Applying to NSW and ACT Universities

UAC

Contents

Welcome to UAC

Australia's largest tertiary admissions centre

UAC (Universities Admissions Centre) is the NSW-based organisation that provides a centralised system for applying to world-class universities in NSW and the ACT.

This booklet introduces you to the UAC application process and provides some hints and tips to make your transition to studying in Sydney, Canberra or popular regional centres of Australia easier.

Important dates

Apply from 1 August 2023.

Submit your application by 29 September 2023: the application fee increases after this date.

All course details will be published on the UAC website by early August.

Scan to view a full list of UAC dates and check for changes or go to uac.edu.au/key-dates

Schools Recommendation Scheme

Applications close	18 Sep 2023
Course preferences deadline	3 Nov 2023
First offers released	10 Nov 2023 (November Round 1)

Main offer rounds for Year 12 applicants

Offer round	Change preferences by 11.59pm (Sydney time) on	Offers released at 7.30am on

January Round 1	4 Jan 2024	11 Jan 2024
January Round 2	17 Jan 2024	24 Jan 2024

Studying in NSW and the ACT

NSW and ACT universities and colleges offer a world-class education, high-quality student support and the chance to embrace your new-found independence.

With one simple application through UAC, you can choose from the universities and private colleges listed at the start of the course listing on page 20. Even though they may be far away from where you're living now, consider attending open days for the institutions you are interested in. Open days are a great opportunity to get a feel for the campus and meet students and staff. If you can't travel, most institutions also hold online information sessions. Check the UAC website key dates for open day and info session details.

Which uni, which course?

When you've decided that studying away from home is for you, the next questions are: which institution and which course?

There are many different institutions of varying size and location to choose from and there are more than 2,000 undergraduate courses available through UAC.

Most public university courses for domestic students are Commonwealth-supported; this means the Australian Government subsidises your tuition fees.

Courses at private universities and colleges tend to be full fee-paying; this means your course costs are not subsidised by the Australian Government. However, you may be eligible for FEE-HELP, a government loan scheme that lets you repay your tuition fees once your income meets a certain amount.

Here are some tips to help you choose a university and course that's right for you:

- Consider fields of study that complement your personal interests, the subjects you enjoyed at school and the career you have in mind. UAC's online Course Compass can help – it shows you the fields of study offered to previous UAC applicants with similar interests to you: go to uac.edu.au/course-compass.
- Research job growth areas and skills shortages in different fields and look at job vacancy and career websites. The National Careers Institute website is a good place to start.
- Meet with prospective employers and recruiters at expos and information sessions and consider volunteering to gain work experience in your chosen field.
- Find out what university scholarships are available to help you cover your living and study expenses.
- Explore accommodation options and costs (eg on-campus, rented or shared). You'll need to organise your accommodation well in advance.

Using UAC's online course search, check the description for each course you're considering as some may have prerequisites that you'll have to meet to get an offer. If you don't meet a required prerequisite, keep exploring to find alternative course options.

And have a back-up plan! If you're not selected for your favourite course, what's your second choice?

2023 Open days

Get a taste of life on campus and talk to faculty staff.

For dates and locations, go to **uac.edu.au/open-days**.

What does it cost?

Your course costs and accommodation will be your biggest expenses, but there are also other factors to consider.

Course costs

Your course costs will depend on the institution you attend and the type of course you enrol in.

There are two main types of courses for domestic students:

- Commonwealth-supported (CSP)
- domestic fee-paying (DFEE).

Most university courses offered to Year 12 students are CSP. This means the Australian Government pays some of the course cost and you pay a student contribution. The government contribution depends on the area of study. Your contribution is set by the institution according to the units of study you undertake. For an indication of what you'll be required to pay, search for 'university course costs' on the UAC website.

DFEE courses are generally run by independent or private universities, colleges, institutes or training organisations, who set their own tuition fees. DFEE courses typically cost you more than CSP courses because your tuition fees are not subsidised by the Australian Government.

The course fee type is identified in each course description on UAC's website.

Accommodation

There are many different types of on-campus accommodation, from fully catered to self-catered. Fees vary and you should research all types of accommodation to see which suits your budget. Contact the institutions you are interested in and ask for a prospectus, which will outline the facilities that are available. Don't wait until the last weeks to get organised, as on-campus accommodation fills quickly.

Renting independently or in a share house is another option. University housing services can help you find other students in a similar situation.

Travel costs

If you study full-time, you will be able to use public transport at a cheaper rate. If you intend to drive, you might need to obtain a parking permit from your institution. For information on parking permits and fees, contact the institution's student centre.

Living expenses

You need to think about day-to-day living expenses for food, utilities (including your phone) and entertainment.

Books, study materials and equipment

Most courses require you to buy course reading materials. Some courses require you to buy specialist equipment (eg lab coat, tools, art supplies) or pay for practical placement accommodation. Check with the relevant faculty of the institution you're interested in to see if this is the case.

You will also need your own computer with internet access.

How will I pay?

Although going to uni can be expensive, financial support is available.

HELP loans

If you enrol in a CSP course, you can choose to pay all or part of your student contribution up-front, or defer payment by taking a HECS-HELP loan. You repay this loan through the tax system when your salary reaches a certain amount.

Similarly, the FEE-HELP loan scheme helps eligible DFEE students pay their tuition fees. Depending on where you study, you may incur a FEE-HELP loan fee. Check with the institution as to whether a loan fee will apply.

These HELP loans can't be used to pay for other costs like accommodation or textbooks.

If you plan to pay your student contributions or tuition fees through the HELP scheme, you must have a tax file number (TFN) and Unique Student Identifier (USI) when you enrol at university. Visit the Australian Taxation Office website at ato.gov.au for information on applying for a TFN. To get a USI, go to usi.gov.au.

For information about HELP loans, visit studyassist.gov.au.

Work

Most uni students have a part-time or casual job. Some work in the area of their study to gain experience before graduating. Check the university employment websites for casual positions.
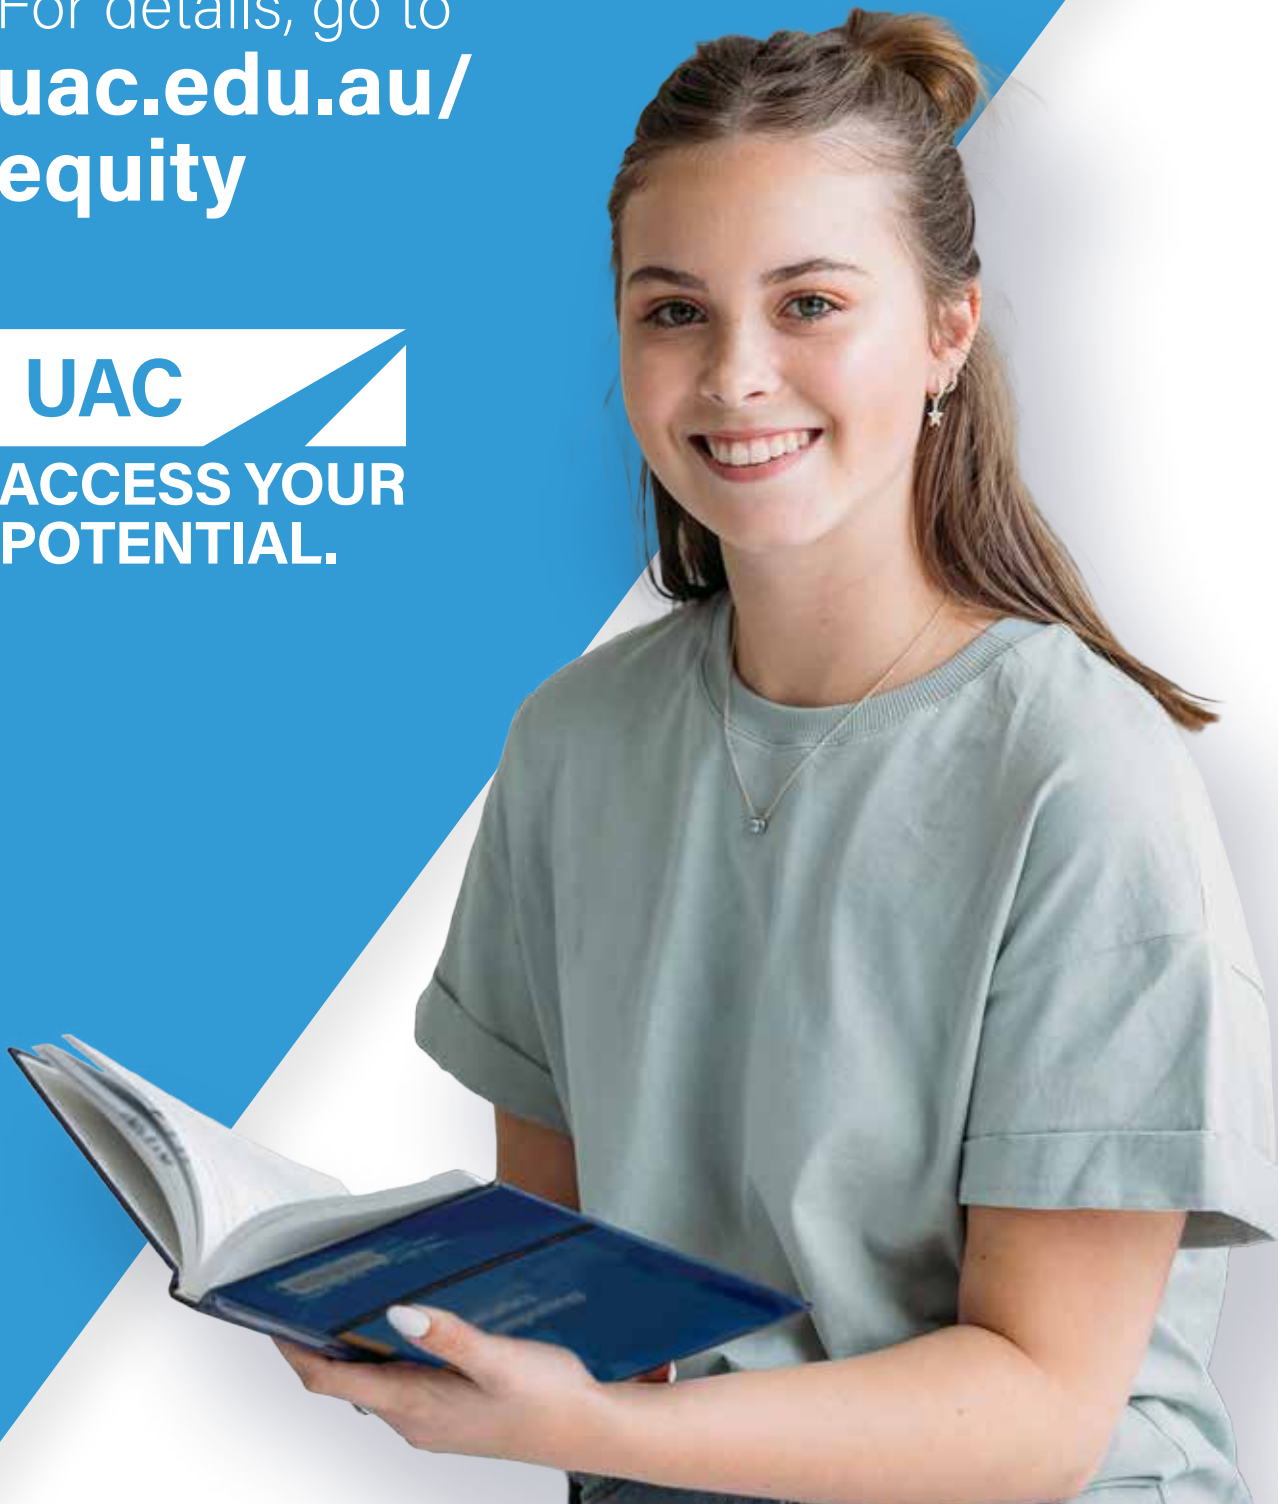

Need help with money to go to or stay at uni?

Equity Scholarships

For details, go to
**uac.edu.au/
equity**

UAC

**ACCESS YOUR
POTENTIAL.**

Government assistance

Centrelink provides financial assistance for students studying full-time and part-time through income-tested schemes such as Youth Allowance, Austudy and ABSTUDY.

Institution Equity Scholarships

Institution Equity Scholarships help financially disadvantaged students with the costs associated with higher education.

If your family is receiving a Centrelink or other Australian Government means-tested income support payment, you are considered to be financially disadvantaged.

You may also be considered for an Equity Scholarship if you meet one or more of the following criteria:

- have carer responsibilities
- have English language difficulty
- have financial hardship
- have a long-term medical condition/disability or ongoing effects of abuse
- reside in a regional or remote area
- have sole-parent responsibilities.

If you are Indigenous or have refugee status, this will also be considered.

Be aware that meeting the scholarship eligibility criteria doesn't guarantee that you will be awarded a scholarship. There are a limited number of Equity Scholarships and there are more applicants than scholarships. Individual institutions make offers as a result of a competitive process. If you're unsuccessful, it doesn't mean that you're not in need; rather, it means that there are other applicants who've been assessed as being in greater need.

Your Equity Scholarship application is separate to your application for university.

By submitting just one Equity Scholarship application through UAC, you will be considered for all Equity Scholarships for which you are eligible.

Find out more about applying for Equity Scholarships at uac.edu.au/es.

Institution merit-based scholarships

Merit-based scholarships are awarded to applicants on a range of criteria such as:

- school examination results
- academic excellence
- Australian Tertiary Admission Rank (ATAR)
- course/faculty of study
- personal achievements such as:
  - leadership
  - creativity
  - self-motivation
  - communication skills
  - an outstanding ability in sport.

You need to apply directly to individual institutions for merit-based scholarships.

> Scholarships range from small one-off payments to several thousand dollars each year of your degree.

Applying through UAC

Every year, around 50,000 Year 12 students apply for uni through UAC. With just one application you can apply to five institutions at any one time, then keep track of your application and manage your offers all in the same place.

You can apply for undergraduate study through UAC if you're:

- an Australian citizen
- a New Zealand citizen
- a permanent resident of Australia
- the holder of an Australian permanent resident humanitarian visa.

International students can apply through UAC if they have completed/are undertaking one of the following qualifications in 2022 or 2023: an Australian Year 12 in or outside Australia, an International Baccalaureate Diploma, a New Zealand National Certificate of Educational Achievement (NCEA) Level 3. Everyone else needs to apply directly to the uni.

If you know the courses you're applying for, the online application will only take you about 20 minutes. Here's a checklist of what you need to have ready to apply:

- ☑ if you're a 2023 Year 12 student, your Year 12 student number (you'll also be asked to enter a PIN, which is the first four numbers of your date of birth – you can change it after you've applied)

- ☑ a private email address (not a shared or school address)

- ☑ your Unique Student Identifier (USI) (if you don't already have one, go to usi.gov.au)

- ☑ your UCAT candidate number, if relevant (eg if you're applying for a medicine degree)

- ☑ your chosen courses (up to five for domestic applicants) and their course codes, which can be found on the course search on UAC's website and in the dropdown menu in the application itself

- ☑ a credit card (Mastercard or Visa) or PayPal account to pay the processing fee. You can also pay by BPay if you're a Year 12 student.

We recommend you apply before the early-bird deadline (the last business day in September). If you apply after this date, you will pay a higher processing charge. Once you've applied you can change your course preferences as many times as you like at no charge.

Some courses have early application closing dates or selection criteria you have to fulfill in addition to getting an ATAR, such as an interview or portfolio. Check these details in the course descriptions on UAC's website before you apply.

Interested in an early offer? Scan for application details and admission criteria or go to uac.edu.au/early-offers.

Applying for Medicine? Scan for application info for Medicine, Dentistry and Veterinary courses or go to uac.edu.au/medicine.

Applying directly to the uni

Some of our participating institutions also take direct applications for early offers. This means you can submit a UAC application and a direct application to the institution.

However, if you do complete both a UAC application and a direct application, we highly recommend that you don't duplicate your course preferences. Make the most of both applications and choose different preferences in each. That way, you can potentially receive offers to different courses.

Check with the uni as to how and when it will make its direct offers.

Assessment and selection

Your entry into most courses will be assessed on the basis of your academic qualifications and results (eg your ATAR). However, each institution sets its own admission criteria and most offer pathways to applicants who don't meet these general criteria. Be sure to check the website of each institution for details.

ATARs

Universities have found ATARs to be a good predictor of success in tertiary study. ATARs are calculated in each state to reflect a student's rank against other students in their state. An ATAR of 85.00 in your state will, however, be considered equivalent to an ATAR of 85.00 in other states.

Queensland Year 12 students: You need to sign up to the QTAC ATAR portal and provide consent for QTAC to share your ATAR with interstate tertiary admission centres. We won't be able to assess your application if you don't do this.

Year 12 students from all other states: UAC will automatically have access to your ATAR.

Selection ranks

Your selection rank determines whether you are eligible for selection to any of your course preferences. As a Year 12 student, your selection rank is usually your ATAR. However, if other factors are taken into consideration (eg equity considerations or your achievement in a Year 12 course related to your preferred degree), these will be combined with your ATAR to adjust your selection rank and make it higher than your ATAR.

The course listing starting on shows the lowest selection rank required to receive an offer to each 2023 semester 1 course in the main Year 12 offer rounds.

The interaction of three factors determines the lowest selection rank:

- the number of places available in the course
- the number of applicants for the course
- the quality of those applicants.

These three factors mean that the lowest selection ranks can change from year to year and are not known before applicants are selected for a particular course in a particular year.

The lowest selection rank does not represent the average ability of the students accepted for the course and does not reflect the difficulty or quality of the course.

Selection rank adjustments

Many applicants receive an offer to a course even though they have an ATAR below the published lowest selection rank. Often this is because other factors have been taken into consideration in combination with their ATAR. These factors increase their selection rank for that course, making it higher than their ATAR.

These adjustments are due to factors such as performance in particular Year 12 courses, living or attending school in a certain area, and equity considerations.

Selection rank adjustments are applied differently from institution to institution and from course to course within the same institution. Visit each institution's website for details.

You need to know that:

- adjustments do not change your ATAR, they change your selection rank for a particular preference
- the lowest course selection ranks published in this booklet incorporate these adjustments
- your selection rank = your ATAR + adjustments
- institutions automatically adjust your selection rank if you are eligible
- you will not be notified of your selection rank.

As selection rank adjustments are course specific, your selection rank can be different for each of your course preferences.

For example: Course A has six applicants and only three places available. The six applicants have the following selection ranks:

Applicant	Selection rank
1	**89.00** (ATAR of 89.00)
2	**88.00** (ATAR of 87.00 plus adjustment of 1 point)
3	**87.00** (ATAR of 83.00 plus adjustment of 4 points)
4	**86.00** (ATAR of 86.00)
5	**85.00** (ATAR of 83.00 plus adjustment of 2 points)
6	**84.00** (ATAR of 84.00)

Offers will be made to applicants 1, 2 and 3. Applicant 4 won't receive an offer, even with an ATAR higher than applicant 3. Applicant 3 will receive an offer even though their ATAR is below the lowest selection rank because their selection rank for this course has been adjusted by 4 points. The lowest selection rank required to receive an offer to Course A will be 87.00.

Non-ATAR selection criteria

Some courses select applicants on the basis of a personal statement, questionnaire, portfolio of work, audition, interview or test. Other courses may use a combination of both the ATAR (or equivalent qualifications) and these additional selection criteria. Additional, non-ATAR selection criteria can be found in the course descriptions on the UAC website.

Entry schemes

Many institutions also take into account other factors, such as recommendations from your school or long-term educational disadvantage. After you've applied through UAC for undergraduate admission, you can also apply for the Schools Recommendation Scheme (if you're a current Year 12 student) and Educational Access Scheme.

Schools Recommendation Scheme

The Schools Recommendation Scheme (SRS) is one way institutions make early offers to current Australian Year 12 students who have applied for undergraduate admission through UAC.

They do this by using criteria other than (or in addition to) ATARs. These criteria include school recommendations and Year 11 results. Each institution has its own policies on how its individual scheme will work.

Not all courses at individual institutions will be available through SRS.

How to apply

After you've applied to UAC for undergraduate admission, you can apply for SRS using your UAC application number and UAC PIN. There is no separate charge to apply for SRS. In your application, you'll need to provide information about your Year 11 studies. Applications for SRS close in September.

International students cannot apply for SRS.

How you are assessed

After you apply, your school will provide their assessment of your abilities and aptitude. Participating institutions then take a variety of information into account when considering your application, including your senior secondary studies and your school's assessment.

In most cases, institutions make offers to successful applicants before ATARs are released. There are two types of SRS offers:

- unconditional offers (which have no further conditions for you to meet)
- conditional offers (which require you to meet additional conditions, such as a minimum ATAR).

Find out more about SRS at uac.edu.au/srs.

In 2022, unis made 18,685 conditional or unconditional offers to Year 12 students before ATARs were released.

Educational Access Scheme

If you've experienced educational disadvantage because of circumstances beyond your control, the institutions can take this into consideration if you submit an Educational Access Scheme (EAS) application.

Disadvantages could include:

- financial hardship
- attending three or more different secondary schools in Australia
- moving interstate
- the death of an immediate family member or close friend
- a severe life-threatening illness
- the divorce or separation of parents
- work requirements to support your family
- excessive responsibility for care of children or family members
- a severe medical or psychiatric condition or disability.

Elite athletes and performers cannot apply for EAS on the basis of missing periods of schooling due to sporting or performance commitments. However, some institutions have separate entry schemes that will take these commitments into consideration – you'll need to check with individual institutions.

International students cannot apply for EAS.

How to apply

First of all, you need to submit your undergraduate application through UAC. Select 'Apply for EAS' at the bottom of the undergraduate application confirmation page or log in to your completed undergraduate application and select 'EAS'.

You can then apply for all the disadvantages that are applicable to your situation. You'll need to submit separate supporting documents for each disadvantage.

How you are assessed

EAS applications are assessed centrally at UAC but individual institutions have their own policies on how EAS assessments are used to allocate offers.

Institutions use EAS assessments in two ways:

- they set aside a number of places
- they increase your selection rank

You won't be notified of any increase to your selection rank; it will simply make you more competitive for a place at the institution.

However, on the day ATARs are released, UAC will inform you of your eligibility for EAS consideration at all institutions, regardless of your course preferences. This will help you make decisions about your final preferences in time for the first offer round after ATARs are released.

Note that you may be eligible for EAS consideration at an institution and not be offered a place. This is because you still have to compete against other applicants for an offer to your preferred course.

Find out more about EAS categories of disadvantage and how to apply at uac.edu.au/eas.

Individual uni entry schemes

Some institutions have their own entry schemes that you can apply for directly via their websites. They might look at criteria such as leadership, extracurricular activities or community service.

In addition, most institutions have an admission scheme specifically for Aboriginal and Torres Strait Islander students.

Your applications to these schemes won't affect your UAC application.

Offers

Offers are made in a number of offer rounds throughout the year, but most offers to Year 12 students are made in December and January.

Receiving an offer

If you've been made an offer to study, you'll receive an email from UAC with the offer details.

The institutions, not UAC, decide who receives offers. So if you have questions, you'll need to speak to the admissions office at the institution. You could ask why you didn't receive an offer and what other study options are available to you.

Accepting your offer

If you receive an offer in one round, don't assume that you'll receive another offer in a later round.

Accept any offer you receive by following the instructions the institution gives you. Take particular note of any acceptance deadlines.

Accepting an offer doesn't stop you from being considered for offers in later offer rounds, but you must remove the successful course from your preferences list or it may block further offers.

If you receive an offer in one round and accept it, then receive an offer in a later round, you can choose either to:

- keep your previous offer and not accept your new offer
- accept your new offer and withdraw from the course you've already accepted.

Once you accept your offer, the next step is enrolment.

Remember that after you enrol you have until the census date to pay your fees, sign up for a HELP loan, or withdraw without penalty from the course. The census date varies depending on when your course starts, but it is usually at least a couple of weeks after the course start date.

Receiving further offers

If you've received an offer to your first preference, you won't be considered for further offers in subsequent rounds unless you change your preferences.

To be considered for other courses in your list, log in to your application and move them above the course you've been offered, or remove the offered course altogether (as long as you've accepted it!).

If you've received an offer to a lower preference, you will automatically be considered for higher preferences in the next round. To be considered for different courses, simply remove the courses you're no longer interested in and replace them with new courses.

Do this by the closing date for change of preferences for the next round. These dates are available on UAC's website.

If you receive another offer and accept it, don't forget to withdraw from the course you've already accepted.

Slipback offers

Some institutions may make you an offer to a pathway course if you're not eligible or competitive enough for the course to which you've applied.

This means that you may receive an offer to a lower-level course in the same area at the same institution rather than the course you listed in your preferences, even if you didn't apply for it. For example, you may get an offer to a Diploma in Marketing if you applied for, but weren't competitive enough for, the Bachelor of Marketing at the same institution.

If you successfully complete a pathway course such as a diploma, an institution may guarantee you entry into some related degree courses. You may also be awarded credit for some studies undertaken in your pathway course.

If you miss out

If you don't get a high enough selection rank for your chosen course there are many options available if you still want to go to uni.

For example, you can change your preferences and try for an offer to a similar course with a lower selection rank.

In some instances, there may be a diploma course related to the degree you want to do. Diplomas usually require lower selection ranks than degrees. Completing a diploma will help you gain entry to a degree course and may give credit towards a degree. Some institutions even allow successful diploma students to progress directly into the second year of nominated degrees.

Most institutions also offer non-award programs or preparation courses which, once completed, can help you gain entry into a bachelor degree.

When you apply through UAC, you'll be asked if you'd like to receive information about these types of pathway courses. Choose this option to make the most of your application in case you miss out on an offer.

There are also many pathways available between TAFE and uni, and between other tertiary providers and uni. For information about Vocational Education and Training (VET) providers and training courses, visit myskills.gov.au.

Enrolment

Each institution has its own procedures for enrolment, but they will all require the following:

- your official ID matching the name on your application (birth certificate, passport, citizenship documents)
- your Unique Student Identifier (USI) (create one at usi.gov.au – you'll also need it for your UAC application)
- your tax file number (if you plan to pay your student contributions through the HECS-HELP scheme).

Many institutions have orientation days for new students. Orientation programs are designed to help you adjust to campus life. Most include course introduction sessions, so it's important to attend.

Bridging courses

You can enrol in some courses even if you haven't completed the Year 12 subjects listed as assumed knowledge for that course. But you may find it difficult, or be limited in your course subject choices, if you haven't completed these subjects.

Most institutions offer bridging courses if you need to do some extra study before the course begins. However, bridging courses are not equivalent to the two-year Year 12 course and they may add significantly to your workload at university.

Transferring

You may receive an offer to a course that isn't your first preference. Many students enrol in a course with a view to transferring into another course after completing a year's study. A typical example is completing one year of a general degree such as Arts and then transferring to a more specialised degree such as

Arts/Law. Transfers such as this are possible but very competitive and you usually need to achieve excellent results in your first year. Each institution has its own requirements for transfers – check with the relevant institution for more information before you enrol.

In most cases you are not, in fact, transferring but withdrawing from one course and applying for entry to another. You usually need to submit a new application through UAC for the new course. Then, if you get an offer, you can formally withdraw from your current course. It's important to do this so you don't have additional HECS fees or absent fails.

Deferring

After you've received an offer, you may decide that you'd like some time away from study. Some institutions let you defer your course, usually from six months to one year.

Most institutions will ask you to provide a statement to explain why you want to defer and what you'll be doing during this period. There may also be a fee.

If your deferment application is successful, you'll receive written confirmation from your institution. Later, you'll receive instructions on how to take up your deferred offer. Read these instructions carefully.

Interstate results and course comparisons

To check that you meet your tertiary course prerequisites or assumed knowledge, compare NSW HSC courses and results with their interstate equivalents.

Course listing

There are more than 2,000 undergraduate courses available through UAC. In this section we list these courses under broad areas of study so you'll have an idea of the courses available to you.

In this section we list tertiary courses offered for semester 1, 2023 under broad areas of study and indicate the institution that offered the course, the UAC course code and the lowest selection rank (LSR) required to receive an offer to each course in the main Year 12 offer rounds.

Courses offered and their selection ranks may change from year to year.

To find out more about a course listed, search for the course description using the course search on UAC's website. Also visit the website of the institution offering the course.

The courses to be offered in semester 1, 2024 will be published on UAC's website from April 2023. Courses will continue to be added from April to August as information becomes available.

Scan for the latest course information or go to uac.edu.au/search

Key to institution names	
ACAP	Australian College of Applied Professions
ACPE	Australian College of Physical Education
ACU	Australian Catholic University
AIEI	Academy of Interactive Entertainment Institute
ANU	Australian National University
CDU	Charles Darwin University
CQU	CQUniversity
CSU	Charles Sturt University
GU	Griffith University
ICMS	International College of Management, Sydney
LTU	La Trobe University
MIT	MIT Sydney
MQ	Macquarie University
NAS	National Art School
SAE	SAE Creative Media Institute
SCU	Southern Cross University
SIBT	Sydney Institute of Business and Technology
TUA	Torrens University Australia
UC	University of Canberra
UNDA	University of Notre Dame Australia
UNE	University of New England
UNSW	UNSW Sydney or UNSW Canberra at ADFA
UON	University of Newcastle
UOW	University of Wollongong
USYD	University of Sydney
UTS	University of Technology Sydney
WSU	Western Sydney University

In 2023, you will be able to apply for courses at Asia Pacific International College. We'll publish details on our website by August.

UAC disclaimer

While UAC and the institution authors of this publication have used their best endeavours to ensure that information and analyses of information contained in this publication are correct at the time of printing, any use or reliance whatsoever on the publication by any person is that person's responsibility and UAC and the institution authors of this publication disclaim any responsibility or liability in relation to that use or reliance.

UAC and the institution authors reserve the right to change their processes, scholarships, schemes, content or the method of presentation of any unit of study, or to withdraw any unit or course of study on offer or to impose limitations on enrolments in any unit or course of study.

Your privacy

When you apply to the Universities Admissions Centre (NSW & ACT) (UAC) you provide a lot of personal information, sometimes including health information.

UAC values the privacy of your personal information and recognises the importance of protecting it. UAC is bound by the following legislation:

- *Privacy and Personal Information Protection Act 1998* (NSW)
- *Privacy Act 1988* (Cth)
- *Health Records and Information Privacy Act 2002* (NSW).

This means that UAC must uphold the NSW State Information Protection Principles, the Australian Privacy Principles and the NSW Health Privacy Principles. UAC is committed to upholding these principles and has implemented policies and procedures to ensure they are met.

You can view UAC's Privacy Policy and applicant declarations at uac.edu.au/privacy.

Printed under ISO 14001 Environmental Certification using 100% recycled paper for the body of the publication.

PEFC Certified

Paper is from sustainably managed forest and controlled sources. Recognised in Australia by Responsible Wood.
