerings and were looking for a marketing solution with a strong ROI.

#### Solution

Through the use of direct messaging, the college worked with Reach data analysts to target niche audience lists at times that were critical for successful student recruitment.

The final result was a 1,809% increase in applications.

### Government

#### Need

A government department approached Reach to assist in building brand awareness about their programs.

#### Solution

A strategy was developed to target applicants who had preferenced a particular field of study (1st or 2nd preferences).

These activations saw estimated **open rates of over 90%** with their EDM campaigns. These were outstanding results, especially in comparison to Reach's already high client benchmark average of 63% and the education industry standard of 25%.

## Corporate

#### Need

A Big Four bank needed to build awareness of their new scholarship program amongst current Year 12 students.

#### Solution

Reach data analysts created multiple custom recipient lists for personalised messaging. This data was used for a series of SMS that were sent at key times in the Year 12 decision-making journey.

Due to the accuracy of the data and relevance of the messaging, the SMS campaigns achieved click-through rates of over 30% and an instant increase in scholarship applications.

# Our process

Now you are up to the exciting part! We want to hear about your goals and engage our marketing and data specialists to create you a bespoke solution.

Keep in mind we are a charitable organisation with a mission to improve access to higher education. We work with organisations and brands with shared values.

If this sounds like you, we'd love you to get in touch!
