UAC GUIDE 2020–21

UAC

IMPORTANT INFORMATION 2020–21

Dates relate to UAC applications only. They are correct as at 21 May 2020 but may be revised in response to COVID-19. Times indicated in this Guide are based on Sydney time.

APPLICATION DATES

Wednesday 1 April 2020	Applications open
Sunday 20 September 2020	Schools Recommendation Schemes applications close
Wednesday 30 September 2020	Early bird applications close**
Friday 5 February 2021	Applications close for semester 1, 2021

Some courses have early closing dates set by the institutions. Check the course descriptions on UAC's website at uac.edu.au/search.

*** To avoid a higher processing charge, early bird applications must be* **completed, paid for and submitted by midnight** *on Wednesday 30 September 2020.*

PROCESSING CHARGES

Early bird
Wednesday 1 April – midnight Wednesday 30 September 2020 $70

Standard
Thursday 1 October 2020 – Friday 5 February 2021 $200

All fees and charges are in Australian dollars, not refundable under any circumstances (except as required by law) and subject to change after 30 June 2020. Applications must be **completed, paid for and submitted by midnight** *on the relevant closing date. For a complete list of UAC fees and charges, go to uac.edu.au.*

YEAR 12 RESULTS AND ATAR DATES

All dates determined by external organisations are subject to change.

2020 NSW HSC students

Friday 18 December 2020 (originally 15 December)
2020 NSW HSC results released by NESA from 6am
ATARs released by UAC on UAC's website from 9am

2020 ACT Year 12 students

Wednesday 16 December 2020 (originally 15 December 2020)
Statement (including ATAR) issued by ACT Board of Senior Secondary Studies. Students should collect their certificates from their college on or after this date

Friday 18 December 2020
ATARs released by UAC on UAC's website from 9am

International Baccalaureate (IB) students

Saturday 2 January 2021 (originally 17 December 2020)
Results released by IB Cardiff, UK

KEY OFFER DATES

All dates are subject to change. For the latest information, check uac.edu.au/key-dates.

Undergraduate

To ensure your application is assessed in time for a particular offer round, apply and provide your additional documentation as early as possible.

Offer round	Apply and pay by midnight on	Provide hardcopy documents by 4.30pm / upload PDF documents by midnight on	Change preferences by midnight on^	Offers released at 7.30am on
November Round 1	Thu 22 Oct 2020	Thu 29 Oct 2020	Sun 8 Nov 2020	Thu 12 Nov 2020
November Round 2	Thu 5 Nov 2020	Mon 9 Nov 2020	Sun 22 Nov 2020	Thu 26 Nov 2020
December Round 1	Mon 9 Nov 2020	Fri 13 Nov 2020	Sun 6 Dec 2020	Thu 10 Dec 2020
December Round 2	Mon 16 Nov 2020	Fri 20 Nov 2020	Sat 19 Dec 2020 (originally 17 Dec)	Wed 23 Dec 2020 (originally 21 Dec)
January Round 1	Fri 27 Nov 2020	Wed 30 Dec 2020	Sun 3 Jan 2021	Fri 8 Jan 2021
January Round 2	Fri 8 Jan 2021	Wed 13 Jan 2021	Sun 17 Jan 2021	Thu 21 Jan 2021
February Round 1	Fri 22 Jan 2021	Thu 28 Jan 2021	Sun 31 Jan 2021	Thu 4 Feb 2021
February Round 2	Fri 5 Feb 2021*	Fri 5 Feb 2021	Sun 7 Feb 2021	Thu 11 Feb 2021
March Round 1	Fri 5 Feb 2021*	Fri 26 Feb 2021	Sun 28 Feb 2021	Thu 4 Mar 2021

** This is the final closing date to apply for courses starting semester 1, 2021. If you apply close to or on this date, you may not have seven days to provide any documents that you need to include with your application.*

^ There are short periods before each offer round when you are unable to change your preferences in your application.

International

Conditional offers: You will receive a conditional offer approximately 48 hours after you have successfully submitted your application. You may use this as part of your pre-visa assessment if required. It does not make you eligible to enrol in a course of study. To enrol, you need an unconditional offer.

Unconditional offers: This table shows the UAC dates by which you need to apply and pay, and change your course preferences, to be considered for an unconditional offer in each offer round.

Apply and pay by midnight on	Change courses by midnight^ on	Unconditional offers released at 7.30am on
Tue 15 Dec 2020	Sat 19 Dec 2020 (originally 17 Dec)	Wed 23 Dec 2020 (originally 21 Dec)
Sun 3 Jan 2021	Mon 4 Jan 2021	Sat 9 Jan 2021
Fri 8 Jan 2021	Sat 9 Jan 2021	Thu 14 Jan 2021
Sat 23 Jan 2021	Sun 24 Jan 2021	Fri 29 Jan 2021
Fri 5 Feb 2021*	Sat 6 Feb 2021	Fri 12 Feb 2021
Fri 5 Feb 2021*	Sun 28 Feb 2021	Fri 5 Mar 2021

** This is the final closing date to apply for courses starting semester 1, 2021. If you apply close to or on this date, you may not have seven days to provide any documents that you need to include with your application.*

^ Do not change your courses between this date and the date offers are released; if you do, you may miss out on an offer to your preferred course.

WELCOME TO UAC.

UAC (Universities Admissions Centre) is the largest tertiary admissions centre in Australia. Our services include:

- processing applications to more than 2,000 undergraduate courses (at institutions mainly located in NSW and the ACT)
- assessing applications for equity-based access schemes
- calculating the ATAR for NSW HSC students
- providing free support to schools and students via our Community Engagement program.

This Guide leads domestic and international Year 12 students through the UAC application process.

Your privacy

When you apply to the Universities Admissions Centre (NSW & ACT) (UAC) you provide a lot of personal information, sometimes including health information.

UAC values the privacy of your personal information and recognises the importance of protecting it. UAC is bound by the following legislation:

- *Privacy and Personal Information Protection Act 1998* (NSW)
- *Privacy Act 1988* (Cth)
- *Health Records and Information Privacy Act 2002* (NSW).

This means that UAC must uphold the NSW State Information Protection Principles, the Australian Privacy Principles and the NSW Health Privacy Principles. UAC is committed to upholding these principles and has implemented policies and procedures to ensure they are met.

You can view UAC's Privacy Policy and applicant declarations at uac.edu.au/privacy.

Steps to Study through UAC

01.
Research

Search for courses in this Guide and on UAC's website.

Check selection rank information, admission criteria and pathway options for courses you're interested in.

02.
Apply for university

Apply and pay before 30 September.

Not sure what course to choose? It's ok: you can change your course preferences later.

03.
Apply for entry schemes and equity scholarships

- **Schools Recommendation Schemes (SRS):** Get assessed on a range of criteria other than, or in addition to, your ATAR. Applications close at midnight 20 September.
- **Educational Access Schemes (EAS):** Apply to have any long-term educational disadvantages considered as part of the selection process.
- **Equity Scholarships:** Apply for financial support provided to disadvantaged students.

04.
Order preferences for early offers

Early offer schemes (including SRS) make offers in November. Make sure you have the course you most want to do as your first preference.

05.
Get your ATAR

You will receive your ATAR mid-December. The ATAR helps universities rank applicants for selection into their courses.

06.
Review your preferences

After you receive your ATAR, you will have a couple of days to update your preference list. Log in to your application on the UAC website to change, remove or add preferences.

07.
Get your offer

Most institutions make offers to Year 12 students in December and January.

08.
Accept and enrol

Accept your offer and follow the institution's instructions to start the enrolment process. Don't worry, you can still receive offers in later offer rounds, even if you've already accepted a previous offer.

UAC FEES AND CHARGES

All UAC fees and charges are in Australian dollars and include 10 per cent GST. They are not refundable under any circumstances, except as required by law.

The following charges are estimates for the 2020–21 admissions period and are subject to change after 30 June 2020.

UAC reserves the right to change its fees and charges during the admissions period.

For a full list of the latest UAC fees and charges, go to uac.edu.au/fees.

UAC Guide 2020–21

2020 Year 12 NSW and ACT students (distributed through schools)	Free

Processing charges

Applicants are encouraged to apply as early as possible to avoid higher processing charges.

Early bird

1 April 2020 to midnight 30 September 2020	$70.00

Standard

1 October 2020 to midnight 5 February 2021	$200.00

ATAR Advice Notice

2020 ATAR Advice Notice (digital)	Free until midnight 28 February 2021

Fees apply from 1 March 2021

There is **no charge** to apply for:

- Schools Recommendation Schemes
- Educational Access Schemes
- Equity Scholarships.

Payment methods

Online applications: Debit card or credit card (Mastercard or Visa cards that have been enabled for online payment) or PayPal.

2020 Year 12 students can also use BPAY or Post BillPay. (Credit cards cannot be used at Australia Post.)

All other transactions: Debit card or credit card (Mastercard or Visa only).

Submit your application before **30 September**. You can then change your course preferences as many times as you like.

THE ATAR

The ATAR allows us to compare the overall achievement of students who have completed thousands of different combinations of HSC courses. Its only purpose is to help universities select students for tertiary study.

15 December 2020

ACTION!

Access your ATAR from 1pm on UAC's website.

You'll need:

- your HSC student number
- your UAC PIN (read page 25).

The ATAR Enquiry Centre will be open for a few days after ATARs are released: call 1300 MY ATAR (1300 692 827 or (02) 9119 5012 from mobiles).

WHO GETS AN ATAR?

To be eligible for an ATAR in NSW, you must **satisfactorily complete** at least 10 units of **ATAR courses** as part of your HSC. These ATAR courses must include at least:

- 8 units from Category A courses
- 2 units of English
- three Board Developed courses of 2 units or greater
- four subjects.

The fourth point can easily be overlooked or misunderstood. A subject is an area of study (eg mathematics). Within that subject there may be a number of courses (eg Mathematics Standard 2, Mathematics Advanced, Mathematics Extension 1, Mathematics Extension 2).

If a student studies, for example, Mathematics Extension 1, Mathematics Extension 2, English Advanced, English Extension 1, English Extension 2 and Biology, they will not meet the four subjects requirement because, while they have completed 10 units of ATAR courses, they have only studied three subjects: mathematics, English and biology.

ACT Year 12 students who want an ATAR must sit the ACT Scaling Test (AST).

TIP!

If you're an International Baccalaureate (IB) Diploma student, you don't get an ATAR. Instead, when you apply through UAC, you'll be allocated a UAC rank based on your total IB score.

The same applies to students undertaking tertiary preparation programs such as the Tertiary Preparation Certificate (TPC) and Open Foundation.

ATAR courses

In NSW, ATAR courses are courses developed by the NSW Education Standards Authority (NESA). They have a formal examination and you receive a graded assessment. These are the only courses that can be included in the ATAR calculation. ATAR courses are classified as either Category A or Category B. Only 2 units of Category B courses can be included in the ATAR calculation.

Category A courses have the academic rigour and depth of knowledge to provide a foundation for tertiary studies; for example, Economics, Geography and Visual Arts.

Category B courses don't provide an adequate foundation for tertiary studies, but they can contribute to the ATAR when combined with Category A courses. No more than 2 units of Category B courses can be included in the ATAR calculation. Examples of Category B courses are Financial Services, Hospitality, English Studies and Mathematics Standard 1.

Refer to the full list of 2020 Category A and B courses at the end of this section.

Satisfactory completion of a course

You'll be considered to have satisfactorily completed a course if, in your principal's view, there is sufficient evidence that you have:

- followed the course developed or endorsed by NESA
- applied yourself with diligence and sustained effort to the set tasks and experiences provided in the course by the school
- achieved some or all of the course outcomes
- made a genuine attempt at assessment tasks that total more than 50 per cent of the available school assessment marks for that course.

You also need to make a serious attempt at the examination for the course. For more information about HSC eligibility requirements, visit the NESA website at educationstandards.nsw.edu.au.

Failure to satisfactorily complete a course will result in that course not contributing to the eligibility requirements. If the course is a 2-unit course with an associated extension course, failure to satisfactorily complete the 2-unit course will result in neither the 2-unit nor the extension course contributing towards your ATAR.

Receiving a mark for a course on your Record of Achievement issued by NESA is an indication that you have satisfactorily completed that course.

HSC: THE BASIS OF YOUR ATAR

Your ATAR is calculated by UAC using your raw HSC marks, which are provided by NESA. Raw marks are not reported to students.

For each HSC course, you'll receive a mark based on your performance. There is no quota as to the number of students who can achieve top marks and students are not scaled against other students in the course.

Your HSC marks, as reported in your Record of Achievement, indicate the standards you have reached in each of your courses. Your HSC mark for each course is a 50:50 combination of your school-based assessment mark for that course and your external examination mark. For detailed information about the reporting of HSC marks, go to the 'Results, merit lists and certificates' page at educationstandards.nsw.edu.au.

Assessment marks

Your assessment tasks are marked at your school. Because schools mark in different ways, NESA needs to remove the differences so that it can compare the results in a way that is fair for all students. It does this through a process called 'moderation'.

Moderation aligns school-based assessment marks with the raw statewide exam marks. Since the exam for a course is taken by all students completing that course, it can be used as a common standard against which school assessments can be compared. When assessment marks are moderated, students maintain their assessment rank but may be given a different assessment mark. If you are ranked second in your school assessment, you will receive the second highest moderated assessment mark.

Only assessment marks are moderated; you will always keep your own examination mark.

Examination marks

Your exam mark will depend on how well you perform in the exam and is independent of your assessment marks. You keep your own exam mark, regardless of your performance in your assessments.

Your performance in each of your HSC exams is measured against standards defined by NESA. Depending on how well you meet these standards, your raw examination mark will be aligned to one of six performance bands.

For a 2-unit course, Band 6 indicates the highest level of performance. Students who reach this standard will receive an exam mark between 90 and 100. It's this aligned exam mark that's reported on your Record of Achievement.

Your HSC Record of Achievement

Your HSC Record of Achievement will show your examination mark, assessment mark, HSC mark and performance band for each HSC course you've completed. You won't be given a single, overall score for your combined courses.

See below for an example of how your marks will be shown on your NESA Record of Achievement.

Example: Record of Achievement

Year	Course	Examination mark	Assessment mark	HSC mark	Performance band
2020	Business Studies (2 unit)	84/100	78/100	81	5
	English Advanced (2 unit)	83/100	77/100	80	5
	English Extension 1 (1 unit)	44/50	46/50	45	E4
	Mathematics Standard 2 (2 unit)	75/100	83/100	79	4
	Modern History (2 unit)	72/100	80/100	76	4
	Society and Culture (2 unit)	85/100	85/100	85	5
	Studies of Religion 1 (1 unit)	47/50	45/50	46	6

ATAR: YOUR RANKING IN THE HSC

In contrast to your HSC results, your ATAR is a rank, not a mark out of 100 or a percentage. It's a number between 0.00 and 99.95 with increments of 0.05. While your HSC marks tell you about your performance in the HSC, your ATAR tells you about your **position overall** in relation to your peers.

TIP!

To understand the ATAR, think of a running race:

- your HSC marks are your time
- your ATAR is your place (first, second, third, and so on).

ATARs are calculated in each state to reflect a student's rank against other students in their state. An ATAR of 85.00 in NSW or the ACT will, however, be considered equivalent to an ATAR of 85.00 in other states.

ATAR calculation

The NSW ATAR is based on an aggregate of **scaled marks** in 10 units of ATAR courses comprising:

- the best 2 units of English
- the best 8 units from the remaining units (including max. of 2 units of Category B courses).

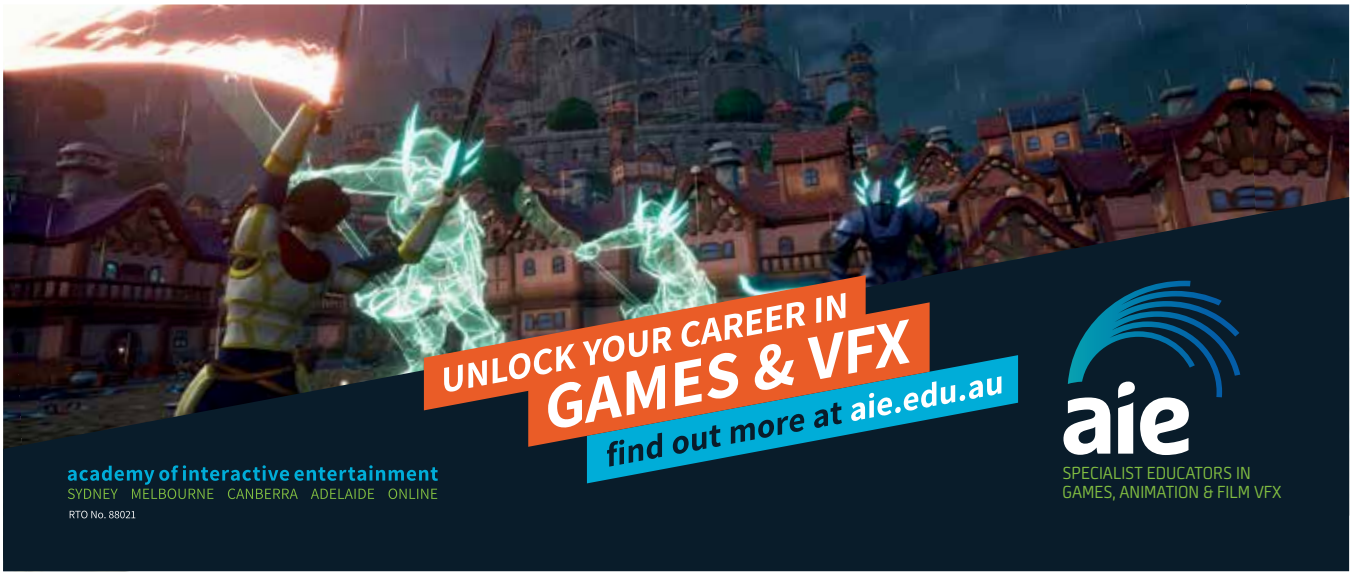
Your scaled mark in a course will be influenced by your position in the course and the scaled mean for that course. The example below shows a set of HSC and scaled marks for a student whose results place them at the 90th percentile for each course.

Course	Scaled mean	HSC mark	Scaled mark
Ancient History	47.8	89.0	77.0
Biology	51.8	88.0	78.0
Business Studies	48.0	89.0	77.4
Society and Culture	46.4	91.0	76.2
Physics	61.0	91.0	84.6
English Standard	40.2	80.0	62.4

To calculate this student's ATAR, we will include their scaled English mark, even though it is the lowest scaled mark. (At least 2 units of English must be included.) We won't include their scaled marks for Society and Culture because, even though the HSC mark for Society and Culture was one of the highest, the scaled marks are the lowest (apart from English).

Scaled marks are not reported to students.

The ACT ATAR is calculated by the ACT Board of Senior Secondary Studies and released by schools. It is based on a student's best three major scaled course scores plus 0.6 of the next best scaled course score (major or minor). The scaled course scores are added to form an aggregate score. Students are then ranked based on their aggregate score, which is converted to an ATAR.



WHAT'S THE DIFFERENCE?

HSC marks, ATARs and selection ranks are all different things.

- **HSC mark**
  Your HSC mark is a combination of your exam mark and moderated assessment mark for each course. You will also be notified of the performance band you have achieved for each course.
- **ATAR**
  Your ATAR is a rank (not a mark) based on your position compared to other students in the state.
- **Selection rank**
  Your selection rank is your ATAR + any selection rank adjustments for which you are eligible. (Find out more about selection rank adjustments in the 'Admission and selection' section.) The lowest selection rank for a course will be the lowest selection rank of an applicant who receives an offer to that course.

Scaling

Just as individual units of different currencies are not of equal value (eg £1 is not the same as $1), marks in different courses can't be compared because the courses are completely different. But just as exchange rates allow us to compare the value of different currencies, the scaling process allows us to compare marks in different courses properly and fairly.

Courses are scaled using the mean scores and distribution of marks, which indicate the ability of the students taking the course, not the perceived difficulty of the course:

- If a course has a high scaled mean it tells us that, on average, the ability of the students in that course is high – in general, they did well in their other courses. Courses such as Mathematics Extension 2 and Physics usually have high scaled means because they're studied by high-achieving students.
- If a course has a low scaled mean it tells us that the ability of the students in that course ranges from high to low. (It **doesn't** mean that you can't get a high ATAR if you study that course.)

TIP!

The ATAR is about position, and your position in a course is not altered by scaling. A high position in all of your courses will result in a high ATAR.

The following table illustrates these points using data from selected 2019 HSC courses.

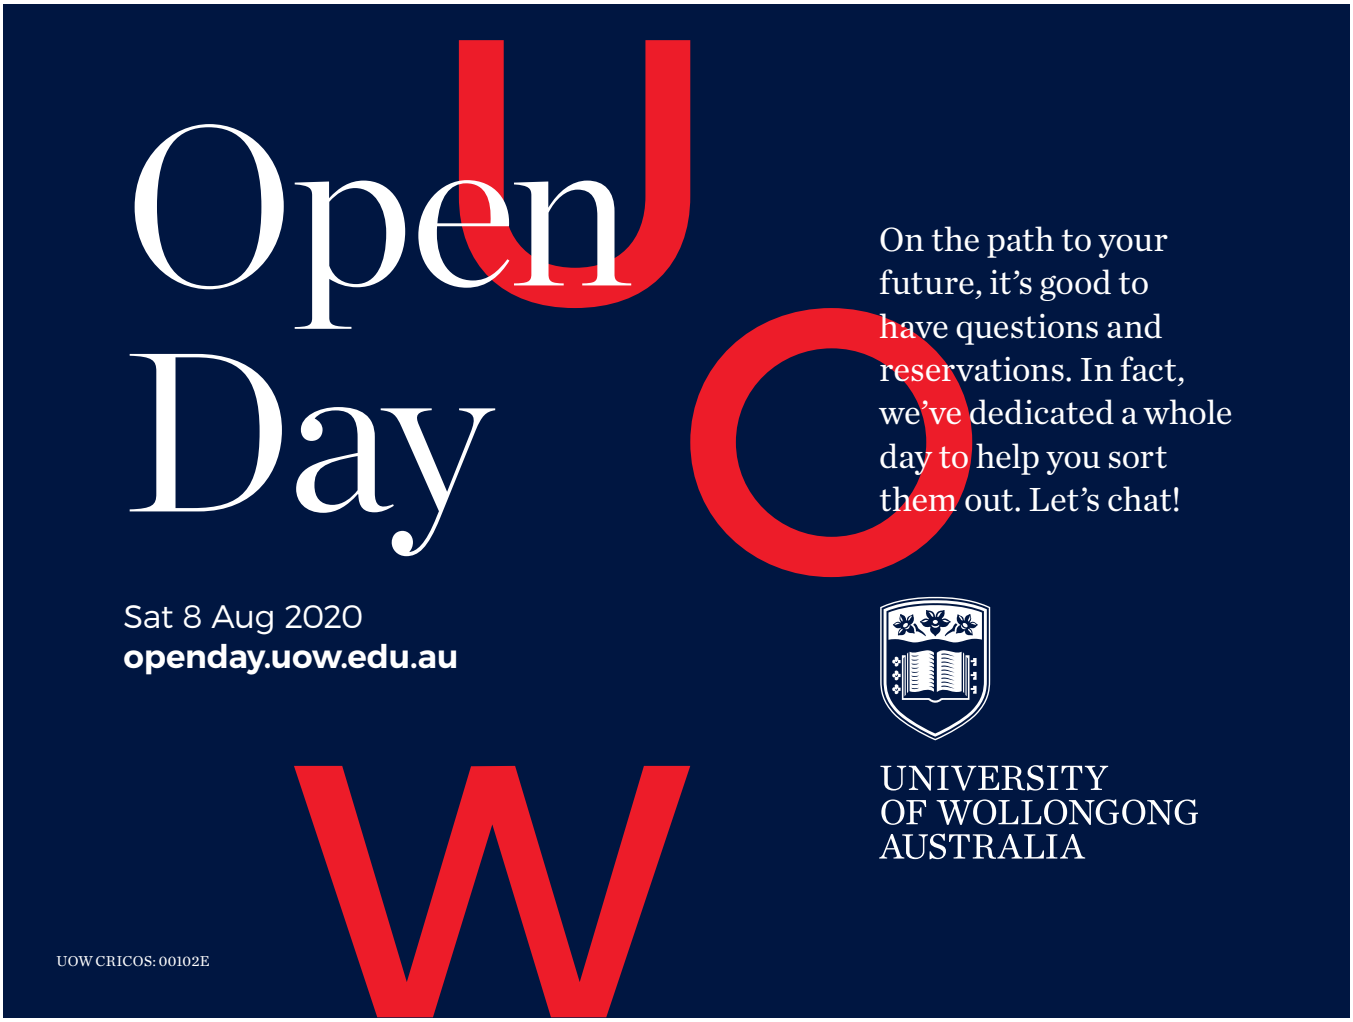
HSC mean = average student performance in the course
Scaled mean = average position of students taking the course across all their subjects
Max. ATAR of a student taking the course = highest ATAR calculated using both units of the course

Category A course	Median performance band	HSC mean	Scaled mean	Max. ATAR achieved by a student taking the course
Aboriginal Studies	3	69.0	**28.8**	**99.30**
Biology	4	72.4	51.8	99.95
English Advanced	5	81.2	**63.8**	99.95
Physics	4	73.6	**61.0**	99.95
Visual Arts	5	81.2	44.6	99.95
Category B course				
Hospitality	4	72.8	38.2	**97.65**

▶ This student's ATAR is very high even though it was calculated using their results in a course with a low scaled mean.

▶ High scaled means for these courses indicate that the students are generally high achievers in all other courses.

▶ A student taking a Category B VET course can still receive a high ATAR.



English courses

Your ATAR is calculated using at least 2 scaled units of English. If you have completed more than 2 units of English, your best 2 will be included first; the remaining 1 or 2 units will be included if they are among your next best 8 units.

English Studies is a Category B course and can be included in your ATAR calculation.

Mathematics courses

Up to 4 units of calculus-based maths can be included in the ATAR calculation. Mathematics Extension 1 has a different weighting (in terms of units) depending on if it's paired with Mathematics Advanced or Mathematics Extension 2.

If you study Mathematics Advanced (2 units), then Mathematics Extension 1 counts for 1 unit.

If you study Mathematics Extension 2 (2 units), then Mathematics Extension 1 counts for 2 units. This is calculated by doubling the mark you receive for the 1-unit course.

If you complete Mathematics Advanced then go on to satisfactorily complete Mathematics Extension 1 and Mathematics Extension 2, your results in Mathematics Advanced will not be included in your ATAR calculation, even if you've excelled in it.

Mathematics Standard 1 is a Category B course and can be included in your ATAR calculation.

Accumulated courses

Courses can be accumulated for the ATAR over a period of up to five years. Scaled marks are calculated in the year you complete the course and the scaled mark can be included in your ATAR calculation when you become ATAR eligible.

Repeated courses

You'll be considered to be repeating an HSC course if you:

- repeat the same course
- study a different course in the same subject area, apart from an extension course.

If you repeat a course, only the marks for your latest satisfactory attempt will be available for inclusion in the calculation of your ATAR, even if they're lower than your earlier attempt.

You will receive an ATAR the first year you satisfy the eligibility requirements. If you complete additional courses or repeat courses, your ATAR will be recalculated. Your most recent ATAR will be the one used by tertiary institutions for selection purposes.

Re-marked HSC papers

If NESA provides UAC with amended HSC results, your ATAR will automatically be recalculated and UAC will notify you by email. Your new ATAR can be higher, lower or the same as your previous ATAR.

Information about the calculation of **the ACT ATAR** is available from the ACT Board of Senior Secondary Studies. Call (02) 6205 7181 or visit bsss.act.edu.au.

Limited ATAR

A Limited ATAR is calculated using the scaled marks from at least 1 unit of a Category A English course plus the best 4 other units of Category A courses, rather than the best 10 units used for the standard ATAR.

Some institutions will assess applicants based on the Limited ATAR, along with other selection criteria.

To be eligible for a Limited ATAR, you must:

- be **over 20 years of age** on 1 March in the year you complete your HSC studies
- have taken between 5 and 9 units of ATAR courses, including at least 1 unit of English (Category A course)
- have completed all courses in the same academic year. You can't accumulate courses over several years.

YOUR ATAR NOTIFICATION

When you view your ATAR, you'll be able to see a list of the ATAR courses you studied and their category, and the number of units of each ATAR course that contributed to the calculation of your ATAR. You'll also be able to download your official ATAR Advice Notice.

If you receive an ATAR between 0.00 and 30.00, your ATAR will appear as '30 or less'. If you haven't met the requirements of the ATAR, your ATAR will be recorded as 'not eligible'.

TIP!

Your ATAR is only accessible by you or your authorised agent. ATARs are also released to institutions for the purpose of making offers to courses. UAC doesn't provide ATARs to parents, schools or careers advisers.

HSC AND ATAR: WHAT'S THE DIFFERENCE?

HSC marks and the ATAR are two different measures of achievement. HSC marks tell you about your performance, whereas your ATAR tells you about your position, or ranking.

They are calculated separately using different methods.

The table below outlines the main differences between your HSC marks and your ATAR.

Your HSC marks	Your ATAR
Are presented as **marks out of 100**.	Is a **rank**, not a mark or a percentage.
Tell you how well you've **performed in each of your courses**, according to standards set by NESA.	Tells you where you're **positioned overall** in relation to other students.
Can only be compared to the marks of students who completed the **same HSC courses**.	Tells you how you compare with other students who have completed **different combinations of HSC courses**.
Are provided by **NESA**.	Is provided by **UAC**.

Most HSC marks lie between 50 and 100. HSC marks between 70 and 79 are Performance Band 4 results. These are 'average' HSC marks, so a large percentage of students are in this category. This means that when students are ranked for their ATAR, those at the bottom of Band 4 are placed significantly lower than those at the top of Band 4 or higher.

Below is an example of an ATAR notification.

UAC

AUSTRALIAN TERTIARY ADMISSION RANK.

2020 ADVICE

Full name	JANE CITIZEN
Year 12 student number	12XXXXXX
AUSTRALIAN TERTIARY ADMISSION RANK (ATAR)	**75.80 *SEVEN*FIVE***EIGHT*ZERO***

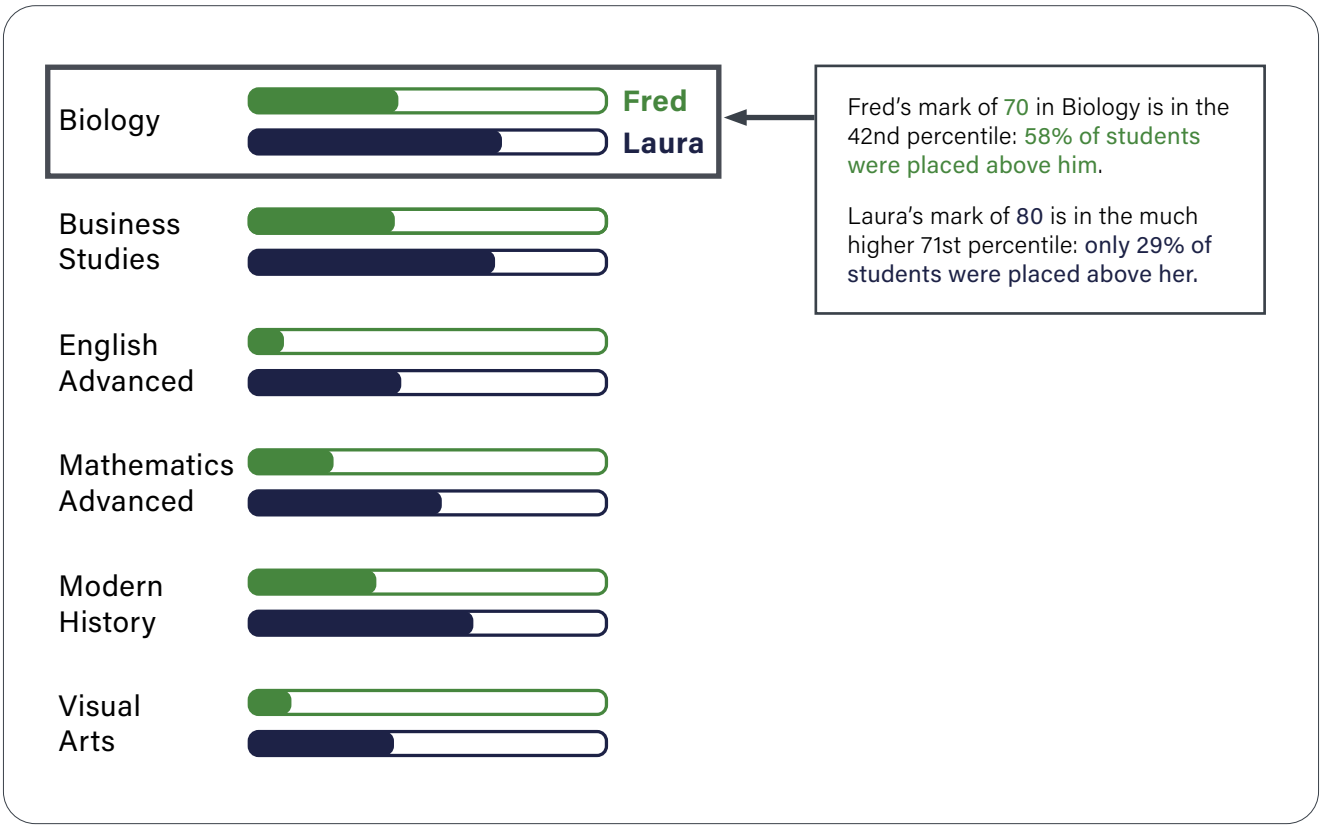
Shown below are the ATAR courses which were available for inclusion in the ATAR, together with the units that were actually included in the calculation. Information about ATAR eligibility and the calculation of the ATAR are available at http://www.uac.edu.au/atar

Course name	Category	Year completed	Unit value	Units included in calculation of ATAR
Business Studies	A	2020	2	2
Economics	A	2020	2	2
English Advanced	A	2020	2	2
Mathematics Advanced	A	2020	2	2
Textiles and Design	A	2020	2	2

Consider, as an example, Fred and Laura, who completed the same HSC courses in the same year. Fred received an HSC mark of 70 (low Band 4) in each course, while Laura received an HSC mark of 80 (low Band 5) in each course.

Course	Fred		Laura	
	HSC mark	Percentile	HSC mark	Percentile
Biology	70	42	80	71
Business Studies	70	41	80	69
English Advanced	70	10	80	43
Mathematics Advanced	70	24	80	54
Modern History	70	36	80	63
Visual Arts	70	12	80	41
ATAR	**58.70**		**78.70**	

Their HSC marks in each course differ by only 10, yet their ATARs differ by 20.00. Their performance was similar but their positions (reflected by their percentiles) were quite different. Laura's positions in her courses are much better than Fred's. You can see this in the illustration below: it shows where their respective marks placed them in each course.



BUSTING THE ATAR MYTHS

As you can see, calculating the ATAR is a complex process, and as a result there are some myths and misunderstandings. Here are some of the more common ones, along with the correct information.

Myth

Some courses are always 'scaled up', so I should take these courses. Some courses are always 'scaled down', so I shouldn't take these courses.

Fact

The way a course is scaled depends entirely on the average academic performance of all the students doing that course that year – and it can change from year to year. For most courses, your scaled mark will be lower than your HSC mark. To get the best possible position and maximise your scaled marks, select the courses you'll do best in.

Myth

I need to study 'hard' subjects to get high scaled marks.

Fact

'Hard' is a subjective term. Everyone has different strengths and interests. Students who achieve an ATAR of 99.95 study a large variety of subjects.

Myth

I should study Mathematics Standard 2 rather than Mathematics Advanced to get a better ATAR.

Fact

It's very difficult to predict which course will lead to a higher scaled mark. Your scaled mark depends on the average academic ability of the students studying that course and your position in the course. When considering which maths course to study, remember that some university courses have prerequisites or assumed knowledge of Mathematics Advanced. It's important to choose the level of maths that best suits your plans for further study.

FAQS ABOUT THE ATAR

Why is my ATAR low compared with my HSC marks?

It's a mistake to compare your HSC marks and your ATAR, as they're different measures of achievement – performance (HSC) and position (ATAR).

There's no general rule for the relationship between these two measures. However, if you are in the middle group of students in all your courses (with marks typically in the mid-70s), you may get an ATAR of around 70.00, which is usually close to the middle ATAR. But sometimes marks in the 70s can mean a much lower ATAR depending on your courses and your position in those courses. See the example of Fred and Laura on page 14.

If I am ranked third in my class but get the highest exam mark, will that exam mark be given to the student ranked first?

No. You'll keep your own exam mark and your own assessment rank. When your school's assessment marks are moderated, you may be given a different assessment mark depending on the exam results of the other students in your course, but you'll keep your rank. Your exam mark will depend on how well you perform in the exam and is not affected by your assessment rank.

How many units of maths can be included in the calculation of the ATAR?

Up to 4 units of maths can be included in the ATAR calculation. If you study Mathematics Extension 1 you should be aware that it has a different weighting (in terms of units) depending on whether you take Mathematics Advanced or Mathematics Extension 2. Read 'Mathematics courses' on page 12.

Can my ATAR be recalculated?

Generally speaking no, but there are some instances in which your ATAR will be recalculated:

- if NESA provides amended HSC results
- if you complete additional courses in subsequent years
- if you repeat courses in subsequent years.

If your ATAR is recalculated you will receive a new ATAR notification. Your new ATAR can be higher, lower or the same as your previous ATAR.

Are schools notified of ATARs?

No. UAC does not release ATAR information to schools. ATARs are released only to the individual student and the institutions to which that student has applied.

HSC BOARD DEVELOPED COURSES TO BE EXAMINED IN 2020

CATEGORY A COURSES

Number	Course name	Unit value	Subject
15000	Aboriginal Studies	2	Aboriginal Studies

26899	Primary Industries (Examination)	2	Primary Industries
26999	Retail Services (Examination)	2	Retail Services
27499	Tourism, Travel and Events (Examination)	2	Tourism, Travel and Events[6]

NOTES

1. You can study both Ancient History and Modern History, but there is only one History Extension course. It is considered a course within the subject of either Modern History or Ancient History.
2. The unit value of this course changes depending on whether the course is taken in combination with Mathematics Advanced or Mathematics Extension 2.
3. You must study Music 2 if you wish to study Music Extension.
4. You may study either Studies of Religion I or Studies of Religion II, but not both.
5. You may study only one of the following languages: Croatian continuers, Macedonian continuers, Serbian continuers.
6. An optional HSC written examination in these courses is offered to eligible students. Subject to ATAR rules, you must undertake the optional written examination to have the results from this course available for inclusion in the calculation of your ATAR. Check with your school or the NESA website at educationstandards.nsw.edu.au for more information.

For interstate Year 12 and International Baccalaureate (IB) comparable courses, visit uac.edu.au/year12-quals.

CHOOSING YOUR COURSES

THE ESSENTIAL QUESTIONS

What courses are available through UAC?

Domestic undergraduate students can choose from more than 2,000 courses at 26 institutions.

International undergraduate students can choose from more than 1,500 courses at 19 institutions.

For a list of courses offered at each institution, go to Part 2 starting on page 55.

For courses listed by fields of study, follow these steps:

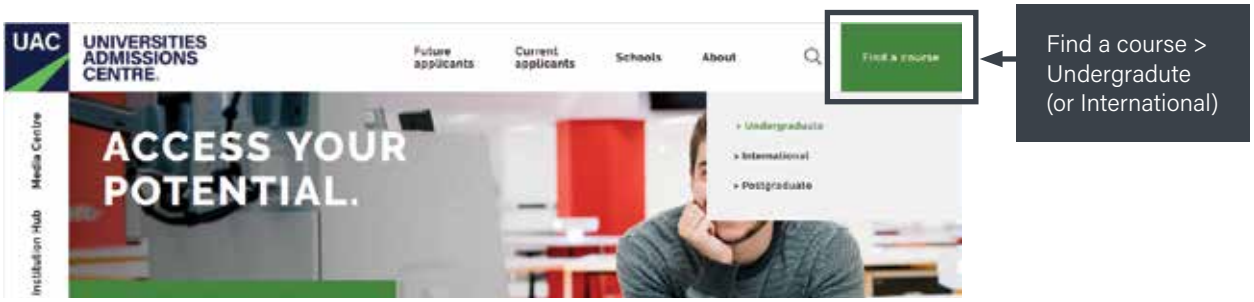
1. Go to the topic of interest index on page 208.
2. Look up a topic that interests you (eg Aboriginal Studies) and you'll see the field of study it belongs to (eg Society and Culture).
3. Turn to 'Find your course' on page 211.
4. Look up the field of study you found in Step 2 and you'll find related courses listed by institution.

For the latest course information throughout the year search for courses on the UAC website.

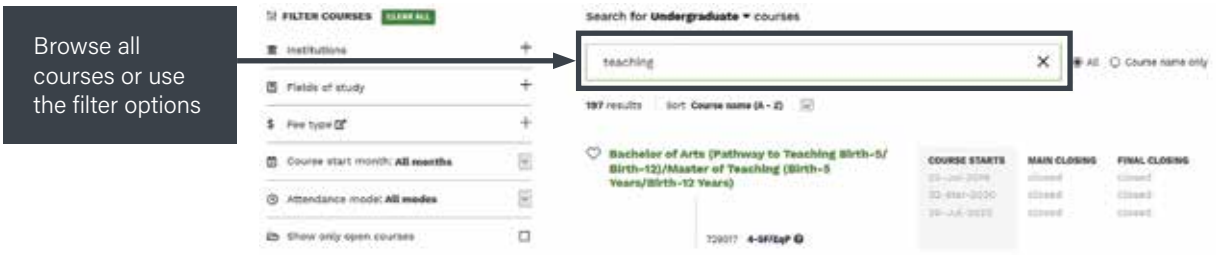
How do I choose the right course for me?

- ✓ THINK about what you're interested in and what school subjects you enjoy most and do well in.
- ✓ INVESTIGATE careers that relate to the subjects you're studying at school.
- ✓ VOLUNTEER at a workplace to see if you enjoy it.
- ✓ VISIT careers expos and open days.
- ✓ RESEARCH areas of job growth and skills shortages.
- ✓ BEWARE of:
  - peer pressure (don't pick a course just because your friends choose it)
  - family expectations (choose a course that's right for you, not one you think your parents want you to do)
  - lack of direction (resist selecting a course because it looks easy or is close to home)
  - misguided perceptions (eg not wanting to 'waste' a high ATAR).
- ✓ FIND study paths taken by people with an academic background similar to yours – visit Course Compass at uac.edu.au/coursecompass.

FIND A COURSE ON THE UAC WEBSITE



COURSE SEARCH



What jobs could I get with this degree?

✓ Search for courses at uac.edu.au/search and read 'Career opportunities' in the course descriptions.

✓ Check 'Where to go for more information' at the end of this section for suggestions of other places to find careers information and advice.

What do I need to get in?

✓ Meet the admission criteria of the institution offering the courses. Check the institution's entry at uac.edu.au/institution.

+

✓ Fulfil the entrance requirements of your chosen course. Check if the course has prerequisites or additional selection criteria at uac.edu.au/search.

What do unis use to select students for their courses?

– USUALLY your selection rank (ATAR + adjustment factors)

– SOMETIMES additional criteria, such as interviews, assessments or portfolios.

What are my chances of getting in?

Selection is a competitive process and your chances of being offered a place in your chosen course depend on how well you meet its selection criteria. You can use the course's 2020 ATAR profile as a guide to what you'll need to be selected in semester 1, 2021.

✓ Search for your chosen course at uac.edu.au/search.

✓ Check the ATAR profile at the bottom of the course description, which shows previous students' ATARs and selection ranks. The lowest selection rank is the most important number. See the ATAR profile example below.

Some institutions provide:

– a guaranteed ATAR or selection rank instead of a lowest selection rank. If you achieve this ATAR or selection rank you will receive an offer to the course.

– an estimated selection rank.

What if I don't think I'll get selected?

Don't think you'll meet the entry requirements for your chosen courses? Include pathway courses in your list of preferences. Read 'Pathway options' on page 34 or visit uac.edu.au/pathways.

Does the course have additional selection criteria or special requirements?

✓ Check the course description for additional selection criteria such as a personal statement, portfolio or interview – visit uac.edu.au/search.

✓ Enrolling in a health- or welfare-related or teacher education course? Read about special course conditions below.

SPECIAL REQUIREMENTS AND POLICIES

Special requirements and policies apply to students in health- and welfare-related courses and teacher education courses.

These requirements relate to:

– clinical/internship placements undertaken as part of your course

– proof of English language proficiency

– accreditation and procedures for employment after you have completed the course.

Note that requirements and policies in these areas are subject to regular review.

ATAR PROFILE

ATAR PROFILE TABLE

ATAR-based offers only (semester 1, 2020)

Course code	Lowest ATAR (LA)	Median ATAR (MA)	Highest ATAR (HA)	Lowest selection rank (LSR)	Median selection rank (MSR)	Highest selection rank (HSR)
123456	73.30	78.95	83.95	77.30	79.60	83.95

Lowest selection rank includes the applicant's ATAR plus any applicable adjustments; if the applicant hadn't been eligible for the adjustments they may not have received an offer.

Teacher education courses

Requirements for students intending to teach in NSW schools

For accreditation as a teacher in NSW, graduates will need to meet requirements set by the NSW Education Standards Authority (NESA). Students entering accredited teaching programs need to have achieved a minimum of three Band 5s, one of which must be in English, in their HSC or meet a comparable academic standard early in the program.

Check with individual institutions for further information on academic and non-academic entry requirements for particular teaching programs and other approved pathways to study if you do not meet these requirements.

Literacy and numeracy test for initial teacher education students

All initial teacher education students will need to meet the benchmark set by the national Literacy and Numeracy Test for Initial Teacher Education Students prior to their final professional experience placement and graduation. Read further information about the test at aitsl.edu.au.

Background checking processes

If you intend to engage in child-related work, you must hold a valid Working With Children Check clearance. Visit the Office of the Children's Guardian website at kidsguardian.nsw.gov.au for more information.

Additionally, you must be employment-screened before beginning an internship or associate teacher program in schools. This involves providing a Working With Children Check clearance number and completing other employment screening requirements. Visit teach.nsw.edu.au for details. Alternatively, you can contact the Department's Probity Unit: call (02) 7814 3825 or email wwcc@det.nsw.edu.au.

If you do not meet these requirements, you may not be able to undertake practical course requirements in NSW schools.

Health- and welfare-related courses

National Police Checks

In accordance with NSW Health policy, students who need to complete clinical placements in the NSW public health system are required to:

- obtain a National Police Check before they commence clinical placements in NSW Health facilities
- sign a Code of Conduct Agreement stating that they will abide by the NSW Health Code of Conduct.

To ensure you provide the correct documentation, search for 'clinical placements' at heti.nsw.gov.au or health.nsw.gov.au.

Infectious diseases

Students who need to complete clinical training in NSW public health facilities are subject to NSW Health requirements for healthcare workers to demonstrate their protection against specified infectious diseases in the first year of their course. This is included in the policy directive 'Occupational Assessment, Screening and Vaccination Against Specified Infectious Diseases'.

Additional conditions apply to clinical practice of healthcare workers with certain blood-borne viruses. For more information, see 'PD2019_026 Management of health care workers with a blood borne virus and those doing exposure prone procedures'.

Both policies are available at health.nsw.gov.au/policies. For further information, also search for 'clinical placements' at health.nsw.gov.au.

If you do not comply with the above requirements relating to National Police Checks and infectious diseases, you will not be permitted to attend your clinical placement in the NSW health system and progress in your course may be affected.

Nursing and midwifery courses: English language proficiency

In your path to becoming a nurse or midwife in Australia you are required to provide proof of proficiency in English.

Applicants for admission to a nursing course

You must provide either a written declaration that English is your primary language or evidence that you have achieved the institution's minimum English language test results. You can find information on which tests and qualifications are acceptable on UAC's website at uac.edu.au/elp.

Applicants for registration as a nurse or midwife

If you are applying for the first time in Australia for registration as a nurse or a midwife, you are required to show English language proficiency. You must meet the English language skills registration standard of the Nursing and Midwifery Board (NMBA). For more information, visit the NMBA website at nursingmidwiferyboard.gov.au.

WHERE TO GO FOR MORE INFORMATION

There are many places you can go to research career information and seek advice.

UAC's participating institutions

✓ Read the course descriptions on the UAC website via uac.edu.au/search for a list of possible career opportunities for your chosen courses.

✓ Contact the careers service at individual institutions – visit uac.edu.au/institutions.

School careers advisers

✓ Talk to your school careers adviser – they can give you valuable careers advice and information.

Professional organisations

✓ Search online for careers information from societies, institutes or other industry organisations.

✓ Visit tertiary institutions' websites – they sometimes list professional organisations.

Online

Check out the useful resources on the following page.

compared.edu.au

The ComparED website helps you compare official study experience and employment outcomes. The data is from Quality Indicators for Learning and Teaching (QILT) surveys completed by students, graduates and employers.

Try this:

1. Go to compared.edu.au.
2. Search for institutions and study areas or browse a list of each.
3. Fine tune your search by location, study level and institution type.
4. Click 'Add to compare +' and build up your list.
5. Once you're happy with your choices, click 'Compare now.'

   The results you've generated provide an insight into:
   - the experience of current students
   - recent graduate satisfaction
   - recent graduate employment and salary.

myfuture.edu.au

myfuture is a government career information and exploration service, which can help you manage your career with information on particular jobs, general career areas and courses.

Try this:

1. Go to myfuture.edu.au and create an account.
2. Sign in and select:
   - **My career profile** to explore possible career pathways through activities and quizzes
   - **Occupations** to browse top trending and skills shortage occupations
   - **Industries** for the essentials on your chosen industry and its top occupations
   - **Career bullseyes** to see what occupations are related to learning areas you enjoy.

You can also read about the experiences of graduates in a range of professions and access useful job search resources.

courseseeker.edu.au

An Australian Government website that collates information on undergraduate courses at all public universities – and some other higher education providers – across Australia.

Try this:

1. Go to courseseeker.edu.au.
2. Search for courses by any or all of the following:
   - course name
   - state
   - institution
   - study area
   - study mode.
3. Delve deeper into course details and add courses to your shortlist.
4. Click 'Compare your shortlist' and share the results with your friends and family.

YOUR APPLICATION

WHY APPLY THROUGH UAC?

Around 50,000 Year 12 students apply for uni through UAC each year.

Applying through UAC means you don't need to apply separately to each institution. And, if you're a domestic applicant, you can apply for:

- School Recommendation Schemes
- Educational Access Schemes.

Through these schemes, institutions can consider factors in addition to your ATAR, such as your Year 11 results and any educational disadvantages you've experienced: read 'Applying for access schemes' on page 28.

If you're in need of financial help, you can also apply for Equity Scholarships.

Remember, UAC processes the applications but the institutions decide who receives an offer of a place.

Apply between 1 April and 30 September 2020. The application fee will be $70.

ACTION!

The application fee increases to $200 on 1 October.

Keep an eye out for **early course closing dates**. You can't select a course after it has closed.

TIP!

Early closing dates are indicated in the course search on the UAC website.

WHAT YOU NEED WHEN YOU APPLY

- ✓ A current personal email address, not your school email address. Add the domain **uac.edu.au** to your list of safe email contacts so UAC emails don't end up in your junk folder.
- ✓ Your Year 12 student number and UAC PIN (emailed to NSW and ACT students on 1 April).

  If you're applying from other states, your UAC PIN is the first four digits of your date of birth (eg if your birthday is 3 October, your UAC PIN is 0310; if your birthday is 17 May, your UAC PIN is 1705.)
- ✓ A list of your chosen courses and their course codes.
- ✓ A credit card (Mastercard or Visa) or PayPal account to pay the processing fee. Domestic Year 12 students can also 'commit to pay' using BPAY or Post BillPay.

Applicants for medical degrees: You'll need to enter your UCAT (University Clinical Aptitude Test) or International Student Admission Test (ISAT) candidate number.

International students applying through an agent: You'll need to enter your UACID (UAC Identification Code). Your agent will have this.

- ✓ Change your UAC PIN once you've submitted your application and keep your UAC PIN in a safe place.
- × Don't give your UAC PIN to anyone else.

TIP!

INTERNATIONAL STUDENTS

You are an international student if **you're not**:

- an Australian or New Zealand citizen or
- a permanent resident of Australia or
- the holder of an Australian permanent resident humanitarian visa.

As an international student, you can apply through UAC if you're undertaking one of the following qualifications in 2020:

- an Australian Year 12 in Australia
- an Australian Year 12 outside Australia
- an International Baccalaureate (IB) Diploma
- a New Zealand National Certificate of Educational Achievement (NCEA) Level 3.

If you're not undertaking one of the above qualifications, apply directly to the institution.

Prospective permanent residents

If you are granted permanent resident status after you have applied to UAC as an international applicant:

- ✓ apply again through UAC as a domestic undergraduate applicant
- ✓ write to the Senior Operations Officer at UAC as soon as possible to explain your change in status
- ✓ provide a verified copy of your current passport.

If your status changes after you receive an offer, contact the institution.

AUSTRALIAN GOVERNMENT REQUIREMENTS FOR INTERNATIONAL STUDENTS

There are several requirements international students must meet to study in Australia.

Student visa requirements

To study in Australia you need to apply for a student visa. A student visa allows you to come to Australia for a specified period to study at an educational institution. To be eligible for a student visa, you need to meet the conditions set by the Australian Government's Department of Home Affairs – search for 'visas' at immi.homeaffairs.gov.au.

After you accept your offer and pay your fees, you will receive a Confirmation of Enrolment from the institution. You must have a Confirmation of Enrolment at the time of making your student visa application.

Students under 18 years of age

If you will be under 18 years of age when you arrive in Australia to study, special requirements are in place. Before you are granted a student visa, the Australian Government must be satisfied that you have appropriate accommodation, support and general welfare arrangements in place for the period that you will be under 18 years of age while in Australia.

Each institution decides whether they will accept responsibility for welfare arrangements for international students who are under 18 years of age.

Overseas Student Health Cover

Overseas Student Health Cover (OSHC) is insurance for international students to help them with the costs of medical and hospital care they may require while they are in Australia.

The Australian Government requires all international students on a student visa and their dependants to purchase an approved OSHC policy from an Australian registered health fund for the duration of their visas. OSHC is not included in tuition fees.

Dental treatment

OSHC does not cover dental treatment. As dental services in Australia are expensive, you should have your teeth checked and any necessary dental work completed before you leave home.

Belgian, Norwegian and Swedish students

Some Belgian, Norwegian and Swedish students are not required to purchase OSHC as part of their visa requirements; they are considered to have met 'adequate insurance' requirements due to a reciprocal arrangement between their country and the Australian Government.

Many institutions have arrangements with preferred OSHC providers. Students, however, are free to choose their own health cover provider. A list of OSHC providers, together with general information about OSHC, is available from the Private Health Insurance Ombudsman website. Search 'Overseas Student Health Cover' at privatehealth.gov.au.

How do I organise OSHC?

You must organise and pay for OSHC before you arrive in Australia. Once you receive an unconditional offer to study at an Australian educational institution, you will be required to pay your OSHC charge at the same time that you pay your tuition fee deposit.

You can arrange to pay for your OSHC through your educational institution or you can choose your own OSHC provider from another Australian registered private health insurer.

A UNI THAT'S COMMITTED TO YOUR SUCCESS

Study with confidence at CQUniversity, with access to a range of support services and the flexibility to tailor your study to suit your lifestyle and career goals.

OUTSTANDING STUDY SUPPORT
Individualised support to help you succeed.

AUSTRALIA'S FIRST AND ONLY CHANGEMAKER CAMPUS
Recognised by global social innovation group, Ashoka U.

ACCESSIBLE, FLEXIBLE STUDY

CQUniversity AUSTRALIA

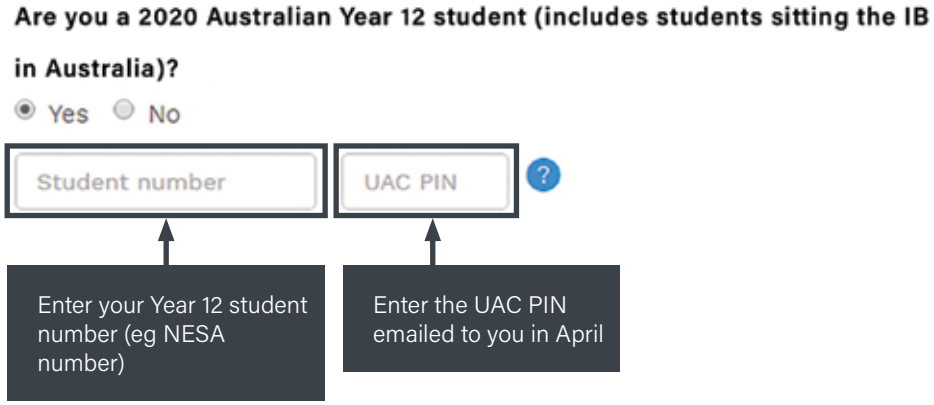
BE WHAT YOU WANT TO BE
cqu.edu.au

CRICOS: 00219C | RTO: 40939 | C_AD_2004_70x180_UACGuide

HOW TO APPLY

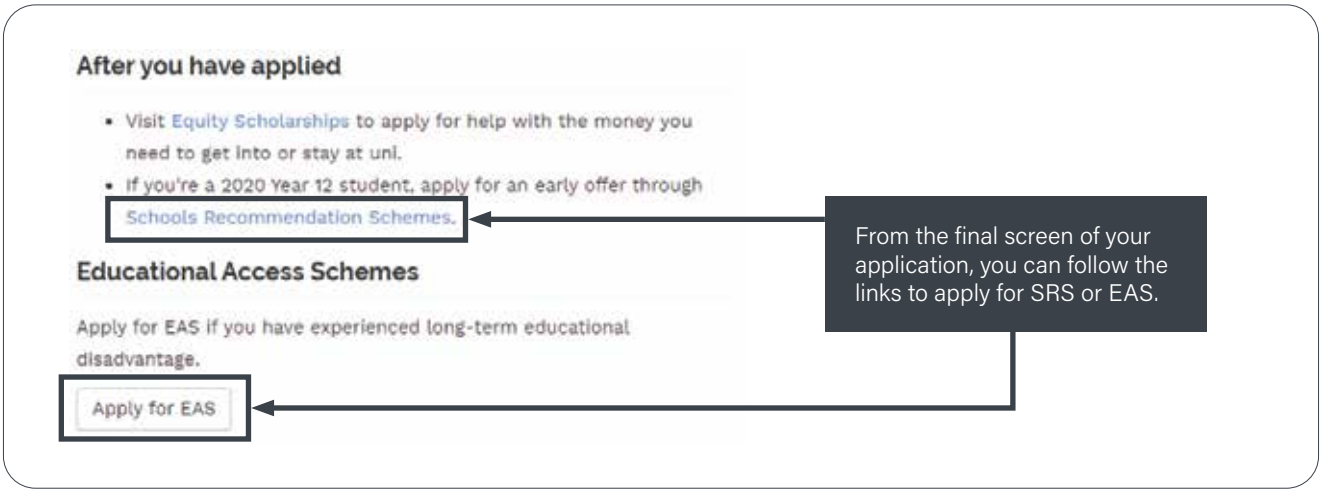
1. Go to uac.edu.au.

2. Select 'Start your application.'
3. Follow the prompts to get to the personal details page. This includes entering your Year 12 student number and UAC PIN.



4. Review/enter your personal details. Make sure:
   – your full name is as it appears on your official ID (ie birth certificate, passport or citizenship documents)
   – you provide a personal email address (not a school email address as it will expire). All official communication from UAC will be via email.
5. Click 'Next.' At this point, you'll be given a nine-digit UAC application number. If you log out now, you can log back in at any time using your UAC application number and UAC PIN.
6. Review you school/qualification details.
7. Select your course preferences. You can change these later.
8. Accept the applicant declaration (full version printed on page 30) and pay the processing fee. **The fee is not refundable**, except as required by law.

9. Your application is now complete and you can apply for Schools Recommendation Schemes (until 20 September 2020) and Educational Access Schemes. These applications are free.



Can't find your UAC PIN?

TIP!

2020 NSW HSC applicants and ACT Year 12 applicants: Check your school email inbox: UAC emailed your UAC PIN to this address in April. It's different to your NESA PIN.

All other applicants: Your UAC PIN is the first four digits of your date of birth (eg if your birthday is 3 October, your UAC PIN is 0310; if your birthday is 17 May, your UAC PIN is 1705).

Authorising someone to act on your behalf

Your application, and all the information within it, is confidential. For privacy reasons, we cannot discuss information relating to your application with anyone but you.

You can authorise another person to act on your behalf and speak to UAC about your application by:

- selecting this option **when you first apply**, or
- emailing UAC and including the details of the person you are authorising **after you apply**.

INTERNATIONAL STUDENTS

The person you authorise to act on your behalf can be a different person or the same person as the agent/representative who may be helping you with your application and visa formalities.

Applying through an agent? You can add, change or delete your agent's UAC Identification Code (UACID) after you've submitted your international application.

Your agent will be able to access information about your application through UAC's website.

Applying directly to a uni

Some institutions take direct applications, which you can have in addition to your UAC application. If you complete both a UAC application and a direct application, make sure you **don't duplicate your course preferences**. If you do, you will be automatically assessed as 'not eligible' for an offer to that course in your UAC application. This ensures you don't receive two offers to the same course. So make the most of both applications and choose different preferences in each.

If you receive an offer through your direct application, you can still receive an offer through your UAC application. Check with the uni as to how and when it will make its direct offers. You can read about UAC offers in 'Offers and enrolment' from page 39.

Applying interstate

Applications for most undergraduate courses in states other than NSW and the ACT are processed through each state's tertiary admissions centre. Like UAC, most tertiary admissions centres increase their processing charges at the end of September, so apply early to avoid higher charges and ensure you can apply for your chosen course.

Application processes and fees vary, so visit the relevant tertiary admissions centre or institution website for further information.

State	Tertiary admissions centre	Website
Northern Territory and South Australia	South Australian Tertiary Admissions Centre (SATAC)	satac.edu.au
Queensland	Queensland Tertiary Admissions Centre (QTAC)	qtac.edu.au
Tasmania	There is no centralised admissions centre in Tasmania.	Apply to University of Tasmania at utas.edu.au/admissions
Victoria	Victorian Tertiary Admissions Centre (VTAC)	vtac.edu.au
Western Australia	Tertiary Institutions Service Centre (TISC). Apply directly to University of Notre Dame at nd.edu.au	tisc.edu.au

Your UAC application is not complete until you've paid the processing charge. Your payment receipt and Confirmation of Application are your proof of payment – keep them safe!

TIP!

Questions or problems?

To talk to someone about your application:

- call UAC on 1300 275 822 or (02) 9752 0200 (from mobiles), Monday to Friday between 8.30am and 4.30pm Sydney time
- send your question via the enquiry form at uac.edu.au/contact
- send us a message on Facebook or Twitter.

Have a question about admission criteria or course details? Contact the institution directly using the details on the back cover.

COURSE PREFERENCES

How many course preferences can I have?

Domestic applicants can select up to five courses.
International applicants can select up to six courses.

What order do I put them in?

The order of your course preferences matters. You can only get one offer in each offer round. It will be to the **first** course in your list for which you're eligible and competitive enough.

Order your course preferences like this:

1. The course you'd most like to do
2. Your second favourite course
3. Your third choice
4. Your fourth choice
5. Your final back-up course: a course you're confident you'll get an offer to if you miss out on all your higher course preferences.

Your chance of being selected for a course is not decreased because you placed it as a lower order preference. Similarly, you won't be selected for a course just because you entered that course as a higher order preference.

EXAMPLE

Anna, James and Sarah all applied for B Accounting. Anna put it as her fourth preference, while James and Sarah listed it as their first preference. Anna missed out on offers to her first, second and third preferences but was a more competitive candidate for B Accounting than both James and Sarah. So, Anna received an offer to B Accounting (her fourth preference) while James and Sarah did not, despite them listing it first.

What if I'm still deciding which courses to choose?

Don't worry; although you need to enter at least one course preference in order to complete your application, you can change your preferences as many times as you want before preference deadlines. For a list of key dates, visit uac.edu.au/key-dates.

You even have time to change them after you get your ATAR and have a much better idea about your chances of being selected.

Just make sure you apply before **midnight on Wednesday 30 September 2020** – the processing charge increases after this date.

What if my course is not on the UAC website?

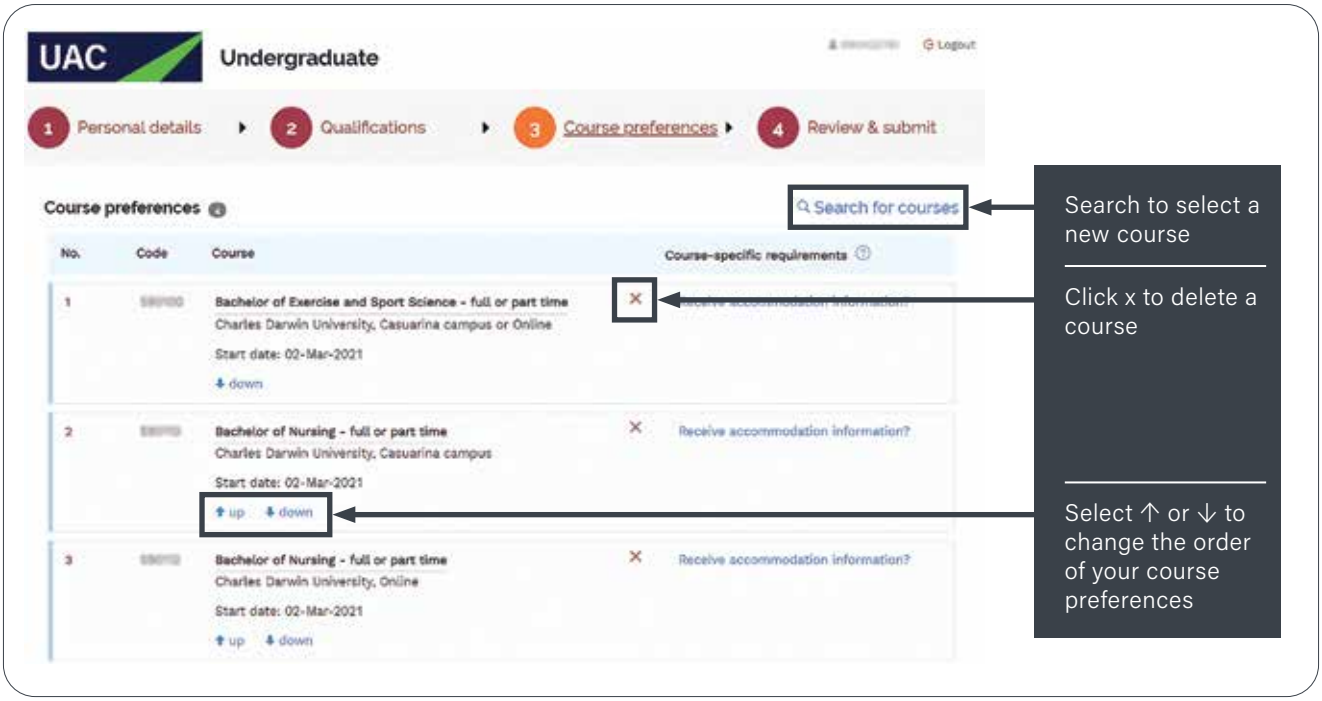
If you can't find the course you're looking for on UAC's course search, it means course details are being confirmed:

1. Select a different course to complete your application.
2. Check the course search regularly – new courses will be posted as they become available.
3. Once the course is available, include it in your preferences.

How do I change my course preferences?

You can add, delete or change the order of your course preferences as many times as you like before the closing date for each offer round:

1. Log in to your application using your UAC application number and UAC PIN.
2. Select 'Course preferences.'
3. Add or delete courses, or drag courses up and down to change their order.



AFTER YOU APPLY

Keep your UAC application number and PIN in a safe place

You need them to log back in to your application. You also need your UAC PIN to view your ATAR.

Check your confirmation of application

Need to change your contact details, course preferences, or add other qualifications?

Log back in to your application on UAC's website. For other changes, notify UAC in writing as soon as possible.

Need to provide documents to UAC in support of your application?

Most Year 12 students don't; however, supplying documentary evidence of your Australian citizenship will help speed up the admission and enrolment process if you receive an offer – read more at uac.edu.au/documents.

Are you completing an International Baccalaureate Diploma?

You must authorise the release of your International Baccalaureate Diploma to UAC. Ask your school's IB Diploma coordinator to request this on your behalf.

You don't have to give UAC your Australian Year 12 results or ATAR. The only rare exception is if you complete your studies mid-year: in this case, upload your results and ATAR asap.

TIP!

Check for additional selection criteria

Before you can be selected, some courses require you to meet a few extra requirements. Examples are:

- external exams, such as the University Clinical Aptitude Test, which most institutions require you to sit if you want to study medicine
- questionnaires
- completion of (or minimum results in) specific Year 12 courses (aka prerequisites)
- portfolios
- interviews or auditions.

Track your application

You can track the progress of your application throughout the assessment process by logging in to your application. You'll be able to see when UAC has received your results and finalised the assessment of your qualifications, and if there are any issues preventing you from receiving an offer to your preferences.

Lock in your preferences before closing dates

You can change your preferences:
- after any round, whether you receive an offer or not
- until the closing date for the next offer round.

EXAMPLE

After	You can change your preferences for	Until
Dec Round 2	Jan Round 1	midnight Sunday 3 January 2021
Jan Round 1	Jan Round 2	midnight Sunday 17 January 2021

APPLYING FOR ACCESS SCHEMES

Once you've completed your undergraduate application, you can go on to apply for:
- Schools Recommendation Schemes
- Educational Access Schemes.

Read about how these schemes work in the 'Admission and selection' section.

You can access the applications for these schemes from the final screen of your initial application. See step 9 of 'How to apply' on page 25.

If you've already applied and logged out, follow the instructions below.

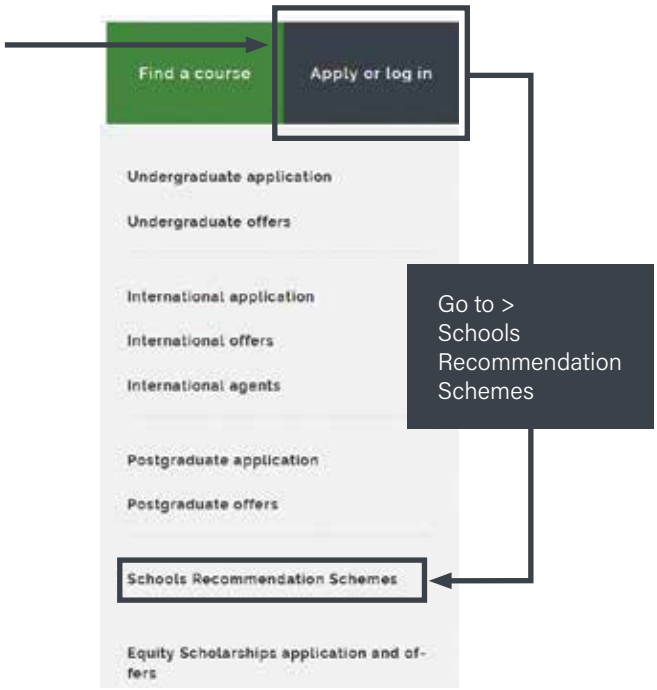
Schools Recommendation Schemes

Go to uac.edu.au > Apply or log in.
1. Complete your SRS application by answering the questions and following the prompts.
2. Upload institution-specific documents if you're prompted to do so.
3. Review your application summary.
4. Accept the declaration and authority and submit.
5. Download your confirmation of application.

Not in the NSW school system?

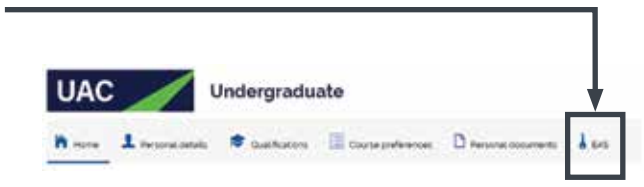
If you're studying in another state or territory's school system, you'll also need to:
- enter the details of your Year 11 studies
- upload a PDF of your Year 11 school report.

You will find complete instructions for applying for SRS at uac.edu.au/srs.



Educational Access Schemes

Log in to your application and select the EAS tab.
1. Open the category of disadvantage you wish to claim. Select the specific disadvantages that apply to you and answer the follow-up questions. When you have selected all the relevant disadvantages in that category, click 'Save.'
2. Repeat for each category you wish to claim.
3. Accept the declaration and authority and submit.
4. Download your confirmation of application and the document cover sheet for each of your claimed disadvantages. The document cover sheet details the eligibility criteria for the disadvantage and the supporting documents you need to provide.
5. Upload completed cover sheets and supporting documents to your application at least two weeks before the undergraduate offer round in which you wish to be considered – visit uac.edu.au/key-dates.



Educational Access Schemes

Before you apply for EAS, check the eligibility criteria and documents required for each EAS disadvantage – visit uac.edu.au/eas-disadvantage.

TIP!

SERVICES FOR APPLICANTS WITH A DISABILITY

If you have a disability or an ongoing illness that may disadvantage you during your studies, we encourage you to include this information in your application.

Any information you provide:
- will not affect your application for admission
- will be seen only by disability services staff
- will help the institution meet your education needs should you be offered a place in one of their courses.

Institutions may be able to provide one or more of the following services:
- note takers
- personal readers
- examination provisions
- learning assistance
- alternative assessment methods
- academic material in alternative formats
- parking for holders of a Roads and Maritime Services Mobility Parking Scheme permit.

Preparing for study

Information and advice about preparing for study when you have a disability is readily available:
- Talk to the institution's disability services staff about what services they can provide – visit uac.edu.au/disability.
- Visit westernsydney.edu.au/getreadyforuni for information on making the move from school to university.
- If you're having trouble applying through UAC, call us on 1300 275 822 or (02) 9752 0200 (from mobiles), Monday to Friday between 8.30am and 4.30pm Sydney time – we'll help you through the application process.

YOUR RESPONSIBILITIES AS AN APPLICANT

Your responsibilities as an applicant include:
- reading the relevant parts of this Guide or corresponding information on UAC's website
- following any institution-specific instructions
- providing true and complete information in your application
- providing true and complete copies of official documentation with your application where requested
- accepting the conditions set out in the online declaration (read the printed version on page 30)
- checking your emails (including in your junk folder) for any messages from UAC.

It's important to meet your responsibilities as an applicant – by doing so you'll ensure that your application is processed and assessed as soon as possible.

TIP!

If you fail to meet your responsibilities

If you submit an application that contains information that UAC or a participating institution determines to be untrue or incomplete:
- UAC may cancel your application
- an institution may withdraw any place offered.

For further information, read the policy statement on page 30.

INTERNATIONAL STUDENTS

If you're an international applicant, you must also:
- satisfy your student visa conditions (eg maintaining full-time enrolment in your course, satisfactory class attendance and course progress)
- remain with the same university where you originally enrolled for at least the first six months of your principle course except under certain circumstances (for details, search for 'overseas student transfers' at internationaleducation.gov.au)
- maintain your Overseas Student Health Cover (OSHC) for the period of your stay
- if you are under 18, maintain your approved accommodation, support and general welfare arrangements
- inform your institution if you change your address
- provide details of your passport upon acceptance of an offer
- ensure you have sufficient financial capacity to support your study and stay in Australia
- return home immediately upon completion of your course or expiration of your visa.

If you breach your student visa conditions by failing to maintain full-time enrolment or satisfactory course progress, the institution will notify you and the Australian Government. This may result in your visa being cancelled immediately.

DECLARATION AND AUTHORITY

This is a printed version of the online declaration and authority you will have to accept when you apply.

Your application cannot be considered unless you or the person you have authorised to act on your behalf accept all conditions set out below.

UAC collects information about you, including information you provide in this application, to assist in the assessment of your application. This information may be used as described below.

1. I declare that I have read and understand the questions and that all the information submitted is true and complete.
2. I declare that I have read and understand 'Your responsibilities as an applicant' and the 'Policy statement on untrue or incomplete information submitted by applicants' below.
3. I declare that I have read and understand the section 'Collection of personal information' below.
4. I authorise UAC and the participating institutions to obtain available official records from any educational institution attended by me. I understand that UAC is not responsible if any institution does not provide these records.
5. I understand that UAC and the participating institutions may check my visa and residency status using Visa Entitlement Verification Online (VEVO), and I authorise UAC and the participating institutions to do so.
6. I authorise UAC to verify any information provided by me.
7. I authorise UAC to provide all information and documents provided with and/or obtained in connection with this application to all institutions participating in [undergraduate/international] admissions through UAC or their affiliates for any purpose connected with my possible selection, admission and/or enrolment in any course at any of those institutions or affiliates.
8. I authorise UAC to collect, receive, store, transfer and use any information provided by me, or any information obtained in connection with this application, and to disclose such information to all participating institutions, Universities Australia, Universities Australia member institutions, the members of the Australasian Conference of Tertiary Admissions Centres (ACTAC), the Tertiary Education Quality and Standards Authority (TEQSA), the Australian Skills Quality Authority (ASQA), state and territory governments and any other authority or tertiary educational institution either in Australia or overseas, where UAC reasonably considers it is necessary to make such disclosure.
9. I authorise any future educational institution I attend as a result of this application to provide all of my results from future studies to UAC or a person nominated by UAC. I authorise UAC or the nominated person to collect, receive, store, transfer and use all such information and all information in or connected with this application for research purposes. I give these authorities on condition that all information provided pursuant to them is deidentified by UAC or the nominated person.
10. I understand that UAC may disclose the personal information I have given in this application to the Department of Education and Training, or its successor, for the purpose of:
    - use in connection with the Higher Education Information Management System (HEIMS) and/or
    - use in connection with the National Data Collection on University Applications and Offers and/or
    - other collections as the Department of Education and Training, or its successor, may lawfully require from time to time.
11. I understand that UAC and the participating institutions have the right to vary or cancel an application or enrolment made on the basis of what UAC or a participating institution determines to be untrue or incomplete information from any source.
12. I understand that UAC, on behalf of the participating institutions, makes offers based on the information provided by me and on advice received from UAC. If a participating institution subsequently finds that the information or advice was incorrect, it may withdraw the offer.
13. I understand that UAC will release details of my course preferences and offers to my school/college and that I must notify UAC in writing within 7 days of applying if I do not wish these details to be released to my school/college.
14. I understand that information and documents provided with and/or obtained in connection with this application may be used by UAC for training, research or other purposes and that I must notify UAC in writing within 7 days of applying if I do not wish this information to be used.
15. I understand that all fees paid to UAC in connection with my application are not refundable under any circumstances except as required by law.

Policy statement on untrue or incomplete information submitted by applicants

UAC recognises that all decisions which affect an applicant must be made fairly using appropriate academic or other criteria as specified by the participating institutions.

Selection into courses by application to UAC is based on merit. It is the responsibility of applicants to ensure that they comply with all instructions when submitting a UAC application. Read 'Your responsibilities as an applicant.'

An application must be complete and correct and all attempts at academic study must be disclosed. Applicants must accept the conditions set out in the declaration and authority when they apply – read the printed version above.

UAC will review, and may take action against, anyone who submits an application that contains information that UAC or a participating institution determines to be untrue or incomplete. That application may also be cancelled.

UAC will also investigate, and may take action against, an applicant who, by any other means, has or could have achieved an advantage over other applicants.

Examples of conduct by an applicant which will be investigated by UAC include, but are not limited to:

- submitting an incomplete or falsified academic transcript
- failing to declare previous study at secondary, post-secondary or tertiary level
- submitting an incorrect or otherwise misleading statement of employment experience
- claiming special consideration of educational disadvantage based on incorrect information
- having some other person complete a selection task on the applicant's behalf such as an interview, audition or a portfolio of work
- claiming membership of a special selection group when not a member of that group.

The procedures for processing applications suspected of being in some way incomplete or untrue have been approved by the NSW Vice-Chancellors' Committee.

These procedures accept the right of applicants to be treated fairly and without prejudice, and in accordance with the principles of natural justice.

Collection of personal information

UAC collects personal information and, in some circumstances, information regarding your health, or information about someone other than yourself, for the purpose of processing your application for undergraduate admission to tertiary institutions.

If you are providing personal information about someone other than yourself, you should tell them about UAC's Privacy Policy, which can be found on UAC's website at uac.edu.au/privacy.

While your personal information is generally collected from you, UAC also collects information about you from other educational institutions that you have attended.

UAC provides your personal information and, where applicable, your health information to all institutions participating in undergraduate admissions through UAC. If you do not provide personal information where required in your application, UAC will not be able to process your application. Please contact UAC's Privacy Officer if you have any queries.

You are able to gain access to any personal information and health information that is held about you by UAC. To obtain access, or if you have any questions, write to:

The Managing Director, UAC, Locked Bag 112, Silverwater NSW 2128.

For more information, read UAC's Privacy Policy at uac.edu.au/privacy.

FAQS ABOUT APPLYING

How many times can I apply?

You can apply once in each admissions period. If you change your mind about the courses you'd like to apply for in this period, you can easily change them by logging in to your application on UAC's website – read 'Course preferences' on pages 26–27.

If you have applied to UAC in a previous admissions period, you will need to start a new application. You cannot use your previous UAC application number and PIN.

How many courses can I choose?

Domestic applicants can choose up to five course preferences. International applicants can choose up to six course preferences.

How long does it take to apply?

It should take you about 30 minutes to apply.

Why is my connection slow?

Your application should load quickly but will be slower if:

- you are applying close to or on a closing date
- you are applying during the peak usage period (4pm to 10pm Sydney time)
- the speed of your modem or the bandwidth of your internet service provider's connection is insufficient.

Applying will be quicker if you don't leave it to the 30 September early bird deadline.

ADMISSION AND SELECTION

GENERAL ADMISSION REQUIREMENTS

There are three general requirements for being offered a place in a course. You must:

1. **be eligible:**
   - by meeting the academic requirements outlined in this section
   - by meeting the specific requirements of each institution outlined under their 'Admission criteria' at uac.edu.au/institutions
   - by meeting the specific entrance requirements of the course (eg prerequisites or additional selection criteria) set out in the course descriptions at uac.edu.au/search
2. **compete against other eligible applicants**
3. **have paid the UAC processing charge.**

ACTION!

Check the course descriptions on the UAC website for:

- details of non-ATAR admission criteria (eg portfolio)
- information about the lowest selection rank required to get an offer to the course last year.

ACADEMIC REQUIREMENTS

Tertiary institutions in Australia have found that a student's overall academic achievement is the single best predictor of success in tertiary study. The ATAR is commonly used as a selection tool as it is a measure of your overall academic achievement.

2020 Year 12 students with an ATAR

ATARs are calculated in each state to reflect a student's rank against other students in their state. An ATAR of 85.00 in your state is equivalent to an ATAR of 85.00 in other states. For information on the ATAR in NSW, read pages 7–17.

You do not need to provide UAC with your ATAR: we have direct access to it.

Each course description on the UAC website will indicate, where relevant:

- the lowest ATAR (LA) previously required to receive an offer
- the lowest selection rank (LSR) previously required to receive an offer OR the ATAR required to be guaranteed an offer (guaranteed ATAR (GA)).

Some institutions also provide a guaranteed selection rank or an estimated selection rank.

Use the data provided in the course description as a guide only to your chances of being selected for the course in 2021.

TIP!

Lowest ATARs and selection ranks for entry to semester 1 courses in 2021 won't be known until all offers have been made.

Lowest ATARs

Don't assume that the published lowest ATAR for a course is the ATAR you require to be made an offer to that course. The applicant who received that ATAR may have been eligible for adjustment factors and had their selection rank increased, making them competitive enough for an offer.

Lowest selection ranks

The lowest selection rank for a course includes any increase to an applicant's selection rank made as a result of adjustment factors.

Three factors determine the lowest selection rank:

- the number of places available in the course
- the number of applicants for the course
- the quality of those applicants.

These three factors mean that lowest selection ranks change from year to year and are impossible to predict before applicants are selected for a particular course in a particular year. The lowest selection rank for any course can increase, decrease or remain the same.

The lowest selection rank doesn't represent the average ability of the students accepted for the course and does not reflect the difficulty or quality of the course.

Selection rank adjustments

Many applicants receive an offer to a course even though they have an ATAR below the published lowest selection rank. Why? Because other factors have been taken into consideration in combination with their ATAR and their selection rank for that course has been adjusted and is higher than their ATAR.

These adjustments are due to factors such as:

- performance in HSC subjects
- living or attending school in a certain area
- applying for consideration through Educational Access Schemes.

Selection rank adjustments are applied differently from institution to institution and from course to course within the same institution. Visit each institution's website for details.

As selection rank adjustments are course specific, your selection rank can be different for each of your course preferences.

- Your selection rank = your ATAR + adjustments.
- Adjustments do not change your ATAR; they change your selection rank for a particular preference.
- Institutions automatically adjust your selection rank if you are eligible.

TIP!

EXAMPLE

Course A has six applicants and only three places available. The six applicants have the following selection ranks:

Applicant	Selection rank
1	**89.00** (ATAR of 89.00)
2	**88.00** (ATAR of 87.00 plus adjustment of 1 point)
3	**87.00** (ATAR of 83.00 plus adjustment of 4 points)
4	**86.00** (ATAR of 86.00)
5	**85.00** (ATAR of 83.00 plus adjustment of 2 points)
6	**84.00** (ATAR of 84.00)

Offers will be made to applicants 1, 2 and 3. Applicant 4 won't receive an offer, even with an ATAR higher than applicant 3, and applicant 3 will receive an offer even though their ATAR is below the lowest selection rank. The lowest selection rank required to receive an offer to Course A will be 87.00.

The example also shows that an applicant with an ATAR above the published lowest ATAR for a course will not necessarily receive an offer. The lowest ATAR for this course is 83.00 (applicant 3). Even though applicants 4, 5 and 6 have ATARs of 83.00 and above, their selection ranks are below the lowest selection rank of 87.00 and therefore they will not receive an offer.

Guaranteed ATARs and selection ranks

Some institutions indicate a guaranteed ATAR or selection rank for each course. If you achieve the guaranteed ATAR or selection rank you will be eligible for an offer to the course for semester 1, 2021.

Depending on the demand for the course, applicants with lower ATARs and selection ranks may also be eligible for offers.

2020 International Baccalaureate students

If you're an IB student, you don't receive an ATAR. Instead, when you apply through UAC, or any other tertiary admissions centre in Australia, your IB score is converted to a rank. This allows you to be compared to applicants with an ATAR.

Getting your IB results to UAC

Ask your school IB Diploma coordinator to authorise the International Baccalaureate to release your IB Diploma results directly to UAC. This needs to be done in addition to any other request you make for results to be sent to an institution.

If UAC receives your results directly from the International Baccalaureate then any subject adjustment factors you are eligible for will be automatically allocated by the institutions.

Alternatively, provide a copy of your official Results Certificate and Diploma Certificate as soon as they become available. You'll also need to contact the institutions about the allocation of any subject adjustment factors for which you are eligible.

Go to uac.edu.au/ib to:

- view the IB score/UAC rank conversion table
- compare IB courses to NSW HSC courses.

TIP!

Students completing non-standard Year 12 programs in 2020

Non-standard Year 12 programs of study include those completed through:

- Australian Christian Education
- Rudolph Steiner Education
- home schooling
- Queensland Senior External Examination.

If you're studying these programs, select 'No' in your application when you are asked if you're completing an Australian Year 12 in 2020.

Assessment

UAC assesses the Queensland Senior External Examination.

For all other non-standard Year 12 studies to be assessable by UAC, you must:

- provide proof of completion of an accredited Year 12 program of study
- have sat the American Scholastic Aptitude Test (SAT), results from which will be assessed by UAC.

UAC will also assess results from the Special Tertiary Admissions Test (STAT). Find out more about STAT at stat.acer.edu.au.

Contact the admissions offices of the institutions you are applying to for information on acceptance of STAT and on how they will consider your non-standard Year 12 studies.

2020 New Zealand NCEA Level 3 students

If you are completing the NCEA Level 3, an Interstate Transfer Index (ITI) will be calculated by the New Zealand Qualifications Authority (NZQA) and provided to UAC. This will be used in the selection process, provided you have fulfilled NZQA's University Entrance requirements. NZQA does not report the ITI to applicants.

When you begin your application, select 'No' when asked if you're undertaking an Australian Year 12 in 2020.

Direct queries about the ITI and University Entrance requirements to NZQA: visit nzqa.govt.nz.

ADDITIONAL SELECTION REQUIREMENTS

Some courses have additional selection criteria such as a personal statement, a questionnaire, a portfolio of work, an audition, an interview or a test, which are considered together with (or sometimes instead of) your selection rank. You can find details of any additional selection criteria in the course descriptions on the UAC website.

Prerequisites

Some courses require you to have studied specific HSC courses or equivalent in order to be considered for an offer. For details of prerequisites, read the course descriptions on the UAC website.

If you're applying to NSW universities from another state, you can compare your courses and results to NSW HSC courses and results at uac.edu.au/year12-quals.

> If you live in NSW or the ACT and are applying interstate, check if you meet the admission criteria of institutions in that state.
>
> TIP!

PATHWAY OPTIONS

Most institutions offer pathway options if you don't meet the entry requirements for their degree courses, or need further support and preparation before studying at degree level.

Non-degree courses

Pathway courses include:

- foundation studies
- preparatory courses
- certificate, diploma or associate degree courses.

If you successfully complete one of these courses, an institution may guarantee you entry into a particular degree course. Otherwise, you can use your non-degree studies to apply and compete for admission to other degree courses.

You may also be awarded credit for some studies undertaken in your non-degree course.

Offers to lower-level courses

Some institutions may offer you a place in a lower-level course – even if you don't apply for it – if you're not eligible or competitive enough to receive an offer to the course to which you've applied.

ENGLISH LANGUAGE PROFICIENCY

English language proficiency is an admission requirement for all tertiary courses. If you need to provide proof of your proficiency in English, this will be indicated in your application.

Applicants who don't need to provide proof

Most applicants – including those with an Australian Year 12 qualification – do not have to prove proficiency in English.

Students with assessable qualifications

For most institutions, you do not need to provide proof of English language proficiency if you have an assessable qualification – undertaken in English – from one of the following countries:

- American Samoa
- Australia
- Botswana
- Canada
- Fiji
- Ghana
- Guyana
- Ireland
- Jamaica
- Kenya
- Lesotho
- Liberia
- New Zealand
- Nigeria
- Papua New Guinea
- Singapore
- Solomon Islands
- South Africa
- Tonga
- Trinidad and Tobago
- United Kingdom
- United States of America
- Zambia
- Zimbabwe.

Assessable qualifications are:

- senior secondary studies comparable with the NSW HSC (including the IB Diploma or Bilingual Diploma)
- one full year of Australian or comparable tertiary studies, including associate degree, bachelor degree and postgraduate studies
- Australian non-award studies
- tertiary preparation courses, including the NSW TAFE Tertiary Preparation Certificate, with a full-time equivalence of one year.

The following qualifications may also be accepted as satisfying English language proficiency if you were born in *and* undertook the qualification in one of the countries listed above:

- AQF qualifications: AQF Certificate III or IV, Diploma or Advanced Diploma (or equivalent)
- Special Tertiary Admissions Test (STAT)
- professional registration/qualification (eg nursing, trade, CPA).

Note: Some institutions may accept a different group of countries or have different qualification requirements. For institution-specific details, visit uac.edu.au/elp.

If you have an Australian Year 12 qualification, such as the NSW HSC, you do not need to prove English language proficiency.

TIP!

Students with qualifications specified by an institution

Each institution specifies additional qualifications it will accept as proof of English language proficiency. These qualifications are set out on the UAC website at uac.edu.au/elp.

Applicants who do need to provide proof

If you don't have the required tests or qualifications outlined above, there are two ways to prove your proficiency in English.

Method 1: Sit an English language proficiency test

There are a number of English language proficiency tests that are commonly accepted by institutions.

Check with your preferred institution to make sure it will accept the test results as proof of English language proficiency for the course you want to study. Include details of your proposed test in the English language proficiency question in your UAC application and submit it. Provide UAC with evidence of your results as soon as you receive them.

Register with the individual test centre:

International English Language Testing System (IELTS): Academic
Visit ielts.org.

Test of English as a Foreign Language (TOEFL)
UAC's TOEFL Designated Institution code is 8619. To have your results sent directly to UAC, enter this code on your answer sheets when you sit the TOEFL examination or on the Score Report Request Forms for tests previously taken. Visit ets.org.

Pearson Test of English (PTE): Academic
Authorise the release of your PTE Academic results to UAC via your Pearson account. UAC's PTE Academic institution code is LL5. Visit pearsonpte.com.

C1 Advanced
Formerly known as Cambridge English: Advanced (CAE). Visit cambridgeenglish.org/exams/advanced.

C2 Proficiency
Formerly known as Cambridge English: Proficiency (CPE). Visit cambridgeenglish.org/exams/proficiency.

Method 2: Write to the institution admissions office

If you believe you can demonstrate your proficiency in English but your test or qualification is not included here or on the UAC website, write to the admissions office at each institution to which you're applying. Include supporting documentation so that the acceptability of your test or qualification can be determined. **Do not send this information to UAC** – we cannot make decisions about your English proficiency on behalf of institutions.

INTERNATIONAL STUDENTS

The Australian Government has separate English language requirements for students applying for student visas from some countries. For more information, visit homeaffairs.gov.au.

SELECTION PROCESS

Once you've met all the admission requirements for a course, you will compete against other applicants for a place.

If you're not successful in gaining a place in the course listed as your first preference, your second preference will be considered and so on until an offer can be made or you have no more preferences.

You'll only receive **one offer per offer round** to your highest preference for which you're:
- eligible
- competitive enough.

In some cases you may also receive an offer to a lower-level course that you haven't applied for – read about slipback offers on page 41.

INTERNATIONAL STUDENTS

In each round, you can receive one offer from each institution listed in your preferences.

You compete against other applicants for a place in a course.

TIP!

ENTRY SCHEMES

Some institutions have a specific scheme or program for applicants who don't meet the usual admission criteria of the institution. For details, refer to the information about each institution on the UAC website at uac.edu.au/institutions.

Aboriginal and Torres Strait Islander applicants

Most institutions have an admission scheme specifically for Aboriginal and Torres Strait Islander students. Information about these schemes can be accessed via uac.edu.au/institutions.

Educational Access Schemes

Most of UAC's participating institutions have Educational Access Schemes (EAS) to help students who have experienced long-term educational disadvantage gain admission to university.

To be eligible for an equity adjustment under EAS for 2020–21 admissions, you must be:
- a UAC domestic applicant for undergraduate admission
- an Australian or New Zealand citizen, or a permanent resident of Australia (includes holders of permanent humanitarian visa)
- able to demonstrate that you've experienced long-term educational disadvantage because of circumstances beyond your control.

International students cannot apply for EAS.

For detailed information, visit uac.edu.au/eas.

EAS applications

EAS applications open on Wednesday 1 April 2020 and remain open throughout the admissions period.

Before you apply for EAS you need to complete an application for undergraduate admission. Once you've submitted your undergraduate application, you'll have the option to immediately access the EAS application via the 'Apply for EAS' button or you can log back in to your undergraduate application at any time and apply for EAS.

You're encouraged to apply by the early bird closing date of Wednesday 30 September 2020, but if you miss this date the following EAS application and documentation deadlines apply:
- Monday 20 November 2020: to guarantee receipt of your eligibility letter by Wednesday 16 December 2020 and ensure you have time (one day only) to change preferences for December Round 2.
- Friday 25 December 2020: to be included in January Round 1.

If you have any questions, you can call UAC.

Notification of EAS eligibility

After your application has been assessed, UAC will send you an email to notify you of your EAS eligibility at each institution.

EAS applications and supporting documents received by UAC on or before Monday 20 November 2020: EAS eligibility notifications sent by Wednesday 16 December 2020.

This means that if you want to change your course preferences for December Round 2, you already know your EAS eligibility for every institution.

EAS applications received by UAC from Tuesday 21 November 2020: EAS eligibility notifications issued progressively.

Early offer schemes

Some institutions have early offer schemes for Year 12 students. Through these schemes, applicants may be selected for courses based on a range of criteria, including recommendations provided by schools/colleges, rather than their final Year 12 results.

Schools Recommendation Schemes

Schools Recommendation Schemes (SRS) aim to help current Australian Year 12 students gain access to higher education using a wide range of selection criteria other than (or in addition to) the ATAR. These include school recommendations and senior secondary studies.

SRS also enable institutions to make early offers to current Australian Year 12 students who have applied for undergraduate admission through UAC. Institutions may make early offers based on:

- Year 11 results
- school ratings
- ATAR (or equivalent) or selection rank
- equity criteria
- institution-specific conditions.

Participating institutions have their own policies on determining SRS eligibility and making offers. For details, visit uac.edu.au/srs.

After you've submitted your UAC undergraduate application you can apply for SRS via the UAC website. UAC centrally processes these applications.

SRS applications open on Wednesday 1 April 2020 and close at midnight on Wednesday 20 September 2020.

Who can apply

SRS is open to all Year 12 applicants who are completing either an Australian Year 12 qualification or an International Baccalaureate (within Australia) in 2020, and are:

- UAC domestic applicants for undergraduate admission for 2020–21
- Australian or New Zealand citizens
- permanent residents of Australia or holders of Australian permanent resident humanitarian visas.

However, individual institutions may have additional requirements for applicants. To find out more, access the link to institution-specific criteria at uac.edu.au/srs.

Course preferences

Finalise your course preferences by midnight on Sunday 8 November 2020. Place the course you would most like to do at the top of your list, your next most preferred second, and so on down the list.

SRS offers

Most SRS offers will be made in November Round 1 on Thursday 12 November 2020.

There are two types of SRS offers:

- unconditional offers (which have no further conditions for you to meet)
- conditional offers (which require you to meet additional conditions, such as a minimum ATAR).

In November, you can receive one unconditional offer. Accept it, even if it's for your lowest course preference. You will automatically be considered for your higher preferences in later rounds.

If you receive an unconditional offer to one of your higher preferences and want to be considered for all your other preferences in later rounds:

- accept the offer
- log in to your UAC undergraduate application, go to 'Update course preferences' and move that course down to the bottom of your course preference list or remove it entirely (as long as you have accepted the offer, you can't lose it).

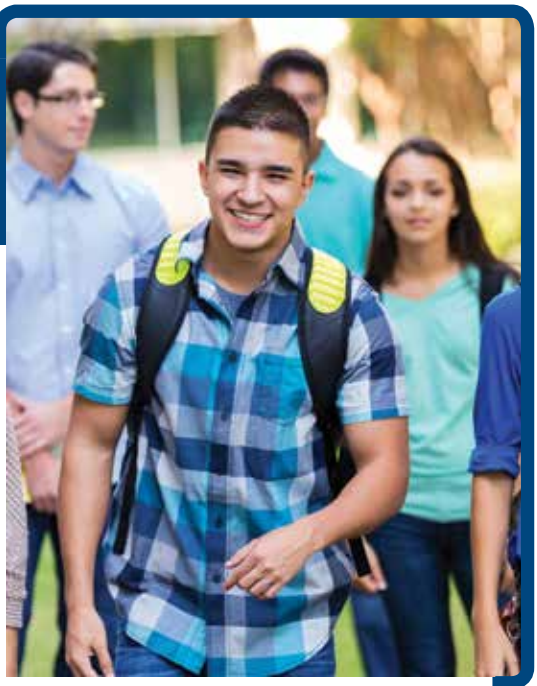
If you then receive an offer to a course in your new list, you can decide whether to accept it and withdraw from your original course, or not accept the new offer and keep your place in your original course.

Unsuccessful applicants

UAC won't advise applicants who do not receive an offer through SRS. An unsuccessful SRS application has no effect on your UAC undergraduate application.

For further information about SRS, visit uac.edu.au/srs.

Would you benefit from support or exam provisions at uni?



- anxiety disorders
- arthritis
- asthma
- asperger's syndrome
- attention deficit disorder
- bipolar disorder
- cancer
- cerebral palsy
- chronic fatigue syndrome
- crohn's disease
- cystic fibrosis
- depression
- diabetes
- dyslexia
- dysgraphia
- epilepsy
- hearing impairment
- learning disability
- mobility impairment
- multiple sclerosis
- schizophrenia
- scotopic sensitivity
- vision impairment
- and many more....

You may not think of yourself as having a 'disability' but the definition under the Disability Discrimination Act is broad and includes dyslexia, medical conditions and mental illness. Do you have to put in extra effort at school because of your disability or condition? If so, it's best to plan ahead rather than "wait and see" how you manage university study.

While in Year 12 (or earlier)

- Uni disability staff can answer all kinds of questions about uni. Make an appointment and get the inside info to help you make decisions and prepare for uni. You can find their contact details at uac.edu.au/disability
- Check out the Get Ready for Uni website at www.westernsydney.edu.au/ndco/getready
- Decide what you want to tell others about your disability: www.westernsydney.edu.au/ndco/disclosure
- Read about the Educational Access Scheme (EAS) in this Guide. EAS recognises the impact of personal illness/ disability and can make a significant difference to your uni course options.

When applying

- Lodge your UAC application as required.
- If you make an EAS application (a separate application) keep a copy of your documentation.
- Answer the question for 'People with Disabilities' and then complete the questionnaire. The questionnaire assists Disability Services staff to identify demand and to plan for their services. **You still need to meet with them to set up services.**

When you get your offer and when enrolling

- Contact disability staff at the uni to let them know you will be enrolling. **If you will need services in place at the beginning of semester, for enrolment, and/or for orientation make an appointment immediately.** Take along whatever documentation you have.
- At enrolment you will be given the opportunity to indicate you have a disability. This info is compiled in a non-identifying way and sent to the Australian Government for statistical purposes. It may also go to the uni Disability Service; however this does not mean that you are registered with them or will have support in place.
- **It is up to you to make contact with Disability Services if you need adjustments because of a disability. This is critical if you need course material in electronic formats.**

Remember to make contact with Disability Services early!

NDCO
National Disability Coordination Officer Program
AN AUSTRALIAN GOVERNMENT INITIATIVE

For more information, you can also talk to your local National Disability Coordination Officer (NDCO). The NDCO program is an Australia-wide Government funded program that assists people with a disability to move into post-school training, education, and subsequent employment.
To find your local **NDCO visit https://www.education.gov.au/ndcoprogram**

Developed by the South Western and Western Sydney National Disability Coordination Officer Program in collaboration with NSW/ACT University Disability Service Managers and NSW/ACT NDCOs.

OFFERS AND ENROLMENT

OFFERS

WHY PREFERENCES MATTER

You can receive only one offer in each offer round. That offer will be to the **highest** preference for which you:

- meet the admission requirements (are 'eligible')
- successfully compete against other applicants.

For example, if you meet the admission requirements and are competitive enough for the first preference you've listed, you'll be made an offer to that course only. If you're not made an offer to your first preference, but meet the admission requirements and are competitive enough for your second preference, you'll be made an offer to your second preference.

Always keep your courses listed in your preferred order.

TIP!

Sometimes the uni will tell you that your early conditional offer will only convert to an unconditional offer if it is your 'highest eligible preference'. This is true, but take note of the word 'eligible'. You can still place other courses higher in your preference list; if you miss out on offers to these higher preferences, your conditional offer will still become unconditional.

TIP!

Accept any offer you receive: don't assume you'll receive another offer later. You can then review your preferences for the next offer round.

ACTION!

TIMING OF OFFERS

Offers are made on scheduled dates throughout the year. These are called offer rounds.

A list of all the 2021 semester 1 offer round dates are set out in a table on the inside front cover of this Guide. The table also shows the dates by which you need to apply, provide documents and change your preferences to be guaranteed consideration in each offer round.

Although some Year 12 applicants receive early offers (before ATARs are released), most will receive their offers in:

- December Round 2 on **21 December 2020**
- January Round 1 on **8 January 2021**.

Offer rounds after January Round 1 are for entry to courses that still have vacancies.

Early offers

The offer rounds before 21 December 2020 are usually for early offer schemes such as Schools Recommendation Schemes, ADFA (Australian Defence Force Academy) courses, non-Year 12 applicants, or for courses that don't require an ATAR. If you don't receive an early offer and aren't in one of the categories listed, there's no need to worry.

If you get a **conditional** early offer, to convert it into an unconditional offer you have to:

- leave the course in your list of preferences.
- satisfy the conditions set out by the uni in your offer email.

INTERNATIONAL APPLICANTS

Conditional offers

Approximately 48 hours after you have applied through UAC, you'll receive a conditional offer via email. The email will list all the courses you've applied for, and you can use it as part of your pre-visa assessment. It is a conditional offer of admission only; it does not mean you are able to enrol. To be eligible to enrol in a course of study you need to receive an unconditional offer.

Unconditional offers

To receive an unconditional offer, you must have the course listed in your application when offers are made, meet the minimum admission criteria of the institution and any other specific entry requirements for the course, and successfully compete against other applicants for a place. UAC starts issuing unconditional offers to successful applicants on behalf of institutions at the end of September. However, most offers will be made from mid-December, after you receive your final Year 12 results.

Your courses are considered in the order you have listed them in your application. However, each institution you have applied to will consider your application separately. Therefore, you can receive an offer to your highest preference at each institution included in your application (if you are eligible and competitive enough).

What to do when you get an offer

Before you get your ATAR
12 NOV
SRS offers released: November Round 1

After you get your ATAR
21 DEC
Offers released:December Round 2

01. What happens

- You get a **conditional** early offer
- You get an **unconditional** early offer
- You get an offer to your **first course** preference
- You get an offer but it's **not** to your first course preference
- You **don't get** any offers

02. What you need to do

- **Leave** the course in your application in your preferred order
- **Accept** the offer
- **Accept** the offer
- **Accept** the offer to keep as a backup
- **Compare** your ATAR to course lowest selection ranks
- **Consider** pathway courses (eg diploma in same subject area)

03. What happens next

- **Satisfy conditions** set by the university
- **Receive an unconditional offer** after you get your ATAR
- **Happy with the offer?** Proceed to enrol
- **Or want another offer?**
  - **Remove** offered course from preference list
  - **Review** your preference list for post-ATAR offers
- **Happy with the offer?** Proceed to enrol
- **Or want another offer?**
  - **Remove** offered course from preference list
  - **Review** your preference list for post-ATAR offers
- **Remove** offered course from preference list
- **Review** your preference list for post-ATAR offers
- **Review** your preference list for next offer round

04. What to do in later rounds

- If you get an offer to your preferred course:
  - **Accept** the new offer and enrol
  - **Contact uni to withdraw** acceptance of first offer
- If you get an offer to your preferred course:
  - **Accept** the new offer and enrol
  - **Contact uni to withdraw** acceptance of first offer
- If you get an offer to your preferred course:
  - **Accept** the new offer and enrol
  - **Contact uni to withdraw** acceptance of first offer
- If you get an offer:
  - **Accept** the offer and enrol

  If you don't get an offer:
  - **Discuss** your options with different unis
  - **Change** your course preferences

GETTING YOUR OFFER

UAC will send you your offer via email. You can also view your offer details by logging in to the UAC website using your UAC application number and UAC PIN.

Slipback offers

If you apply for a course but miss out on an offer, you might receive an offer to a lower-level course – in the same area at the same institution – instead. For example, you may get an offer to a Diploma in Marketing if you applied for, but missed out on, the Bachelor of Marketing at the same institution.

If you successfully complete a course such as a diploma, some institutions guarantee you entry into a degree course. You might also be awarded credit for some of your studies.

Direct offers from the unis

If you have applied directly to an institution, as well as through UAC, you can receive offers from both UAC and the institution. Then it's up to you to decide which one to accept.

ACCEPTING YOUR OFFER

Accept your offer by following the instructions the institution gives you in your offer email. Do this promptly, otherwise your offer might lapse and be given to another applicant in the next round.

Accepting an offer doesn't stop you from being considered in later offer rounds, but you must remove the successful course from your preferences list to prevent it blocking offers to lower preferences in future rounds.

If you receive an offer in one round and accept it, then receive an offer in a later round, you can choose to:

- keep your previous offer and not accept your new offer, or
- accept your new offer and withdraw from the course you've already accepted.

Once you accept your offer, the next step is enrolment.

INTERNATIONAL APPLICANTS

Your offer will include an explanation of how to accept your offer, enrol and pay the required compulsory Overseas Student Health Cover (OSHC) charge. Take particular notice of any deadlines the institution has for accepting the offer.

Once you have accepted your offer and sent your payment, the institution will send you a Confirmation of Enrolment. This document will allow you to obtain your student visa.

RECEIVING FURTHER OFFERS

Once you've received an offer, you can't be made an offer to any lower course preferences unless you change your preferences.

Got a question?

TIP!

If you want to know why you didn't get an offer, or what other study options are available to you, get in touch with the admissions office staff at the uni. The institutions make the decisions about who receives an offer to a course.

So, if you receive an offer to your first preference, you won't be considered for further offers in subsequent rounds unless you move that course down to the bottom of your list or remove it entirely. (Before you do this, don't forget to accept the course you've already been offered!)

If you receive an offer to a lower preference, you will automatically be considered for higher preferences in the next round.

EXAMPLE

Let's say you have the following five courses listed as preferences and you receive an offer to your second preference:

Preferences	
1	B Life Science
2	B Animal Science
3	B Science (Physics)
4	B Human Sciences
5	B Natural Science (Animal Science)

1. **Accept** your offer to B Animal Science.
2. **Remove** B Animal Science. As long as you've accepted your offer to this course, you won't lose your place. If you leave your preferences as they are, then in subsequent rounds you will only be considered for your first preference, B Life Science.
3. **Change** your preferences in any way you like – even add new courses to your list. Just make sure you have a realistic chance of meeting the lowest selection rank and can satisfy any additional course requirements.

Say you change your preferences to the following:

Preferences	
1	B Science (Physics)
2	B Science (Flexible)
3	B Biotechnology
4	B Human Sciences
5	B Teaching/B Science

4. **Receive** an offer to a course in your new list.
5. **Decide** whether to accept it and withdraw from B Animal Science or not accept the new offer and keep your place in B Animal Science.

If you change your mind

TIP!

If you reject an early round offer or let it lapse and then change your mind, you'll need to speak with the institution's admissions office, as only the institution can reinstate the offer. Also, if the course you've rejected was your first preference and you don't remove it, no further offers can be made because the rejected offer will 'block' any new offers to other preferences.

DEFERRING YOUR START DATE

You can often delay starting your course for six months or one year. All deferments are granted subject to the course being offered the following semester or following year. Each institution has its own policy regarding deferment – refer to the institution information at uac.edu.au/institutions.

How

Follow the institution's instructions for accepting your offer. You will then be given the option to 'accept' or 'defer' your place in the course. Sometimes you have to accept the offer before you can defer.

Most institutions will ask you to provide a statement to explain why you wish to defer and what you'll be doing during this period.

Once your deferment has been granted, the institution will confirm it in writing and give you instructions on how to take up your deferred course.

Changing your mind

If, at the end of the deferment period, you decide you'd like to be considered for other courses, you can complete a new UAC application and include these course preferences. If you receive an offer to one of the new courses, you can then decide whether to accept the offer or take up your deferred course.

Your deferred offer can lapse

TIP!

If you undertake degree studies or certain levels of TAFE study other than NSW HSC courses during your deferment period, your offer at many institutions will lapse. You will need to reapply through UAC and declare all of your studies. Check with each institution for specific policies.

UNSUCCESSFUL APPLICANTS

Take action

Contact the relevant institutions for advice on alternative study options, then change your course preferences for the next offer round.

Think ahead

When you apply though UAC, you'll be asked if you'd like to receive information about alternative study options should your application be unsuccessful. If you select 'Yes', institutions (including some not in your preferences) can contact you with details of other available study options. You can always opt out of receiving this information by logging in to your application on the UAC website.

ENROLMENT

WHAT IT MEANS

Enrolment is the next step after you accept your offer. Your institution will let you know when enrolments are open and what you need to do.

You usually enrol online and it often involves:
- registering for your semester 1 subjects
- setting up a student email account
- completing a form to request a HECS-HELP or FEE-HELP loan (you'll need your Australian Tax File Number).

After you enrol in a course, you have until the census date at the end of March to pay your fees or withdraw without penalty from the course.

INTERNATIONAL APPLICANTS

If you apply through an agent, your agent will help you enrol.

ORIENTATION WEEK

Before classes start at the beginning of the year, most institutions run an orientation week (often called 'O-Week'). The aim is to help you transition into university life. During the week you can:
- get to know your way around the campus
- socialise with other new students
- join clubs and societies that interest you
- find out more about your course and the academic support that will be available to you.

It's not compulsory to attend orientation week but it will help you get off to a good start.

INTERNATIONAL APPLICANTS

International students are strongly encouraged to attend orientation programs as they are specifically designed to help with adjusting to life as a student in Australia. For more information, read the institution entries at uac.edu.au/institutions.

TRANSFERRING TO ANOTHER COURSE

Many students enrol in a course with a view to transferring into another course after completing a year's study. A typical example is completing one year of a general degree (such as Arts) and then transferring to a more specialised degree (such as Arts/Law).

How

In most cases you're not actually transferring; you're withdrawing from one course and applying for entry to another. You usually need to submit a new application through UAC for the new course.

If you're transferring to another course in the same admissions period, you don't need to reapply because your application is still active – you just need to change your preferences. Then, if you get an offer you can formally withdraw from your current course. It's important to do this to avoid additional HECS fees or absent fail results on your academic record.

Get advice early

Transferring is not an automatic process. Places in your new course will be very competitive, and you usually need to achieve excellent results in your first year. Each institution has its own requirements for transfers and you should seek more information before you enrol.

FAQS ABOUT OFFERS

Can I receive an offer in more than one round?

Yes, domestic students can receive one offer per round. If you receive an offer in one round and accept it, then receive an offer in a later round, you can either keep your first offer and not accept the second offer, or withdraw from the first offer (that you accepted) and accept the second offer.

International applicants can receive one offer per institution in each round.

Most offers are made in December and January.

Should I accept my offer? I might receive another offer in the next round.

Yes, you should accept your offer. If you receive an offer in one round, don't assume you'll receive another offer in a subsequent round. If you don't accept your offer and you don't receive another one in later rounds, you may miss out on a place.

Accept your offer by the date specified by the institution, otherwise you may lose your offer. Accepting an offer doesn't stop you from being considered for your higher preferences in subsequent offer rounds.

How do I receive more offers after I accept an offer?

If you receive an offer to your first preference but you'd like to be considered for other courses in subsequent offer rounds, you need to accept the offer, then remove your first preference and reorganise the order of your preferences before the next offer round (read the example on page 41).

If you receive an offer to a lower preference in an offer round, you'll automatically be considered for your higher preferences in subsequent rounds.

COURSE COSTS AND FINANCIAL ASSISTANCE

COURSE COSTS

TYPES OF COURSES

Your course costs will depend on the type of course in which you're enrolled. There are two main types of courses:

- Commonwealth-supported place (CSP)
- domestic fee-paying (DFEE).

Not all institutions offer CSP courses and not all institutions offer DFEE courses.

The course descriptions at uac.edu.au/search indicate the types of fees charged.

A small number of courses are:

- ADF: student contribution paid by the Australian Defence Force
- C3F: three years Commonwealth-supported, fourth year fee-paying
- CBF: a combination of CSP and DFEE (ie bachelor program is CSP, masters program is DFEE)
- ENA: Commonwealth-supported and exempt from student contributions
- OTH: DFEE with no government loan scheme for students
- VET: DFEE with VET Student Loans for eligible students.

ACTION!

Get a tax file number from the Australian Taxation Office: ato.gov.au. You'll need it if you pay your course costs using a loan from the Australian Government.

COMMONWEALTH-SUPPORTED PLACE COURSES

CSP courses:

- are subsidised by the Australian Government so typically cost less than equivalent DFEE courses
- require you to pay part of the cost of the course (a student contribution set by the institution, within a range set by the Australian Government).

Student contribution amounts

The Australian Government classifies your courses into student contribution bands. The amount you pay is usually the maximum allowed by the government.

These amounts are indexed each year and are based on one year of full-time study.

Student contribution band	Student contribution range in 2020
Band 1 humanities, behavioural science, social studies, education, clinical psychology, foreign languages, visual and performing arts, nursing	$0–$6,684
Band 2 computing, built environment, other health, allied health, engineering, surveying, agriculture, mathematics, statistics, science	$0–$9,527
Band 3 law, dentistry, medicine, veterinary science, accounting, administration, economics, commerce	$0–$11,155

Paying your student contribution

Australian citizens and holders of an Australian permanent humanitarian visa can pay their student contribution in three ways:

- pay the entire student contribution upfront
- receive a HECS-HELP loan for the whole student contribution
- pay some of the student contribution upfront and receive a HECS-HELP loan for the balance.

Holders of an Australian permanent resident visa must pay all of the student contribution upfront.

The institution will give you a 'Request for Commonwealth support and HECS HELP' form. All CSP students (including upfront payers) must submit this form, regardless of their payment option.

HECS-HELP loans

You don't have to start repaying your HECS-HELP loan until your income reaches a certain level.

To find out more, visit ato.gov.au and search 'HECS'.

NEW ZEALAND CITIZENS

New Zealand citizens can access HECS-HELP loans if they:
- hold a Special Category Visa (SCV), and
- meet the requisite criteria.

Other New Zealand citizens must pay all of the student contribution upfront.

For more information about HECS-HELP loans and student contributions visit:
- institution websites
- studyassist.gov.au.

DOMESTIC FEE-PAYING COURSES

DFEE courses:
- are not subsidised by the Australian Government so typically cost more than equivalent CSP courses
- require you to pay the full cost of your course (a tuition fee set by the institution).

Paying your tuition fee

Australian citizens and holders of an Australian permanent humanitarian visa can pay their tuition fee in three ways:
- pay the entire tuition fee upfront
- receive a FEE-HELP loan or VET Student Loan for the whole tuition fee
- pay some of the tuition fee upfront and receive a FEE-HELP loan or VET Student Loan for the balance.

Holders of an Australian permanent resident visa must pay the tuition fee upfront.

FEE-HELP loans and VET Student Loans

FEE-HELP loans help eligible fee-paying students pay all or part of their tuition fees.

VET Student Loans help eligible students studying higher level vocational education and training (VET) qualifications (diploma level and above) pay their tuition fees.

How much can I borrow?

In 2020, FEE-HELP loans and VET Student Loans allow students to borrow a total of $106,319.

You can borrow a total of $152,700 if you're studying:
- medicine
- dentistry
- veterinary science
- an eligible aviation course.

You don't have to start repaying your loan until your income reaches a certain level.

Loan fees

The following loan fees apply:
- 25 per cent for FEE-HELP loans
- 20 per cent for VET Student Loans.

For more information about FEE-HELP loans and VET Student Loans, visit studyassist.gov.au.

NEW ZEALAND CITIZENS

New Zealand citizens can access FEE-HELP loans and VET Student Loans if they:
- hold a Special Category Visa (SCV), and
- meet the requisite criteria.

Other New Zealand citizens must pay all of the student contribution upfront.

STUDENT SERVICES AND AMENITIES FEE

Most institutions charge a Student Services and Amenities Fee (SSAF) for student services and amenities of a non-academic nature, such as:
- sporting and recreational activities
- employment and career advice
- child care
- financial advice
- food services.

The SSAF is annually indexed and charged regardless of whether students intend to use the services and amenities provided.

Not all institutions charge international students the SSAF.

Visit:
- education.gov.au/student-services-and-amenities-fee for more information on SSAF
- uac.edu.au/institutions for individual institution policies.

INTERNATIONAL STUDENTS

Tuition fees

Tuition fees for international students:
- vary between institutions and courses
- vary depending on the specific units of study in which you enrol
- are generally based on an average course load of two semesters of full-time enrolment.

Tuition fees are listed in the course descriptions at uac.edu.au/search and are indicative and subject to change.

What do tuition fees cover?

Tuition fees generally cover teaching costs only but they may also include:
- reception at the airport nearest to campus
- assistance in finding accommodation
- orientation program
- access to all avaliable student services and facilities
- special uniforms for nursing courses.

What don't tuition fees include?

Tuition fees do not include:
- accommodation expenses
- costs of textbooks, course materials, study aids and equipment
- living expenses such as food, transport and clothing
- costs of field trips
- health cover and medical costs
- the Student Services and Amenities Fee (not charged by all institutions).

Living expenses

The Australian Department of Home Affairs requires prospective international students to be able to demonstrate that they have access to at least A$21,041 a year to fund their living expenses in Australia.

Living expenses include items such as:
- accommodation
- electricity and/or gas and telephone/internet bills
- food and entertainment
- personal incidentals
- public transport.

Your living expenses are separate from your tuition fees and will vary depending on many things (eg where you live, your type of accommodation and lifestyle).

Establishment costs and other expenses

You'll also need to meet establishment costs such as rental bonds for accommodation, furniture and general household items. Other expenses may include textbooks, study aids, vacations or the running of a car or motorbike.

You will find useful information on costs and other aspects of living in Australia at studyinaustralia.gov.au.

FINANCIAL ASSISTANCE

AUSTRALIAN GOVERNMENT PAYMENTS

The Australian Government provides financial help to eligible Australian students through payments administered by Services Australia.

The general information provided below is correct as at February 2020.

Payment	Details
Youth Allowance	A payment for people aged 16 to 24 who: – are studying full time – doing a full-time Australian Apprenticeship. Some job seekers aged 16 to 21 can also access these payments.
Austudy	A payment for people aged 25 or older who: – are studying full time, or – doing a full-time Australian Apprenticeship.
ABSTUDY	A group of payments for Aboriginal and Torres Strait Islander students and Australian Apprentices.
Pensioner Education Supplement	A regular extra payment to help with study costs if students also get certain income support payments from Centrelink.
Student Start-up Loan	A voluntary loan you can get up to twice a year. You might be eligible to apply for this loan if you're a student getting: – Youth Allowance – Austudy, or – ABSTUDY Living Allowance. You have to pay the loan back once you start earning a certain amount of income.
Relocation Scholarship	A once a year payment if you're an eligible, dependent student getting: – Youth Allowance – ABSTUDY Living Allowance, or – Energy Supplement and need to move to or from a regional or remote area for higher education study.

Visit servicesaustralia.gov.au/students for full, up-to-date details of payments and eligibility criteria.

Ask questions and get information about payments and services via:
– the Student Update Facebook page
– @StudentUpdateAU on Twitter.

Other assistance

If you receive Youth Allowance, Austudy, ABSTUDY, the Pensioner Education Supplement or the ABSTUDY Pensioner Education Supplement, you may also be eligible for the following payments:

Payment	Details
Education Entry Payment	Helps with the upfront costs of study and is paid when you start study if you got certain income support payments from Centrelink before you started studying.
Fares allowance	Helps with travel costs between your permanent home and place of study in Australia if you need to live away from home to study.
Concessions and allowances	Eg Health Care Card or Rent Assistance.

EQUITY SCHOLARSHIPS AVAILABLE THROUGH UAC

Equity Scholarships help disadvantaged students with costs associated with higher education.

Institutions award Equity Scholarships to Australian students from low socio-economic backgrounds, particularly those who receive Centrelink income support payments.

There are two types of Equity Scholarships:
– Institution Equity Scholarships (IES) funded by individual institutions
– Indigenous Student Success Program (ISSP) funded by the Australian Government.

Applying for Equity Scholarships

By submitting just one Equity Scholarships application during UAC's admissions period you'll be considered for all available Equity Scholarships for which you're eligible at participating institutions.

Your application remains active for the entire 2020–21 admissions year, so if you miss out on a scholarship in one round, you may be considered again in subsequent offer rounds.

To apply for Equity Scholarships:

1. Go to uac.edu.au/es to research the categories of educational disadvantages you can claim and the documents will will need to provide.
2. Select 'Apply or log in' at the top right of the screen, then select 'Equity scholarships application and offers.'
3. Follow the prompts to the personal details section and enter the required information. Make sure you provide a personal email address: your school email address will expire.
4. Complete all sections covering the disadvantages you are claiming.
5. Accept the declaration and authority.
6. Review your application summary and submit.
7. Download your confirmation of application.
8. Upload supporting documents to your application **at least 10 days before** the undergraduate offer round in which you wish to be considered.

TIP!

If you need to provide supporting documents, a document package will be generated after you submit your Equity Scholarships application.

No document package = no documents required.

If your circumstances change after you've submitted an application, you can log back in and add disadvantages.

Visit uac.edu.au/es for details of:

- participating institutions
- offer rounds and application dates.

OTHER SCHOLARSHIPS

Institutions offer a range of merit scholarships, from book vouchers to full bursaries. Apply directly to the institutions.

Go to uac.edu.au/institutions and read the 'Scholarships and Financial Assistance' information for each institution.

INTERNATIONAL STUDENTS

Sponsorship

Sponsored international students receive financial support for their study and/or other agreed educational expenses from sources other than their own funds. Your sponsoring authority must be recognised by the institution.

Working while studying

International students can work for:

- up to 40 hours per fortnight during teaching periods, and
- unlimited hours when your course is not in session.

This total:

✓ includes certain categories of voluntary, unpaid work.

× does not include work undertaken as part of your course.

Don't rely on working to fund your tuition or living expenses while in Australia – work cannot be guaranteed and spending excessive amounts of time working may adversely affect your studies.

You can submit your work visa application only **after** you've arrived in Australia and started your classes.

The Department of Home Affairs determines work entitlement for students. For more information, visit 'Visas' at immi.homeaffairs.gov.au.

Scholarships funded by the Australian Government

The Australia Awards Scholarship program:

- provides opportunities for people from selected developing countries to study in Australia
- awards a limited number of undergraduate scholarships based on merit or on nomination by home governments.

To apply, visit dfat.gov.au/people-to-people.

Scholarships funded by institutions

Institution scholarships may be targeted to students from specific countries or to particular areas of study. Apply directly to the institutions.

COMMON TERMS AND ABBREVIATIONS

Following are definitions of many of the terms and abbreviations used by UAC and its institutions. Knowing these terms will help you understand the tertiary admissions process.

Academic record (see Transcript)

Academic year

The part of the year when classes are held at a university. The academic year usually starts in February–March when classes begin, and ends with the examination period in November–December. It may comprise two semesters or three terms/trimesters. Some institutions also have an additional study period in December–February.

Additional selection criteria

Compulsory or optional requirements, either in addition to or instead of admission criteria, which you must meet to be considered for selection into a course.

Examples include a personal statement, a questionnaire, a portfolio of work, an audition, an interview or a test. If a course has additional selection criteria it is specified in the course description.

Adjustment factors

Factors that institutions consider in order to increase your selection rank for a particular course (eg achievement in an HSC course related to the student's preferred degree or eligibility for Educational Access Schemes). They do not change your ATAR.

Admission criteria

The minimum qualifications required for you to be considered for entry to a particular course. Entry to many courses is competitive. The attainment of minimum qualifications does not guarantee you will be offered a place.

Admissions period

The period when applications are open for tertiary study. Applications open in April.

Advanced diploma

An award requiring two or three years of full-time, or equivalent part-time, study. This is the highest of the undergraduate diploma awards.

Apply direct institution

An institution that lists its courses through UAC but which manages its own admissions. UAC does not process applications for these institutions; students apply directly to the institution.

Areas of study

Areas of study within a course, which may consist of a sequence of subjects/units in a single discipline (generally studied throughout the course as major areas of study or specialisations or sub-majors) or additional or supporting subjects or units.

For details of areas of study offered in a course, read the course description on the UAC website.

Associate degree

An award requiring two years of full-time, or equivalent part-time, study. It equates to the first two years of a designated three-year degree course.

Associate diploma

An award requiring two years of full-time, or equivalent part-time, study.

Assumed knowledge (*see also* Prerequisites)

Some institutions assume you have knowledge of specified NSW HSC courses or equivalent before beginning your course. If you do not have the assumed level of knowledge but have met the admission requirements you can still be selected for the course, but you may have some difficulty coping with your studies. Bridging courses may be recommended for some students who do not have the assumed level of knowledge. If an institution recommends assumed knowledge for a course it is specified in the course description on the UAC website.

Australian Qualifications Framework (AQF)

A national policy for qualifications in the school, vocational education and training (VET) and higher education sectors in Australia. All AQF qualifications are quality assured.

Australian Tertiary Admission Rank (ATAR)

A measure of academic achievement in the HSC that helps institutions rank applicants for selection to tertiary courses. The ATAR is a rank, not a mark.

ATAR courses

Board Developed courses for which the NSW Education Standards Authority (NESA) conducts examinations that yield graded assessments. Classified as Category A courses or Category B courses, these are the only courses that can be included in the ATAR calculations.

Bachelor degree

An award requiring three or four years of full-time, or equivalent part-time, study.

Bridging courses

Courses that enable you to achieve the required level of assumed knowledge. The inclusion of one or more of these courses (also called introductory courses) in the first-year program, however, could prevent you from completing your course in the minimum time.

Combined/double/dual degrees

Degrees structured to allow students to complete two degrees in less time than would be taken if the two degrees were studied sequentially.

Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS)

A register of all Australian educational providers and their courses offered to students studying in Australia on student visas.

Commonwealth-supported place (CSP)

A place in a course to which the Australian Government contributes towards the cost, and the student pays a student contribution.

Deferment

Permission to delay starting a course, usually for one year. Refer to each institution's entry for deferment information specific to that institution.

Diploma

An undergraduate award that usually places more emphasis on practical skills than on theoretical content. Also a postgraduate award requiring one year of full-time, or equivalent part-time, postgraduate study.

Distance education

A form of full-time or part-time study that takes place outside the institution, either at a study centre, online or at home by correspondence. Periodic residential attendance at on-campus sessions is usually required.

Domestic fee-paying (DFEE) course

A course not subsidised by the Australian Government; the student meets the entire cost of their studies through tuition fees.

Education Services for Overseas Students (ESOS) framework

A combination of the ESOS Act, associated legislation and a National Code that protects the interests of students studying in Australia on student visas. Regulated by the Department of Education, Skills and Employment, it provides tuition and financial assurance and ensures there is a nationally consistent approach to registering education providers so that the quality of the tuition and services offered to students remains high.

Educational Access Schemes (EAS)

Schemes for university applicants who have experienced long-term educational disadvantage due to circumstances beyond their control or choosing.

Enrolment

Formal registration as a student at an institution after receiving and accepting an offer. Each institution has its own enrolment procedures. Successful applicants will receive enrolment details with their offer.

Equity Scholarships (ES)

Scholarships offered by institutions to help financially disadvantaged students with the costs of higher education.

Exclusion

A decision by an institution to exclude a student from continuing their study at that institution, usually because they have breached a regulation, such as failure in their program of study. In most cases they may re-apply for admission to the course/institution after a set period of time from the date of exclusion, usually one or two years.

Faculty

A department within a university in a particular area of study, such as arts, law, engineering or medicine.

FEE-HELP

A loan for eligible fee-paying students to pay their tuition fees. Most FEE-HELP loans are subject to a 25 per cent loan fee.

Fee-paying students

Students who meet the entire cost of their studies through tuition fees. They can be domestic or international students.

Graduate

A person who has received a degree or diploma.

HECS-HELP

A loan for eligible Commonwealth-supported students to pay their student contributions.

Higher Education Loan Program (HELP) (*see also* FEE-HELP, HECS-HELP *and* VET Student Loans)

A loan program available to Australian citizens, holders of Australian permanent humanitarian visas and New Zealand citizens who are Special Category Visa (SCV) holders (and meet the requisite criteria) to enable them to pay their student contributions or tuition fees or their overseas study expenses. Loans are repaid later through the taxation system once income has reached a certain level.

Honours

In a three-year undergraduate course (or part-time equivalent), honours is an additional year of study to meritorious students. In a four- or five-year course, honours is awarded on the basis of superior performance in the course.

Institution

A provider of tertiary study, such as a university or a college. UAC's participating institutions are those for which you apply through UAC.

International fee-paying students (IFEE)

Students who are not Australian or New Zealand citizens or permanent residents of Australia and who meet the entire cost of their studies through tuition fees.

Lowest ATAR

The lowest ATAR of an applicant to receive an offer to a course. Lowest ATARs can only be determined when offers are made each year.

Lowest selection rank

The minimum selection rank required for selection into a course. Any lowest selection ranks published in this Guide are those from semester 1, 2020. They are intended to be used as a guide only and are supplied to help you assess your chances of getting into a particular course and decide on your preferences.

The lowest selection ranks can only be determined when offers are made each year.

Moderation

A process undertaken by NESA to remove differences between how schools assess their students. It involves the comparison of school-based assessment marks with state-wide examination marks and their alignment to course standards to produce an assessment mark for each student.

Non-award program

A course of study for students giving them a pathway into a bachelor degree. It allows students to study individual units (subjects) that, when successfully completed, can enable entry into a degree course.

Non-standard Year 12 applicant

An applicant who is completing a Year 12 program through Australian Christian Education, Rudolph Steiner Education, home schooling or the Queensland Senior External Examination.

NSW Education Standards Authority (NESA)

The body that sets the core curriculum for Kindergarten to Year 12 for government and non-government schools in NSW; sets guidelines for school assessment tasks and sets, organises and marks the HSC examinations; and sustains and improves the standards of achievement in NSW schools.

Open days

Days set aside by an institution for prospective students to visit their campus, view their facilities and meet academic staff and students.

Overseas Student Health Cover (OSHC)

Compulsory health insurance for international students studying on a student visa in Australia to cover any costs for medical and hospital care. Students must purchase an approved OSHC policy before enrolment.

Participating institution

An institution that lists its courses through UAC and UAC manages its admissions process, including applications and offers.

Pathway courses

Non-degree courses – such as foundation studies, preparatory courses and certificates, diplomas or associate degrees – offered by institutions to applicants who don't meet the entry requirements for their degree course or need further support and preparation before studying at degree level. Some institutions offer pathway courses through UAC – read the 'Admission criteria' section and the institution entries at uac.edu.au/institutions for details.

Percentile

Calculating percentiles is part of the process of calculating ATARs. The percentile indicates a student's position in a course against other students. For example, a student in the 73rd percentile is in the top 27 per cent of students in that course.

Postgraduate courses

These are courses usually available only to people who have qualified for an appropriate first degree or diploma. They are not available to school leavers. They include:

- graduate/postgraduate certificates
- graduate/postgraduate diplomas
- postgraduate degrees such as masters or doctorates.

Practical experience

A requirement of some courses, it involves supervised practice that takes place in an approved workplace and helps students develop skills relevant to their area of study. It may be undertaken during a semester or in semester breaks and can vary from regular one-day placements to block periods of several weeks. Costs may be involved, such as instruments, uniform, accommodation or travel. Courses requiring practical experience will list it in the course description.

Preparation courses

Courses offered by most institutions, including TAFE colleges, as a preparation for further study. They are usually undertaken by students with insufficient formal entry qualifications, or for those who have not participated in formal education for some time.

Prerequisites (*see also* Assumed knowledge)

Year 12 courses that must be completed in order to be considered for admission to certain tertiary courses. Some tertiary courses require applicants to have completed a specific HSC course or equivalent before they will be offered a place in those courses (course prerequisites). Some subjects within a tertiary course require applicants to have completed a specific HSC course or equivalent before they are able to enrol in those particular subjects (subject prerequisites).

Professional recognition

A course that has been approved by a professional body, which enables graduates to apply for membership and/or registration to practise in the profession.

Recommended studies

NSW HSC or equivalent courses that the institutions suggest will assist students in their chosen university course. However, if they haven't studied these courses their chances of selection are not affected. If a course has recommended studies they are specified in the course description.

Record of failure

Appears on a student's academic record due to withdrawing from a course or a single unit where that withdrawal is counted as a failure, or where the student has failed to satisfy the assessment requirements for one or more units.

Scaling

The first step in calculating the ATAR. It enables the many different courses taken by students to be compared fairly.

The scaling process is designed to encourage students to take courses for which they are best suited and which best prepare them for future studies. The underlying principle is that you should be neither advantaged nor disadvantaged by choosing one HSC course over another. The scaling algorithm estimates what your marks would have been if all courses had been studied by all students.

Scaling modifies the mean, the standard deviation and the maximum mark in each course. Adjustments are then made to the marks of individual students to produce scaled marks. Although scaled marks are generally different from the raw marks from which they are derived, the ranking of students within a course is not changed.

Schools Recommendation Schemes (SRS)

Schemes that enable schools to recommend current Year 12 students who are UAC applicants for offers of undergraduate admission. SRS aim to assist access to higher education for current Australian Year 12 students using a wide range of selection criteria, including school recommendations and senior secondary studies. SRS are processed through UAC.

Although most institutions make early offers of undergraduate admission under SRS, institutions have their own policies on determining SRS eligibility and making offers.

Semester

The division of the academic year into study periods. Students can start courses at the beginning of the first and, in some cases, second semester. Some institutions call their study periods 'autumn' and 'spring' semesters. Others use the terms 'session' or 'half-year'. Some institutions have trimesters or terms, with an additional study period over summer.

Slipback offer

An offer to a lower level of study than that applied for. For example, if you applied for a bachelor degree and the institution decides that, while you are not eligible and competitive enough for entry to the bachelor degree, you are eligible for a lower level of study (such as a diploma), the institution makes you an offer to the lower level.

Special requirements and policies

Special requirements and policies apply to students in health- and welfare-related courses and teacher education courses.

These requirements relate to:

- clinical/internship placements undertaken as part of your course
- proof of English language proficiency
- accreditation and procedures for employment after you have completed the course.

Note that requirements and policies in these areas are subject to regular review.

Student contribution

The amount that Commonwealth-supported students must pay towards their study costs. This amount is determined by each institution.

Student Services and Amenities Fee (SSAF)

Supports the delivery of student services including counselling, employment, orientation, career advice, child care, financial advice, health services, food services, sporting and recreational activities, student advocacy and legal services. The maximum SSAF amount chargeable is determined by the Australian Government.

Students studying on a part-time basis cannot be charged more than 75 per cent of the maximum amount that students studying on a full-time basis are charged.

Tertiary Education Quality and Standards Agency (TEQSA)

Regulates and assures the quality of Australia's higher education sector. TEQSA also maintains the National Register of Higher Education Providers. The register includes information on whether higher education institutions are self-accrediting or non self-accrediting and the courses they are accredited to deliver.

Transcript

An official copy of a student's complete academic record at a post-secondary or tertiary institution, issued by the institution.

Tuition fee

The amount that domestic fee-paying students or international students must pay for their course. Tuition fees are determined by each institution.

Undergraduate course

A course leading to a first qualification, namely a first degree of bachelor, an associate degree, an associate diploma or a diploma.

Universities Admissions Centre (UAC)

The central office that receives and processes applications for admission to most undergraduate degree, advanced diploma and diploma courses at participating institutions. UAC also notifies students of their ATAR and, on behalf of the participating institutions, makes offers to courses. Owned by universities in NSW and the ACT, UAC is a not-for-profit organisation that aims to provide excellence in admissions services and promote equity of access to tertiary education.

VET Student Loans

A loan for eligible fee-paying students studying higher level vocational education and training (VET) qualifications to pay their tuition fees.

Year 12 applicant

A student who is sitting one or more units of an Australian 2020 Year 12 in Australia or outside Australia (except Queensland Year 12 external students) or sitting the International Baccalaureate in Australia in 2020. Also referred to as a 2020 Year 12 or current Year 12 applicant.

A better way to think.

Southern Cross University is a different kind of university. We combine academic and research excellence with outstanding learning opportunities and a commitment to what matters, from protecting and managing our precious natural environments to understanding and advancing our human world.

INTRODUCTION

Part 2 contains general information about each of UAC's participating institutions, including:

- an overview of the adjustment factors they will consider when determining your selection rank for a particular course
- any early offer schemes available to you
- a list of the courses to be offered through UAC in semester 1, 2021.

Comprehensive information about each institution's admission criteria, access schemes and equity scholarships is available at uac.edu.au/institutions.

Full course descriptions will be published on the UAC website when details have been confirmed. Institutions may change, cancel or add courses throughout the admissions period, so check the course search on UAC's website before you finalise your preferences.

Reading the course lists

Course name

B = Bachelor
M = Master
Dip = Diploma
AdvDip = Advanced Diploma
AssocDeg = Associate Degree

Fee type

The fee type indicates how much domestic students pay towards the cost of the course. The two main types of courses are:

CSP = Commonwealth-supported place (subsidised by the Australian Government)

DFEE= domestic fee-paying (not subsidised – you pay the full cost of the course)

A small number of courses are:

- ADF: student contribution paid by the Australian Defence Force
- C3F: three years Commonwealth-supported, fourth year fee-paying
- CBF: a combination of CSP and DFEE (ie bachelor program is CSP, masters program is DFEE)
- ENA: Commonwealth-supported and student contribution exempt
- OTH: domestic fee-paying with no government loan scheme for students
- VET: domestic fee-paying with VET Student Loans for eligible students.

All international students pay the full cost of their course. For more information, read 'Course costs and financial assistance.'

Course code

This is the code used in the UAC application and in the course search on the UAC website.

Pattern of attendance

3F = 3 years of full-time study
6P = 6 years of part-time study
3F/EqP = 3 years of full-time or equivalent part-time study
D = Distance or online

LSR

LSR = lowest selection rank for domestic applicants in the main offer rounds for Year 12 students (December Round 2, 2019 and January Round 1, 2020). The lowest selection rank is determined by the interaction of three factors:

1 the number of places available in the course
2 the number of applicants for the course
3 the quality of those applicants.

Lowest selection ranks include any increases made as a result of adjustment factors (see below), so many applicants will have received an offer to that course even though their ATAR was below the lowest selection rank.

N/A = not applicable: selection not based on the ATAR; or the course is not offered to current Year 12 applicants; or no offers were made to Year 12 applicants in these rounds
new = new course offered through UAC
– = data not provided, contact the institution
<5 = less than 5 ATAR-based offers were made for this course

Selection rank adjustments

When determining your selection rank for a course, institutions often take other factors into consideration in addition to your ATAR. This means that your selection rank for that course will be adjusted and will be higher than your ATAR.

Factors that can increase your selection rank include high achievement in specified HSC courses relevant to your preferred course, living in or attending school in an area defined by the institution, or assessment of your Educational Access Schemes (EAS) application.

As selection rank adjustments are course specific, your selection rank can be different for each of your course preferences. Read more about selection rank adjustments in 'Admission and selection.'

Avail INT

Avail INT = available to international students through UAC. Where this column does not appear, international applicants cannot apply through UAC. Check the institution websites for details of all courses offered to international students.

STUDYING AT ACU

At Australian Catholic University (ACU) we pride ourselves on offering a welcoming environment for everyone. At the same time, we are a university committed to standing for something clear. We stand up for people in need and causes that matter.

We're a young university, but we are making our mark. ACU is ranked in the top 2% of universities worldwide[1] and is top three in Australia for graduate employment.[2] We now have eight campuses around Australia, and a campus in Rome, Italy. From 2021, you can join us at our newest campus in Blacktown, Western Sydney.

We have grown rapidly over the last few years, but you will find us more supportive than ever. Our campuses and classes are the perfect size, and you won't get lost in the crowd. Your lecturers will know your name, and you'll make great friends and strong networks.

We put our students and staff at the centre of a vibrant global network of scholars, partnerships and opportunities. All our courses offer work placements, internships with leading companies, or volunteering opportunities.

We're closely integrated into our communities and industries, working with them to answer the big questions and to create tangible results. Our research programs tackle enduring and pressing issues in society, in Australia, and around the world.

1 Times Higher Education World University Rankings 2020. Percentage calculated as ACU's world rank as a proportion of the total number of universities in the world: *International Handbook of Universities 2019,* Palgrave MacMillan.

2 Domestic undergraduate employment rate, Graduate Outcomes Survey 2019

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

If you are Aboriginal or Torres Strait Islander and apply for entry to an ACU program, you may be eligible for our Aboriginal and Torres Strait Islander Admission Program. Through the program you will meet with a member of the Indigenous Higher Education Unit and a faculty representative. Your potential to undertake study will be based upon any of your formal qualifications, life experiences and achievements. Applications for most courses are made directly through UAC.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

The Australian Catholic University will increase your selection rank by a **maximum of 12 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 6 points – For details, go to uac.edu.au/eas
Location adjustments For students who live or attend school in designated areas	Schools Relationship Program / Campus Program / Regional Schools Program – Max. 5 points / automatically applied – To find out if you're eligible, search for 'adjustment factors' at acu.edu.au
Elite athlete and performer adjustments For athletes who compete at – and performers who have had success at – a state, national or international level	Elite Athlete and Performer Program – Apply through UAC then submit a direct application to ACU: search for 'Elite Athlete and Performer Program' at acu.edu.au – Max. 5 points
Subject adjustments For students with outstanding achievement in subjects relevant to ACU course preferences	ACU Subject Program Max. 5 points / automatically applied

EARLY OFFER SCHEMES

Schools Recommendation Schemes	Apply via UAC. Applications close 20 September 2020.
Community Achiever Program	**Important dates** Applications open: 1 May Applications close: Blacktown 5 August / Canberra 26 August / North Sydney 9 September / Strathfield 16 September Final conditional offers released: Early October Unconditional offers released (if based on ATAR): 21 December
	Assessment criteria – Community Experience Statement – no more than 200 words about your community involvement – Referee – ACU will contact your referee(s) to verify your community involvement before considering your application Your CAP early offer will convert to a course offer when you: – have your CAP course as your highest eligible preference on your application to UAC – have satisfied any prerequisite requirements for your CAP course – achieve the CAP minimum ATAR required.
	How to apply – Prepare your Community Experience Statement – Choose a referee and make sure you have their contact details – Submit a direct application to ACU: search for 'CAP' at acu.edu.au After you submit your application, you'll receive an email detailing what to do next.

For detailed information on courses and admission criteria visit uac.edu.au/acu

STUDYING AT ACAP

The Australian College of Applied Psychology (ACAP) is a tertiary education institute that specialises in psychology. By being true specialists we have a deep understanding of human behaviour, which resonates throughout our courses. We seek to understand and make sense of the interactions and implications of human behaviour.

We opened our doors more than 35 years ago and have more than 4,000 students currently enrolled and studying on-campus, online or by blended delivery. ACAP offers courses in psychology, counselling, social work and criminology. Our courses prepare students from diverse backgrounds for rewarding professions working with people in the community. There are also pathway options to further study available to suit students' priorities and career aspirations.

Why do students choose ACAP?

Whether you want to excel in psychology, counselling, social work and criminology, it all starts and ends with human behaviour. Our approach to teaching in these specialist fields is what makes us different. It's why curious souls choose to learn and develop their skills with us. Our academic staff have extensive experience both as teachers and practitioners, with a breadth of research interests.

Our smaller class sizes allow for a greater level of discussion, support and a better opportunity to ask questions, which assists students to achieve success.

Student placements, another advantage of studying at ACAP, help prepare students for professional practice after graduation. In courses with placement included, students have the opportunity to apply theory in a professional workplace for a set period of time, gaining essential real-life experience in their chosen field.

Accreditation

ACAP is a registered higher education provider and a nationally registered training organisation. Our psychology degrees are accredited by the Australian Psychology Accreditation Council and our Bachelor of Social Work and Bachelor of Social Work (Honours) are provisionally accredited by the Australian Association of Social Workers.

At the time of printing, ACAP's counselling degrees were undergoing re-accreditation with the Psychotherapy and Counselling Federation of Australia. The Bachelor of Counselling has Australian Counselling Association accreditation. Professional accreditation ensures these courses meet the relevant educational and training standards for graduates to seek recognition and practise in the profession.

International Year 12 students apply directly to ACAP.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

ACAP provides an annual scholarship for Aboriginal and Torres Strait Islander students studying in the Discipline of Psychological Sciences and Discipline of Counselling. Visit acap.edu.au/scholarships for more information.

SELECTION RANK ADJUSTMENTS

ACAP courses do not have an ATAR requirement.

EARLY OFFER SCHEMES

There are no ACAP early offer schemes.

First semester
Monday 22 February – Friday 28 May 2021

Orientation Week
Monday 15 – Friday 19 February 2021

Second semester
Monday 26 July – Friday 29 October 2021

Orientation Week
Monday 19 – Friday 23 July 2021

STUDYING AT AUSTRALIAN NATIONAL UNIVERSITY

Study at the Australian National University (ANU) in Canberra and become part of a talented and diverse community of original thinkers from every corner of the globe.

As Australia's number one university,[1] we count six Nobel Prize winners and two prime ministers among our alumni and staff.

You'll meet renowned teachers and researchers, and take part in opportunities and challenges that will help you shape the future of the world and build lifelong friendships and networks.

With more than 50 single degrees to choose from, ANU gives you the flexibility to design your own double degree from 750 possible options.

What's more, as an ANU student, you'll engage with industry and government leaders through internships, participate in world-class international student exchange programs and join a range of vibrant cultural, sporting and social activities.

Broaden your ANU experience further by choosing to live on campus in one of our catered or self-catered residential halls. As well as having Canberra's CBD, your classes, libraries, gyms and much more on your doorstep, your accommodation will put you at the heart of our world-class campus community. You may even be eligible for our accommodation guarantee.

While you're transitioning to and embracing life at ANU, Australia's only national university, ANU Services will be available 24/7 to support your safety and wellbeing.

If you are a domestic school leaver, we want your transition from high school to university to be as smooth as possible. You can apply for admission, campus accommodation and scholarships in one direct application to ANU. Applications close Monday 25 May 2020.

Find out more about applying to study at ANU:

- View the application instructions: search for 'how to apply' at anu.edu.au.
- Read our undergraduate student guide: search for 'information for undergraduate students, at anu.edu.au.
- Talk to your school careers adviser.

Non-school leavers and other applicants should apply to study at ANU through UAC.

1 QS World University Rankings 2020

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

We acknowledge the pressures that may prevent Indigenous Australians from accessing educational opportunities. At ANU, we are committed to the advancement of Australia's Indigenous people.

As an Australian Aboriginal or Torres Strait Islander student, you are eligible for priority admission. This means that if you meet the admission criteria for your ANU program of choice and declare your Indigenous heritage, you will be given preference.

You may also be eligible for the selection rank adjustments listed below.

For details about entry schemes, scholarships and accommodation, go to anu.edu.au/study/apply/access-for-indigenous-students.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

The Australian National University will increase your selection rank for eligible ANU programs by a **maximum of 15 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 10 points – For details, go to uac.edu.au/eas
Location adjustments For students who attend a Regional Partnership School	Regional Partnership Schools – Max. 5 points / automatically applied – For details of partnership schools, search for 'national access scheme' at anu.edu.au
Elite athlete and performer adjustments For students who are elite athletes or who have achieved Music AMEB Grade 8	Elite athletes – Submit supporting documents to ANU: for details, search for 'elite athlete entry scheme' at anu.edu.au – Max. 5 points Performers – Submit a scanned copy of your AMEB certificate to domestic.admissions@anu.edu.au and include your university application number – Max. 5 points
Subject adjustments For students who achieve the required results in selected Year 12 subjects	National Access Scheme – Max. 5 points / automatically applied – Must achieve a min. ATAR of 70.00 – For details of specific Year 12 courses and required results, search for 'National Access Scheme' at anu.edu.au

EARLY OFFER SCHEMES

Direct Application **Early Admission**	**Important dates** Applications open: 4 March Applications close: 25 May Conditional offers released: 10 August (Conditional offers are based on your ANU selection rank. This is calculated using a mathematical model incorporating your Year 11 results and your school's average ATAR performance in previous years.) First unconditional offers released: Late December
	Assessment criteria – Demonstration of co-curricular or service activities during Years 10 to 12 – ANU selection rank
	How to apply – Submit a direct application to ANU: search for 'domestic applications' at anu.edu.au.

For detailed information on courses and admission criteria visit uac.edu.au/anu

AUSTRALIAN NATIONAL UNIVERSITY

ANU offers Flexible Double Degrees that allow you to choose from hundreds of possible combinations across three groups:

1. Arts, Social Sciences, Business and Science (4 years)
2. Engineering and Advanced Computing (5 years)
3. Law (5 years)

From these three groups, you can combine any two courses for which you meet the published selection rank. The LSR listed against each group below is the lowest selection rank for the group. The actual selection rank could be higher depending on the double degree combination chosen as the program-specific selection ranks still apply.

For more information visit anu.edu.au.

STUDYING AT CDU

At Charles Darwin University (CDU), we think differently; we innovate and embrace change and believe it's the unique experiences, perspectives and opinions you bring that make us a new world university.

CDU offers more than 100 undergraduate and postgraduate courses to help turn your passion into a profession.

Best known for our flagship degrees in nursing, midwifery, teaching, law, engineering and environmental sciences, we also offer unique and highly specialised courses in Indigenous knowledge, health sciences, humanities, social work, humanitarian aid, and emergency and disaster management, among others.

While CDU's roots are in Darwin, Northern Territory, we deliver face-to-face courses at our Sydney campus, as well as support for our many online students living and working across NSW.

Charles Darwin University is ranked in the top two Australian universities for graduate employment and salary outcomes, according to the Good Universities Guide Ratings 2019.

Online

As one of the first universities in Australia to offer its courses online, we have unparalleled experience in delivering supportive, responsive and personalised learning to keep you motivated and engaged. So, whether you choose to study part-time or full-time, you'll benefit from our innovative learning environment, interactive lectures and 24/7 online tutor support, to help you fit study into your schedule.

Pathways

CDU offers those without an entry qualification an alternative pathway into university. Our Tertiary Enabling Program can be studied online or on campus, full-time or part-time, and in as little as 16 weeks you'll meet the entry requirements to most CDU undergraduate degrees.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

The Office of Indigenous Student Services Academic Support team provides high-level support and assistance to Aboriginal and Torres Strait Islander students through assistance with admissions, academic support, pastoral care, advocacy and referral to mainstream CDU support services.

If you don't meet the minimum entry requirements, you are encouraged to enrol in the following entry pathways:

- Preparation for Tertiary Success
- Tertiary Entrance Program
- Diploma of Yolngu Studies.

For details, search for 'Aboriginal and Torres Strait Islander people study pathways' at cdu.edu.au.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

Charles Darwin University will increase your selection rank by a **maximum of 9 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Scheme (EAS) – Submit an EAS application via UAC – Max. 5 points – For details, go to uac.edu.au/eas
Location adjustments	None
Elite athlete and performer adjustments	None
Subject adjustments For students who have undertaken a language other than English, or specified English and mathematics subjects	Universities Language, Literacy and Mathematics Scheme – Max. 4 points / automatically applied – Excludes B Clinical Science – For details, search for 'pathways to study' at cdu.edu.au

EARLY OFFER SCHEMES

There are no Charles Darwin University early offer schemes.

STUDYING AT CHARLES STURT UNIVERSITY

At Charles Sturt University, we believe everyone offers something unique. When you study with us, you become part of something bigger: you join a connected community from across the globe committed to changing things for the better.

We want to help you find your purpose so you can make a difference. Jump into the real world with our professional accredited courses that will give you the skills you'll need to push the boundaries and make an impact.

Our academics and teaching staff are well-connected with industry, so when you graduate you'll already have a wide network of industry contacts who can help you kickstart your career. We also make hands-on learning a central part of your study, so you learn by doing. Your lecturers will know your name, there's support whenever you need it, and there are scholarships to help make it happen.

It all adds up to Charles Sturt University being Australia's number one university for graduate employment.[1] That's right, more of our grads get jobs – and well-paying ones at that – faster than grads from any other Australian uni. Because with a Charles Sturt University degree under your belt, you're ready to make a difference in your industry and community from day one.

So, together, let's create a world worth living in.

1 QILT Graduate Outcomes Survey 2019

International Year 12 students apply directly to Charles Sturt University.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

Charles Sturt University's Indigenous Access Program is a supported personalised pathway into university that assesses skills and suitability for academic life. Search for 'Indigenous student support' at csu.edu.au.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

Charles Sturt University will increase your selection rank by a **maximum of 12 points** across the following categories. If your ATAR is below 55.00, your selection rank for education courses will not be increased.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 7 points – For details, go to uac.edu.au/eas
Location adjustments For students from regional areas	– Max. 5 points / automatically applied
Elite athlete and performer adjustments For students whose competition or training requirements have affected their preparation for study	– Submit a direct application to Charles Sturt University – For details, search for 'Elite Athlete and Performer Program' at csu.edu.au
Subject adjustments For students who perform well in HSC subjects related to specific Charles Sturt University course preferences	– Max. 10 points / automatically applied

IMPORTANT DATES

Term 1, 2021
starts Monday 8 March 2021

Term 2, 2021
starts Monday 12 July 2021

For the latest information on these dates, visit handbook.cqu.edu.au.

STUDYING AT CQUNIVERSITY

With so many options out there, choosing the right university for you isn't always an easy decision. At CQUniversity Australia, our students choose to study with us so they can be what they want to be. We believe higher education should be for everyone – no matter your postcode or educational background. That's why we offer a wide range of up-to-date, industry-aligned courses, from TAFE certificates right through to research degrees, online and at campuses across Australia. Our convenient Sydney campus is situated in the heart of the CBD, a 5 minute walk from Town Hall Station. We offer a range of on-campus courses in accident forensics, accounting, business, chiropractic, diagnostic imaging, digital media, IT, OHS, podiatry and more, as well as access to facilities and support for online students.

When you choose CQUniversity you'll benefit from convenience and flexibility, smaller, more intimate class sizes and greater access to teaching staff. We're committed to student success and providing positive graduate outcomes – and it shows. Data released by ComparED in 2019 shows that CQUniversity outperforms most Australian universities when it comes to study support, graduate employment and graduate salary outcomes. This is backed up by *The Good Universities Guide* (2020), which gives CQUniversity five stars for social equity, first-generation student ratio, full-time employment, starting salary and student support. So, rest assured that when you choose CQUniversity, you're choosing a high-quality education to help you be what you want to be.

International Year 12 students apply directly to CQUniversity.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

If you are not yet ready to apply for a course and would like to participate in a preparatory program designed specifically for Aboriginal and Torres Strait Islander students, then our Tertiary Entry Program may be ideal for you. Applicants who are successful in completing the program will be considered eligible for admission to the University.

To find out more, call 1800 651 891 or search for 'Indigenous Support' at cqu.edu.au.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

CQUniversity will increase your selection rank by a **maximum of 7 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 5 points – For details, go to uac.edu.au/eas
Location adjustments For students who live or attend school outside a capital city	Regional Adjustment Scheme – Max. 2 points / automatically applied
Elite athlete and performer adjustments	None
Subject adjustments	None

Gold Coast, Nathan and South Bank campuses
Sunday 9 August 2020

IMPORTANT DATES

Orientation for commencing students (all campuses)
Monday 22 – Friday 26 February 2021

Trimester 1
Starts Monday 1 March 2021

STUDYING AT GRIFFITH UNIVERSITY

At Griffith, you'll be welcomed into an inclusive community and supported to face the future with confidence, competence and the knowledge and skills to thrive in a rapidly changing world.

You'll study at a university positioned in the top 250 of two major global rankings, placing us in the top 2% worldwide.[1] Our high-quality degrees are developed in consultation with industry, based on cutting-edge research, and taught by Australia's most awarded teachers.[2]

You'll get inside access to industry, with many Griffith degrees offering work placements, field trips and industry projects for real clients. Our industry connections provide practical experience that helps to make sense of the knowledge you're gaining in the classroom, while also enhancing your job-ready skills.

Many of our degrees have an international focus, preparing you for work almost anywhere in the world. You may have the chance to enrich and diversify your learning through overseas study or by learning a new language. Such opportunities are valued highly by employers, and open doors to new perspectives, professional networks and personal experiences.

At Griffith, we've put a focus on flexibility. Depending on your degree, you'll have the choice to study in person at one of our campuses, online through our digital campus, or using a combination of both, either part-time or full-time over two or three trimesters.

1 2020 Times Higher Education World University Rankings: 201–250, US News Best Global Universities: 240.

2 Based on Learning and Teaching results from the Department of Education and Training.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

Griffith University seeks to increase the participation and success of Aboriginal and Torres Strait Islander students in the University's programs. The GUMURRII Student Success Unit works with our community partners to create pathways that build lifelong learning. Our mission is to provide a cultural learning environment to assist our students follow their aspirations through higher education. Our programs include admission, tertiary preparation and tutorial assistance. If you have First People's heritage, please ensure that you provide information on your UAC application so that we can assist you further.

For further information, visit griffith.edu.au/gumurrii.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

Griffith University will increase your selection rank by a **maximum of 8 points** across the following categories.

OPEN DAY

Open Day on Sunday 9 August 2020 is a great opportunity to experience the ICMS difference and visit our beautiful Northern Beaches campus in Manly. Learn about our courses and student experience; take a campus tour; meet our academics, students and graduates; and find out how our unique Industry Training program will help you build your career faster.

Learn more at icms.edu.au/open.

Campus tours

Visit our campus anytime for a tour and a personalised course consultation. To book, call 1800 110 490 or visit icms.edu.au/book-campus-tour.

IMPORTANT DATES

The ICMS undergraduate academic calendar has three trimesters. Each trimester is 13 weeks including examinations. At the start of each trimester, ICMS holds an orientation week (O Week) to help new students settle into student life.

February trimester
Monday 15 February – Friday 14 May 2021

Orientation
Monday 8 – Friday 12 February 2021

May trimester
Monday 31 May – Friday 27 August 2021

Orientation
Wednesday 26 May 2021

September trimester
Monday 13 September – Friday 10 December 2021

Orientation
Wednesday 8 September 2021

For more information on the ICMS academic calendar, including postgraduate intake dates, visit icms.edu.au/important-dates.

STUDYING AT ICMS

The International College of Management, Sydney (ICMS) is a leader in career-focused education and offers university-level undergraduate and postgraduate courses.

What does success mean to you?

Everyone has a different idea of what success means to them. That's why we start with YOU. We'll walk beside you to create a personalised educational experience to ignite your career and mentor you to professional success.

Global business leadership

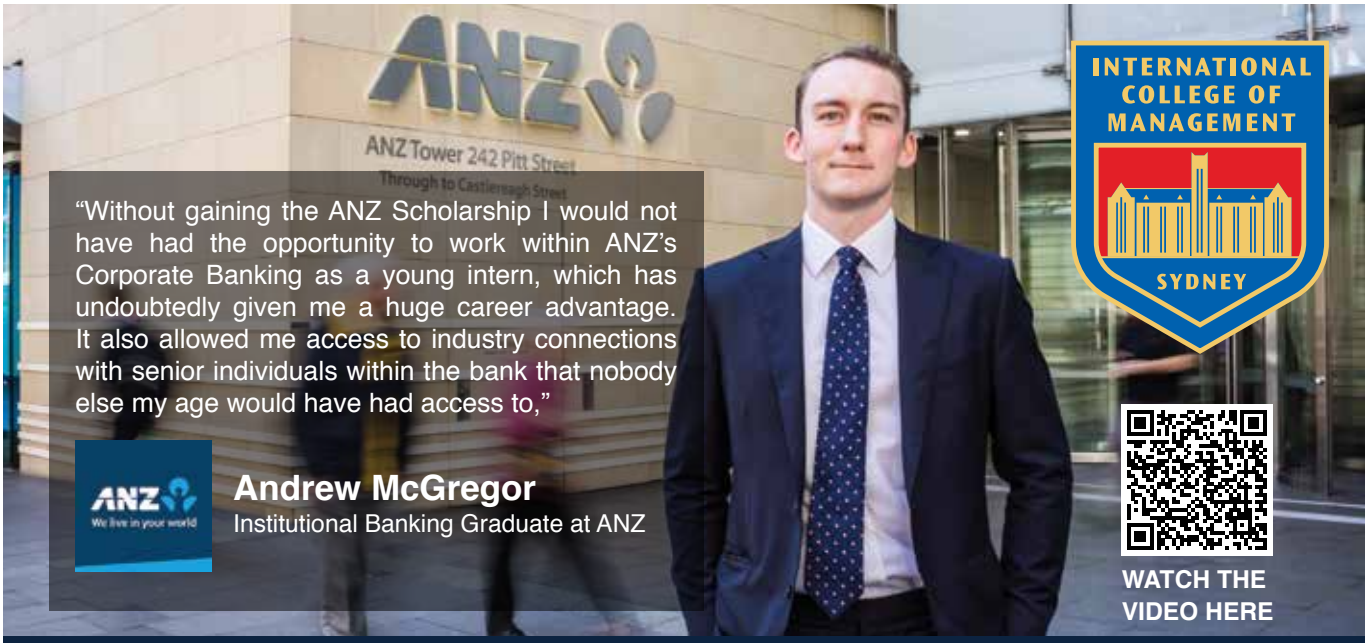
Like you, we recognise the importance of developing global professional expertise and business maturity. From professional attire to built-in industry training subjects, an ICMS education positions you for leadership in a rapidly-changing world. That's one of the reasons why up to 90% of our graduates are already employed in their field when they graduate.[1]

Active learning

Nothing can prepare you for career success like active learning can. Our faculty have extensive industry experience, high-level qualifications and a passion for helping you to succeed. ICMS degrees are designed to develop 21st century graduate capabilities through applied learning experiences and work-relevant assessments.

It's a partnership

We believe that by partnering with you we both grow stronger. That's why our courses and student support services aim to build your collaboration skills, while encouraging independent self-management. When you study at ICMS you will become part of an empowering and nurturing community that values long-lasting connections; between students, lecturers, industry partners and alumni.



ICMS scholarships are made to unlock your potential.

Available for all bachelor degrees. Apply at icms.edu.au/scholarships

Scholarships range from $10,000 - $40,000

ICMS

Over $1.7 million of scholarships to over 110 recipients were awarded in 2019. It's a blessing that the growth of ICMS, and its pathway institutions, provide the opportunity to give back and to recognise merit - be it pure effort, ability, hardship, or diversity. Our professional corporate partners are an invaluable endorsement for many students, and enhance the prestige of an ever-growing Scholarship Program. In 2020 it is expected that even more scholarships will be awarded. To find out more about benefits, eligibility and how to apply please visit:

www.icms.edu.au/scholarships or call 1800 110 490.

CRICOS PROVIDER CODE: 01484M | TEQSA ID: PRV12025

Your student experience

You're career-focused but you still want a memorable, fun campus experience. ICMS offers everything that you'd expect from a traditional university – such as sporting teams, student clubs, modern facilities and residence options.

ICMS has three campuses; the iconic traditional sandstone Northern Beaches campus, affectionately called the 'castle on the hill', which offers sweeping views over Manly Beach; the beachfront Esplanade campus; and the new modern City campus. These spectacular locations offer a student experience that would be hard to beat anywhere in the world.

1 Internal Graduate Survey 2018

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

ICMS is committed to supporting Aboriginal and Torres Strait Islander students to succeed in higher education. All applicants are encouraged to apply directly to ICMS.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

Aboriginal and Torres Strait Islander people are welcome to contact Indigenous Student Services for advice about courses, application procedures, scholarships and other aspects of studying at La Trobe University.

To find out more, visit latrobe.edu.au/indigenous.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

La Trobe University's selection rank adjustment factors are being reviewed for the 2021 admissions period. For the latest information, go to latrobe.edu.au.

EARLY OFFER SCHEMES

Aspire is an initiative for undergraduate school leavers and non-Year 12 students. The program recognises the positive impact you've had on your community when assessing your application to study with us and rewards you with a conditional offer into a La Trobe degree as early as September. If you're in Year 12, you'll also be invited to be part of an exciting enrichment program designed to give you a head start with your university studies.

For further information about the Aspire program, including 2021 selection criteria and dates, go to latrobe.edu.au/aspire.

IMPORTANT DATES

The academic calendar is divided into three trimesters, each containing 12 weeks of teaching followed by an examination period.

Trimester 1
February – May

Trimester 2
May – August

Trimester 3
September – December

STUDYING AT MACLEAY COLLEGE

Macleay College offers an intimate learning environment for students looking to pursue careers in journalism, advertising and media, digital media, business, accounting or marketing. Our bachelor degrees and diploma courses provide students with an alternative to a traditional university experience.

The Macleay difference

With over 30 years in higher education, we pride ourselves on our unique approach to teaching. Students learn from industry professionals in smaller classes, allowing us to cater to their individual learning needs. We emphasise the importance of positive psychology, with students developing both academic and interpersonal skills to prepare them for a successful career. Our QILT results demonstrate the exceptional educational experience our students receive. We achieved a rating of 90.5% for Teaching Quality against the national average of 80.9%. We also achieved 84.9% for Learner Engagement – well above the national average of 64.1% (QILT, 2018).

Our trimester model allows full-time students to complete a bachelor degree in two years or a diploma in 12 months. This provides the opportunity for our students to step into their chosen career even faster.

Industry-focused

Our industry-focused learning ensures Macleay graduates are job ready with the essential skills, knowledge and work experience that employers demand. Our contemporary curriculum is taught by industry professionals informed by the latest ideas and thinking in their subject areas. Students learn from experience about current industry concepts and practices that will help them hit the ground running upon graduation.

Internship program

We offer an internship program in which students work with leading organisations, businesses and agencies, providing an enviable list of professional contacts before they even graduate.

Modern campus and facilities

Our Surry Hills campus provides students with a unique learning and lifestyle experience. Nestled in Sydney's creative hub, we are surrounded by Australia's leading news organisations, advertising agencies and innovative start-ups. Just 2 minutes from Central Station and accessible by major bus routes, Macleay College takes advantage of the unique inner-city culture and surrounding lifestyle amenities.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

The Indigenous Australian Entry Scheme enables Aboriginal and Torres Strait Islander people to apply for entry to a course of study at Macleay College based on previous study, work and life experience and/or any other transferable skills that support their potential to succeed in their studies.

Applicants who identify as Indigenous Australian must provide a 500–1,000 word written statement outlining their reasons for undertaking the intended course of study. Supporting documents – such as senior secondary school (or other qualification) certificates, school record statements, a resume or references – must be attached. Applicants must also provide 'Confirmation of Aboriginality or Torres Strait Islander Heritage' at the time of their application (or at their interview).

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

Macleay College will increase your selection rank by a **maximum of 10 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 10 points – For details, go to uac.edu.au/eas
Location adjustments	None
Elite athlete and performer adjustments	None
Subject adjustments For students who have performed well in specific Year 12 subjects	– Details under review – For the latest information, go to macleay.edu.au

EARLY OFFER SCHEMES

Direct application	**Important dates** Applications open: early June Offers released: after approval by Head of Faculty
	Assessment criteria – 300-word written submission outlining your reasons for undertaking the intended course of study and how it will help you achieve your career goals – Letter of recommendation from school (principal, year coordinator, or equivalent) – Australian citizenship or permanent residency
	How to apply Submit a direct application to Macleay College: go to macleay.edu.au/apply-now.

For detailed information on courses and admission criteria visit uac.edu.au/mc

Monday 22 February – Friday 25 June 2021

Session 2
Monday 26 July – Friday 26 November 2021

STUDYING AT MACQUARIE UNIVERSITY

At Macquarie, we're all about unconventional thinking, inspiring collaborations and making connections with diverse people and perspectives to create real change. We believe when we all work together, we multiply our ability to achieve remarkable things.

We're ranked among the top 1% of universities in the world,[1] have eight subjects in the top 100 globally,[2] enjoy a 5-star QS rating,[3] and were the first Australian university to introduce a global research pathway.

Whatever you choose to study at Macquarie, our future-focused approach to teaching and learning will help you become a confident and responsible leader in your field.

A place of inspiration

Macquarie's campus spans 126 hectares, with open green space that gives you the freedom to think and grow. We are a key partner in the Macquarie Park Innovation District (MPID) – Australia's premier innovation hub. With more than 300 leading companies located on or around the Macquarie campus, you'll tap into industry connections that give you the edge in your future career. Our PACE (Professional and Community Engagement) program will connect you with organisations that offer internships and practical work placements, both locally and internationally, giving you the skills and experience that employers are looking for. We also facilitate international exchange opportunities with more than 150 partner universities around the world.

Macquarie is home to some of Australia's most exceptional facilities, including our own Macquarie University Hospital, a multi-award-winning incubator for budding entrepreneurs, a cybersecurity hub, a multi-million-dollar media hub, and cutting-edge science and engineering labs. More than $1 billion has recently been invested in our campus, meaning you get to study in an environment that's world-class, inspiring and switched on to the latest technologies.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

The Aboriginal and Torres Strait Islander Entry Pathway is an admissions pathway aimed at increasing Aboriginal and Torres Strait Islander participation within bachelor degrees.

It provides opportunities to Aboriginal and Torres Strait Islander peoples who may:

- not have completed their HSC
- not have acquired a necessary selection rank for entry into their degree of choice
- like peace of mind with an early offer.

This pathway involves a two-stage process: an online application and then a face-to-face interview. Offers will be made according to merit, based on demonstrated capacity and readiness to undertake university study.

Applicants are encouraged to contact Walanga Muru prior to applying. Call (02) 9850 8624 or search for 'Aboriginal and Torres Strait Islander Entry Pathway' at mq.edu.au.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

Macquarie University will increase your selection rank for most courses by a **maximum of 10 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 5 points – For details, go to uac.edu.au/eas
Location adjustments For students from rural or regional Australia who don't have access to the same resources as students in cities and larger towns, and students who live in Macquarie's catchment region	Regional Entry Scheme – Max. 9 points / automatically applied Macquarie Catchment – Max. 5 points / automatically applied For details, search for 'adjustment factors' at mq.edu.au.
Elite athlete and performer adjustments For students with competitive commitments, such as training or performing, that have affected their Year 12 studies	– Submit a direct application to Macquarie – Max. 4 points – For details, search for 'Elite Athletes and Artistic Performers' at mq.edu.au
Subject adjustments For students who perform well in HSC subjects related to specific Macquarie course preferences	Academic Advantage – Max. 3 points per subject / max. 6 points overall / automatically applied – For details, search for 'Academic Advantage' at mq.edu.au Academic Entry – No points applied: offers based on performance in individual HSC Category A courses or comparable IB subjects / automatically awarded
Big History Scheme For students who complete Macquarie's Big History: Connecting Knowledge MOOC (massively open online course)	– Enter Big History MOOC qualification in UAC application – 3 points – For details, search for 'Big History Scheme' at mq.edu.au
Duke of Edinburgh, Queen's Scout and Queen's Guide Awards Scheme For students who have completed Silver or Gold Duke of Edinburgh Awards, Queen's Scout or Queen's Guide Awards	– Submit direct application to Macquarie – Max. 6 points – For details, search for 'Duke of Edinburgh' at mq.edu.au

EARLY OFFER SCHEMES

Schools Recommendation Schemes	Apply via UAC. Applications close 20 September.
Macquarie Leaders and Achievers Early Entry Scheme	**Important dates** Applications open in school Term 2.
	Assessment criteria Applicants need to demonstrate their leadership qualities and/or how they have contributed towards positive change in their community and consistently achieved good results at school. There are two selection components: – demonstration of leadership and service by completing the Macquarie Leaders and Achievers Early Entry Scheme supporting information form – Year 11 studies. **Notes:** – Applicants for the Bachelor of Marketing and Media and the Bachelor of Actuarial Studies and its double degrees are required to have undertaken specific English and/or maths subjects in the HSC, ACT Senior Secondary Certificate or International Baccalaureate. – Applicants for teaching courses need to complete a survey before an offer is made. – All applicants must complete their Year 12 examinations (10 units of HSC courses, including at least 8 units from Category A courses and 2 units of English) or comparable ACT Senior Secondary Certificate or International Baccalaureate subjects.
	How to apply For details, search for 'Macquarie leaders and achievers' at mq.edu.au.

For detailed information on courses and admission criteria visit uac.edu.au/mq

Trimester 1
Monday 22 March – Saturday 26 June 2021

Trimester 2
Monday 19 July – Saturday 23 October 2021

Trimester 3
Monday 15 November 2021 – Saturday 26 February 2022

STUDYING AT MIT SYDNEY

MIT Sydney in the Sydney CBD offers accredited degrees with a specialised focus on business and IT networking. You can choose to major in cyber security, accounting, management, marketing or digital marketing.

Our degrees are aligned to industry standards, as employability is at the heart of courses and student life at MIT Sydney. The Bachelor of Networking is accredited by the Australian Computer Society. The major in cyber security has been designed specifically to respond to market needs. As malware and cybercrime become more sophisticated, more cyber security specialists will be required in the years to come.

The Bachelor of Business (major in marketing or digital marketing) is accredited by the Australian Marketing Institute, while the Bachelor of Business (major in accounting) is accredited by peak bodies including CPA Australia, Chartered Accountants Australia and New Zealand, and the Institute of Public Accountants.

Embedded into every degree are real-world projects in the business and IT industries so you will have plenty of opportunities to be challenged to think outside the box. At MIT Sydney we offer 1:1 careers advice, interactive workshops, industry-based projects and more.

Students enjoy studying in the heart of Sydney. The city campus is easy to get to and has everything you need to excel in your studies – high-tech computer labs, fast wireless internet, a library, plus plenty of study spaces and chill-out areas.

Want to know more? Visit mit.edu.au or call us on 1800 648 669.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

Indigenous students studying with MIT are provided with the academic and personal support they need to enjoy and complete their studies.

SELECTION RANK ADJUSTMENTS

MIT courses do not have an ATAR requirement; however, you must successfully complete the HSC (or equivalent).

EARLY OFFER SCHEMES

There are no MIT early offer schemes.

OPEN DAY

Saturday 5 September 2020

An evening information session will also be held.
For the latest information, visit nas.edu.au.

Campus visits

You are welcome to visit the campus at any time during the year. To take a tour of the campus and meet with academic staff or our student recruitment team, call (02) 9339 8651, email student.services@nas.edu.au or stop by the student services' desk during business hours.

The National Art School campus is open from 9am to 5pm Monday to Friday and includes a cafe and art supplies store.

The NAS Gallery is open from 11am to 5pm Monday to Saturday during advertised exhibitions.

During semester, the campus is open to students for extended hours Monday to Saturday.

IMPORTANT DATES

Contact NAS for information about 2021 intakes.

STUDYING AT NAS

The National Art School (NAS) is a culturally significant Australian visual arts institution with origins that can be traced back to 1843. Situated within the historic walls of the old Darlinghurst Gaol, the School has a rich tradition of artistic practice and has produced generations of many of the country's best-known artists. The campus, located in inner-city Darlinghurst, offers a select number of full-time programs – B Fine Art and M Fine Art – as well as a comprehensive range of part-time and intensive short courses.

The National Art School uses practice-driven teaching methods and maintains a high staff-to-student ratio. Intensive instruction by over 80 eminent practising artists and art historians takes place in a studio environment. Drawing, art history and theory and their relationships to contemporary culture are taught each year in the undergraduate programs. Specialist study is offered in the studio disciplines of ceramics, painting, photography, printmaking and sculpture.

The fully accredited B Fine Art program is designed to develop the creative independence, knowledge and experience required for a career as a professional artist and the academic rigour required for further study at postgraduate level. The program is delivered full-time over three years and involves a comprehensive investigation of studio practices and historical and theoretical reflection supported by individual tutorials, peer discussions and reviews.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

There is no separate admissions process for Aboriginal and Torres Strait Islander applicants.

SELECTION RANK ADJUSTMENTS

NAS courses do not have an ATAR requirement.

EARLY OFFER SCHEMES

Schools Recommendation Schemes	Apply via UAC. Applications close 20 September.

For detailed information on courses and admission criteria visit uac.edu.au/nas

Orientation weeks are conducted every trimester, one week prior to the commencement of study periods.

STUDYING AT SAE CREATIVE MEDIA INSTITUTE

SAE Creative Media Institute (SAE) is a leading global specialist in creative media education with almost 50 campuses worldwide. SAE is committed to providing innovative, real-world learning that challenges, develops and inspires. Offering postgraduate, bachelor, associate degree, diploma and certificate courses in animation, audio, design, film, games, and web and mobile, SAE's students receive an outstanding industry-focused and internationally recognised education.

In Australia, SAE provides courses to more than 3,000 students across six campuses in Brisbane, Byron Bay, Sydney, Melbourne, Adelaide and Perth.

For over 40 years, SAE has maintained a strong commitment to providing high-quality practical education in creative media technologies, producing graduates with industry skills to fill integral professional roles within the sector. With accredited fast-tracked learning pathways, graduates can be on their way to their dream job sooner.

Each course at SAE focuses on teaching high-end technical production techniques specific to its niche, as well as developing broader industry perspectives and creative, analytical, communication and project management skills.

Course content has been structured to align with current industry practices and includes intensive training in world-class facilities with cutting-edge equipment and software, as well as industry-based internships.

As part of SAE courses, students engage in many collaborative multi-discipline real-world projects that replicate industry scenarios. This ensures students hone their technical knowledge and analytical skills while developing their creativity.

SAE offers flexible payment options, including payment plans, as well as access to FEE-HELP or VET Student Loans.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

All Aboriginal and Torres Strait Islander students who do not meet the entry requirements for our courses are encouraged to call the SAE admissions team on 1800 723 338 and arrange for an interview.

SAE acknowledges that many factors could demonstrate your suitability for entry to SAE courses, including community engagement, prior work history, and family commitments.

SELECTION RANK ADJUSTMENTS

SAE courses do not have an ATAR requirement.

website: sibt.nsw.edu.au

OPEN DAY

Campus visits

For personalised campus tours/appointments and course information, call (02) 9964 6555 or email study@sibt.nsw.edu.au.

IMPORTANT DATES

Session 1
March – June 2021

Session 2
July – October 2021

Session 3
October 2021 – February 2022

For exact dates visit sibt.nsw.edu.au/important-dates.

STUDYING AT SIBT

SIBT is your direct pathway to Western Sydney University, Sydney City campus. Our flexible entry criteria will allow you to complete a diploma program and progress to the second year of your university studies. If you successfully complete your diploma, you are guaranteed a place at Western Sydney University, Sydney City campus.

Why study at SIBT?

A range of pathways to degrees in: accounting, business, communications (advertising, journalism, public relations), engineering, information technology and social science (criminology and criminal justice).

Flexible study options
Start in March, July or October and choose to accelerate your studies and complete a diploma in just eight months.

Personalised learning
With smaller classes, student support and a personalised learning experience, SIBT helps you to improve your academic performance and prepare you for life beyond the lecture room.

Help when you need it
Our Student Services team is here to help you and guide you throughout your journey. Whether you are having trouble studying, with assignments or any other personal matter, our staff will support you.

University preparation programs
We offer all students programs to help with skills such as literacy, time management, self-directed learning, assignment preparation and stress management.

Guidance from peer mentors
Selected senior SIBT students work as trained peer mentors who will share their passion and experience to make you feel welcome and provide you with essential information about campus life.

Sydney City is your campus
Located in the heart of Sydney CBD, on Western's Sydney City campus, SIBT's central location provides convenient access to transport and all the facilities and services you may need.

Since 1997, over 25,000 graduates have successfully completed their SIBT diploma program and 90% of students have progressed to university.

Begin your study journey with SIBT and we'll help you to make your #UniGoals happen.

International Year 12 students apply directly to SIBT.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

Aboriginal and Torres Strait Islander people who don't meet the academic requirements may be admitted to a foundation or diploma program (depending on what level of high school they completed) based on demonstrable expertise and relevant work experience.

Applicants are required to provide a Statement of Purpose, information on work experience and any studies undertaken since leaving high school.

For details, call the admissions office on (02) 9964 6555.

SELECTION RANK ADJUSTMENTS

ATARs are not used for admission to SIBT. Admission is based on successful completion of an Australian Year 12 qualification (or international equivalent).

SIBT will give special consideration to students who have experienced disadvantage in education and employment in the past, including those from an Aboriginal and Torres Strait Islander background, people with a disability and people from culturally and linguistically diverse backgrounds.

For details, call the admissions office on (02) 9964 6555.

EARLY OFFER SCHEMES

There are no SIBT early offer schemes.

For detailed information on courses and admission criteria visit uac.edu.au/sibt

Monday 5 July – Wednesday 29 September 2021

Orientation
Monday 28 June – Friday 2 July 2021

Session 3
Monday 1 November 2021 – Wednesday 19 February 2022

Orientation
Monday 25 – Friday 29 October 2021

STUDYING AT SOUTHERN CROSS UNIVERSITY

Southern Cross University is a multi-campus university on Australia's east coast. We are proud of our reputation as a progressive institution, engaging with the communities we serve to create change that has impact around the world.

Our campuses are located on the southern Gold Coast adjacent to Gold Coast Airport, and in Lismore and Coffs Harbour in NSW, where the University's National Marine Science Centre is also located. The University operates The Hotel School Sydney, Melbourne and Brisbane in partnership with Mulpha Australia.

The regions we call home all have unique characteristics as study locations – from cosmopolitan cities, thriving industries and coastal lifestyles to living laboratories of great natural beauty and ecological diversity, right next to the campus.

Southern Cross delivers degrees on campus and online, with a rich academic portfolio covering the arts and humanities, media, music and creative arts, social sciences and community welfare, health (including nursing and midwifery, osteopathy and a selection of allied health specialities), law (including a suite of double degrees), teaching and education, information technology, tourism and business, science and engineering as well as marine, forest and environmental science and Indigenous knowledge.

Southern Cross has been ranked in the top 150 young universities in the world by the Times Higher Education World University Rankings 2019. It's an accolade we don't take lightly – we are constantly reviewing our degrees and pathway programs to make sure you are equipped with the skills and knowledge you need to forge your 21st century career.

International Year 12 students apply directly to Southern Cross University.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

If you are an Indigenous Australian and do not receive an offer to Southern Cross University based solely on your application, there is a pathway scheme available.

The Testing and Assessment Program allows you to sit an assessment task and then discuss your options for University admission. This may include you receiving an offer into the course you have applied for or considering a pathway into your preferred course.

Indigenous Australian Student Services (IASS) provides an extensive service to all Aboriginal and Torres Strait Islander students who are studying at Southern Cross University. There are IASS officers at each campus.

For all details, search for 'IASS' at scu.edu.au.

SELECTION RANK ADJUSTMENTS

There are no SCU selection rank adjustments available.

EARLY OFFER SCHEMES

STAR	**Important dates** Applications close: 11 September Offers released: 9 November
	Assessment criteria – Attend SCU partner schools. Your school can sign up by emailing starentry@csu.edu.au. – High school results – Principal's recommendation
	How to apply Submit a direct application to SCU For details, go to scu.edu.au/star

For detailed information on courses and admission criteria visit uac.edu.au/scu

A better way to think.

Southern Cross University is a different kind of university. We combine academic and research excellence with outstanding learning opportunities and a commitment to what matters, from protecting and managing our precious natural environments to understanding and advancing our human world.

STUDYING AT TORRENS UNIVERSITY

Torrens University Australia was designed with one purpose: employability. It's at the centre of all we do, with 95% of graduates finding a job they love within one year.

Built on the strong foundations of our distinguished schools and colleges, such as Billy Blue College of Design and Blue Mountains International Hotel Management School, Torrens University is Australia's newest and fastest growing university. All of our undergraduate and postgraduate courses are designed with and for industry.

Students complete practical work experience and internships with some of the most influential brands in the world and have access to cutting-edge facilities and technology. Many Torrens University graduates secure jobs with the organisations they've worked with as part of this program, or through connections they've made during their studies.

Our research- and career-oriented academic staff, together with our industry partners, help students to bridge the gap between study and work.

With campuses in Sydney, Melbourne, Adelaide, Brisbane and online, you can start your course in Sydney and finish it in Brisbane, or choose to study units online and complete your qualification with flexibility that suits you. When you study at Torrens University, you will learn in small class sizes so that you have individual 1:1 support from your teachers.

All Torrens University, students are assigned an individual success coach who'll help you identify and apply your strengths within the classroom and beyond.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

Torrens University is committed to ensuring that Aboriginal and Torres Strait Islander students have access to all our services and are supported throughout their academic journey.

We have a range of support services and other resources available, such as scholarships and the yarning space. For further information, search for 'Indigenous students' at studenthub.torrens.edu.au.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

Torrens University will increase your selection rank across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – For details, go to uac.edu.au/eas Other consideration – To discuss options, call 1300 575 803
Location adjustments For students who live in regional areas	– Max. 5 points / automatically applied
Elite athlete and performer adjustments	None
Subject adjustments For students who achieve a Band 2 or above in three subjects (one related to the field of study)	– Automatically applied – For details, call 1300 575 803

EARLY OFFER SCHEMES

Monday 26 – Friday 30 July 2021

STUDYING AT THE UNIVERSITY OF CANBERRA

The University of Canberra is a young, vibrant and pragmatic university with a clear public purpose serving the community of Canberra and the surrounding regions – city to coast, alpine to tablelands. Our home in Canberra is a place where ideas are born, creativity is explored and opportunity is created.

Whether it's solving environmental challenges, meeting the healthcare needs of our community or equipping the leaders of the future, our University is an embodiment of our city. Though our home is in Canberra, our global connections are deep and far-reaching through our research, business connections, alumni networks and partnerships.

With a real-world, practical approach to education and deeply embedded work-based learning, our graduates enjoy a 90% employment rate and higher starting salaries than the Australian university average (2019 Graduate Outcomes Survey). Many of our 86,000 alumni hold influential positions in public and private sectors in 120 countries.

Our ambition, talent and drive have seen us rocket up the international rankings, placing us in the top 1% of universities worldwide and the top 10 universities in Australia (The Times Higher Education World University Rankings 2020).

We are a leading sports institution with strong ties to elite sporting teams. We also have world-class health facilities, including our integrated health precinct, which provides access to cutting-edge learning and research environments.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

If you do not meet standard entry requirements you may apply for admission to the UC College Aboriginal and Torres Strait Islander Foundation Program. The University also reserves places in nominated courses in each intake. These places are awarded on merit, including performance in an interview.

If you identify as Aboriginal or Torres Strait Islander when you apply through UAC, you may be eligible to have your selection rank increased: see 'Selection rank adjustments' on the next page.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

The University of Canberra will increase your selection rank by a **maximum of 20 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 10 points – For details, go to uac.edu.au/eas
Location adjustments For students who attend a rural or regional school	– Max. 10 points / automatically applied – For details, go to uac.edu.au/eas
Elite athlete and performer adjustments For elite athletes or sporting coaches whose sporting commitments have affected their academic performance	University Priority Group – Submit a direct application to University of Canberra – Max. 5 points across all University Priority Groups – Does not apply to elite performers – For details, including supporting statement and evidence requirements, search for 'adjustment factors' at canberra.edu.au
Subject adjustments For students who perform well in HSC subjects (or equivalent) related to specific University of Canberra course preferences	– Max. 10 points / automatically applied – Excludes preferences to B Physiotherapy and B Midwifery – For details, search for 'adjustment factors' at canberra.edu.au.
University Priority Groups For students from priority groups defined by the university	Aboriginal or Torres Strait Islander applicants – Identify as Aboriginal or Torres Strait Islander in your UAC application – Max. 5 points across all University Priority Groups Australian Defence Force (ADF) personnel and reservists – Submit a direct application to University of Canberra – Max. 5 points across all University Priority Groups – For details, including supporting statement and evidence requirements, search for 'adjustment factors' at canberra.edu.au Also see 'Elite athlete and performer adjustments' above

EARLY OFFER SCHEMES

Schools Recommendation Schemes	Apply via UAC. Applications close 20 September.

STUDYING AT UNE

On campus

The University of New England (UNE) remains one of the few universities to provide the complete on-campus experience, with a vibrant, supportive community, small classes and access to your lecturers.

Affordable accommodation options put you right at the heart of the action, giving you maximum independence and access to academic, sporting and social facilities.

All of this means that you get every opportunity to reach your full potential and get the very best start (plus some great memories along the way).

UNE is the only Australian public university awarded the maximum 5 stars for Overall Experience 14 years in a row.[1]

1 The Good Universities Guide Ratings 2007–20. The Good Universities Guide provides the only independent performance ratings of Australian undergraduate courses and their providers.

Online

UNE has been the leading innovator of flexible study for over 60 years because we're committed to helping our students balance their study with other commitments. Students can study online across three study periods with 24/7 online tutor support. UNE has a campus in Armidale and study centres in Parramatta, Taree, Tamworth and several other locations throughout regional NSW.

Pathways

UNE offers a range of entry pathways into degrees, including a popular Early Entry program for school-leavers. Many students without entry qualifications choose to study the Pathways Enabling Course which provides entry to many of UNE's degrees. This course has no tuition fees for domestic students and can be studied online from home.

Visit une.edu.au/pathways for more information.

International Year 12 students apply directly to UNE.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

The Oorala Aboriginal Centre provides coordinated academic services and study facilities for Aboriginal and Torres Strait Islander students.

Oorala also offers dedicated pathways to Aboriginal and Torres Strait Islander applicants seeking admission to UNE. The Internal Selection Program is a one-day testing and assessment program which focuses on each participant's study skills and career goals. Following an interview, participants are recommended for admission to either mainstream UNE courses or the TRACKS Tertiary Preparation Program and advised on suitable alternatives for study in their chosen field.

The TRACKS Tertiary Preparation Program is a flexible, on-campus or online university preparation course. The program provides Aboriginal and Torres Strait Islander students with the opportunity to access and explore tertiary education, while also developing the skills required for undergraduate study. Successful completion of TRACKS will provide entry into an undergraduate degree program.

To find out more, search for 'Oorala' at une.edu.au.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

UNE will increase your selection rank by a **maximum of 5 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 5 points – For details, go to uac.edu.au/eas
Location adjustments For students who live in regional, rural and remote locations	– 5 points / automatically applied – Excludes B Laws (3 years), Joint Medical Program, B Music and B Psychology with Honours – For details, and a link to an eligible postcode look-up tool, search for 'adjustment factors' at une.edu.au
Elite athlete and performer adjustments	None For details of UNE's Elite Athletes Program, go to une.edu.au/current-students/support/student-support/elite-athlete-program
Subject adjustments	None

Free Campus Tour

A free Campus Tour might be just the thing to help you decide where to study.

On a UNE Campus Tour you will see our vibrant residences, state-of-the-art sporting facilities, our libraries, cafés and shops.

See where you'll live, study and play. Campus Tours run all year round by appointment (excluding weekends and public holidays).

Bookings are essential. Families and friends are welcome.

To book a tour visit:
une.edu.au/campustours

Saturday 1 August 2020

Newcastle campuses – Callaghan and City
Saturday 29 August 2020

Campus visits

Join us for a student-led campus walking tour and see the highlights of our Newcastle or Central Coast campus. To book a tour, visit newcastle.edu.au/tours, or for further information email futurestudents@newcastle.edu.au.

IMPORTANT DATES

Semester 1
starts Monday 22 February 2021

Mid-semester recess Monday 15 – Monday 19 April 2021

Exams Monday 7 – Friday 18 June 2021

Semester 2
starts Monday 19 July 2021

Mid-semester recess Monday 20 September – Friday
1 October 2021

Exams Monday 1 – Friday 12 November 2021

STUDYING AT THE UNIVERSITY OF NEWCASTLE

We take education outside the classroom and beyond the textbooks. Our strong partnerships with local and global organisations ensure everything you study is shaped by the real world. Whether you study at our Newcastle (Callaghan), Newcastle City or Central Coast (Ourimbah) campus, access to internships, work experience and industry connections is embedded in all our degrees.

When it comes to lifestyle, you can't go wrong. Think stunning beaches, public art, a buzzing music scene, chilled-out cafes, eclectic markets, micro-breweries and small bars. The people are friendly, and the coffee culture is taken seriously. If sports are your thing, make sure you experience the excitement of an A-League or NRL game.

Maybe you're keen to take your studies around the world? With more than 100 partner universities spanning all major continents, we've got you covered.

Or, if you're not quite sure whether attending university is possible for you – we hear you. Helping people access higher education is in our DNA.

We're proud to be the largest provider of pathway programs in Australia. So, if you didn't quite get the marks you expected, or financial stress is holding you back, get in touch with us.

We also offer hundreds of scholarships to support our Indigenous students, students with educational or financial disadvantage, elite athletes, students who have achieved academic excellence and many more.

Need a place to stay? Take advantage of our award-winning student accommodation. Living on-campus is ideal if you're looking to meet new friends, get involved with social activities and have access to countless amenities.

So take the leap. Choose a university that embraces new technologies and pushes boundaries. That connects you with industry and helps you stand out in the crowd. Graduate ready to make an impact.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

Australian Aboriginal and Torres Strait Islander applicants can access university study through standard entry and/or pathway procedures. Australian Aboriginal and Torres Strait Islander students are enrolled in a variety of degrees and preparatory courses across the University.

Aboriginal and Torres Strait Islander applicants are invited to the University to participate in an interview prior to admission. Applicants may gain direct entry or be advised to undertake an enabling program offered through the University's English Language and Foundation Studies Centre.

For more information, visit newcastle.edu.au/study/undergraduate/getting-in/entry-schemes.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

The University of Newcastle will increase your selection rank by a **maximum of 12 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 4 points – For details, go to uac.edu.au/eas
Location adjustments For students who attend school in selected regions	Regional and Rural Adjustment Scheme – 5 points / automatically applied – For details, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes
Elite athlete and performer adjustments	– Submit an application directly to NUsport at the University of Newcastle – Max. 4 points / automatically applied – For details, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes
Subject adjustments For students who perform well in HSC subjects related to their Newcastle course preferences	– Max. 4 points – For details, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes

EARLY OFFER SCHEMES

Schools Recommendation Schemes	Apply via UAC. Applications close 20 September.
Indigenous Law Early Entry Program Indigenous HSC students are invited to apply for entry to 483100 B Laws (Honours) Combined.	**Important dates** List 483100 B Laws (Honours) Combined as a UAC preference: midnight 13 September 2020 Submit direct application to Newcastle Law School: midnight 13 September 2020 Offers released: 9 October (October Round 1)
	Assessment criteria – Strong performance across Year 11 – School recommendation – Selection interview For details of requirements, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes.
	How to apply – List 483100 B Laws (Honours) Combined as a UAC preference. – Submit direct application to Newcastle Law School by midnight 13 September 2020: go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes.
Year 12 Subject Spotlight Your performance in your Year 12 subjects is matched to related degrees.	**Important dates** Eligible applicants notified between the release of HSC results on 15 December and the deadline for close of preferences for December Round 2 (17 December). Offers released in December Round 2 (21 December)
	Assessment criteria Strong performance in one or more subjects related to your degree. View requirements for each degree at newcastle.edu.au/study/undergraduate/getting-in/entry-schemes.
	How to apply No separate application required. Apply via UAC.

For detailed information on courses and admission criteria visit uac.edu.au/uon

IMPORTANT DATES

Welcome week
starts Monday 15 February 2021

Session 1
starts Monday 22 February 2021

Session 2
starts Monday 2 August 2021

STUDYING AT SYDNEY

The Sydney Undergraduate Experience offers degrees to prepare you for a future full of possibilities. You will complete your course with the confidence and ability to think critically, collaborate productively and influence the world.

By choosing from our range of professional, specialist, liberal studies, and combined and double degrees, you'll have the opportunity to gain expertise in your primary field of study and learn from industry leaders. The shared pool of majors allows you to develop expertise in a second field of study and build cross-disciplinary knowledge from study areas outside your primary degree. Many degrees can also be combined with the Bachelor of Advanced Studies. Taken over four years, this combined degree gives you the opportunity to take on advanced coursework and a double major.

You can enhance your university experience and graduate with work-ready skills by taking short, on-demand and workshop-supported courses in our Open Learning Environment.

Placement and exchange opportunities are also available, and for students with exceptional academic ability who want to be challenged, the Dalyell Scholars stream provides access to advanced coursework, as well as leadership and mentoring programs.

Join the University of Sydney and discover why we are number one in Australia and fifth in the world for graduate employability in the QS 2019 Graduate Employability Rankings and have 13 disciplines ranked among the top 20 in the QS 2019 Subject Rankings.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

The University is committed to supporting Aboriginal and Torres Strait Islander students to succeed in higher education. The Gadigal Program is an admissions pathway and support program for Aboriginal and Torres Strait Islander people who want to study at the University of Sydney.

Any course offered by the University (excluding block-mode and away-from-base courses) can be studied through the Gadigal Program. You may be required to complete an additional assessment as part of your application. If you are younger than 21, you need to have completed the HSC or equivalent but are not required to have an ATAR.

To be considered for entry through the Gadigal Program, you need to submit your UAC application along with a separate Gadigal Program application, directly to the University. To apply online, visit gadigal.sydney.edu.au.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

The University of Sydney does not accumulate points across the following categories. You will be awarded the points that benefit you the most.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) / Broadway Scheme – Submit an EAS application via UAC – Max. 10 points (depends on course demand, availability of courses and severity of the disruption to your studies) – Excludes Medicine double degrees
Location adjustments	None
Elite athlete and performer adjustments	– Submit two applications: ▪ your UAC application ▪ a separate application form (and supporting documentation) for the Elite Athletes and Performers Scheme: visit sydney.edu.au/admission-pathways – Max. 5 points
Subject adjustments For students who have achieved Band 5 or 6 in English Advanced or Mathematics Advanced (or E4 in extension courses)	Academic Excellence Scheme – Max. 5 points / automatically applied

EARLY OFFER SCHEMES

Schools Recommendation Schemes	Apply via UAC. Applications close 20 September. The SRS application does not take effect on its own; you must complete all components of the E12 application.
E12 (via SRS application)	**Important dates** SRS/E12 applications close: 20 September. Do not remove your E12 course from your preferences after this date. Conditional offers released: 12 November Unconditional offers released: 21 December
	Assessment criteria – EAS application – SEIFA index – E12 questions – SRS application **Tip:** If your residential address lies within the lowest 30% of the SEIFA index, you will receive an email to this effect the day after you complete your UAC application for undergraduate admission. You will then know if you have met this criteria.
	How to apply – Check that you meet the E12 eligibility criteria for admission (financial hardship + SEIFA index lowest 25%), choose an E12-eligible course and download the E12 application questions: search for 'early offer Year 12 scheme' at sydney.edu.au. – Talk to your principal and careers adviser about applying for E12. – Complete your UAC undergraduate application and include your E12-eligible course as a preference. – Apply for EAS at the end of your UAC application (financial hardship disadvantage F01A, F01B, F01C or F01D). – Apply for SRS at the end of your UAC application or via the UAC website and upload your answers to the E12 question.

For detailed information on courses and admission criteria visit uac.edu.au/usyd

STUDYING AT UTS

You're young and bright. So are we.

Like you, we're adaptive. We're resourceful and technology-driven. Our youth makes us curious – but it doesn't limit our success. Need proof? We're Australia's number one ranked university under 50 years old.[1] We've also joined the world's research elite, with a place in the top 150 universities in the world.[2] Imagine where we'll both be tomorrow.

Find inspiration. In a community of innovators.

When you choose UTS, you'll join a community of inspired – and inspiring – students, academics and creative industry partners on our vibrant and re-invented campus. What's more, we're located right in the heart of Sydney's leading digital and creative precinct, with countless opportunities right on our doorstep.

Start your career. Long before you graduate.

Nothing prepares you for the real world like industry experience. That's why hands-on, practice-based learning experiences are key to our courses. Open the door to work placements, community and case-based projects, and real-life simulations – and make yourself highly sought after by employers worldwide.

Play out your ideas here. To thrive out there.

We're known for being the most industry-focused of all Sydney metro unis,[3] and that's no accident – at UTS, our course content and industry opportunities are a launching pad for new ideas. No matter what you study, we'll support you to work with creative techniques and innovative solutions that push the boundaries of your future profession.

2 QS World University Rankings 2020
3 RepTrak Survey 2019

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

The Jumbunna Institute for Indigenous Education and Research provides support and access to all Australian Aboriginal and Torres Strait Islander applicants who would like to study at UTS via the Jumbunna Pathways Program.

In collaboration with UTS Insearch, a number of tuition-free scholarships are available to applicants of the Jumbunna Pathways Program. Upon successful completion of the UTS Insearch diploma program, students will be offered a place in an undergraduate degree at UTS.

For further information, visit uts.edu.au/future-students and select 'Indigenous Australians.'

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

You may be eligible for adjustment points across the following categories. Go to uts.edu.au/admission-schemes for more information.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Complete an EAS application via UAC – 10 points for eligible applicants – For details, go to uac.edu.au/eas
Location adjustments	None
Elite athlete and performer adjustments For students whose studies have been impacted by representing their school or state at a national level competition/event	– Submit an Elite Athletes and Performers application directly to UTS – 5 points for eligible applicants – For details, search for 'admission schemes' at uts.edu.au
Subject adjustments For students who perform well in HSC subjects related to specific UTS course preferences	– Max. 5 points / automatically applied – Min. ATAR (or equivalent) of 69.00 required – Excludes courses from the Faculty of Law, and Education courses from the Faculty of Arts and Social Sciences
Women in engineering, information technology and construction For female applicants to selected engineering, information technology or construction project management courses	– 10 points / automatically applied – For details of specific courses, search for 'Women in engineering, IT and construction' at uts.edu.au

EARLY OFFER SCHEMES

Schools Recommendation Schemes	Apply via UAC. Applications close 20 September.

UNIVERSITY OF WOLLONGONG AUSTRALIA

University of Wollongong
CRICOS provider number 00102E

GET IN TOUCH

UOW Future Students
University of Wollongong
Wollongong NSW 2522

tel: 1300 367 869 (within Australia)
+61 2 4221 3218 (International)
email: futurestudents@uow.edu.au
website: uow.edu.au/study

In person

UOW Student Central (Ground Floor, Building 17)
Northfields Avenue, Keiraville NSW 2500

OPEN DAY

Saturday 8 August 2020 – openday.uow.edu.au

Spend the day on campus and have all your questions answered. Hear about our world-class programs, explore our facilities, and see why UOW is the best choice for your tertiary study.

Campus tours

Join us for a one-hour tour of our Wollongong campus every Friday at 10.30am and 2.30pm (excluding public holidays). These tours are conducted by current UOW students and can include a visit to our accommodation facilities. Tours at other UOW campuses can be arranged.

Call 1300 367 869 or book online at uow.edu.au/study/visit.

IMPORTANT DATES

Autumn 2021
Monday 1 March – Thursday 24 June 2021

Orientation
Tuesday 23 February – Thursday 25 February 2021

Mid-year recess 2021
Monday 28 June – Friday 23 July 2021

Spring 2021
Monday 26 July – Thursday 18 November 2021

Orientation
Monday 19 July 2021

STUDYING AT UOW

Ranked the number 1 university in NSW overall,[1] the University of Wollongong (UOW) not only focuses on teaching you specialist knowledge, but also the skills needed to adapt and solve tomorrow's challenges.

This approach, which emphasises practical experience and real-world learning, inspires you to follow your passions, stand for purpose and connect with the brightest minds across the globe. Graduating with the tools necessary to solve complex social, environmental or economic challenges, you will gain the edge in a competitive job market. In fact, employers are more satisfied with UOW graduates than with graduates of all other NSW universities.[2]

University is a time to find yourself and become more independent. With myriad opportunities for development, fun and self-discovery available at UOW, you will soon find your place and your people. You'll need a good mix of challenges and support to succeed, which is why UOW students rate their student support and skills development experiences five stars.[3]

UOW has nine campus locations across NSW, plus a growing reach of international campuses and partner institutions. So, wherever you choose to study, you'll be joining a global community of learning.

Advanced study programs are also available for high achieving students, offering self-directed study and research opportunities – the kind not usually available to undergraduate students. Many of our Dean's Scholar degrees provide an academic mentor from your area of study and the chance to potentially fast-track your degree.

Studying with UOW, one of the world's top 20 modern universities,[4] earns you a globally recognised and respected degree – your passport to a world of opportunity.

1 Quality Indicators for Learning and Teaching (QILT) 2019
2 QILT Employer Satisfaction Survey 2019
3 Good Universities Guide 2020
4 QS Top 50 Under 50 2020

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

The Woolyungah Indigenous Centre's Indigenous Admissions Program offers a pathway for Australian Aboriginal and Torres Strait Islander people, over the age of 17, seeking entry into UOW's undergraduate programs.

For more information, search for 'Woolyungah' at uow.edu.au.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

UOW will increase your selection rank by a **maximum of 10 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 5 points – For details, go to uac.edu.au/eas
Location adjustments For students who attend school in UOW's catchment area or in regional and remote areas	School in UOW catchment area or regional NSW – 3 points / automatically applied – To check if your school is eligible, search for 'catchment adjustments' at uow.edu.au Applicants for B Pre-Medicine, Science and Health – Applies to students living in regional, rural or remote areas defined by the Australian Statistical Geographical Classification - Remoteness Area (ASGC-RA) (abs.gov.au) – 5 points / automatically applied – For more information, search for 'ATAR-based information' at uow.edu.au
Elite athlete and performer adjustments	Currently under review. For the latest information, visit uow.edu.au/study/high-school/apply
Subject adjustments For students who perform well in HSC subjects related to specific UOW course preferences	– Max. 3 points / automatically applied – For details, search for 'subject adjustments' at uow.edu.au

EARLY OFFER SCHEMES

Early Admission	**Important dates** Applications open: 20 July Applications close: 14 August Invitations to Early Admission Days emailed: Week beginning 14 September Early Admission Days: Week beginning 28 September Conditional offers released: Week beginning 12 October Unconditional offers released: On completion of HSC/IB/equivalent
	Assessment criteria – On track for an ATAR, IB or equivalent – Year 11 and 12 results, including trial results – Responses to questions in your application addressing the themes of academic readiness, motivation and passion, planning and persistence, communication and collaboration – Interview and/or registered attendance at an Early Admission Day
	How to apply Submit direct application to UOW: search for 'early admission' at uow.edu.au.

For detailed information on courses and admission criteria visit uac.edu.au/uow

OPEN DAYS

UNSW Sydney Open Day	Saturday 5 September 2020
UNSW Canberra Open Day	Saturday 22 August 2020

Campus visits

A UNSW campus tour is a great way to see if UNSW is the right place for you. Our campus tours are guided by highly trained and experienced Student Ambassadors who can tell you the ins and outs of study at UNSW while showing you all that the University has to offer.

With tours held fortnightly on Fridays throughout the year and on the first Saturday of each month, we're ready to welcome you to the UNSW Kensington campus when it suits you. Tours of the UNSW Art & Design campus in Paddington also run on the first Thursday of most months. Visit campustours.unsw.edu.au to register.

IMPORTANT DATES

Term 1
Monday 15 February – Friday 14 May 2021

Study period
Wednesday 28 April – Friday 30 April 2021

Term break
Saturday 15 May – Sunday 30 May 2021

Term 2
Monday 31 May – Thursday 26 August 2021

Study period
Tuesday 10 August – Thursday 12 August 2021

Term break
Friday 27 August – Sunday 12 September 2021

Term 3
Monday 13 September – Thursday 9 December 2021

Study period
Tuesday 23 November – Thursday 25 November 2021

STUDYING AT UNSW SYDNEY

UNSW Sydney is an internationally acclaimed teaching and research powerhouse that provides students with a learning experience packed with academic programs, extra-curricular activities and educational services.

As one of the world's top 50 universities, UNSW boasts academics who are global leaders in their fields, while its students enjoy access to world-class facilities, interact with industry leaders and apply the latest research to real-world situations.

UNSW students are encouraged to challenge traditional thinking, to push boundaries, and innovate.

UNSW offers an extensive range of undergraduate, postgraduate and research programs. It attracts talented students from across Australia and around the world.

Located just 7km from Sydney's CBD and close to both Coogee and Bondi Beach, UNSW is one of Australia's most cosmopolitan universities — with its 60,000 students coming from 128 countries.

UNSW offers students a wealth of opportunities beyond the classroom, enabling its graduates to build their future career.

An extensive range of Work Integrated Learning (WIL) units are available to give students first-hand industry experience and gain credit towards their degree.

UNSW's 3+ academic teaching calendar, made up of three 10-week teaching terms and an optional intensive summer term, offers flexibility and time for students to pursue professional development opportunities in Australia and around the globe.

UNSW has a proud tradition of sustained innovation, focusing on areas critical to our future — from climate change and renewable energies to lifesaving medical treatments and breakthrough technologies. In the social sciences, UNSW research informs policy and expert commentary in key issues facing society, ranging from human rights and constitutional recognition of Indigenous Australians to public health and population ageing.

AUSTRALIAN ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

UNSW offers two alternative entry programs for Indigenous Australians. The entry pathway program you apply for will depend on the degree you want to study. Throughout these programs you will be assessed on your commitment, attitude and aptitude towards your studies and your ability to participate academically in your selected discipline.

UNSW Indigenous Preparatory Programs (Pre-Programs)

The Pre-Program for Business, Education, Law, Medicine, Science and Engineering, and Social Work is a three-week residential program that involves participation in lectures, tutorials, group work, social activities, exams and assessments. Selection for the program is based on the submission of an application. For more information, visit nuragili.unsw.edu.au/preprograms.

UNSW Indigenous Admission Scheme (IAS)

IAS is a one-day alternative entry program that involves an application through Nura Gili. You will be invited to visit Nura Gili to have a conversation with faculty and Nura Gili staff about your aspirations for university studies and undertake a written and numeracy task. The scheme is suitable for students wishing to undertake an undergraduate degree in Arts and Social Science (excluding Education and Social Work), Art and Design, Built Environment, Exercise Physiology, Engineering and/or Science. For more information, visit nuragili.unsw.edu.au/ias.

Enabling programs for Australian Aboriginal and Torres Strait Islander People

The Humanities Pathway Program is a one-year program that provides a pathway into academic study in Arts, Social Sciences and Law for Australian Aboriginal and Torres Strait Islander students who may need to gain further knowledge in their selected discipline or better prepare themselves for university. For more information, visit nuragili.unsw.edu.au/unswenablingprograms.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

UNSW will increase your selection rank by a **maximum of 10 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) / UNSW ACCESS Scheme – Submit an EAS application via UAC – Max. 10 points – For details, go to uac.edu.au/eas
Location adjustments For students who have attended schools located in low-socioeconomic, regional and remote areas	UNSW Gateway Entry Scheme – Max. 10 points / automatically applied – Only applicable to courses with guaranteed entry rank of 90.00 or below – For details, search for 'UNSW Gateway' at unsw.edu.au
Elite athlete and performer adjustments For students who have excelled in areas of sport, academia, leadership, and/or music at an elite level	UNSW Elite Athletes, Performers and Leaders (EAPL) Program – Submit an application direct to UNSW – Max. 5 points – For details, search for 'EAPL' at unsw.edu.au
Subject adjustments For students who perform well in Year 12 subjects relevant to specific UNSW course preferences	HSC Plus – Max. 5 points / automatically applied – For details, search for 'HSC Plus' at unsw.edu.au

EARLY OFFER SCHEMES

There are no UNSW early offer schemes.

STUDYING AT UNSW CANBERRA – ADFA

UNSW Canberra at the Australian Defence Force Academy (ADFA) is the Canberra-based campus of UNSW Sydney (University of New South Wales). ADFA is a unique partnership between the Australian Defence Force and UNSW Canberra, providing training and education for future leaders of the Australian Defence Force.

UNSW Canberra also provides education to non-Defence applicants pursuing studies in Engineering, and Engineering/Science double degree programs. Students can apply to be considered under the Defence Civilian Undergraduate Sponsorship scheme into Engineering, and Computing and Cyber Security degree programs.

International students cannot apply to ADFA.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

Aboriginal and Torres Strait Islander applicants should contact Student Administrative Services on (02) 6268 6000 or email sas@adfa.edu.au.

EARLY OFFER SCHEMES

There are no UNSW early offer schemes.

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

UNSW will increase your selection rank by a **maximum of 10 points** across the following categories.

IMPORTANT DATES

University campuses

Autumn session
Monday 1 March 2021 – Sunday 27 June 2021

Spring session
Monday 19 July – Sunday 14 November 2021

Sydney City campus

Session 1
Monday 8 March – Sunday 13 June 2021

Session 2
Monday 5 July – Monday 4 October 2021

Session 3
Monday 1 November 2021 – Monday 7 February 2022

The College

Term 1
Monday 1 March – Sunday 6 June 2021

Term 2
Monday 28 June – Sunday 3 October 2021

Term 3
Monday 25 October 2021 – Sunday 6 February 2022

Academic calendar

For important dates concerning teaching periods, study breaks and vacation periods check the main University calendar at westernsydney.edu.au/dates.

STUDYING AT WESTERN SYDNEY UNIVERSITY

Western Sydney University prides itself on challenging the traditional notion of what a university should be. We are deeply embedded in the community and the region we serve, Australia's fastest growing economy.

We are dedicated to ensuring our students enjoy a dynamic learning experience. From our award-winning, tech-infused vertical campuses in Western Sydney's growing CBDs, to the forward-focused new teaching methodologies, we ensure you are well prepared for the future.

According to Times Higher Education World University Rankings (2019–20), Western is in the top 2% of universities in the world and #1 globally for gender equality.

We demonstrate our pledge to students with our unique early offer program, HSC True Reward. We recognise that you are more than your ATAR so we focus instead on your strongest skills and the subjects in which you excel. At Western we make early offers into a University degree based on corresponding HSC subject band outcomes.

And we're not stopping there. We're working on ways to measure skills such as resilience, time management, the ability to form networks and cultural capital – recognising the critical life skills needed.

For high achievers, The Academy at Western Sydney University is a program that challenges our students to think differently and cultivates leadership skills. We empower our students with professional and personal experiences so they can influence global change.

With more than 180,000 highly respected alumni, the University offers the benefits of a dynamic, culturally rich and globally aware graduate community.

Find your unlimited with Western Sydney University.

ABORIGINAL AND TORRES STRAIT ISLANDER APPLICANTS

In addition to applying through UAC, Aboriginal and Torres Strait Islander applicants may wish to be considered for entry through the Aboriginal and Torres Strait Islander Pathway Program.

For more information, call the Course Information Centre on 1300 897 669 or visit the Western Sydney University website at westernsydney.edu.au and search for 'Aboriginal and Torres Strait Islander Pathway Program.'

SELECTION RANK ADJUSTMENTS

Refer to pages 32–33 for an explanation of selection rank adjustments.

Western Sydney will increase your selection rank by a **maximum of 10 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 5 points – For details, go to uac.edu.au/eas
Location adjustments For students living or studying in the Western Sydney region	– Max. 5 points/automatically applied – To check if your postcode is included, search for 'regional bonus points' at westernsydney.edu.au
Elite athlete and performer adjustments For athletes and performers whose commitments have impacted their Year 12 studies	– Submit a direct application to Western: search for 'Elite Athletes or Performers Scheme' at westernsydney.edu.au – Max. 5 points
Subject adjustments For Band 5 or 6 (and small range of Band 4) results in any HSC or IB subjects relevant to the degree you want to study	HSC True Reward – Max. 10 points/automatically applied – For details, search for 'subject bonus points' at westernsydney.edu.au

WESTERN SYDNEY UNIVERSITY THE COLLEGE

The College is an alternative pathway to Western Sydney University for students who do not qualify for direct entry. The College offers a comprehensive range of integrated diploma/bachelor courses, extended diplomas and University Foundation Studies. Small class sizes enable personal attention from dedicated teaching staff to provide a well supported environment to help students succeed in their tertiary study and realise their potential.

WILLIAM ANGLISS INSTITUTE	204

Course SEEKER

INTRODUCTION

The institutions in this section manage their own admissions. UAC does not process applications to these institutions.

Each institution's entry includes general information and a list of available courses. Full course descriptions are published on the UAC website.

Reading the course lists

Course name

B	=	Bachelor
M	=	Master
Dip	=	Diploma
AdvDip	=	Advanced Diploma
AssocDeg	=	Associate Degree

Fee type

The fee type indicates how much you pay towards the cost of the course. The two main types of courses for domestic students are:

DFEE = domestic fee-paying (not subsidised - you pay the full cost of the course) Most courses offered at apply direct institutions are DFEE.

CSP = Commonwealth-supported place (subsidised by the Australian Government)

All international students pay the full cost of their course.

Course code

Each course is given a UAC identification code. This code is for use on UAC's online course search only. You do not apply for this course through UAC or use this code when you apply directly to the institution.

Pattern of attendance

3F	=	3 years of full-time study
6P	=	6 years of part-time study
3F/EqP	=	3 years of full-time or equivalent part-time study

OPEN DAYS AND INFO NIGHTS

AIT hosts regular info nights and open days throughout the year providing an opportunity for prospective students to learn about our courses, explore the campus, meet our teachers, see our student work and meet our graduates. Check ait.edu.au for dates and to register your attendance.

IMPORTANT DATES

We have several intakes per year:

Major intakes
March
July
November

Minor intakes
January
May
September

STUDYING AT AIT

Are you ready to unleash your creativity and forge a career you'll love in film, animation, games, 3D design, digital design or mobile app development? Come play at AIT, where you'll be surrounded by like-minded creatives, be encouraged to explore your creativity freely, and be fully supported to realise your full potential.

AIT is deeply connected to industry and places a strong focus on creating opportunities for students to get their work recognised as well as to network and learn from some of the biggest names in the business. We do this through an internship program, master talk presentations with global and local artists, student showcase events and awards ceremonies that are heavily attended by industry, as well as partnerships with leading studios, agencies and organisations such as the Australian Production Design Guild, Unity, the Australian Computer Society and more.

Our classes and workshops are small, so we can deliver customised tuition based on your level of skill and experience. Learn how to master the tools of your craft through our hands-on practical approach to learning. We complement theory with a strong emphasis on applied and practical learning, so you're better prepared for the career of your dreams.

Advanced equipment and an inspiring learning culture make our learning experience unlike any other. We are quick to capture and adapt to ever-evolving industry trends to ensure that our students have a competitive advantage with the latest knowledge and practical skills that are desired in industry.

AIT has a wide range of lecture theatres, computer labs, classrooms, and special purpose venues. Dedicated student libraries and creative makerspace areas give students the room to collaborate and share ideas.

What are you waiting for? Come find yourself at AIT.

ABOUT THE ACADEMY OF INTERACTIVE ENTERTAINMENT

The Academy of Interactive Entertainment (AIE) is Australia's most awarded 3D animation, game development and visual FX educator. Created as a non-profit organisation to grow the creative digital sector, AIE pioneered the development of specialist game qualifications and continues to innovate through industry partnerships and dynamic teaching. AIE courses are practical, career-focused and delivered by industry-experienced teachers in a seriously fun and creatively demanding studio environment.

AIE offers specialist training in computer game development (art, design and programming) and visual effects for film, supporting the Australian digital creative industries, which continue to grow faster than any other entertainment or content sector. All AIE's certificate and advanced diploma programs are nationally accredited and recognised through the Australian Qualifications Framework.

AIE graduates can be found working around the world at major games, animation and visual effects studios. AIE Graduates are working at Animal Logic, Weta Digital, Epic Games, Bioware, Ubisoft, Wargaming and Rockstar. AIE Graduates have been credited on blockbuster games including GTA V, Destiny, Gears of War 5 as well as impressive film titles including Avengers: End Game, Peter Rabbit, Mad Max and many more.

The design, art, programming and production involved in the development of games and visual effects production mirrors activity in technology-driven industries from engineering, architecture and urban planning to defence simulation and biotechnology. AIE Graduates are just as likely to be hired by a film studio as they are for a software development team working within Australia's biggest finance companies.

AMPA holds auditions for each intake throughout the year with flexible audition options for interstate, regional and international applicants.

STUDYING AT AMPA

The Academy of Music and Performing Arts (AMPA) is an innovative independent institution leading the way in tertiary education for performing arts in Australia.

With its uniquely personal approach and highly selective admission criteria, AMPA commits to providing the highest quality in undergraduate and postgraduate performing arts degrees. Focus areas include music (contemporary, jazz and classical), dance (contemporary, ballet, jazz and hip hop), and music theatre and composition/music production.

The institution's supportive and collaborative community environment encourages students to pursue excellence in all aspects of their academic, practical and creative study. AMPA equips talented artists with the skills essential to succeed as musicians, dancers, performing artists, composers, producers, choreographers, directors, teachers and industry professionals in Australia and around the world.

STUDYING AT ACPE

ACPE is Australia's leading provider of specialist undergraduate and postgraduate degrees in the related disciplines of health science, applied fitness, sports and business, education and dance. As an independent tertiary institution located in the centre of Sydney's internationally renowned Olympic Park precinct, ACPE attracts individuals from around Australia and the world who wish to launch or further their careers in the sports sector and its related professions.

The Australian College of Physical Education (ACPE) offers bachelor degrees and graduate diplomas in sport, fitness, health science, community health, dance and physical education. Established in 1917, our vision is to continue to be recognised as a leading national provider of innovative career education in sport, physical activity, and health.

Recognised as an Elite Athlete Friendly University (EAFU) by Sport Australia, ACPE is proud to have supported student athletes to strive for academic and sporting excellence, providing the highest level of service to elite athletes.

You don't need to be a school leaver (or wait for your results) to apply to enrol with ACPE. Our courses are direct entry, meaning that no matter who you are, you can apply to study immediately with us.

For detailed information on courses and admission criteria visit uac.edu.au/acpe

STUDYING AT ENDEAVOUR

At Endeavour College of Natural Health, we are committed to the future and success of natural health both in Australia and internationally. Our purpose is to educate first-rate professionals who are perfectly positioned to service the thriving health and wellness sector.

Endeavour College of Natural Health offers five bachelor degree programs in Naturopathy, Nutritional and Dietetic Medicine, Acupuncture, Myotherapy and Complementary Medicine and a Diploma of Remedial Massage. Endeavour College is offering several school leaver and indigenous school leaver scholarships to high achievers in 2020. For more information, visit endeavour.edu.au/apply-to-study and select 'Scholarships.'

Each campus hosts a fully equipped student clinic open to the public, providing a variety of affordable, natural healthcare treatments. Students gain significant clinical experience at these clinics under the supervision of qualified practitioners.

It is an exciting time to become more involved in the dynamic and booming natural health industry. There's never been such high demand in Australia for natural health practitioners and the range of industries employing our professionals continues to grow. From a careers perspective, we believe that more than half of the job types available to health and wellness professionals of the future are yet to be invented. This means your wellness career could take exciting turns you could never have predicted.

We are committed to advancing the future of natural medicine by ensuring our graduates are equipped with a competitive edge to become leaders in their chosen fields of practice.

STUDYING WITH THE LEGAL PROFESSION ADMISSION BOARD

Study law in our flexible and accessible pathway to legal practice. Our Diploma in Law course provides a qualification that is equivalent to a law school degree for the purpose of entry to the legal profession in Australia.

It is also the oldest law course in Australia. Delivered in partnership with the University of Sydney, lectures are given by leading practitioners and academics at the Camperdown campus in Sydney.

The aim of the course is to provide an affordable legal education. Our program of evening lectures is especially suited to part-time students, and we also offer intensive weekend school classes designed to make the course accessible to country and interstate residents (note that study is not available online).

Our entry requirements make law study available to a wide cross–section of the community, while at the same time our course is academically rigorous. We place an emphasis on performance in the course, rather than on restrictive entry requirements.

The course has a practical and professional orientation, and study with us requires independence, perseverance, and a hunger to attain legal knowledge. Coupled with the high academic standards of the course, this approach produces confident and work-ready graduates. Generations of judges, solicitors and barristers have been educated in this way for over 170 years.

For detailed information on courses and admission criteria visit uac.edu.au/lpab

Semester 2
starts July 2021

STUDYING AT NIDA

Learn at Australia's leading dramatic arts education institution – and one of the world's top 5 undergraduate schools for an acting degree! The Hollywood Reporter's 2019 international ranking places NIDA in the top echelons, along with New York's Juilliard School and Carnegie Mellon.

NIDA is recognised as one of the world's best dramatic art conservatoires and is the leading school of dramatic art in Australia. The NIDA Conservatoire offers Bachelor of Fine Arts and Master of Fine Arts degrees in acting, costume, cultural leadership, design, directing, props, scenic construction, technical theatre and stage management, voice and writing for performance. Through pathways, NIDA also offers Vocational Diplomas (RTO 90349) in live production, make-up, musical theatre and stage and screen performance.

NIDA: A unique learning experience

Industry engagement and collaborative student learning are core ingredients of a NIDA course, with graduates from the past 60 years enjoying highly successful careers in Australia and around the world.

NIDA's leading role in conservatoire-style teaching of the dramatic and performing arts is acknowledged by the Australian Government, with significant funding provided by the Department of Infrastructure, Transport, Regional Development and Communications.

Our purpose

We ignite the creativity of emerging dramatic artists by empowering them through conservatoire learning to become sought-after practitioners and change-makers in a global environment.

Our commitment

We bring together inspirational experts to create transformational experiences through the dramatic arts.

Our graduates

NIDA graduates have had national and international impact and have made significant contributions to Australia's theatre, screen and creative industries. Our graduates are recognised, not only for their success on stage and behind the scenes, but also for their dedication to Australia's cultural fabric. They have played a major role in telling Australian stories since the 1960s.

Acclaimed alumni include Cate Blanchett, Rob Collins, Fiona Crombie, Judy Davis, Remy Hii, Baz Luhrmann, Catherine Martin, Deborah Riley, Richard Roxburgh, Shari Sebbens, Sarah Snook, Yael Stone, Hugo Weaving, Kip Williams and Sam Worthington.

STUDYING AT NOTRE DAME

At Notre Dame, we're shaping a new generation of leaders – the critical thinkers. We're teaching our students to think in new ways and empowering them to make a difference. As an academic community, we welcome open and rigorous enquiry, debate and discussion. All our students, whether they are studying nursing, medicine, education, business, law, philosophy or the arts, are immersed in a tradition that has inspired the world's best thinkers for centuries. We encourage our students to put their critical thinking skills into practice by integrating some of the most comprehensive practical experience in Australia into all of our degrees.

Since we were founded in 1989 in Western Australia, we have grown to become a national university with 12,000 students across three campuses in Sydney, Fremantle and Broome. Our student experience, employment and graduate outcomes are among the best in New South Wales, Western Australia, and Australia.[1]

Our lecturers are professionals who are deeply engaged with their industries, and our small class sizes facilitate face-to-face discussion and practical, career-focused learning. We know that each student has their own gifts and talents, and believe higher education should prepare students for a rich, fulfilling, reflective life, and a career path with purpose.

Our campuses in Darlinghurst and Chippendale are located centrally in Sydney's vibrant inner city hubs, which are close to public transport, a wide variety of cafes and restaurants, and Sydney's Central Business District – so our students are always at the heart of the action.

At Notre Dame, we provide our students with an integrative and transformative educational experience that combines theoretical knowledge, excellent disciplinary expertise and professional skills relevant to their chosen profession.

1 The University has received 5-star ratings 13 years in a row for Overall Experience, Teaching Quality and Skills Development (The Good Universities Guide 2020).

STUDYING AT THE UNIVERSITY OF TASMANIA

At the University of Tasmania our teaching is supported by world-leading research, so you know you're getting access to the best expertise when you study with us.[1]

We make sure our students have real experience and real opportunities while studying, so you can graduate work-ready.

We offer quality, career-focused degrees in NSW and Tasmania, with a variety of flexible study options available.

Study in Sydney

Our health training in Sydney offers our unique accredited two-year degrees: the Bachelor of Nursing (Fast Track) or the Bachelor of Paramedic Practice (Fast Track) at our Rozelle campus.

By fast-tracking your degree, you will take 12 units of study each year rather than eight (including placements) and can graduate with the same high-quality degree sooner. There is no short cut – we teach the same curriculum over three semesters per year, by adding a third semester over spring/summer.

Our Rozelle campus is located in the Callan Park precinct which includes the headquarters of the Ambulance Service of NSW. Our connections with local health districts and private healthcare providers offer you placement opportunities so you can apply your learning in real environments throughout Sydney and even in rural settings in NSW.

Relocate to study in Tasmania

On our beautiful island home Tasmania, we're the only university in the state, which means you will get unparalleled access to industry connections through our institution's partnerships.

Our University has three specialist institutes that amplify our research and teaching strengths; the Tasmanian Institute of Agriculture, the Menzies Institute for Medical Research and the Institute for Marine and Antarctic Studies.

As the natural gateway to Antarctica, we have unique study offerings in marine, climate, and Antarctic and ocean science.

Our Australian Maritime College, based in Launceston, is Australia's national institute for maritime education, training and research. Studying at the AMC gives you the chance to experience hands-on learning with our range of cutting-edge simulators and our fleet of training vessels.

AMC is one of the seven founding members of the International Association of Maritime Universities, which represents five continents. AMC is also the strategic educational provider for Australia's $90bn Naval Shipbuilding Plan.

We're also passionate about the arts, and Tasmania is now known around the world as the centre for contemporary art and the home of Mona. As an art student here, you will be at the heart of this creative revolution. Our students showcase their creative work to the community, guided by teachers who are themselves respected and experienced artists. Whatever path you choose to follow, at the University of Tasmania we'll support you to succeed in your chosen career.

1 The University has received 5-star ratings 12 years in a row for Overall Experience, Teaching Quality and Skills Development (The Good Universities Guide 2019).

STUDYING AT WENTWORTH INSTITUTE

Wentworth Institute of Higher Education is located opposite Central Railway Station and is distinguished by its small classes and support for the individual student. Wentworth Institute provides high quality in business and interactive media programs of study at undergraduate and postgraduate levels.

Wentworth Institute's mission is to provide industry-relevant and innovative higher education courses to address the learning needs of committed students and, in turn, the future needs of the businesses and industries in which they will contribute their values, skills and knowledge.

Our higher education degrees are accredited through the Tertiary Education Quality and Standards Agency (TEQSA) and by the relevant professional bodies. All our courses have been developed in close collaboration with industry so that students can gain relevant and sought-after skills. Our courses are designed to lead to successful and fulfilling careers in various fields, both in Australia and in the global marketplace.

We are committed to providing a valuable educational experience in a friendly atmosphere, with student support for academic studies and personal issues so that every student has the opportunity to reach their potential.

For detailed information on courses and admission criteria visit uac.edu.au/win

STUDYING AT WILLIAM ANGLISS INSTITUTE

Founded in 1940, William Angliss Institute focuses on developing leaders in the 'experience economy' – foods, tourism, hospitality and events – where consumers choose to spend more, share more and find more happiness in 'experiences' rather than 'things.' We offer a broad range of training and education programs including accredited traineeships and apprenticeships, certificates, diplomas and advanced diplomas, short courses, graduate certificates and bachelor degrees.

The Angliss Sydney campus is centrally located in Alexandria, known for its creative edge and surrounded by cafes, bars and restaurants; this area is the perfect place to learn and launch your career in Australia's experience industry. We pride ourselves on having passionate and dedicated people, with long standing industry ties, who contribute their knowledge and experience in delivering training of the very highest standard.

Our Sydney campus offers endless experiential opportunities while you gain world-recognised qualifications. Feel at home at our modern campus and state-of-the-art facilities:

- super kitchen training kitchens
- bright street front cafe
- large training restaurant with balcony dining
- full training bar
- a dynamic mix of formal and informal learning spaces
- relaxed student break-out spaces
- close to many restaurants, parks, cafes, bars and events venues.

PART 4:
COURSE FINDER

The Course Finder is a guide to undergraduate courses offered to domestic students in 2021.

Not all courses are available to international students: refer to the institution information in Part 2 for details.

The Course Finder is in two parts:
- 'Find your topic of interest' directs you to the fields of study that incorporate your interests.
- 'Find your course' lists relevant courses under each field of study.

Full course descriptions will be published on the UAC website when details are confirmed.

FIND YOUR TOPIC OF INTEREST **208**

FIND YOUR COURSE **211**

FIND YOUR TOPIC OF INTEREST

1. Find a topic that interests you (eg Aboriginal studies). It will refer you to one or more fields of study (eg see Health and Society and Culture).
2. Turn to 'Find your course' and look up the cross-referenced field of study (eg Society and Culture). Browse the courses offered in that field.

FIND YOUR COURSE

Full course descriptions will be published on the UAC website as details are confirmed. All course descriptions will be published by August 2020.

All university courses are categorised into fields of study, or disciplines, defined by the Department of Education, Skills and Employment. You'll find that university faculties and schools are organised in a similar way, although the actual names vary – one uni might have a Faculty of Engineering while another uni has a Faculty of Engineering and IT.

ENGINEERING AND RELATED STUDIES

Engineering and related studies is the study of the design, manufacture, installation, maintenance and functioning of machines, systems and structures; and the composition and processing of metals, ceramics, foodstuffs and other materials. It includes the measurement and mapping of the earth's surface and its natural and constructed features.

Topics studied include all engineering specialties; engineering and manufacturing technology; food technology; land information technology and remote sensing; materials science; mechatronics; principles of design, drafting, planning and commissioning; plant and machine maintenance.

Career opportunities include engineer in one of the following specialties: aeronautical, chemical, civil, communications, construction, electrical/electronic, environmental, geotechnical, industrial, manufacturing, marine, materials, mechanical, medical, metallurgical, mining, petroleum, production, software, structural, systems, telecommunications.

FOOD, HOSPITALITY AND PERSONAL SERVICES

Food, hospitality and personal services is the study of preparing, displaying and serving food and beverages, providing hospitality services, caring for the hair and body for grooming and beautification, and other personal services.

Topics studied include application and use of skin care and cosmetic products; general beauty care; hair cutting, styling, colouring and treatment techniques; housekeeping; hygienic work practices in relation to the food and hospitality industry; preparation, display and service of food and beverages.

Career opportunities include catering manager, conference/exhibition organiser, event planner, hotel manager, resort manager, restaurant manager, tour operator, tourist information manager, travel consultant.

HEALTH

Health is the study of maintaining and restoring the physical and mental wellbeing of humans and animals.

Topics studied include disease processes and mechanisms; diagnosis; principles and practices of public health; restoration and maintenance of health.

Career opportunities include audiologist, biochemist, chiropodist, chiropractor, community health worker, dentist, dietitian/nutritionist, doctor, exercise physiologist, fitness/personal trainer, health administrator, midwife, nurse, occupational therapist, oral health therapist, paramedic, pathologist, pedorthist, pharmacist, physiotherapist, podiatrist, psychologist, psychotherapist, radiographer, radiologist, researcher, sonographer, speech therapist, sports scientist/coach.

MIXED FIELD PROGRAMS

Mixed field programs provide personal development training and general education in a range of subject areas, such as history, geography, natural science, social science, art and music.

Topics studied include general studies; literacy and numeracy skills; personal, social and workplace relationships.

Mixed field programs offer students a pathway to higher education.
