UAC Guide

2021–22

UAC

Important information 2021–22

Dates relate to UAC applications only. Times indicated in this Guide are based on Sydney time.

Application dates

Thursday 1 April 2021	Undergraduate applications open
Thursday 15 April 2021	International undergraduate applications open
Sunday 19 September 2021	Schools Recommendation Scheme applications close
Thursday 30 September 2021	Early bird applications close*
Friday 4 February 2022	Applications close for semester 1, 2022

Some courses have early closing dates set by the institutions. Check the course descriptions on UAC's website at uac.edu.au/search.

** To avoid a higher processing charge, early bird applications must be* **completed, paid for and submitted by midnight** *on Thursday 30 September 2021.*

Processing charges

Early bird	Thursday 1 April – midnight Thursday 30 September 2021	$70
Standard	Friday 1 October 2021 – Friday 4 February 2022	$200

All fees and charges are in Australian dollars, not refundable under any circumstances (except as required by law) and subject to change after 30 June 2021. Applications must be **completed, paid for and submitted by midnight** *on the relevant closing date. For a complete list of UAC fees and charges, go to uac.edu.au.*

Year 12 results and ATAR dates

All dates determined by external organisations are subject to change.

2021 NSW HSC students

Thursday 20 January 2022
ATARs released by UAC on UAC's website from 9am

Thursday 20 January 2022
2021 NSW HSC results released by NESA from 6am

2021 ACT Year 12 students

Thursday 20 January 2022
ATARs released on UAC's website from 9am

International Baccalaureate (IB) students

Sunday 2 January 2022
Results released by IB Cardiff, UK

Key offer dates

All dates are subject to change. For the latest information, check uac.edu.au/key-dates.

Undergraduate

To ensure your application is assessed in time for a particular offer round, apply and provide your additional documentation as early as possible. The main offer round for Year 12 students is January Round 2.

Offer round	Apply and pay by midnight on	Upload PDF documents by midnight on	Change preferences by midnight on^	Offers released at 7.30am on
November Round 1	Thu 21 Oct 2021	Thu 28 Oct 2021	Thu 4 Nov 2021	Fri 12 Nov 2021
November Round 2	Thu 4 Nov 2021	Tue 9 Nov 2021	Thu 18 Nov 2021	Thu 25 Nov 2021
December Round 1	Mon 8 Nov 2021	Fri 12 Nov 2021	Thu 2 Dec 2021	Thu 9 Dec 2021
December Round 2	cancelled	cancelled	cancelled	cancelled
January Round 1	Thu 9 Dec 2021	Tue 28 Dec 2021	Thu 6 Jan 2022	Thu 13 Jan 2022
January Round 2	Thu 6 Jan 2022	Tue 11 Jan 2022	Fri 21 Jan 2022	Wed 26 Jan 2022
February Round 1	Thu 20 Jan 2022	Thu 27 Jan 2022	Sat 29 Jan 2022	Thu 3 Feb 2022
February Round 2	Fri 4 Feb 2022*	Fri 4 Feb 2022	Sat 5 Feb 2022	Thu 10 Feb 2022
February Round 3	Fri 4 Feb 2022*	Fri 4 Feb 2022	Sat 12 Feb 2022	Thu 17 Feb 2022
March Round 1	Fri 4 Feb 2022*	Thu 24 Feb 2022	Thu 24 Feb 2022	Thu 3 Mar 2022

** This is the final closing date to apply for courses starting semester 1, 2022.*
^ There are short periods before each offer round when you are unable to change your preferences in your application.

International

Conditional offers: You will receive a conditional offer approximately 48 hours after you have successfully submitted your application. You may use this as part of your pre-visa assessment if required. It does not make you eligible to enrol in a course of study. To enrol, you need an unconditional offer.

Unconditional offers: This table shows the UAC dates by which you need to apply and pay, and change your course preferences, to be considered for an unconditional offer in each offer round.

Apply and pay by midnight on	Change courses by midnight^ on	Unconditional offers released at 7.30am on
Sun 12 Dec 2021	Sat 18 Dec 2021	Mon 22 Dec 2021
Sun 2 Jan 2022	Mon 3 Jan 2022	Mon 10 Jan 2022
Sat 15 Jan 2022	Fri 21 Jan 2022	Wed 26 Jan 2022
Fri 4 Feb 2022*	Sun 6 Feb 2022	Fri 11 Feb 2022
Fri 4 Feb 2022*	Sun 13 Feb 2022	Fri 18 Feb 2022
Fri 4 Feb 2022*	Sun 27 Feb 2022	Fri 4 Mar 2022

** This is the final closing date to apply for courses starting semester 1, 2022.*
^ Do not change your courses between this date and the date offers are released; if you do, you may miss out on an offer to your preferred course.

Welcome to UAC

Finishing school and planning for next year is an exciting time: greater independence and freedom are just around the corner.

If your plans include going on to complete a degree or diploma, then UAC – and this book – are going to be really helpful for you.

When you apply for university through UAC, you can apply for multiple courses at multiple institutions, all in one place.

This UAC Guide leads you through the UAC application process, from choosing your courses and submitting your application through to getting your offer and enrolling. We provide impartial advice about all the options available to you and describe what will happen (and when) throughout the year.

First steps

To get you started, we've put together a high-level timeline that gives you an idea of when you need to be thinking about your UAC application over the coming months (and when you don't). Take a look overleaf and maybe add some reminders to your calendar.

We've also broken down the application process into eight main steps, from researching courses to enrolling. Just follow these steps and you'll stay on track.

Getting help

If you have questions about the content or structure of a course, your best bet is to talk directly to staff at the university. Open days are a great opportunity to do this. I can't recommend them highly enough and hopefully they'll be in person this year! While you're there, you'll also be able to talk to current students about their experiences and take a tour of the campus. A list of this year's open days is on page 05.

Here at UAC, we hold regular application Q&A sessions on our Facebook and Instagram channels. Our Community Engagement team gets out and about to schools and expos and, this year, they'll be launching a series of webinars on a wide variety of topics relevant to you as you progress through Year 12. Follow us on Facebook and Instagram for event notifications or keep an eye on the key dates on our website.

Of course, our Customer Service team is always ready to take your calls and answer your online enquiries. Please get in touch with us if you ever need advice or reassurance.

In the meantime, good luck with your studies.

All the best,

Kim Paino
General Manager

UAC key dates at a glance

Terms 1 and 2	**1 Apr**	UAC applications open and UAC PINs emailed to students
Term 3	**19 Sep**	SRS applications close
	30 Sep	**Early bird applications close (price increases from $70 to $200 after this date)**
Term 4	**Nov/Dec**	NSW HSC exams

Next steps

4 Nov	Deadline to change preferences for Schools Recommendation Scheme offers
12 Nov	Schools Recommendation Scheme offers released
17 Dec	Deadline to submit an Educational Access Scheme application (and documents) to have it considered in January Round 2 offers
20 Jan	HSC results and ATARs released
21 Jan	Deadline to change preferences for January Round 2 offers
26 Jan	January Round 2 offers released (first main offer round for Year 12 students)
29 Jan	Deadline to change preferences for February Round 1 offers
3 Feb	February Round 1 offers released (second main offer round for Year 12 students)

Institutions will continue to make progressively smaller numbers of offers until they have filled all the places in their courses. The last offer round is in March.

Most courses will start between mid-February and early March.

For a complete list of UAC application dates, go to uac.edu.au/key-dates.

Steps to study through UAC

01.
Research

Search for courses in this Guide and on UAC's website.

Check selection rank information, admission criteria and pathway options for courses you're interested in.

02.
Apply for university

Apply and pay before 30 September.

Not sure what course to choose? It's ok: you can change your course preferences later.

03.
Apply for entry schemes and equity scholarships

- **Schools Recommendation Scheme (SRS):** Get assessed on a range of criteria other than, or in addition to, your ATAR. Applications close at midnight 19 September.
- **Educational Access Scheme (EAS):** Apply to have any long-term educational disadvantages considered as part of the selection process.
- **Equity Scholarship:** Apply for financial support provided to disadvantaged students.

04.
Order preferences for early offers

The Schools Recommendation Scheme makes early offers in November. Make sure you have the course you most want to do as your first preference.

05.
Get your ATAR

You will receive your ATAR in January. The ATAR helps universities rank applicants for selection into their courses.

06.
Review your preferences

After you receive your ATAR, you will have a couple of days to update your preference list. Log in to your application on the UAC website to change, remove or add preferences.

07.
Get your offer

Most institutions make offers to Year 12 students in January.

08.
Accept and enrol

Accept your offer and follow the institution's instructions to start the enrolment process. Don't worry, you can still receive offers in later offer rounds, even if you've already accepted a previous offer.

OPEN UNIVERSITIES AUSTRALIA

Get into uni no matter your ATAR.

Your exam results don't have to define your future. Through Open Universities Australia, you can enrol in undergraduate subjects without entry requirements.

All subjects are delivered online by leading universities, fully designed to give you a quality learning experience. You can even transfer to on-campus study later.

Scan our QR code now to discover the possibilities.

UAC fees and charges

All UAC fees and charges are in Australian dollars and include 10 per cent GST. They are not refundable under any circumstances, except as required by law.

The following charges are estimates for the 2021–22 admissions period and are subject to change after 30 June 2021.

UAC reserves the right to change its fees and charges during the admissions period.

For a full list of the latest UAC fees and charges, go to uac.edu.au/fees.

UAC Guide 2021–22

2021 Year 12 NSW and ACT students (distributed through schools)	Free

Processing charges

Applicants are encouraged to apply as early as possible to avoid higher processing charges.

Early bird

1 April 2021 to midnight 30 September 2021	$70.00

Standard

1 October 2021 to midnight 4 February 2022	$200.00

ATAR Advice Notice

2021 ATAR Advice Notice (digital)	Free until midnight 13 March 2022

Fees apply from 14 March 2022

Tip!

There is no additional charge to apply for:

- the Schools Recommendation Scheme
- the Educational Access Scheme
- an Equity Scholarship.

Payment methods

Online applications: Debit card or credit card (Mastercard or Visa cards that have been enabled for online payment) or PayPal.

2021 Year 12 students can also use BPAY or Post BillPay. (Credit cards cannot be used at Australia Post.)

All other transactions: Debit card or credit card (Mastercard or Visa only).

Action!

Submit your application before 30 September. You can then change your course preferences as many times as you like.

Choosing your courses

The essential questions

What courses are available through UAC?

Domestic undergraduate students can choose from more than 2,000 courses at 28 institutions.

International undergraduate students can choose from more than 1,500 courses.

For a list of courses offered at each institution, go to Part 2 starting on page 57.

For courses listed by fields of study, follow these steps:

1. Go to the topic of interest index on page 204.
2. Look up a topic that interests you (eg Aboriginal Studies) and you'll see the field of study it belongs to (eg Society and Culture).
3. Turn to 'Find your course' on page 207.
4. Look up the field of study you found in Step 2 and you'll find related courses listed by institution.

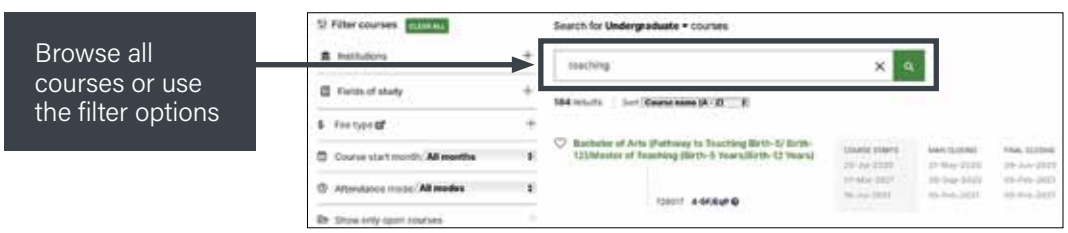
For the latest course information throughout the year, search for courses on the UAC website.

How do I choose the right course for me?

- ✓ THINK about what you're interested in and what school subjects you enjoy most and do well in.
- ✓ INVESTIGATE careers that relate to the subjects you're studying at school.
- ✓ VOLUNTEER at a workplace to see if you enjoy it.
- ✓ VISIT careers expos and open days.
- ✓ RESEARCH areas of job growth and skills shortages.
- ✓ BEWARE of:
  - peer pressure (don't pick a course just because your friends choose it)
  - family expectations (choose a course that's right for you, not one you think your parents want you to do)
  - lack of direction (resist selecting a course because it looks easy or is close to home)
  - misguided perceptions (eg not wanting to 'waste' a high ATAR).

Find a course on the UAC website

Course search



Back to Guide contents

- [ ] FIND study paths taken by people with an academic background similar to yours – visit Course Compass at uac.edu.au/coursecompass.

What jobs could I get with this degree?

- [ ] Search for courses at uac.edu.au/search and read 'Career opportunities' in the course descriptions.

- [ ] Check 'Where to go for more information' at the end of this section for suggestions of other places to find careers information and advice.

How will the uni select students for this course?

Universities will:

- USUALLY select students based on their selection rank (ATAR + adjustment factors)
- SOMETIMES select students using additional criteria, such as HSC subject prerequisites, personal statements, interviews, tests or portfolios.

Check the course description for details of additional selection criteria – go to uac.edu.au/search.

If you're considering courses to do with health, welfare or teaching, read 'Special requirements and policies' on this page.

What are my chances of getting in?

Selection is a competitive process and your chances of being offered a place in your chosen course depend on how well you meet its selection criteria. You can use the course's 2021 ATAR profile as a guide to the selection rank you'll need to be selected for semester 1, 2022.

- [ ] Search for your chosen course at uac.edu.au/search.

- [ ] Check the ATAR profile at the bottom of the course description, which shows previous students' ATARs and selection ranks. The lowest selection rank is the most important number. See the ATAR profile example below.

In the course descriptions, some institutions will specify:

- a minimum ATAR or selection rank you'll have to achieve to be considered for a place
- an estimated selection rank you'll need to be offered a place
- a guaranteed ATAR or selection rank. If you achieve this ATAR or selection rank you are guaranteed to receive an offer to the course.

What if I don't think I'll get selected?

Don't think you'll meet the entry requirements for your chosen courses? Include pathway courses in your list of preferences in your application. Read 'Pathway options' on page 30 or visit uac.edu.au/pathways.

Special requirements and policies

Special requirements and policies apply to students in health- and welfare-related courses and teacher education courses.

These requirements relate to:

- clinical/internship placements undertaken as part of your course
- proof of English language proficiency
- accreditation and procedures for employment after you have completed the course.

Note that requirements and policies in these areas are subject to regular review.

ATAR profile

ATAR PROFILE TABLE

ATAR-based offers only (semester 1, 2021)

Course code	Lowest ATAR (LA)	Median ATAR (MA)	Highest ATAR (HA)	Lowest selection rank (LSR)	Median selection rank (MSR)	Highest selection rank (HSR)
123456	73.30	78.95	83.95	77.30	79.60	83.95

Lowest selection rank includes the applicant's ATAR plus any applicable adjustments; if the applicant hadn't been eligible for the adjustments they may not have received an offer.

Teacher education courses

Requirements for students intending to teach in NSW schools

For accreditation as a teacher in NSW, graduates will need to meet the following requirements set by the NSW Education Standards Authority (NESA):

- Students entering all accredited teaching programs need to have achieved a minimum of three Band 5s, one of which must be in English, in their HSC or meet a comparable academic standard early in the program.
- From 2023, students entering primary teaching programs will need to have achieved at least an HSC Band 4 in mathematics.

Check with individual institutions for further information on academic and non-academic entry requirements for particular teaching programs and other approved pathways to study if you do not meet these requirements.

Literacy and numeracy test for initial teacher education students

All initial teacher education students will need to meet the benchmark set by the national Literacy and Numeracy Test for Initial Teacher Education Students prior to their final professional experience placement and graduation. Read further information about the test at aitsl.edu.au.

Background checking processes

If you intend to engage in child-related work, you must hold a valid Working With Children Check clearance. Visit the Office of the Children's Guardian website at kidsguardian.nsw.gov.au for more information.

Additionally, you must be employment-screened before beginning an internship or associate teacher program in schools. This involves providing a Working With Children Check clearance number and completing other employment screening requirements. Visit teach.nsw.edu.au for details. Alternatively, you can contact the Department's Probity Unit: call (02) 7814 3825 or email wwcc@det.nsw.edu.au.

If you are undertaking your practicum placement in any NSW public school, you are required to complete and sign a 'Declaration for Child Related Work – Tertiary Practicum Students' and have your WWCC clearance verified by the Department prior

to the commencement of your practical training for Working with Children Check compliance.

If you do not meet these requirements, you may not be able to undertake practical course requirements in NSW schools.

Health- and welfare-related courses

National Police Checks

In accordance with NSW Health policy, students who need to complete clinical placements in the NSW public health system are required to:

- obtain a National Police Check before they commence clinical placements in NSW Health facilities
- sign a Code of Conduct Agreement stating that they will abide by the NSW Health Code of Conduct.

To ensure you provide the correct documentation, search for 'clinical placements' at heti.nsw.gov.au or health.nsw.gov.au.

Infectious diseases

Students who need to complete clinical training in NSW public health facilities are subject to NSW Health requirements for healthcare workers to demonstrate their protection against specified infectious diseases in the first year of their course. This is included in the policy directive 'PD2020_017 Occupational Assessment, Screening and Vaccination Against Specified Infectious Diseases'.

Additional conditions apply to clinical practice of healthcare workers with certain blood-borne viruses. For more information, see 'PD2019_026 Management of health care workers with a blood borne virus and those doing exposure prone procedures'.

Both policies are available at health.nsw.gov.au/policies. For further information, also search for 'clinical placements' at health.nsw.gov.au.

If you do not comply with the above requirements relating to National Police Checks and infectious diseases, you will not be permitted to attend your clinical placement in the NSW health system and progress in your course may be affected.

Nursing and midwifery courses: English language proficiency

In your path to becoming a nurse or midwife in Australia you are required to provide proof of proficiency in English.

Applicants for admission to a nursing course

You must provide either a written declaration that English is your primary language or evidence that you have achieved the institution's minimum English language test results. You can find information on which tests and qualifications are acceptable on UAC's website at uac.edu.au/elp.

Applicants for registration as a nurse or midwife

If you are applying for the first time in Australia for registration as a nurse or a midwife, you are required to show English language proficiency. You must meet the English language skills registration standard of the Nursing and Midwifery Board (NMBA). For more information, visit the NMBA website at nursingmidwiferyboard.gov.au.

Where to go for more information

There are many places you can go to research career information and seek advice.

UAC's participating institutions

- ☑ Read the course descriptions on the UAC website via uac.edu.au/search for a list of possible career opportunities for your chosen courses.
- ☑ Contact the careers service at individual institutions – visit uac.edu.au/institutions.

School careers advisers

- ☑ Talk to your school careers adviser – they can give you valuable careers advice and information.

Professional organisations

- ☑ Search online for careers information from societies, institutes or other industry organisations.
- ☑ Visit tertiary institutions' websites – they sometimes list professional organisations.

Online

Check out the useful resources on the following page.

compared.edu.au

The ComparED website helps you compare official study experience and employment outcomes. The data is from Quality Indicators for Learning and Teaching (QILT) surveys completed by students, graduates and employers.

Try this:

1. Go to compared.edu.au.
2. Search for institutions and study areas or browse a list of each.
3. Fine tune your search by location, study level and institution type.
4. Click 'Add to compare +' and build up your list.
5. Once you're happy with your choices, click 'Compare now.'

   The results you've generated provide an insight into:
   - the experience of current students
   - recent graduate satisfaction
   - recent graduate employment and salary.

courseseeker.edu.au

An Australian Government website that collates information on undergraduate courses at all public universities – and some other higher education providers – across Australia.

Try this:

1. Go to courseseeker.edu.au.
2. Search for courses by any or all of the following:
   - course name
   - state
   - institution
   - study area
   - study mode.
3. Delve deeper into course details and add courses to your shortlist.
4. Click 'Compare your shortlist' and share the results with your friends and family.

myfuture.edu.au

myfuture is a government career information and exploration service, which can help you manage your career with information on particular jobs, general career areas and courses.

Try this:

1. Go to myfuture.edu.au and create an account.
2. Sign in and select:
   - **My career profile** to explore possible career pathways through activities and quizzes
   - **Occupations** to browse top trending and skills shortage occupations
   - **Industries** for the essentials on your chosen industry and its top occupations
   - **Career bullseyes** to see what occupations are related to learning areas you enjoy.

You can also read about the experiences of graduates in a range of professions and access useful job search resources.

yourcareer.gov.au

Leaving school and not sure what's next? Your Career is a government website with career advice tailored to Year 12 students.

Try this:

1. Go to yourcareer.gov.au/school-leavers-support.
2. Download the School Leavers Information Kit to explore your education, training and work options.
3. Call the School Leavers Information Service on 1800 CAREER. Ask for a referral to a qualified career practitioner for a free, personalised career guidance session.

Your application

Why apply through UAC?

Around 50,000 Year 12 students apply for uni through UAC each year.

Applying through UAC means you don't need to apply separately to each institution. And, if you're a domestic applicant, you can apply for the:

- Schools Recommendation Scheme
- Educational Access Scheme.

Through these schemes, institutions can consider factors in addition to your ATAR, such as your Year 11 results and any educational disadvantages you've experienced: read 'Applying for access schemes' on page 20.

If you're in need of financial help, you can also apply for an Equity Scholarship.

Remember, UAC processes the applications but the institutions decide who receives an offer of a place.

Action!

Apply between 1 April and 30 September 2021. The application fee will be $70.

The application fee increases to $200 on 1 October.

Tip!

Keep an eye out for **early course closing dates.** You can't select a course after it has closed.

Early closing dates are indicated in the course search on the UAC website.

What you need when you apply

- ☑ A current personal email address, not your school email address. Add the domain **uac.edu.au** to your list of safe email contacts so UAC emails don't end up in your junk folder.
- ☑ Your Year 12 student number and UAC PIN (emailed to NSW and ACT students on 1 April).

  If you're applying from other states, your UAC PIN is the first four digits of your date of birth (eg if your birthday is 3 October, your UAC PIN is 0310; if your birthday is 17 May, your UAC PIN is 1705.)
- ☑ A list of your chosen courses and their course codes.
- ☑ A credit card (Mastercard or Visa) or PayPal account to pay the processing fee. Domestic Year 12 students can also pay later using BPAY or Post BillPay.

Applicants for medical degrees: You'll need to enter your UCAT (University Clinical Aptitude Test) or International Student Admission Test (ISAT) candidate number.

International students applying through an agent: You'll need to enter your UACID (UAC Identification Code). Your agent will have this.

Tip!

- ✓ Change your UAC PIN once you've submitted your application and keep your UAC PIN in a safe place.
- ✗ Don't give your UAC PIN to anyone else.

International students

You are an international student if **you're not**:

- an Australian or New Zealand citizen or
- a permanent resident of Australia or
- the holder of an Australian permanent resident humanitarian visa.

As an international student, you can apply through UAC if you're undertaking one of the following qualifications in 2021:

- an Australian Year 12 in Australia
- an Australian Year 12 outside Australia
- an International Baccalaureate (IB) Diploma
- a New Zealand National Certificate of Educational Achievement (NCEA) Level 3.

If you're not undertaking one of the above qualifications, apply directly to the institution.

Prospective permanent residents

If you are granted permanent resident status after you have applied to UAC as an international applicant:

- ✓ apply again through UAC as a domestic undergraduate applicant
- ✓ write to the Senior Operations Officer at UAC as soon as possible to explain your change in status
- ✓ provide a verified copy of your current passport.

If your status changes after you receive an offer, contact the institution.

Australian government requirements for international students

There are several requirements international students must meet to study in Australia.

Student visa requirements

To study in Australia you need to apply for a student visa. A student visa allows you to come to Australia for a specified period to study at an educational institution. To be eligible for a student visa, you need to meet the conditions set by the Australian Government's Department of Home Affairs – search for 'visas' at immi.homeaffairs.gov.au.

After you accept your offer and pay your fees, you will receive a Confirmation of Enrolment from the institution. You must have a Confirmation of Enrolment at the time of making your student visa application.

Students under 18 years of age

If you will be under 18 years of age when you arrive in Australia to study, special requirements are in place. Before you are granted a student visa, the Australian Government must be satisfied that you have appropriate accommodation, support and general welfare arrangements in place for the period that you will be under 18 years of age while in Australia.

Each institution decides whether they will accept responsibility for welfare arrangements for international students who are under 18 years of age.

Overseas Student Health Cover

Overseas Student Health Cover (OSHC) is insurance for international students to help them with the costs of medical and hospital care they may require while they are in Australia.

The Australian Government requires all international students on a student visa and their dependants to purchase an approved OSHC policy from an Australian registered health fund for the duration of their visas. OSHC is not included in tuition fees.

Dental treatment

OSHC does not cover dental treatment. As dental services in Australia are expensive, you should have your teeth checked and any necessary dental work completed before you leave home.

Belgian, Norwegian and Swedish students

Some Belgian, Norwegian and Swedish students are not required to purchase OSHC as part of their visa requirements; they are considered to have met 'adequate insurance' requirements due to a reciprocal arrangement between their country and the Australian Government.

Many institutions have arrangements with preferred OSHC providers. Students, however, are free to choose their own health cover provider. A list of OSHC providers, together with general information about OSHC, is available from the Private Health Insurance Ombudsman website. Search 'Overseas Student Health Cover' at privatehealth.gov.au.

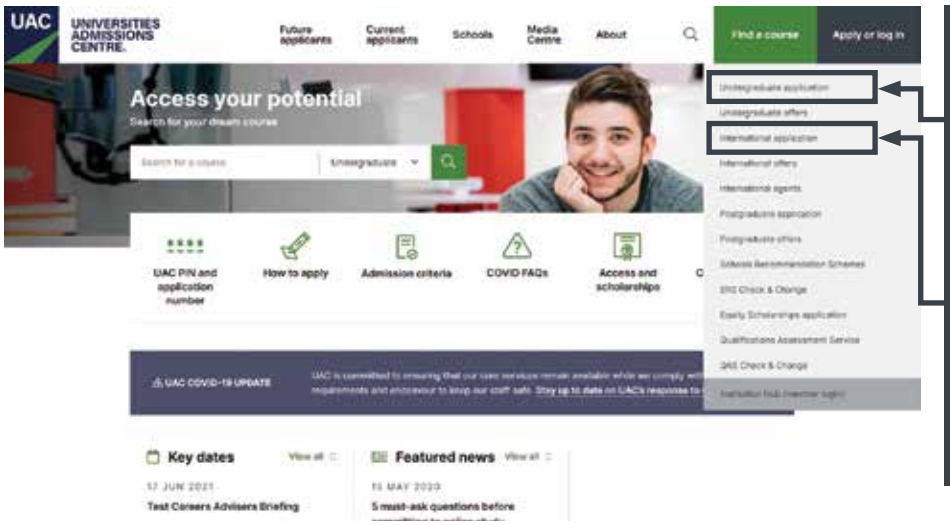
How do I organise OSHC?

You must organise and pay for OSHC before you arrive in Australia. Once you receive an unconditional offer to study at an Australian educational institution, you will be required to pay your OSHC charge at the same time that you pay your tuition fee deposit.

You can arrange to pay for your OSHC through your educational institution or you can choose your own OSHC provider from another Australian registered private health insurer.

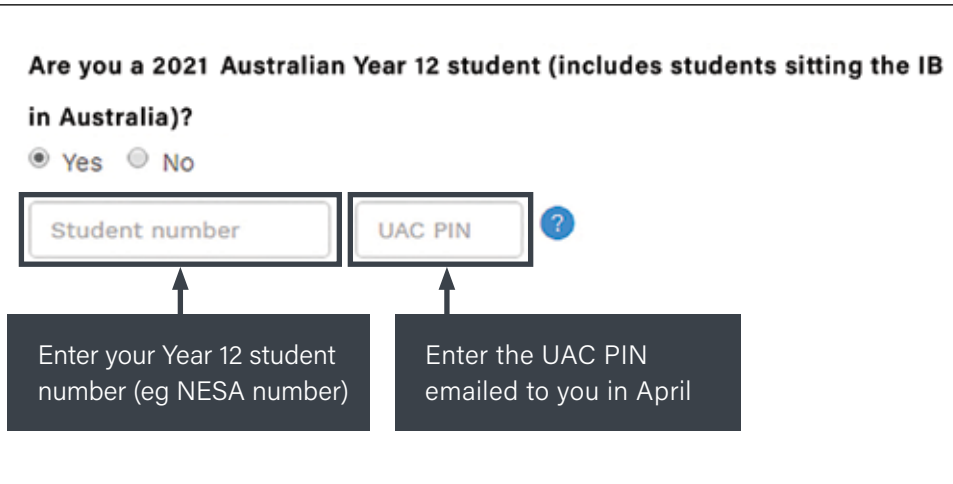
How to apply

1 Go to uac.edu.au.



2 Select 'Start your application'.

3 Follow the prompts to get to the personal details page. This includes entering your Year 12 student number and UAC PIN.



4 Review/enter your personal details. Make sure:

- your full name is as it appears on your official ID (ie birth certificate, passport or citizenship documents)
- you provide a personal email address (not a school email address as it will expire). All official communication from UAC will be via email.

If you have your USI (Unique Student Identifier), enter it here. You'll need it to enrol. To get a USI, go to usi.gov.au.

5 Click 'Next'. At this point, you'll be given a nine-digit UAC application number. If you log out now, you can log back in at any time using your UAC application number and UAC PIN.

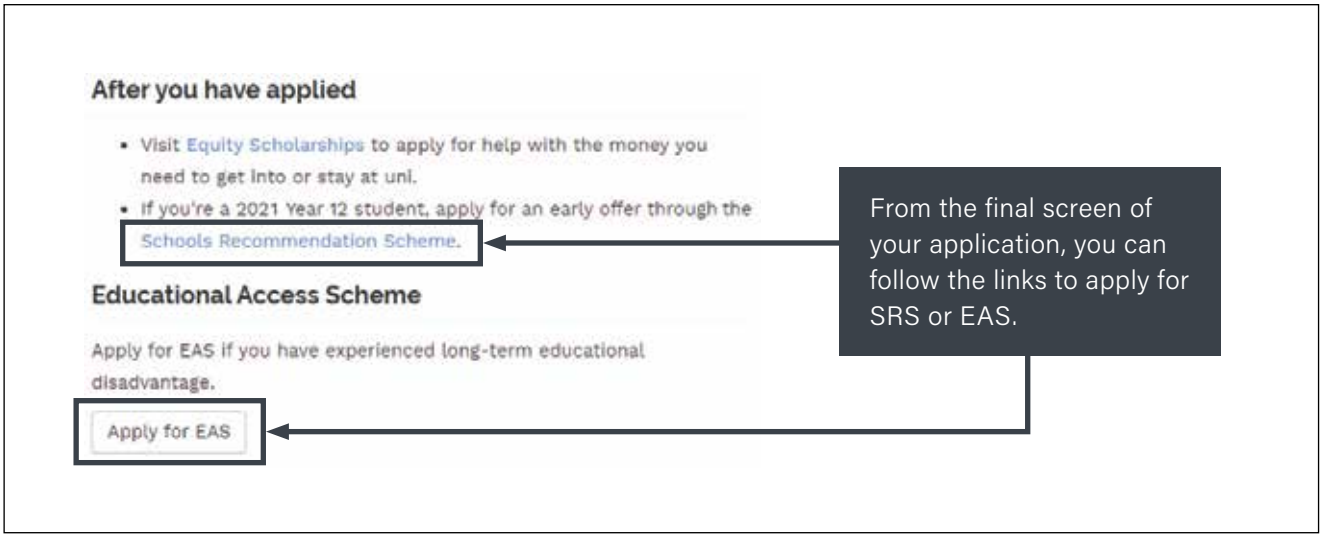
6 Review you school/qualification details.

7 Select your course preferences. You can change these later.

8 Accept the applicant declaration (full version printed on page 24) and pay the processing fee. **The fee is not refundable**, except as required by law.

Back to Guide contents

9 Your application is now complete and you can apply for the Schools Recommendation Scheme (until 19 September 2021) and Educational Access Scheme. These applications are free.



Can't find your UAC PIN?

Tip!

2021 NSW HSC applicants and ACT Year 12 applicants: Check your school email inbox: UAC emailed your UAC PIN to this address in April. It's different to your NESA PIN.

All other applicants: Your UAC PIN is the first four digits of your date of birth (eg if your birthday is 3 October, your UAC PIN is 0310; if your birthday is 17 May, your UAC PIN is 1705).

Authorising someone to act on your behalf

Your application, and all the information within it, is confidential. For privacy reasons, we cannot discuss information relating to your application with anyone but you.

You can authorise another person to act on your behalf and speak to UAC about your application by:

- selecting this option **when you first apply**, or
- emailing UAC and including the details of the person you are authorising **after you apply**.

International students

The person you authorise to act on your behalf can be a different person or the same person as the agent/representative who may be helping you with your application and visa.

Applying through an agent? You can add, change or delete your agent's UAC Identification Code (UACID) after you've submitted your international application.

Your agent will be able to access information about your application through UAC's website.

Applying directly to a uni

Some institutions take direct applications, which you can have in addition to your UAC application. If you complete both a UAC application and a direct application, make sure you **don't duplicate your course preferences**. If you do, you will be automatically assessed as 'not eligible' for an offer to that course in your UAC application. This ensures you don't receive two offers to the same course. So make the most of both applications and choose different preferences in each.

If you receive an offer through your direct application, you can still receive an offer through your UAC application. Check with the uni as to how and when it will make its direct offers. You can read about UAC offers in 'Offers and enrolment' from page 35.

Applying interstate

Applications for most undergraduate courses in states other than NSW and the ACT are processed through each state's tertiary admissions centre. Like UAC, most tertiary admissions centres increase their processing charges at the end of September, so apply early to avoid higher charges and ensure you can apply for your chosen course.

Application processes and fees vary: visit the relevant tertiary admissions centre or institution website for further information.

State	Tertiary admissions centre	Website
Northern Territory and South Australia	South Australian Tertiary Admissions Centre (SATAC)	satac.edu.au
Queensland	Queensland Tertiary Admissions Centre (QTAC)	qtac.edu.au
Tasmania	There is no centralised admissions centre in Tasmania.	Apply to University of Tasmania at utas.edu.au/admissions
Victoria	Victorian Tertiary Admissions Centre (VTAC)	vtac.edu.au
Western Australia	Tertiary Institutions Service Centre (TISC). Apply directly to University of Notre Dame for courses offered in WA.	tisc.edu.au

Tip!

Your UAC application is not complete until you've paid the processing charge. Your payment receipt and Confirmation of Application are your proof of payment – keep them safe!

Questions or problems?

To talk to someone about your application:

- call UAC on (+61 2) 9752 0200, Monday to Friday between 8.30am and 4.30pm Sydney time
- send your question via the enquiry form at uac.edu.au/contact
- send us a message on Facebook or Instagram.

Have a question about admission criteria or course details? Contact the institution directly using the details on the back cover.

Course preferences

How many course preferences can I have?

Domestic applicants can select up to five courses.
International applicants can select up to six courses.

What order do I put them in?

The order of your course preferences matters. You can only get one offer in each offer round. It will be to the first course in your list for which you're eligible and competitive enough.

Order your course preferences like this:

1. The course you'd most like to do
2. Your second favourite course
3. Your third choice
4. Your fourth choice
5. Your final back-up course: a course you're confident you'll get an offer to if you miss out on all your higher course preferences.

Your chance of being selected for a course is not decreased because you placed it as a lower order preference. Similarly, you won't be selected for a course just because you entered that course as a higher order preference.

EXAMPLE

Anna, James and Sarah all applied for B Accounting. Anna put it as her fourth preference, while James and Sarah listed it as their first preference. Anna missed out on offers to her first, second and third preferences but was a more competitive candidate for B Accounting than both James and Sarah. So, Anna received an offer to B Accounting (her fourth preference) while James and Sarah did not, despite them listing it first.

It works a little differently for **international students**: for details, go to uac.edu.au/international-student-offers.

What if I'm still deciding which courses to choose?

Don't worry; although you need to enter at least one course preference in order to complete your application, you can change your preferences as many times as you want before preference deadlines. For a list of key dates, visit uac.edu.au/key-dates.

You even have time to change them after you get your ATAR and have a much better idea about your chances of being selected.

Just make sure you apply before midnight on Thursday 30 September 2021 – the processing charge increases after this date.

What if my course is not on the UAC website?

If you can't find the course you're looking for on UAC's course search, it means course details are being confirmed:

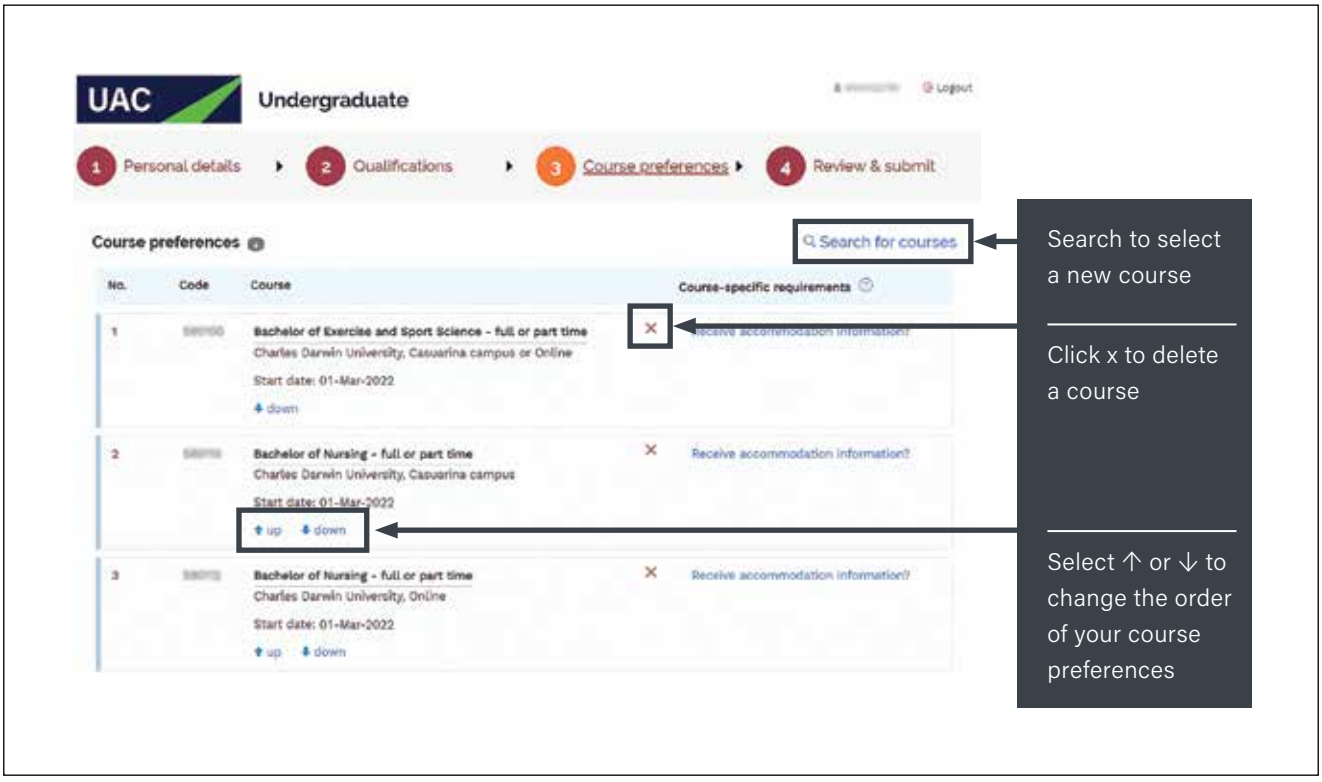
1. Select a different course to complete your application.
2. Check the course search regularly – new courses will be posted as they become available.
3. Once the course is available, include it in your preferences.

All courses will be published on the UAC website by August 2021.

How do I change my course preferences?

You can add, delete or change the order of your course preferences as many times as you like before the closing date for each offer round:

1. Log in to your application using your UAC application number and UAC PIN.
2. Select 'Course preferences'.
3. Add or delete courses, or drag courses up and down to change their order.



After you apply

Keep your UAC application number and PIN in a safe place

You need them to log back in to your application. You also need your UAC PIN to view your ATAR.

Check your confirmation of application

Need to change your contact details, course preferences, or add other qualifications?

Log back in to your application on UAC's website. For other changes, email UAC via the online enquiry form as soon as possible.

Need to provide documents to UAC in support of your application?

Most Year 12 students don't; however, supplying documentary evidence of your Australian citizenship will help speed up the admission and enrolment process if you receive an offer – read more at uac.edu.au/documents.

Tip!

You don't have to give UAC your Australian Year 12 results or ATAR. The only rare exception is if you complete your studies mid-year: in this case, upload your results and ATAR asap.

Are you completing an International Baccalaureate Diploma?

You must authorise the release of your International Baccalaureate Diploma to UAC. Ask your school's IB Diploma coordinator to request this on your behalf.

Check for additional selection criteria

Before you can be selected, some courses require you to meet a few extra requirements. Examples are:

- external exams, such as the University Clinical Aptitude Test, which most institutions require you to sit if you want to study medicine
- questionnaires
- completion of (or minimum results in) specific Year 12 courses (aka prerequisites)
- portfolios
- interviews or auditions.

Track your application

You can track the progress of your application throughout the assessment process by logging in to your application. You'll be able to see when UAC has received your results and finalised the assessment of your qualifications, and if there are any issues preventing you from receiving an offer to your preferences.

Lock in your preferences before closing dates

You can change your preferences:

- after any round, whether you receive an offer or not
- until the closing date for the next offer round.

EXAMPLE

After	You can change your preferences for	Until
Jan Round 2	Feb Round 1	midnight Sat 29 Jan 2022
Feb Round 1	Feb Round 2	midnight Sat 5 Feb 2022

Applying for access schemes

Once you've completed your undergraduate application, you can go on to apply for the:

- Schools Recommendation Scheme
- Educational Access Scheme.

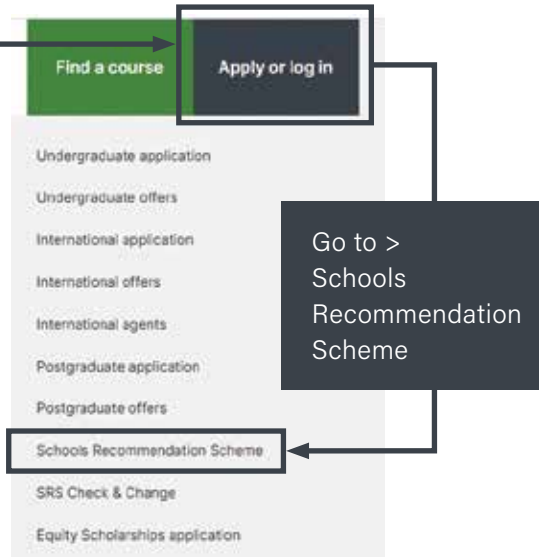
Read about how these schemes work in the 'Admission and selection' section.

You can access the applications for these schemes from the final screen of your initial application. See step 9 of 'How to apply' on page 17.

If you've already applied and logged out, follow the instructions on the next page.

Schools Recommendation Scheme

Go to uac.edu.au > Apply or log in.



1. Complete your SRS application by answering the questions and following the prompts.
2. Upload institution-specific documents if you're prompted to do so.
3. Review your application summary.
4. Accept the declaration and authority and submit.
5. Download your confirmation of application.

Not in the NSW school system?

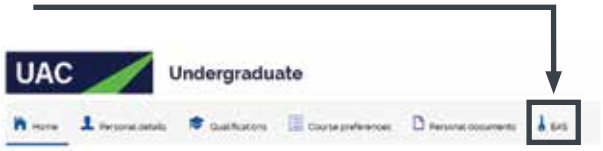
If you're studying in another state or territory's school system, you'll also need to:

- enter the details of your Year 11 studies
- upload a PDF of your Year 11 school report.

You will find complete instructions for applying for SRS at uac.edu.au/srs.

Educational Access Scheme

Log in to your application and select the EAS tab.



1. Open the category of disadvantage you wish to claim. Select the specific disadvantages that apply to you and answer the follow-up questions. When you have selected all the relevant disadvantages in that category, click 'Save'.
2. Repeat for each category you wish to claim.
3. Accept the declaration and authority and submit.
4. Download your confirmation of application and the document cover sheet for each of your claimed disadvantages. The document cover sheet details the eligibility criteria for the disadvantage and the supporting documents you need to provide.
5. Upload completed cover sheets and supporting documents to your application at least two weeks before the undergraduate offer round in which you wish to be considered – visit uac.edu.au/key-dates.

Tip!

Educational Access Scheme

Before you apply for EAS, check the eligibility criteria and documents required for each EAS disadvantage – visit uac.edu.au/eas-disadvantage.

Services for applicants with a disability

If you have a disability or an ongoing illness that may disadvantage you during your studies, we encourage you to include this information in your application.

Any information you provide:
- will not affect your application for admission
- will be seen only by disability services staff
- will help the institution meet your education needs should you be offered a place in one of their courses.

Institutions may be able to provide one or more of the following services:
- note takers
- personal readers
- examination provisions
- learning assistance
- alternative assessment methods
- academic material in alternative formats
- parking for holders of a Roads and Maritime Services Mobility Parking Scheme permit.

Preparing for study

Information and advice about preparing for study when you have a disability is readily available:
- Talk to the institution's disability services staff about what services they can provide – visit uac.edu.au/disability.
- Visit westernsydney.edu.au/getreadyforuni for information on making the move from school to university.
- If you're having trouble applying through UAC, call us on (+61 2) 9752 0200, Monday to Friday between 8.30am and 4.30pm Sydney time – we'll help you through the application process.

Your responsibilities as an applicant

Your responsibilities as an applicant include:
- reading the relevant parts of this Guide or corresponding information on UAC's website
- following any institution-specific instructions
- providing true and complete information in your application
- providing true and complete copies of official documentation with your application where requested
- accepting the conditions set out in the online declaration (read the printed version on page 24)
- checking your emails (including in your junk folder) for any messages from UAC.

Tip!

It's important to meet your responsibilities as an applicant – by doing so you'll ensure that your application is processed and assessed as soon as possible.

If you fail to meet your responsibilities

If you submit an application that contains information that UAC or a participating institution determines to be untrue or incomplete:
- UAC may cancel your application
- an institution may withdraw any place offered.

For further information, read the policy statement on page 24.

International students

If you're an international applicant, you must also:

- satisfy your student visa conditions (eg maintaining full-time enrolment in your course, satisfactory class attendance and course progress)
- remain with the same university where you originally enrolled for at least the first six months of your principle course except under certain circumstances (for details, search for 'overseas student transfers' at internationaleducation.gov.au)
- maintain your Overseas Student Health Cover (OSHC) for the period of your stay
- if you are under 18, maintain your approved accommodation, support and general welfare arrangements
- inform your institution if you change your address
- provide details of your passport upon acceptance of an offer
- ensure you have sufficient financial capacity to support your study and stay in Australia
- return home immediately upon completion of your course or expiration of your visa.

If you breach your student visa conditions by failing to maintain full-time enrolment or satisfactory course progress, the institution will notify you and the Australian Government. This may result in your visa being cancelled immediately.

Declaration and authority

This is a printed version of the online declaration and authority you will have to accept when you apply.

Your application cannot be considered unless you or the person you have authorised to act on your behalf accept all conditions set out below.

UAC collects information about you, including information you provide in this application, to assist in the assessment of your application. This information may be used as described below.

1. I declare that I have read and understand the questions and that all the information submitted is true and complete.
2. I declare that I have read and understand 'Your responsibilities as an applicant' and the 'Policy statement on untrue or incomplete information submitted by applicants' below.
3. I declare that I have read and understand the section 'Collection of personal information' below.
4. I authorise UAC and the participating institutions to obtain available official records from any educational institution attended by me. I understand that UAC is not responsible if any institution does not provide these records.
5. I understand that UAC and the participating institutions may check my visa and residency status using Visa Entitlement Verification Online (VEVO), and I authorise UAC and the participating institutions to do so.
6. I authorise UAC to verify any information provided by me.
7. I authorise UAC to provide all information and documents provided with and/or obtained in connection with this application to all institutions participating in undergraduate/international admissions through UAC or their affiliates for any purpose connected with my possible selection, admission and/or enrolment in any course at any of those institutions or affiliates.
8. I authorise UAC to collect, receive, store, transfer and use any information provided by me, or any information obtained in connection with this application, and to disclose such information to all participating institutions, Universities Australia, Universities Australia member institutions, the members of the Australasian Conference of Tertiary Admissions Centres (ACTAC), the Tertiary Education Quality and Standards Authority (TEQSA), the Australian Skills Quality Authority (ASQA), state and territory governments and any other authority or tertiary educational institution either in Australia or overseas, where UAC reasonably considers it is necessary to make such disclosure.
9. I authorise any future educational institution I attend as a result of this application to provide all of my results from future studies to UAC or a person nominated by UAC. I authorise UAC or the nominated person to collect, receive, store, transfer and use all such information and all information in or connected with this application for research purposes. I give these authorities on condition that all information provided pursuant to them is deidentified by UAC or the nominated person.
10. I understand that UAC or a participating institution for which I have a preference may disclose the personal information I have given in this application to the Department of Education, Skills and Employment, or its successor, for the purpose of:
    - use in connection with the Higher Education Information Management System (HEIMS) and/or
    - use in connection with the National Data Collection on University Applications and Offers and/or
    - other collections as the Department of Education, Skills and Employment, or its successor, may lawfully require from time to time.
11. I understand that UAC and the participating institutions have the right to vary or cancel an application or enrolment made on the basis of what UAC or a participating institution determines to be untrue or incomplete information from any source.
12. I understand that UAC, on behalf of the participating institutions, makes offers based on the information provided by me and on advice received from UAC. If a participating institution subsequently finds that the information or advice was incorrect, it may withdraw the offer.
13. I understand that UAC will release details of my course preferences and offers to my school/college and that I must notify UAC in writing within 7 days of applying if I do not wish these details to be released to my school/college.
14. I understand that information and documents provided with and/or obtained in connection with this application may be used by UAC for training, research purposes and that I must notify UAC in writing within 7 days of applying if I do not wish this information to be used.
15. I understand that all fees paid to UAC in connection with my application are not refundable under any circumstances except as required by law.

Policy statement on untrue or incomplete information submitted by applicants

UAC recognises that all decisions which affect an applicant must be made fairly using appropriate academic or other criteria as specified by the participating institutions.

Selection into courses by application to UAC is based on merit. It is the responsibility of applicants to ensure that they comply with all instructions when submitting a UAC application. Read 'Your responsibilities as an applicant.'

An application must be complete and correct and all attempts at academic study must be disclosed. Applicants must accept the conditions set out in the 'Declaration and Authority' when they apply – read the printed version above.

UAC will review, and may take action against, anyone who submits an application that contains information that UAC or a participating institution determines to be untrue or incomplete. That application may also be cancelled.

UAC will also investigate, and may take action against, an applicant who, by any other means, has or could have achieved an advantage over other applicants.

Examples of conduct by an applicant which will be investigated by UAC include, but are not limited to:

- submitting an incomplete or falsified academic transcript
- failing to declare previous study at secondary, post-secondary or tertiary level
- submitting an incorrect or otherwise misleading statement of employment experience
- claiming special consideration of educational disadvantage based on incorrect information
- having some other person complete a selection task on the applicant's behalf such as an interview, audition or a portfolio of work
- claiming membership of a special selection group when not a member of that group.

The procedures for processing applications suspected of being in some way incomplete or untrue have been approved by the NSW Vice-Chancellors' Committee.

These procedures accept the right of applicants to be treated fairly and without prejudice, and in accordance with the principles of natural justice.

Collection of personal information

UAC collects personal information and, in some circumstances, information regarding your health, or information about someone other than yourself, for the purpose of processing your application for undergraduate/international admission to tertiary institutions.

If you are providing personal information about someone other than yourself, you should tell them about UAC's Privacy Policy, which can be found on UAC's website at uac.edu.au/privacy.

While your personal information is generally collected from you, UAC also collects information about you from other educational institutions that you have attended.

UAC provides your personal information and, where applicable, your health information to all institutions participating in undergraduate/international admissions through UAC. If you do not provide personal information where required in your application, UAC will not be able to process your application. Contact UAC's Privacy Officer if you have any queries.

You are able to gain access to any personal information and health information that is held about you by UAC. To obtain access, or if you have any questions, write to:

The Managing Director, UAC, Locked Bag 112, Silverwater NSW 2128.

For more information, read UAC's Privacy Policy at uac.edu.au/privacy.

Back to Guide contents

FAQs about applying

How many times can I apply?
You can apply once in each admissions period. If you change your mind about the courses you'd like to apply for in this period, you can easily change them by logging in to your application on UAC's website – read 'Course preferences' on pages 18–19.

If you have applied to UAC in a previous admissions period, you will need to start a new application. You cannot use your previous UAC application number and PIN.

How many courses can I choose?
Domestic applicants can choose up to five course preferences. International applicants can choose up to six course preferences.

How long does it take to apply?
It should take you about 30 minutes to apply.

Why is my connection slow?
Your application should load quickly but will be slower if:

- you are applying close to or on a closing date
- you are applying during the peak usage period (4pm to 10pm Sydney time)
- the speed of your modem or the bandwidth of your internet service provider's connection is insufficient.

Applying will be quicker if you don't leave it to the 30 September early bird deadline.

Australian Government

USI Unique Student Identifier

If you're heading to uni, make sure you get a USI as soon as possible.

You'll need it to:

- access HECS-HELP
- graduate from your degree
- enrol in a Commonwealth Supported Place.

It's super easy to get one – just jump on to **usi.gov.au** to get yourself set for study!

Admission and selection

General admission requirements

There are three general requirements for being offered a place in a course. You must:

1. **be eligible:**
   - by meeting the academic requirements outlined in this section
   - by meeting the specific requirements of each institution outlined under their 'Admission criteria' at uac.edu.au/institutions
   - by meeting the specific entrance requirements of the course (eg prerequisites or additional selection criteria) set out in the course descriptions at uac.edu.au/search
2. **compete against other eligible applicants**
3. **have paid the UAC processing charge.**

Check the course descriptions on the UAC website for:

Action!

- details of non-ATAR admission criteria (eg portfolio)
- information about the lowest selection rank required to get an offer to the course last year.

Academic requirements

Tertiary institutions in Australia have found that a student's overall academic achievement is the single best predictor of success in tertiary study. The ATAR is commonly used as a selection tool as it is a measure of your overall academic achievement.

2021 Year 12 students with an ATAR

ATARs are calculated in each state to reflect a student's rank against other students in their state. An ATAR of 85.00 in your state is equivalent to an ATAR of 85.00 in other states. For information on the ATAR in NSW, visit uac.edu.au/atar.

You do not need to provide UAC with your ATAR: we have direct access to it.

Each course description on the UAC website will indicate, where relevant:
- the lowest ATAR previously required to receive an offer
- the lowest selection rank (ATAR + adjustments) previously required to receive an offer.

Use this data as a guide only to your chances of being selected for the course in 2022.

Some institutions also specify:
- the minimum ATAR or selection rank you'll need to achieve to be considered for a place in the course in 2022
- a guaranteed ATAR or selection rank (if you achieve these you are guaranteed a place in the course in 2022).

Tip!

Head to the UAC website for everything you need to know about the ATAR: we explain how it's calculated and bust some common myths!

Lowest ATARs and selection ranks for entry to semester 1 courses in 2022 won't be known until all offers have been made.

Lowest ATARs

Don't assume that the published lowest ATAR for a course is the ATAR you require to be made an offer to that course. The applicant who received that ATAR may have been eligible for adjustment factors and had their selection rank increased, making them competitive enough for an offer.

Lowest selection ranks

The lowest selection rank for a course includes any increase to an applicant's selection rank made as a result of adjustment factors.

Three factors determine the lowest selection rank:
- the number of places available in the course
- the number of applicants for the course
- the quality of those applicants.

These three factors mean that lowest selection ranks change from year to year and are impossible to predict before applicants are selected for a particular course in a particular year. The lowest selection rank for any course can increase, decrease or remain the same.

The lowest selection rank doesn't represent the average ability of the students accepted for the course and does not reflect the difficulty or quality of the course.

Selection rank adjustments

Many applicants receive an offer to a course even though they have an ATAR below the published lowest selection rank. Why? Because other factors have been taken into consideration in combination with their ATAR and their selection rank for that course has been adjusted and is higher than their ATAR.

These adjustments are due to factors such as:
- performance in HSC subjects
- living or attending school in a certain area
- applying for consideration through the Educational Access Scheme.

Selection rank adjustments are applied differently from institution to institution and from course to course within the same institution. Visit each institution's website for details.

As selection rank adjustments are course specific, your selection rank can be different for each of your course preferences.

Tip!

- Your selection rank = your ATAR + adjustments.
- Adjustments do not change your ATAR; they change your selection rank for a particular preference.
- Institutions automatically adjust your selection rank if you are eligible.
- You are not notified of changes to your selection rank.

EXAMPLE

Course A has six applicants and only three places available. The six applicants have the following selection ranks:

Applicant	Selection rank
1	**89.00** (ATAR of 89.00)
2	**88.00** (ATAR of 87.00 plus adjustment of 1 point)
3	**87.00** (ATAR of 83.00 plus adjustment of 4 points)
4	**86.00** (ATAR of 86.00)
5	**85.00** (ATAR of 83.00 plus adjustment of 2 points)
6	**84.00** (ATAR of 84.00)

Offers will be made to applicants 1, 2 and 3. Applicant 4 won't receive an offer, even with an ATAR higher than applicant 3, and applicant 3 will receive an offer even though their ATAR is below the lowest selection rank. The lowest selection rank required to receive an offer to Course A will be 87.00.

The example also shows that an applicant with an ATAR above the published lowest ATAR for a course will not necessarily receive an offer. The lowest ATAR for this course is 83.00 (applicant 3). Even though applicants 4, 5 and 6 have ATARs of 83.00 and above, their selection ranks are below the lowest selection rank of 87.00 and therefore they will not receive an offer.

Guaranteed ATARs and selection ranks

Some institutions indicate a guaranteed ATAR or selection rank for each course. If you achieve the guaranteed ATAR or selection rank you will be eligible for an offer to the course for semester 1, 2022.

Depending on the demand for the course, applicants with lower ATARs and selection ranks may also be eligible for offers.

2021 International Baccalaureate students

If you're an IB student, you don't receive an ATAR. Instead, when you apply through UAC, or any other tertiary admissions centre in Australia, your IB score is converted to a rank. This allows you to be compared to applicants with an ATAR.

Getting your IB results to UAC

Ask your school IB Diploma coordinator to authorise the International Baccalaureate to release your IB Diploma results directly to UAC. This needs to be done in addition to any other request you make for results to be sent to an institution.

If UAC receives your results directly from the International Baccalaureate then any subject adjustment factors you are eligible for will be automatically allocated by the institutions.

Alternatively, provide a copy of your official Results Certificate and Diploma Certificate as soon as they become available. You'll also need to contact the institutions about the allocation of any subject adjustment factors for which you are eligible.

Tip!

Go to uac.edu.au/ib to:
- view the IB score/UAC rank conversion table
- compare IB courses to NSW HSC courses.

Students completing non-standard Year 12 programs in 2021

Non-standard Year 12 programs of study include those completed through:
- Australian Christian Education
- Rudolph Steiner Education
- home schooling
- Queensland Senior External Examination.

If you're studying these programs, select 'No' in your application when you are asked if you're completing an Australian Year 12 in 2021.

Assessment

UAC assesses the Queensland Senior External Examination.

For all other non-standard Year 12 studies to be assessable by UAC, you must:
- provide proof of completion of an accredited Year 12 program of study
- have sat the American Scholastic Aptitude Test (SAT), results from which will be assessed by UAC.

UAC will also assess results from the Special Tertiary Admissions Test (STAT). Find out more about STAT at stat.acer.edu.au.

Contact the admissions offices of the institutions you are applying to for information on acceptance of STAT and on how they will consider your non-standard Year 12 studies.

2021 New Zealand NCEA Level 3 students

If you are completing the NCEA Level 3, an Interstate Transfer Index (ITI) will be calculated by the New Zealand Qualifications Authority (NZQA) and provided to UAC. This will be used in the selection process, provided you have fulfilled NZQA's University Entrance requirements. NZQA does not report the ITI to applicants.

In your UAC application, select 'No' when asked if you're undertaking an Australian Year 12 in 2021.

Direct queries about the ITI and University Entrance requirements to NZQA: visit nzqa.govt.nz.

Additional selection requirements

Some courses have selection criteria in addition to (or instead of) your ATAR and selection rank. This can include a personal statement, a questionnaire, a portfolio of work, an audition, an interview or a test. You can find details of any additional selection criteria in the course descriptions on the UAC website.

Prerequisites

Some courses require you to have studied specific HSC courses or equivalent in order to be considered for an offer. For details of prerequisites, read the course descriptions on the UAC website.

If you're applying to NSW universities from another state, you can compare your courses and results to NSW HSC courses and results at uac.edu.au/year12-quals.

Earth Science students conducting water testing at the old mine site, Little Blue Lake, Tasmania.

Study that takes you places.

No matter what you study, our courses will take you beyond the classroom and across our incredible island.

We also have a campus in Sydney specialising in nursing, health and paramedicine.

utas.edu.au

UNIVERSITY of TASMANIA

If you live in NSW or the ACT and are applying interstate, check if you meet the admission criteria of institutions in that state.

Tip!

Pathway options

Most institutions offer pathway options if you don't meet the entry requirements for their degree courses, or need further support and preparation before studying at degree level.

Non-degree courses

Pathway courses include:

- foundation studies
- preparatory courses
- certificate, diploma or associate degree courses.

If you successfully complete one of these courses, an institution may guarantee you entry into a particular degree course. Otherwise, you can use your non-degree studies to apply and compete for admission to other degree courses.

You may also be awarded credit for some studies undertaken in your non-degree course.

Offers to lower-level courses

Some institutions may offer you a place in a lower-level course – even if you don't apply for it – if you're not eligible or competitive enough to receive an offer to the course to which you've applied. This is sometimes called a 'slipback offer'.

English language proficiency

English language proficiency is an admission requirement for most tertiary courses. If you need to provide proof of your proficiency in English, this will be indicated in your application.

Applicants who don't need to provide proof

Most applicants – including those with an Australian Year 12 qualification – do not have to prove proficiency in English.

Students with assessable qualifications

For most institutions, you do not need to provide proof of English language proficiency if you have an assessable qualification – undertaken in English – from one of the following countries:

- American Samoa
- Australia
- Botswana
- Canada
- Fiji
- Ghana
- Guyana
- Ireland
- Jamaica
- Kenya
- Lesotho
- Liberia
- New Zealand
- Nigeria
- Papua New Guinea
- Singapore
- Solomon Islands
- South Africa
- Tonga
- Trinidad and Tobago
- United Kingdom
- United States of America
- Zambia
- Zimbabwe.

Assessable qualifications are:

- senior secondary studies comparable with the NSW HSC (including the IB Diploma or Bilingual Diploma)
- one full year of Australian or comparable tertiary studies, including associate degree, bachelor degree and postgraduate studies
- Australian non-award studies
- tertiary preparation courses, including the NSW TAFE Tertiary Preparation Certificate, with a full-time equivalence of one year.

The following qualifications may also be accepted as satisfying English language proficiency if you were born in and undertook the qualification in one of the countries listed above:

- AQF qualifications: AQF Certificate III or IV, diploma or advanced diploma (or equivalent)
- Special Tertiary Admissions Test (STAT)
- professional registration/qualification (eg nursing, trade, CPA).

Note: Some institutions may accept a different group of countries or have different qualification requirements. For institution-specific details, visit uac.edu.au/elp.

Back to Guide contents

Students with qualifications specified by an institution

Each institution specifies additional qualifications it will accept as proof of English language proficiency, which may vary for specific courses. These qualifications are set out on the UAC website at uac.edu.au/elp.

Applicants who do need to provide proof

If you don't have the required tests or qualifications outlined above, there are two ways to prove your proficiency in English.

Method 1: Sit an English language proficiency test

There are a number of English language proficiency tests that are commonly accepted by institutions.

Check with your preferred institution to make sure it will accept the test results as proof of English language proficiency for the course you want to study. Include details of your proposed test in the English language proficiency question in your UAC application and submit it. Provide UAC with evidence of your results as soon as you receive them.

Register with the individual test centre:

International English Language Testing System (IELTS): Academic
Visit ielts.org.

Test of English as a Foreign Language (TOEFL)
UAC's TOEFL Designated Institution code is 8619. To have your results sent directly to UAC, enter this code on your answer sheets when you sit the TOEFL examination or on the Score Report Request Forms for tests previously taken. Visit ets.org.

Pearson Test of English (PTE): Academic
Authorise the release of your PTE Academic results to UAC via your Pearson account. UAC's PTE Academic institution code is LL5. Visit pearsonpte.com.

C1 Advanced
Formerly known as Cambridge English: Advanced (CAE). Visit cambridgeenglish.org/exams/advanced.

C2 Proficiency
Formerly known as Cambridge English: Proficiency (CPE). Visit cambridgeenglish.org/exams/proficiency.

Method 2: Write to the institution admissions office

If you believe you can demonstrate your proficiency in English but your test or qualification is not included here or on the UAC website, write to the admissions office at each institution to which you're applying. Include supporting documentation so that the acceptability of your test or qualification can be determined. **Do not send this information to UAC** – we cannot make decisions about your English proficiency on behalf of institutions.

International students

The Australian Government has separate English language requirements for students applying for student visas from some countries. For more information, visit homeaffairs.gov.au.

Selection process

Once you've met all the admission requirements for a course, you will compete against other applicants for a place.

If you're not successful in gaining a place in the course listed as your first preference, your second preference will be considered and so on until an offer can be made or you have no more preferences.

You'll only receive **one offer per offer round** to your highest preference for which you're:
- eligible
- competitive enough.

In some cases you may also receive an offer to a lower-level course that you haven't applied for – read about slipback offers on page 36.

International students

In each round, you can receive one offer from each institution listed in your preferences.

You compete against other applicants for a place in a course.

Entry schemes

Some institutions have a specific scheme or program for applicants who don't meet the usual admission criteria of the institution. For details, refer to the information about each institution on the UAC website at uac.edu.au/institutions.

Educational Access Scheme

Most of UAC's participating institutions have an Educational Access Scheme (EAS) to help students who have experienced long-term educational disadvantage gain admission to university.

To be eligible for an equity adjustment under EAS for 2021–22 admissions, you must be:

- a UAC domestic applicant for undergraduate admission
- an Australian or New Zealand citizen, or a permanent resident of Australia (includes holders of permanent humanitarian visa)
- able to demonstrate that you've experienced long-term educational disadvantage because of circumstances beyond your control.

International students cannot apply for EAS.

For detailed information, visit uac.edu.au/eas.

EAS applications

EAS applications open on Thursday 1 April 2021 and remain open throughout the admissions period.

Before you apply for EAS you need to complete an application for undergraduate admission. Once you've submitted your undergraduate application, you'll have the option to immediately access the EAS application via the 'Apply for EAS' button or you can log back in to your undergraduate application at any time and apply for EAS.

You're encouraged to apply by the early bird closing date of Thursday 30 September 2021, but if you miss this date the following EAS application and documentation deadlines apply:

- Friday 17 December 2021:
  - to guarantee receipt of your eligibility letter by Thursday 20 January 2022 (the day NSW ATARs are released) and ensure you have time to change preferences for January Round 2
  - to be included in January Round 2.

If you have any questions, you can call UAC.

Notification of EAS eligibility

After your application has been assessed, UAC will send you an email to notify you of your EAS eligibility at each institution.

EAS applications and supporting documents received by UAC on or before Friday 17 December 2021: EAS eligibility notifications sent Thursday 20 January 2022.

This means that if you want to change your course preferences for January Round 2, you already know your EAS eligibility for every institution.

EAS applications received by UAC from Saturday 18 December 2021: EAS eligibility notifications issued progressively.

Early offer schemes

Some institutions have early offer schemes for Year 12 students. Through these schemes, applicants may be selected for courses based on a range of criteria, including recommendations provided by schools/colleges, rather than their final Year 12 results.

Schools Recommendation Scheme

The Schools Recommendation Scheme (SRS) aims to help current Australian Year 12 students gain access to higher education using a wide range of selection criteria other than (or in addition to) the ATAR. These include school recommendations and senior secondary studies.

SRS also enables institutions to make early offers to current Australian Year 12 students who have applied for undergraduate admission through UAC. Institutions may make early offers based on:

- Year 11 results
- school ratings
- ATAR (or equivalent) or selection rank
- equity criteria
- institution-specific conditions.

Participating institutions have their own policies on determining SRS eligibility and making offers. For details, visit uac.edu.au/srs.

After you've submitted your UAC undergraduate application you can apply for SRS via the UAC website. UAC centrally processes these applications.

SRS applications open on Thursday 1 April 2021 and close at midnight on Sunday 19 September 2021.

Who can apply

SRS is open to all Year 12 applicants who are completing either an Australian Year 12 qualification or an International Baccalaureate (within Australia) in 2021, and are:

- UAC domestic applicants for undergraduate admission for 2021–22
- Australian or New Zealand citizens
- permanent residents of Australia or holders of Australian permanent resident humanitarian visas.

International students cannot apply for SRS.

Individual institutions may have additional requirements for applicants. To find out more, access the link to institution-specific criteria at uac.edu.au/srs.

Course preferences

Finalise your course preferences by midnight on Thursday 4 November 2021. Place the course you would most like to do at the top of your list, your next most preferred second, and so on down the list.

SRS offers

Most SRS offers will be made in November Round 1 on Friday 12 November 2021.

There are two types of SRS offers:

- unconditional offers (which have no further conditions for you to meet)
- conditional offers (which require you to meet additional conditions, such as a minimum ATAR).

In November, you can receive one unconditional offer and one or more conditional offers. Accept the unconditional offer, even if it's for your lowest course preference. You will automatically be considered for your higher preferences in later rounds.

If you receive an unconditional offer to one of your higher preferences and want to be considered for all your other preferences in later rounds:

- accept the offer
- log in to your UAC undergraduate application, go to 'Update course preferences' and move that course down to the bottom of your course preference list or remove it entirely (as long as you have accepted the offer, you can't lose it).

If you then receive an offer to a course in your new list, you can decide whether to accept it and withdraw from your original course, or not accept the new offer and keep your place in your original course.

Unsuccessful applicants

UAC won't advise applicants who do not receive an offer through SRS. An unsuccessful SRS application has no effect on your UAC undergraduate application.

For further information about SRS, visit uac.edu.au/srs.

Individual uni entry schemes

Some institutions have their own entry schemes that you can apply for directly via their websites. They might look at criteria like leadership, extracurricular activities or community service. Your applications to these schemes won't affect your UAC application.

Most institutions have an admission scheme specifically for Aboriginal and Torres Strait Islander students.

Read about these schemes in the institution entries starting on page 57 or access them via uac.edu.au/institutions.

Do you have a disability, chronic health, mental health condition, or did you receive additional supports at school?

There is a lot of information out there to help you consider and articulate what supports you need to make your transition into higher education, and subsequent employment a success.

NDCO
National Disability Coordination Officer Program
AN AUSTRALIAN GOVERNMENT INITIATIVE

Top tips for a smooth transition

While in Year 12 (or earlier)

- Check out the Get Ready for University website: westernsydney.edu.au/ndco/getready
- Decide what you want to tell others about your disability: westernsydney.edu.au/ndco/disclosure
- Read about the Educational Access Scheme (EAS) in this Guide. EAS recognises the impact of personal illness/disability and can make a significant difference to your university course options.

When applying

Lodge your UAC application as required

- There are many special entry schemes which may be available through UAC, or individual universities. It is important to plan ahead so that you can research what special entry schemes may be available, how to apply and whether there are any closing dates for the application. Check out the UAC website, and your chosen university's website for further details.

When you get your offer and when enrolling

- Contact disability staff at the university to let them know you will be enrolling. If you will need services in place at the beginning of semester, for enrolment, and/or for orientation, make an appointment immediately. Ask what documentation is required to secure the right supports for you.
- At enrolment you may be given the opportunity to indicate whether you have a disability. However, this step does not necessarily mean that the right supports will be put in place to give you the best chance of success at uni. It is advisable that you connect with disability support staff on campus to develop a support plan prior to starting your course.
- When it is time to look for graduate employment, ask your university careers team how they can help you prepare for job search and to enter the workforce.
- Many universities in Australia participate in the University Specialists Employment Partnership (USEP) model for supporting students to achieve graduate employment. For further information or a list pf participating universities, go to: usep.com.au

Remember to make contact with Disability Services early!

National Disability Coordination Officers (NDCO) work throughout Australia to drive change, so that people with disability have equitable opportunity to access, participate and achieve their goals in Higher Education and subsequent employment.

To find out more about the NDCO program, go to https://www.dese.gov.au/access-and-participation/ndco

Offers and enrolment

Why preferences matter

You can receive only one offer in each offer round. That offer will be to the highest preference for which you:

- meet the admission requirements (are 'eligible')
- successfully compete against other applicants.

For example, if you meet the admission requirements and are competitive enough for the first preference you've listed, you'll be made an offer to that course only. If you're not made an offer to your first preference, but meet the admission requirements and are competitive enough for your second preference, you'll be made an offer to your second preference.

> Always keep your courses listed in your preferred order.
>
> Tip!

Timing of offers

Offers are made on scheduled dates throughout the year. These are called offer rounds.

The most important 2022 semester 1 offer round dates for Year 12 students are set out in a table on the inside front cover of this Guide. The table also shows the dates by which you need to apply, provide documents and change your preferences to be guaranteed consideration in each offer round.

Although some Year 12 applicants receive early offers (before ATARs are released), most will receive their offers in:

- January Round 2 on **26 January 2022**
- February Round 1 on **3 February 2022**.

Offer rounds after January Round 1 are for entry to courses that still have vacancies.

> Sometimes the uni will tell you that your early conditional offer will only convert to an unconditional offer if it is your 'highest eligible preference'. This is true, but take note of the word 'eligible'. You can still place other courses higher in your preference list; if you miss out on offers to these higher preferences, your conditional offer will still become unconditional.
>
> Tip!

> Accept any offer you receive: don't assume you'll receive another offer later. You can then review your preferences for the next offer round.
>
> Action!

Early offers

The offer rounds before 26 January 2022 are usually for early offer schemes such as the Schools Recommendation Scheme, ADFA (Australian Defence Force Academy) courses, non-Year 12 applicants, or for courses that don't require an ATAR. If you don't receive an early offer and aren't in one of the categories listed, there's no need to worry.

If you get a **conditional** early offer, to convert it into an unconditional offer you have to:

- leave the course in your list of preferences.
- satisfy the conditions set out by the uni in your offer email.

International applicants

Conditional offers

Approximately 48 hours after you have applied through UAC, you'll receive a conditional offer via email. The email will list all the courses you've applied for, and you can use it as part of your pre-visa assessment. It is a conditional offer of admission only; it does not mean you are able to enrol. To be eligible to enrol in a course of study you need to receive an unconditional offer.

Unconditional offers

To receive an unconditional offer, you must have the course listed in your application when offers are made, meet the minimum admission criteria of the institution and any other specific entry requirements for the course, and successfully compete against other applicants for a place. Most offers will be made from mid-December, after you receive your final Year 12 results.

Your courses are considered in the order you have listed them in your application. However, each institution you have applied to will consider your application separately. Therefore, you can receive an offer to your highest preference at each institution included in your application (if you are eligible and competitive enough).

Getting your offer

UAC will send you your offer via email. You can also view your offer details by logging in to 'Undergraduate offers'/'International offers' via the 'Apply or log in' button on the UAC website using your UAC application number and UAC PIN.

Slipback offers

If you apply for a course but miss out on an offer, you might receive an offer to a lower-level course – in the same area at the same institution – instead. For example, you may get an offer to a Diploma in Marketing if you applied for, but missed out on, the Bachelor of Marketing at the same institution.

If you successfully complete a course such as a diploma, some institutions guarantee you entry into a degree course. You might also be awarded credit for some of your studies.

Direct offers from the unis

If you have applied directly to an institution, as well as through UAC, you can receive offers from both UAC and the institution. Then it's up to you to decide which one to accept.

Accepting your offer

Accept your offer by following the instructions the institution gives you in your offer email. Do this promptly, otherwise your offer might lapse and be given to another applicant in the next round.

Accepting an offer doesn't stop you from being considered in later offer rounds, but you must remove the successful course from your preferences list (or move it to the bottom) to prevent it blocking offers to lower preferences in future rounds.

If you receive an offer in one round and accept it, then receive an offer in a later round, you can choose to:

- keep your previous offer and not accept your new offer or
- accept your new offer and withdraw from the course you've already accepted.

Once you accept your offer, the next step is enrolment.

International applicants

Your offer will include an explanation of how to accept your offer, enrol and pay the required compulsory Overseas Student Health Cover (OSHC) charge. Take particular notice of any deadlines the institution has for accepting the offer.

Once you have accepted your offer and sent your payment, the institution will send you a Confirmation of Enrolment. This document will allow you to obtain your student visa.

Back to Guide contents

What to do when you get an offer

12 NOV **Before you get your ATAR**
SRS offers released: November Round 1

26 JAN **After you get your ATAR**
Offers released January Round 2

01. What happens

- You get a **conditional** early offer
- You get an **unconditional** early offer
- You get an offer to your **first course** preference
- You get an offer but it's **not** to your first course preference
- You **don't get** any offers

02. What you need to do

- **Leave** the course in your application in your preferred order
- **Accept** the offer
- **Accept** the offer
- **Accept** the offer to keep as a backup
- **Compare** your ATAR to course lowest selection ranks
- **Consider** pathway courses (eg diploma in same subject area)

03. What happens next

- **Satisfy conditions** set by the university
- **Receive an unconditional offer** after you get your ATAR
- **Happy with the offer?** Proceed to enrol
- **Or want another offer?**
  - **Remove** offered course from preference list
  - **Review** your preference list for post-ATAR offers
- **Happy with the offer?** Proceed to enrol
- **Or want another offer?**
  - **Remove** offered course from preference list
  - **Review** your preference list for post-ATAR offers
- **Remove** offered course from preference list
- **Review** your preference list for post-ATAR offers
- **Review** your preference list for next offer round

04. What to do in later rounds

- If you get an offer to your preferred course:
  - **Accept** the new offer and enrol
  - **Contact uni to withdraw** acceptance of first offer
- If you get an offer to your preferred course:
  - **Accept** the new offer and enrol
  - **Contact uni to withdraw** acceptance of first offer
- If you get an offer to your preferred course:
  - **Accept** the new offer and enrol
  - **Contact uni to withdraw** acceptance of first offer
- If you get an offer:
  - **Accept** the offer and enrol

  If you don't get an offer:
  - **Discuss** your options with different unis
  - **Change** your course preferences

Got a question?
If you want to know why you didn't get an offer, or what other study options are available to you, get in touch with the admissions office staff at the uni. The institutions make the decisions about who receives an offer to a course.

Receiving further offers

Once you've received an offer, you can't be made an offer to any lower course preferences unless you change your preferences.

So, if you receive an offer to your first preference, you won't be considered for further offers in subsequent rounds unless you move that course down to the bottom of your list or remove it entirely. (Before you do this, don't forget to accept the course you've already been offered!)

If you receive an offer to a lower preference, you will automatically be considered for higher preferences in the next round.

EXAMPLE

Let's say you have the following five courses listed as preferences and you receive an offer to your second preference:

Preferences	
1	B Life Science
2	B Animal Science
3	B Science (Physics)
4	B Human Sciences
5	B Natural Science (Animal Science)

1. **Accept** your offer to B Animal Science.
2. **Remove** B Animal Science. As long as you've accepted your offer to this course, you won't lose your place. If you leave your preferences as they are, then in subsequent rounds you will only be considered for your first preference, B Life Science.
3. **Change** your preferences in any way you like – even add new courses to your list. Just make sure you have a realistic chance of meeting the lowest selection rank and can satisfy any additional course requirements.

Say you change your preferences to the following:

Changed preferences	
1	B Science (Physics)
2	B Science (Flexible)
3	B Biotechnology
4	B Human Sciences
5	B Teaching/B Science

4. **Receive** an offer to a course in your new list.
5. **Decide** whether to accept it and withdraw from B Animal Science or not accept the new offer and keep your place in B Animal Science.

If you change your mind
If you reject an early round offer or let it lapse and then change your mind, you'll need to speak with the institution's admissions office, as only the institution can reinstate the offer. Also, if the course you've rejected was your first preference and you don't remove it, no further offers can be made because the rejected offer will 'block' any new offers to other preferences.

Deferring your start date

You can often delay starting your course for six months or one year. All deferments are granted subject to the course being offered the following semester or following year. Each institution has its own policy regarding deferment – refer to the institution information at uac.edu.au/institutions.

How

Follow the institution's instructions for accepting your offer. You will then be given the option to 'accept' or 'defer' your place in the course. Sometimes you have to accept the offer before you can defer.

Most institutions will ask you to provide a statement to explain why you wish to defer and what you'll be doing during this period.

Once your deferment has been granted, the institution will confirm it in writing and give you instructions on how to take up your deferred course.

Changing your mind

If, at the end of the deferment period, you decide you'd like to be considered for other courses, you can complete a new UAC application and include these course preferences. If you receive an offer to one of the new courses, you can then decide whether to accept the offer or take up your deferred course.

Your deferred offer can lapse

Tip!

If you undertake degree studies or certain levels of TAFE study other than NSW HSC courses during your deferment period, your offer at many institutions will lapse. You will need to reapply through UAC and declare all of your studies. Check with each institution for specific policies.

Unsuccessful applicants

Take action

Contact the relevant institutions for advice on alternative study options, then change your course preferences for the next offer round.

Think ahead

When you apply though UAC, you'll be asked if you'd like to receive information about alternative study options should your application be unsuccessful. If you select 'Yes', institutions (including some not in your preferences) can contact you with details of other available study options. You can always opt out of receiving this information by logging in to your application on the UAC website.

Enrolment

Enrolment is the next step after you accept your offer. Your institution will let you know when enrolments are open and what you need to do.

You usually enrol online and it often involves:

- registering for your semester 1 subjects
- setting up a student email account
- completing a form to request a HECS-HELP or FEE-HELP loan (you'll need your Australian Tax File Number)
- entering your unique student identifier (USI). You may already have one from previous vocational education or training. If not, you can create a USI at usi.gov.au.

After you enrol in a course, you have until the census date to pay your fees or withdraw without penalty from the course. The census date varies depending on when your course starts, but it is usually at least a couple of weeks after the course start date.

International applicants

If you apply through an agent, your agent will help you enrol.

Orientation week

Before classes start at the beginning of the year, most institutions run an orientation week (often called 'O-Week'). The aim is to help you transition into university life. During the week you can:

- get to know your way around the campus
- socialise with other new students
- join clubs and societies that interest you
- find out more about your course and the academic support that will be available to you.

It's not compulsory to attend orientation week but it will help you get off to a good start.

International applicants

International students are strongly encouraged to attend orientation programs as they are specifically designed to help with adjusting to life as a student in Australia. For more information, read the institution entries at uac.edu.au/institutions.

Transferring to another course

Many students enrol in a course with a view to transferring into another course after completing a year's study. A typical example is completing one year of a general degree (such as Arts) and then transferring to a more specialised degree (such as Arts/Law).

How

In most cases you're not actually transferring; you're withdrawing from one course and applying for entry to another. You usually need to submit a new application through UAC for the new course.

If you're transferring to another course in the same admissions period, you don't need to reapply because your application is still active – you just need to change your preferences. Then, if you get an offer you can formally withdraw from your current course. It's important to do this to avoid additional HECS fees or absent fail results on your academic record.

Get advice early

Transferring is not an automatic process. Places in your new course will be very competitive, and you usually need to achieve excellent results in your first year. Each institution has its own requirements for transfers and you should seek more information before you enrol.

FAQs about offers

Can I receive an offer in more than one round?
Yes, domestic students can receive one offer per round. If you receive an offer in one round and accept it, then receive an offer in a later round, you can either keep your first offer and not accept the second offer, or withdraw from the first offer (that you accepted) and accept the second offer.

International applicants can receive one offer per institution in each round.

Most offers are made in January.

Should I accept my offer? I might receive another offer in the next round.
Yes, you should accept your offer. If you receive an offer in one round, don't assume you'll receive another offer in a subsequent round. If you don't accept your offer and you don't receive another one in later rounds, you may miss out on a place.

Accept your offer by the date specified by the institution, otherwise you may lose your offer. Accepting an offer doesn't stop you from being considered for your higher preferences in subsequent offer rounds.

How do I receive more offers after I accept an offer?
If you receive an offer to your first preference but you'd like to be considered for other courses in subsequent offer rounds, you need to accept the offer, then remove your first preference and reorganise the order of your preferences before the next offer round (read the example on page 38).

If you receive an offer to a lower preference in an offer round, you'll automatically be considered for your higher preferences in subsequent rounds.

Back to Guide contents

Course costs and financial assistance

Types of courses

Your course costs will depend on the type of course in which you're enrolled. There are two main types of courses:

- Commonwealth-supported place (CSP)
- domestic fee-paying (DFEE).

Not all institutions offer CSP courses and not all institutions offer DFEE courses.

The course descriptions at uac.edu.au/search indicate the types of fees charged.

A small number of courses are:

- ADF: student contribution paid by the Australian Defence Force
- C3F: three years Commonwealth-supported, fourth year fee-paying
- CBF: a combination of CSP and DFEE (ie bachelor program is CSP, masters program is DFEE)
- ENA: Commonwealth-supported and exempt from student contributions
- OTH: DFEE with no government loan scheme for students
- VET: DFEE with VET Student Loans for eligible students.

Get a tax file number from the Australian Taxation Office: ato.gov.au. You'll need it if you pay your course costs using a loan from the Australian Government.

Action!

Commonwealth-supported place courses

CSP courses:

- are subsidised by the Australian Government so typically cost less than equivalent DFEE courses
- require you to pay part of the cost of the course (a student contribution set by the institution, within a range set by the Australian Government).

Student contribution amounts

The Australian Government classifies your courses into funding clusters. The amount you pay is usually the maximum allowed by the government. The maximum student contributions for 2021 are set out below.

These amounts are indexed each year and are based on one year of full-time study. For the most up-to-date information, search for 'funding clusters and indexed rates' at dese.gov.au.

Funding cluster	Max. student contribution in 2021
Funding Cluster 1 Law, accounting, administration, economics, commerce, communications, society and culture	$14,500
Funding Cluster 2 Education, clinical psychology, English, mathematics, statistics	$3,950
Allied health, other health, built environment, computing, visual and performing arts, professional pathway psychology, professional pathway social work	$7,950
Funding Cluster 3 Nursing, Indigenous and foreign languages	$3,950
Engineering, surveying, environmental studies, science	$7,950
Funding Cluster 4 Agriculture	$3,950
Pathology	$7,950
Medicine, dentistry, veterinary science	$11,300

Paying your student contribution

Australian citizens and holders of an Australian permanent humanitarian visa can pay their student contribution in three ways:

- pay the entire student contribution upfront
- receive a HECS-HELP loan for the whole student contribution
- pay some of the student contribution upfront and receive a HECS-HELP loan for the balance.

Holders of an Australian permanent resident visa must pay all of the student contribution upfront.

The institution will give you a 'Request for Commonwealth support and HECS HELP' form.

All CSP students (including upfront payers) must submit this form, regardless of their payment option.

HECS-HELP loans

You don't have to start repaying your HECS-HELP loan until your income reaches a certain level.

To find out more, visit ato.gov.au and search 'HECS'.

For more information about HECS-HELP loans and student contributions visit:

- institution websites
- studyassist.gov.au.

New Zealand citizens

New Zealand citizens can access HECS-HELP loans if they:
- hold a Special Category Visa (SCV), and
- meet the requisite criteria.

Other New Zealand citizens must pay all of the student contribution upfront.

International students

Tuition fees

Tuition fees for international students:
- vary between institutions and courses
- vary depending on the specific units of study in which you enrol
- are generally based on an average course load of two semesters of full-time enrolment.

Tuition fees are listed in the course descriptions at uac.edu.au/search and are indicative and subject to change.

What do tuition fees cover?

Tuition fees generally cover teaching costs only but they may also include:
- reception at the airport nearest to campus
- assistance in finding accommodation
- orientation program
- access to all avaliable student services and facilities
- special uniforms for nursing courses.

What don't tuition fees include?

Tuition fees do not include:
- accommodation expenses
- costs of textbooks, course materials, study aids and equipment
- living expenses such as food, transport and clothing
- costs of field trips
- health cover and medical costs
- the Student Services and Amenities Fee (not charged by all institutions).

Living expenses

The Australian Department of Home Affairs requires prospective international students to be able to demonstrate that they have access to at least A$21,041 a year to fund their living expenses in Australia.

Living expenses include items such as:
- accommodation
- electricity and/or gas and telephone/ internet bills
- food and entertainment
- personal incidentals
- public transport.

Your living expenses are separate from your tuition fees and will vary depending on many things (eg where you live, your type of accommodation and lifestyle).

Establishment costs and other expenses

You'll also need to meet establishment costs such as rental bonds for accommodation, furniture and general household items. Other expenses may include textbooks, study aids, vacations or the running of a car or motorbike.

You will find useful information on costs and other aspects of living in Australia at studyinaustralia.gov.au.

Domestic fee-paying courses

DFEE courses:

- are not subsidised by the Australian Government so typically cost more than equivalent CSP courses
- require you to pay the full cost of your course (a tuition fee set by the institution).

Paying your tuition fee

Australian citizens and holders of an Australian permanent humanitarian visa can pay their tuition fee in three ways:

- pay the entire tuition fee upfront
- receive a FEE-HELP loan or VET Student Loan for the whole tuition fee
- pay some of the tuition fee upfront and receive a FEE-HELP loan or VET Student Loan for the balance.

Holders of an Australian permanent resident visa must pay the tuition fee upfront.

FEE-HELP loans and VET Student Loans

FEE-HELP loans help eligible fee-paying students pay all or part of their tuition fees.

VET Student Loans help eligible students studying higher level vocational education and training (VET) qualifications (diploma level and above) pay their tuition fees.

How much can I borrow?

In 2021, FEE-HELP loans and VET Student Loans allow students to borrow a total of $108,232.

You can borrow a total of $155,448 if you're studying:

- medicine
- dentistry
- veterinary science
- an eligible aviation course.

You don't have to start repaying your loan until your income reaches a certain level.

Loan fees

The following loan fees apply from 1 July 2021:

- 20 per cent for FEE-HELP loans
- 20 per cent for VET Student Loans.

The loan fee does not apply to students at Torrens University, the University of Notre Dame Australia, Bond University or the University of Divinity.

For more information about FEE-HELP loans and VET Student Loans, visit studyassist.gov.au.

New Zealand citizens

New Zealand citizens can access FEE-HELP loans and VET Student Loans if they:

- hold a Special Category Visa (SCV), and
- meet the requisite criteria.

Other New Zealand citizens must pay all of the student contribution upfront.

Student services and amenities fee

Most institutions charge a Student Services and Amenities Fee (SSAF) for student services and amenities of a non-academic nature, such as:

- sporting and recreational activities
- employment and career advice
- child care
- financial advice
- food services.

The SSAF is annually indexed and charged regardless of whether students intend to use the services and amenities provided.

Not all institutions charge international students the SSAF.

Visit:

- dese.gov.au for more information on SSAF
- uac.edu.au/institutions for individual institution policies.

Back to Guide contents

Australian Government payments

The Australian Government provides financial help to eligible Australian students through payments administered by Services Australia.

The following information is correct as at February 2021.

Payment	Details
Youth Allowance	A payment for people aged 16 to 24 who are: – studying full time or – doing a full-time Australian Apprenticeship. Some job seekers aged 16 to 21 can also access these payments.
Austudy	A payment for people aged 25 or older who are: – studying full time or – doing a full-time Australian Apprenticeship.
ABSTUDY	A group of payments for Aboriginal and Torres Strait Islander students and Australian Apprentices.
Pensioner Education Supplement	A regular extra payment to help with study costs if students also get certain income support payments from Centrelink.
Student Start-up Loan	A voluntary loan you can get up to twice a year. You might be eligible to apply for this loan if you're a student getting: – Youth Allowance – Austudy or – ABSTUDY Living Allowance. You have to pay the loan back once you start earning a certain amount of income.
Relocation Scholarship	A once a year payment if you're an eligible student getting: – Youth Allowance – ABSTUDY Living Allowance or – Energy Supplement. You need to move to or from a regional or remote area for higher education study to get this.
Tertiary Access Payment	A payment of up to $5,000 if you're moving from an outer regional or remote area for tertiary study directly after completing Year 12.

Visit servicesaustralia.gov.au/students for full, up-to-date details of payments and eligibility criteria.

Ask questions and get information about payments and services via:
– the Services Australia Facebook page
– @StudentGovAU on Twitter.

Other assistance

If you receive Youth Allowance, Austudy, ABSTUDY, Pensioner Education Supplement or ABSTUDY Pensioner Education Supplement, you may also be eligible for the following payments:

Payment	Details
Education Entry Payment	Helps with the upfront costs of study and is paid when you start study if you got certain income support payments from Centrelink before you started studying.
Fares Allowance	Helps with travel costs between your permanent home and place of study in Australia if you need to live away from home to study.
Health care cards and concession cards	Health Care Card helps with the costs of medicines and some discounts.
Other allowances	Eg Rent Assistance, Energy Supplement, Youth Disability Supplement or Remote Area Allowance.

Equity Scholarships available through UAC

Equity Scholarships help disadvantaged students with costs associated with higher education.

Institutions award Equity Scholarships to Australian students from low socio-economic backgrounds, particularly those who receive Centrelink income support payments.

There are two types of Equity Scholarships:
- Institution Equity Scholarships (IES) funded by individual institutions
- Indigenous Student Success Program (ISSP) funded by the Australian Government.

Applying for an Equity Scholarship

By submitting just one Equity Scholarship application during UAC's admissions period you'll be considered for all available Equity Scholarships for which you're eligible at participating institutions.

Your application remains active for the entire 2021–22 admissions year, so if you miss out on a scholarship in one round, you may be considered again in subsequent offer rounds.

Do not apply multiple times for an Equity Scholarship; UAC will delete subsequent applications. One application is eligible for the entire admissions year.

Equity Scholarship applications and supporting documents received by UAC 10 working days prior to the offer round will be assessed for the offer round.

Visit uac.edu.au/es-offer-rounds for details of:
- offer rounds
- participating institutions.

To apply for Equity Scholarships:
1. Go to uac.edu.au/es to research the categories of educational disadvantages you can claim and the documents you will need to provide.
2. Select 'Apply or log in' at the top right of the screen, then select 'Equity Scholarships application.'
3. Follow the prompts to the personal details section and enter the required information. Make sure you provide a personal email address: your school email address will expire.
4. Complete all sections covering the disadvantages you are claiming.
5. Accept the declaration and authority.
6. Review your application summary and submit.
7. Download your confirmation of application.
8. Upload supporting documents to your application **at least 10 days before** the undergraduate offer round in which you wish to be considered.

If your circumstances change after you've submitted an application, you can log back in and add disadvantages.

Visit uac.edu.au/es for details of:
- participating institutions
- offer rounds and application dates.

Other scholarships

Institutions offer a range of merit scholarships, from book vouchers to full bursaries. Apply directly to the institutions.

Go to uac.edu.au/institutions to check for financial assistance and scholarships provided by each institution.

Back to Guide contents

If you need to provide supporting documents, a document package will be generated after you submit your Equity Scholarships application.

No document package = no documents required.

Tip!

International students

Sponsorship

Sponsored international students receive financial support for their study and/or other agreed educational expenses from sources other than their own funds. Your sponsoring authority must be recognised by the institution.

Working while studying

International students can work for:

- up to 40 hours per fortnight during teaching periods
- unlimited hours when your course is not in session.

This total:

✓ includes certain categories of voluntary, unpaid work.

× does not include work undertaken as part of your course.

Due to exceptional circumstances during the COVID-19 pandemic, there will be some flexibility for student visa holders to work beyond these usual work limitations, but only in specified industries.

Don't rely on working to fund your tuition or living expenses while in Australia – work cannot be guaranteed and spending excessive amounts of time working may adversely affect your studies.

You can submit your work visa application only **after** you've arrived in Australia and started your classes.

The Department of Home Affairs determines work entitlement for students. For more information, visit 'Visas' at immi.homeaffairs.gov.au.

Scholarships funded by the Australian Government

The Australia Awards Scholarship program:

- provides opportunities for people from selected developing countries to study in Australia
- awards a limited number of undergraduate scholarships based on merit or on nomination by home governments.

To apply, visit dfat.gov.au/people-to-people.

Scholarships funded by institutions

Institution scholarships may be targeted to students from specific countries or to particular areas of study. Apply directly to the institutions.

HSC board developed courses to be examined in 2021

Here's a list of all the HSC courses that will be examined in 2021. To be eligible for an ATAR in NSW, you must satisfactorily complete at least 10 units of courses. These ATAR courses must include at least:

- 8 units from Category A courses
- 2 units of English
- three Board Developed courses of 2 units or greater
- four subjects.

Your ATAR is then calculated from your:

- best 2 units of English
- best 8 units from your remaining units, which can include no more than 2 units of Category B courses.

For details on how the ATAR is calculated, go to uac.edu.au/atar.

Category A courses

Number	Course name	Unit value	Subject area
15000	Aboriginal Studies	2	Aboriginal Studies
15010	Agriculture	2	Agriculture
15020	Ancient History	2	Ancient History
15280	History Extension[1]	1	Ancient History
15030	Biology	2	Biology
15040	Business Studies	2	Business Studies
15050	Chemistry	2	Chemistry
15060	Community and Family Studies	2	Community and Family Studies
15070	Dance	2	Dance
15080	Design and Technology	2	Design and Technology
15090	Drama	2	Drama
15100	Earth and Environmental Science	2	Earth and Environmental Science
15110	Economics	2	Economics
15120	Engineering Studies	2	Engineering Studies
15155	English as an Additional Language or Dialect	2	English
15130	English Standard	2	English
15140	English Advanced	2	English
15160	English Extension 1	1	English

Board endorsed courses (Content endorsed courses)

These courses cannot be included in your ATAR calculation.

Course name	Unit value	Subject area
Aboriginal Languages	1 or 2	Aboriginal Languages
Ceramics	1 or 2	Ceramics
Computing Applications	1 or 2	Computing Applications
Exploring Early Childhood	1 or 2	Exploring Early Childhood
Marine Studies	1 or 2	Marine Studies
Photography, Video and Digital Imaging	1 or 2	Photography, Video and Digital Imaging
Sport, Lifestyle and Recreation Studies	1 or 2	Sport, Lifestyle and Recreation Studies
Visual Design	1 or 2	Visual Design
Work Studies	1 or 2	Work Studies

Notes

1. You can study both Ancient History and Modern History, but there is only one History Extension course. It is considered a course within the subject of either Modern History or Ancient History.
2. The unit value of this course changes depending on whether the course is taken in combination with Mathematics Advanced or Mathematics Extension 2.
3. You must study Music 2 if you wish to study Music Extension.
4. You may study either Studies of Religion I or Studies of Religion II, but not both.
5. You may study only one of the following languages: Croatian continuers, Macedonian continuers, Serbian continuers.
6. An optional HSC written examination in Category B courses is offered to eligible students. Subject to ATAR rules, you must undertake the optional written examination to have the results from this course available for inclusion in the calculation of your ATAR. Check with your school or the NESA website at educationstandards.nsw.edu.au for more information.

For interstate Year 12 and International Baccalaureate (IB) comparable courses, visit uac.edu.au/year12-quals.

Back to Guide contents

Common terms and abbreviations

Following are definitions of many of the terms and abbreviations used by UAC and its institutions. Knowing these terms will help you understand the tertiary admissions process.

Academic record (see Transcript)

Academic year

The part of the year when classes are held at a university. The academic year usually starts in February–March when classes begin, and ends with the examination period in November–December. It may comprise two semesters or three terms/trimesters. Some institutions also have an additional study period in December–February.

Additional selection criteria

Compulsory or optional requirements, either in addition to or instead of admission criteria, which you must meet to be considered for selection into a course.

Examples include a personal statement, a questionnaire, a portfolio of work, an audition, an interview or a test. If a course has additional selection criteria it is specified in the course description.

Adjustment factors

Factors that institutions consider in order to increase your selection rank for a particular course (eg achievement in an HSC course related to the student's preferred degree or eligibility for the Educational Access Scheme). They do not change your ATAR.

Admission criteria

The minimum qualifications required for you to be considered for entry to a particular course. Entry to many courses is competitive. The attainment of minimum qualifications does not guarantee you will be offered a place.

Admissions period

The period when applications are open for tertiary study. Applications open in April.

Advanced diploma

An award requiring two or three years of full-time, or equivalent part-time, study. This is the highest of the undergraduate diploma awards.

Apply direct institution

An institution that lists its courses through UAC but which manages its own admissions. UAC does not process applications for these institutions; students apply directly to the institution.

Areas of study

Areas of study within a course, which may consist of a sequence of subjects/units in a single discipline (generally studied throughout the course as major areas of study or specialisations or sub-majors) or additional or supporting subjects or units.

For details of areas of study offered in a course, read the course description on the UAC website.

Associate degree

An award requiring two years of full-time, or equivalent part-time, study. It equates to the first two years of a designated three-year degree course.

Associate diploma

An award requiring two years of full-time, or equivalent part-time, study.

Assumed knowledge (*see also* Prerequisites)

Some institutions assume you have knowledge of specified NSW HSC courses or equivalent before beginning your course. If you do not have the assumed level of knowledge but have met the admission requirements you can still be selected for the course, but you may have some difficulty coping with your studies. Bridging courses may be recommended for some students who do not have the assumed level of knowledge. If an institution recommends assumed knowledge for a course it is specified in the course description on the UAC website.

Australian Qualifications Framework (AQF)

A national policy for qualifications in the school, vocational education and training (VET) and higher education sectors in Australia. All AQF qualifications are quality assured.

Australian Tertiary Admission Rank (ATAR)

A measure of academic achievement in the HSC that helps institutions rank applicants for selection to tertiary courses. The ATAR is a rank, not a mark.

ATAR courses

Board Developed courses for which the NSW Education Standards Authority (NESA) conducts examinations that yield graded assessments. Classified as Category A courses or Category B courses, these are the only courses that can be included in the ATAR calculations.

Bachelor degree

An award requiring three or four years of full-time, or equivalent part-time, study.

Bridging courses

Courses that enable you to achieve the required level of assumed knowledge. The inclusion of one or more of these courses (also called introductory courses) in the first-year program, however, could prevent you from completing your course in the minimum time.

Combined/double/dual degrees

Degrees structured to allow students to complete two degrees in less time than would be taken if the two degrees were studied sequentially.

Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS)

A register of all Australian educational providers and their courses offered to students studying in Australia on student visas.

Commonwealth-supported place (CSP)

A place in a course to which the Australian Government contributes towards the cost, and the student pays a student contribution.

Deferment

Permission to delay starting a course, usually for one year. Refer to each institution's entry for deferment information specific to that institution.

Diploma

An undergraduate award that usually places more emphasis on practical skills than on theoretical content. Also a postgraduate award requiring one year of full-time, or equivalent part-time, postgraduate study.

Distance education

A form of full-time or part-time study that takes place outside the institution, either at a study centre, online or at home by correspondence. Periodic residential attendance at on-campus sessions is usually required.

Domestic fee-paying (DFEE) course

A course not subsidised by the Australian Government; the student meets the entire cost of their studies through tuition fees.

Education Services for Overseas Students (ESOS) framework

A combination of the ESOS Act, associated legislation and a National Code that protects the interests of students studying in Australia on student visas. Regulated by the Department of Education, Skills and Employment, it provides tuition and financial assurance and ensures there is a nationally consistent approach to registering education providers so that the quality of the tuition and services offered to students remains high.

Educational Access Scheme (EAS)

A scheme for university applicants who have experienced long-term educational disadvantage due to circumstances beyond their control or choosing.

Enrolment

Formal registration as a student at an institution after receiving and accepting an offer. Each institution has its own enrolment procedures. Successful applicants will receive enrolment details with their offer.

Equity Scholarships (ES)

Scholarships offered by institutions to help financially disadvantaged students with the costs of higher education.

Exclusion

A decision by an institution to exclude a student from continuing their study at that institution, usually because they have breached a regulation, such as failure in their program of study. In most cases they may re-apply for admission to the course/institution after a set period of time from the date of exclusion, usually one or two years.

Faculty

A department within a university in a particular area of study, such as arts, law, engineering or medicine.

FEE-HELP

A loan for eligible fee-paying students to pay their tuition fees.

Fee-paying students

Students who meet the entire cost of their studies through tuition fees. They can be domestic or international students.

Graduate

A person who has received a degree or diploma.

HECS-HELP

A loan for eligible Commonwealth-supported students to pay their student contributions.

Higher Education Loan Program (HELP) (*see also* FEE-HELP, HECS-HELP *and* VET Student Loans)

A loan program available to Australian citizens, holders of Australian permanent humanitarian visas and New Zealand citizens who are Special Category Visa (SCV) holders (and meet the requisite criteria) to enable them to pay their student contributions or tuition fees or their overseas study expenses. Loans are repaid later through the taxation system once income has reached a certain level.

Honours

In a three-year undergraduate course (or part-time equivalent), honours is an additional year of study to meritorious students. In a four- or five-year course, honours is awarded on the basis of superior performance in the course.

Institution

A provider of tertiary study, such as a university or a college. UAC's participating institutions are those for which you apply through UAC.

International fee-paying students (IFEE)

Students who are not Australian or New Zealand citizens or permanent residents of Australia and who meet the entire cost of their studies through tuition fees.

Lowest ATAR

The lowest ATAR of an applicant to receive an offer to a course. Lowest ATARs can only be determined when offers are made each year.

Lowest selection rank

The minimum selection rank required for selection into a course. Any lowest selection ranks published in this Guide are those from semester 1, 2021. They are intended to be used as a guide only and are supplied to help you assess your chances of getting into a particular course and decide on your preferences.

The lowest selection ranks can only be determined when offers are made each year.

Moderation

A process undertaken by NESA to remove differences between how schools assess their students. It involves the comparison of school-based assessment marks with state-wide examination marks and their alignment to course standards to produce an assessment mark for each student.

Non-award program

A course of study for students giving them a pathway into a bachelor degree. It allows students to study individual units (subjects) that, when successfully completed, can enable entry into a degree course.

Non-standard Year 12 applicant

An applicant who is completing a Year 12 program through Australian Christian Education, Rudolph Steiner Education, home schooling or the Queensland Senior External Examination.

NSW Education Standards Authority (NESA)

The body that sets the core curriculum for Kindergarten to Year 12 for government and non-government schools in NSW; sets guidelines for school assessment tasks and sets, organises and marks the HSC examinations; and sustains and improves the standards of achievement in NSW schools.

Open days

Days set aside by an institution for prospective students to visit their campus, view their facilities and meet academic staff and students.

Overseas Student Health Cover (OSHC)

Compulsory health insurance for international students studying on a student visa in Australia to cover any costs for medical and hospital care. Students must purchase an approved OSHC policy before enrolment.

Participating institution

An institution that lists its courses through UAC and UAC manages its admissions process, including applications and offers.

Pathway courses

Non-degree courses – such as foundation studies, preparatory courses and certificates, diplomas or associate degrees – offered by institutions to applicants who don't meet the entry requirements for their degree course or need further support and preparation before studying at degree level. Some institutions offer pathway courses through UAC – read the 'Admission criteria' section and the institution entries at uac.edu.au/institutions for details.

Percentile

Calculating percentiles is part of the process of calculating ATARs. The percentile indicates a student's position in a course against other students. For example, a student in the 73rd percentile is in the top 27 per cent of students in that course.

Postgraduate courses

These are courses usually available only to people who have qualified for an appropriate first degree or diploma. They are not available to school leavers. They include:

- graduate/postgraduate certificates
- graduate/postgraduate diplomas
- postgraduate degrees such as masters or doctorates.

Practical experience

A requirement of some courses, it involves supervised practice that takes place in an approved workplace and helps students develop skills relevant to their area of study. It may be undertaken during a semester or in semester breaks and can vary from regular one-day placements to block periods of several weeks. Costs may be involved, such as instruments, uniform, accommodation or travel. Courses requiring practical experience will list it in the course description.

Preparation courses

Courses offered by most institutions, including TAFE colleges, as a preparation for further study. They are usually undertaken by students with insufficient formal entry qualifications, or for those who have not participated in formal education for some time.

Prerequisites (*see also* Assumed knowledge)

Year 12 courses that must be completed in order to be considered for admission to certain tertiary courses. Some tertiary courses require applicants to have completed a specific HSC course or equivalent before they will be offered a place in those courses (course prerequisites). Some subjects within a tertiary course require applicants to have completed a specific HSC course or equivalent before they are able to enrol in those particular subjects (subject prerequisites).

Professional recognition

A course that has been approved by a professional body, which enables graduates to apply for membership and/or registration to practise in the profession.

Recommended studies

NSW HSC or equivalent courses that the institutions suggest will assist students in their chosen university course. However, if they haven't studied these courses their chances of selection are not affected. If a course has recommended studies they are specified in the course description.

Record of failure

Appears on a student's academic record due to withdrawing from a course or a single unit where that withdrawal is counted as a failure, or where the student has failed to satisfy the assessment requirements for one or more units.

Scaling

The first step in calculating the ATAR. It enables the many different courses taken by students to be compared fairly.

The scaling process is designed to encourage students to take courses for which they are best suited and which best prepare them for future studies. The underlying principle is that you should be neither advantaged nor disadvantaged by choosing one HSC course over another. The scaling algorithm estimates what your marks would have been if all courses had been studied by all students.

Scaling modifies the mean, the standard deviation and the maximum mark in each course. Adjustments are then made to the marks of individual students to produce scaled marks. Although scaled marks are generally different from the raw marks from which they are derived, the ranking of students within a course is not changed.

Schools Recommendation Scheme (SRS)

A scheme that enable schools to recommend current Year 12 students who are UAC applicants for offers of undergraduate admission. SRS aims to assist access to higher education for current Australian Year 12 students using a wide range of selection criteria, including school recommendations and senior secondary studies. SRS is processed through UAC.

Although most institutions make early offers of undergraduate admission under SRS, institutions have their own policies on determining SRS eligibility and making offers.

Semester

The division of the academic year into study periods. Students can start courses at the beginning of the first and, in some cases, second semester. Some institutions call their study periods 'autumn' and 'spring' semesters. Others use the terms 'session' or 'half-year'. Some institutions have trimesters or terms, with an additional study period over summer.

Slipback offer

An offer to a lower level of study than that applied for. For example, if you applied for a bachelor degree and the institution decides that, while you are not eligible and competitive enough for entry to the bachelor degree, you are eligible for a lower level of study (such as a diploma), the institution makes you an offer to the lower level.

Special requirements and policies

Special requirements and policies apply to students in health- and welfare-related courses and teacher education courses.

These requirements relate to:

- clinical/internship placements undertaken as part of your course
- proof of English language proficiency
- accreditation and procedures for employment after you have completed the course.

Note that requirements and policies in these areas are subject to regular review.

Student contribution

The amount that Commonwealth-supported students must pay towards their study costs. This amount is determined by each institution.

Student Services and Amenities Fee (SSAF)

Supports the delivery of student services including counselling, employment, orientation, career advice, child care, financial advice, health services, food services, sporting and recreational activities, student advocacy and legal services. The maximum SSAF amount chargeable is determined by the Australian Government.

Students studying on a part-time basis cannot be charged more than 75 per cent of the maximum amount that students studying on a full-time basis are charged.

Tertiary Education Quality and Standards Agency (TEQSA)

Regulates and assures the quality of Australia's higher education sector. TEQSA also maintains the National Register of Higher Education Providers. The register includes information on whether higher education institutions are self-accrediting or non self-accrediting and the courses they are accredited to deliver.

Transcript

An official copy of a student's complete academic record at a post-secondary or tertiary institution, issued by the institution.

Tuition fee

The amount that domestic fee-paying students or international students must pay for their course. Tuition fees are determined by each institution.

Undergraduate course

A course leading to a first qualification, namely a first degree of bachelor, an associate degree, an associate diploma or a diploma.

Unique Student Identifier (USI)

A government-issued student reference number that you keep with you for life. You need it to enrol at an institution and receive Commonwealth financial assistance, including HECS-HELP and FEE-HELP.

Universities Admissions Centre (UAC)

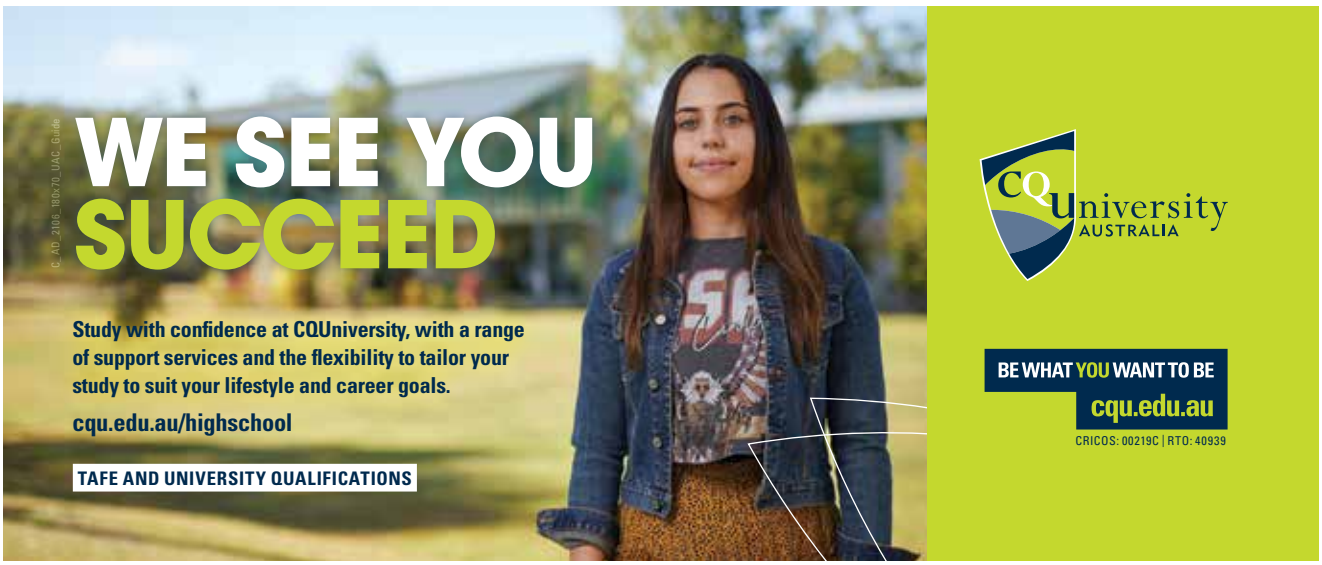
The central office that receives and processes applications for admission to most undergraduate degree, advanced diploma and diploma courses at participating institutions. UAC also notifies students of their ATAR and, on behalf of the participating institutions, makes offers to courses. Owned by universities in NSW and the ACT, UAC is a not-for-profit organisation that aims to provide excellence in admissions services and promote equity of access to tertiary education.

VET Student Loans

A loan for eligible fee-paying students studying higher level vocational education and training (VET) qualifications to pay their tuition fees.

Year 12 applicant

A student who is sitting one or more units of an Australian 2021 Year 12 in Australia or outside Australia (except Queensland Year 12 external students) or sitting the International Baccalaureate in Australia in 2021. Also referred to as a 2021 Year 12 or current Year 12 applicant.



Part 2:

Participating institutions

Australian Catholic University	59
Australian College of Applied Psychology	64
Australian College of Physical Education	66
Australian National University	68
Charles Darwin University	72
Charles Sturt University	76
CQUniversity	80
Griffith University	84
International College of Management, Sydney	89
La Trobe University	93
Macleay College	96
Macquarie University	98
MIT Sydney	104
National Art School	106
SAE Creative Media Institute	108
SIBT	112
Southern Cross University	114
Torrens University Australia	118
University of Canberra	122
University of New England	128
University of Newcastle	133
University of Notre Dame Australia	138
University of Sydney	141
University of Technology Sydney	147
University of Wollongong	153
UNSW Sydney	162
UNSW Canberra at ADFA	168
Western Sydney University	170

Introduction

Part 2 contains general information about each of UAC's participating institutions, including:

- an overview of the adjustment factors they will consider when determining your selection rank for a particular course
- any early offer schemes available to you
- a list of the courses to be offered through UAC in semester 1, 2022.

Comprehensive information about each institution's admission criteria, access schemes and equity scholarships is available at uac.edu.au/institutions.

Full course descriptions will be published on the UAC website when details have been confirmed. All course descriptions will be published by August 2021. Institutions may change, cancel or add courses throughout the admissions period, so check the course search on UAC's website before you finalise your preferences.

Reading the course lists

Course name

B	=	Bachelor
M	=	Master
Dip	=	Diploma
AdvDip	=	Advanced Diploma
AssocDeg	=	Associate Degree

Fee type

The fee type indicates how much domestic students pay towards the cost of the course. The two main types of courses are:

CSP	=	Commonwealth-supported place (subsidised by the Australian Government)
DFEE	=	domestic fee-paying (not subsidised – you pay the full cost of the course)

A small number of courses are:

- ADF: student contribution paid by the Australian Defence Force
- C3F: three years Commonwealth-supported, fourth year fee-paying
- CBF: a combination of CSP and DFEE (ie bachelor program is CSP, masters program is DFEE)
- ENA: Commonwealth-supported and student contribution exempt
- OTH: domestic fee-paying with no government loan scheme for students
- VET: domestic fee-paying with VET Student Loans for eligible students.

All international students pay the full cost of their course. For more information, read 'Course costs and financial assistance.'

Course code

This is the code used in the UAC application and in the course search on the UAC website.

Duration

3F	=	3 years of full-time study
6P	=	6 years of part-time study
3F/EqP	=	3 years of full-time or equivalent part-time study
D	=	Distance or online

LSR

LSR = lowest selection rank for domestic applicants in the main offer rounds for Year 12 students (December Round 2, 2020 and January Round 1, 2021). The lowest selection rank is determined by the interaction of three factors:

1 the number of places available in the course
2 the number of applicants for the course
3 the quality of those applicants.

Lowest selection ranks include any increases made as a result of adjustment factors (see below), so many applicants will have received an offer to that course even though their ATAR was below the lowest selection rank.

N/A	=	not applicable: selection not based on the ATAR; or the course is not offered to current Year 12 applicants; or no offers were made to Year 12 applicants in these rounds
new	=	new course offered through UAC

Selection rank adjustments

When determining your selection rank for a course, institutions often take other factors into consideration in addition to your ATAR. This means that your selection rank for that course will be adjusted and will be higher than your ATAR.

Factors that can increase your selection rank include high achievement in specified HSC courses relevant to your preferred course, living in or attending school in an area defined by the institution, or assessment of your Educational Access Schemes (EAS) application.

As selection rank adjustments are course specific, your selection rank can be different for each of your course preferences. Read more about selection rank adjustments in 'Admission and selection.'

Avail INT

Avail INT = available to international students through UAC. Where this column does not appear, international applicants cannot apply through UAC. Check the institution websites for details of all courses offered to international students.

Studying at ACU

True to our mission as a Catholic university, Australian Catholic University (ACU) is committed to the pursuit of knowledge, the dignity of the person and the common good. This means we stand up for people in need and causes that matter. We pride ourselves on offering a welcoming environment for everyone. And we're inclusive and supportive of everyone, every day – regardless of your faith, beliefs or background.

We're a young university, but we're making our mark. ACU is ranked in the top 2 per cent of universities worldwide[1] and we're first in Australia for graduate employment.[2] We have eight campuses around Australia and a campus in Rome, Italy.

At ACU, your education and wellbeing are our biggest priorities. Our campuses and classes are the perfect size, and you won't get lost in the crowd. We have a huge range of support services, your lecturers will know your name and you'll make great friends and strong networks.

We put our students and staff at the centre of a vibrant global network of scholars, partnerships and opportunities. All our courses offer work placements, internships with leading companies or volunteering opportunities.

We're closely integrated into our communities and industries, working with them to answer the big questions and create tangible results. Our research programs tackle enduring and pressing issues in society, in Australia and around the world.

1 *Times Higher Education World University Rankings 2021. Percentage calculated as ACU's world rank as a proportion of the total number of universities in the world: International Handbook of Universities 2019, Palgrave MacMillan.*

2 *QILT 2020 Graduate Outcomes Survey – Longitudinal results, full-time employment.*

Aboriginal and Torres Strait Islander applicants

If you are an Aboriginal or Torres Strait Islander applicant and apply for entry to an ACU program, you may be eligible for our Aboriginal and Torres Strait Islander Admission Process. Through the process you will meet with a member of the Indigenous Higher Education Unit and a faculty representative.

Your potential to undertake study will be based upon any of your formal qualifications, life experiences and achievements. Applications for most courses are made directly through UAC.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

ACU will increase your selection rank by a **maximum of 12 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Scheme (EAS) – Submit an EAS application via UAC – Max. 6 points – For details, go to uac.edu.au/eas
Location adjustments For students who have experienced long-term educational disadvantage	Schools Relationship Program / Campus Program / Regional Schools Program – Max. 5 points / automatically applied – To find out if you're eligible, search for 'adjustment factors' at acu.edu.au
Elite athlete and performer adjustments For athletes who compete at – and performers who have had success at – a state, national or international level	Elite Athlete and Performer Program – Apply through UAC then submit a direct application to ACU: search for 'Elite Athlete and Performer Program' at acu.edu.au – Max. 5 points
Subject adjustments For students with outstanding achievement in subjects relevant to ACU course preferences	ACU Subject Program – Max. 5 points / automatically applied

Early offer schemes

Schools Recommendation Scheme	Apply via UAC. Applications close 19 September 2021
ACU Guarantee	Guarantee your place at ACU, even before your Year 12 exams. The ACU Guarantee program offers eligible Year 12 students a place at ACU based on their Year 11 results. Offers may be made as early as September. Successful applicants must still complete their Year 12 exams and can do so secure in the knowledge that their Year 11 marks meet our entry requirements. You may also enhance your entry score by including a short personal statement that gives ACU an insight into your achievements and aspirations. Applications are made through ACU's website. For more information and to register your interest, visit acu.edu.au/study-at-acu/admission-pathways/acu-guarantee

For the latest course information and detailed admission criteria visit uac.edu.au/acu

Studying at ACAP

The Australian College of Applied Psychology (ACAP) is a tertiary education institute that specialises in psychology. By being true specialists, we have a deep understanding of human behaviour, which resonates throughout our courses. We seek to understand and make sense of the interactions and implications of human behaviour.

We opened our doors more than 35 years ago and have more than 4,000 students currently enrolled and studying on-campus, online or by blended delivery. ACAP offers courses in psychology, counselling, social work and criminology. Our courses prepare students from diverse backgrounds for rewarding professions working with people in the community. There are also pathway options to further study available to suit students' priorities and career aspirations.

Why do students choose ACAP?

Whether you want to excel in psychology, counselling, social work, criminology or coaching, it all starts and ends with human behaviour. Our approach to teaching in these specialist fields is what makes us different. It's why curious souls choose to learn and develop their skills with us.

Our academic staff have extensive experience both as teachers and practitioners, with a breadth of research interests.

Our smaller class sizes allow for a greater level of discussion, support and a better opportunity to ask questions, which assists students to achieve success.

Student placements, another advantage of studying at ACAP, help prepare students for professional practice after graduation. In courses with placement included, students have the opportunity to apply theory in a professional workplace for a set period of time, gaining essential real-life experience in their chosen field.

Accreditation

ACAP is a registered higher education provider and a nationally registered training organisation. Our psychology degrees are accredited by the Australian Psychology Accreditation Council and our Bachelor of Social Work and Bachelor of Social Work (Honours) are provisionally accredited by the Australian Association of Social Workers.

At the time of printing, ACAP's counselling degrees were undergoing re-accreditation with the Psychotherapy and Counselling Federation of Australia. The Bachelor of Counselling has Australian Counselling Association accreditation. Professional accreditation ensures these courses meet the relevant educational and training standards for graduates to seek recognition and practise in the profession.

International Year 12 students apply directly to ACAP.

Aboriginal and Torres Strait Islander applicants

ACAP provides an annual scholarship for Aboriginal and Torres Strait Islander students studying in the Discipline of Psychological Sciences and Discipline of Counselling. Visit acap.edu.au/scholarships for more information.

Selection rank adjustments

ACAP courses do not have an ATAR requirement.

Early offer schemes

There are no ACAP early offer schemes.

Studying at ACPE

The Australian College of Physical Education (ACPE) is a leading provider of specialist bachelor degrees and graduate diplomas in the related disciplines of sport, applied fitness, health science, community health, business, physical education and dance.

Located in the centre of Sydney's internationally renowned Olympic Park precinct, ACPE attracts individuals from around Australia and the world who wish to launch or further their career in the sports sector and related professions.

Established in 1917, ACPE aims to connect motivated and well-equipped students with fulfilling careers in their chosen field. ACPE aspires to maintain an impeccable reputation as a knowledge hub that serves the industry and broader community through scholarly activity, innovation and education.

Recognised as an Elite Athlete Friendly University (EAFU) by Sport Australia, ACPE is proud to support student athletes who strive for academic and sporting excellence – we provide the highest level of service to elite athletes.

You don't need to be a school-leaver (or wait for your results) to apply to ACPE. Our courses are direct entry so no matter who you are, you can apply to study with us immediately.

Aboriginal and Torres Strait Islander applicants

ACPE is a values-based organisation that promotes and is committed to diversity, equity, inclusion and social justice – key principles which underpin excellence in teaching and learning. We provide and nurture an environment in which these principles are valued.

The ACPE Aboriginal and Torres Strait Islander Scholarship supports new students who have an Aboriginal or Torres Strait Islander background. We're dedicated to supporting Aboriginal and Torres Strait Islander students achieve their academic, personal and sporting goals.

International Year 12 students apply directly to ACPE.

Studying at Australian National University

When you study at the Australian National University (ANU) in Canberra, you'll be part of a talented and diverse community of original thinkers from around the globe.

As Australia's number one university[1], we count six Nobel Prize winners and two prime ministers among our alumni and staff.

You'll learn from renowned teachers and world-class researchers[2] and take part in opportunities and challenges that will help you change the world and build friendships and networks for life.

With more than 50 single degrees to choose from, ANU gives you the flexibility to design your own double degree from 750 possible options.

What's more, as an ANU student, you'll engage with industry and government leaders through internships, have access to world-class international student exchange programs and join a range of vibrant cultural, sporting and social activities.

Broaden your ANU experience further by choosing to live on-campus in one of our catered or self-catered student residences. As well as having Canberra's CBD, your classes, libraries, gyms and much more on your doorstep, your accommodation will put you at the heart of our world-class campus community. If you're leaving home to come to ANU and going to university for the first time, you may even be eligible for our accommodation guarantee.

While you're transitioning to and embracing life at Australia's only national university, we'll support your safety and wellbeing 24/7.

If you are a domestic school leaver, we want your transition from high school to university to be as smooth as possible. You can apply for admission, campus accommodation and scholarships in one direct application to ANU. Applications close Monday 24 May 2021.

Find out more about applying to study at ANU:

- View the application instructions: search for 'how to apply' at anu.edu.au.
- Read our undergraduate student guide: search for 'information for undergraduate students' at anu.edu.au.
- Talk to your school careers adviser.

Non-school leavers and other applicants should apply to study at ANU through UAC.

1 *QS World University Rankings 2020.*

2 *Australian Government Excellence in Research for Australia Report 2018–19.*

Aboriginal and Torres Strait Islander applicants

We acknowledge the pressures that may prevent Indigenous Australians from accessing educational opportunities. At ANU, we are committed to the advancement of Australia's Indigenous people.

As an Australian Aboriginal or Torres Strait Islander student, you are eligible for priority admission. This means that if you meet the admission criteria for your ANU program of choice and declare your Indigenous heritage, you will be given preference. You may also be eligible for the selection rank adjustments listed below.

For details about entry schemes, scholarships and accommodation, go to anu.edu.au/study/apply/access-for-indigenous-students.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

The Australian National University will increase your selection rank for eligible ANU programs by a **maximum of 15 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Scheme (EAS) – Submit an EAS application via UAC – Max. 10 points – Must achieve a min. ATAR of 70.00 For details, go to uac.edu.au/eas
Location adjustments For students who attend a Regional Partnership School	Regional Partnership Schools – Max. 5 points / automatically applied – Must achieve a min. ATAR of 70.00 For details of partnership schools, search for 'National Access Scheme' at anu.edu.au
Elite athlete and performer adjustments For students who are elite athletes or who have achieved Music AMEB Grade 8	Elite athletes – Submit supporting documents to ANU: for details, search for 'Elite Athlete Entry Scheme' at anu.edu.au – Max. 5 points – Must achieve a min. ATAR of 70.00 Performers – Submit a scanned copy of your AMEB certificate to domestic.admissions@anu.edu.au and include your university application number – Max. 5 points – Must achieve a min. ATAR of 70.00
Subject adjustments For students who achieve the required results in selected Year 12 subjects	National Access Scheme – Max. 5 points / automatically applied – Must achieve a min. ATAR of 70.00 For details of specific Year 12 courses and required results, search for 'National Access Scheme' at anu.edu.au

Early offer schemes (Offer dates may have changed due to the delayed release of HSC results and ATARs. Check with the institution.)

Direct Application Early Admission	**Important dates** Applications open: 3 March 2021 Applications close: 24 May 2021 Early offers released: 9 August 2021 (Early offers are based on your ANU selection rank. This is calculated using a mathematical model incorporating your Year 11 results and your school's average ATAR performance in previous years.) First unconditional offers released: Late December
	Assessment criteria – Demonstration of co-curricular or service activities during Years 10 to 12 – ANU selection rank
	How to apply Submit a direct application to ANU: search for 'domestic applications' at anu.edu.au

For the latest course information and detailed admission criteria visit uac.edu.au/anu

Australian National University

ANU offers Flexible Double Degrees that allow you to choose from hundreds of possible combinations across three groups:

1. Arts, Social Sciences, Business and Science (4 years)
2. Engineering and Advanced Computing (5 years)
3. Law (5 years)

From these three groups, you can combine any two courses for which you meet the published selection rank. The LSR listed against each group below is the lowest selection rank for the group. The actual selection rank could be higher depending on the double degree combination chosen as the program-specific selection ranks still apply.

For more information, visit anu.edu.au.

Studying at Charles Darwin University

Whether you're looking to study 100 per cent online or you want to build lifelong connections with a tight-knit campus community – including at our central Sydney campus – there's a place for you at Charles Darwin University.

Join a new world university that's ranked in the top 2 in Australia for graduate jobs and salaries[1] and graduate industry-ready with a salary to match.

Choose from more than 100 undergraduate and postgraduate degrees including highly specialised courses in health, nursing, midwifery, Indigenous knowledges, humanitarian aid, emergency and disaster management, and more.

Studying at CDU means you'll have the flexibility to schedule university around your home and work commitments.

We believe you make CDU

At Charles Darwin University, we're looking for students like you who have unique paths, perspectives and experiences.

Like our namesake Charles Darwin, we think differently. We innovate, embrace change, challenge conventions and look for better ways. We care about people as individuals and our wider society, and about using our knowledge and passion to shape a brighter future.

We believe you make us a new world university.

100 per cent online

We've been delivering online and distance education for more than 30 years and we offer flexible degrees so you don't have to put your life on hold.

Most degrees are offered 100 per cent online or on-campus, part-time or full-time, and you can switch between these options during your degree.

You'll have access to an easy-to-use online study platform powered by world-class technology and 24/7 academic and technical support. And our lecturers and staff know how to support you from a distance.

Supported and personal

Whether you study online or on-campus, you'll be more than just a student number. We offer intimate class sizes and our lecturers, tutors and student support teams are never more than a phone call, email or appointment away. Rest assured, they'll work hard to get to know you and support your study goals.

You'll also have access to free academic skills programs and career advice, as well as an online and on-campus library. We have dedicated support services for Indigenous students and students with a disability and/or a health condition.

Pathways to study

We believe it's the experiences you bring to university that make you a great student. For those without an ATAR, we offer entry qualification alternative pathways into university.

Our Tertiary Enabling Program can be studied online or on-campus, full-time or part-time. In just 16 weeks you'll meet the entry requirements to most undergraduate degrees at Charles Darwin University.

1 Good Universities Guide 2021.

Aboriginal and Torres Strait Islander applicants

We value and respect the place, history and culture of Indigenous Australians. We're all about bringing people together to use knowledge to help shape a brighter, new-world future.

Our dedicated team provides high-level admissions and academic support for Aboriginal and Torres Strait Islander students, as well as pastoral care, advocacy and referrals to mainstream CDU support services.

Aboriginal and Torres Strait Islander students who don't meet minimum entry requirements for our undergraduate degrees are encouraged to consider an enabling program, such as our Preparation for Tertiary Success or Tertiary Enabling Program.

Important dates

Orientation/Enrolment Week
starts Monday 21 February 2022

Session 1
starts Monday 28 February 2022

Session 2
starts Monday 11 July 2022

Studying at Charles Sturt University

At Charles Sturt University, we believe everyone offers something unique. When you study with us, you become part of something bigger: you join a connected community from across the globe committed to changing things for the better.

We want to help you find your purpose so you can make a difference. Jump into the real world with our professional accredited courses that will give you the skills you'll need to push the boundaries and make an impact.

Our academics and teaching staff are well-connected with industry, so when you graduate you'll already have a wide network of industry contacts who can help you kickstart your career. We also make hands-on learning a central part of your study, so you learn by doing. Your lecturers will know your name, there's support whenever you need it, and there are scholarships to help make it happen.

It all adds up to Charles Sturt University being Australia's number one university for graduate employment[1]. That's right, more of our grads get jobs – and well-paying ones at that – faster than grads from any other Australian uni. Because with a Charles Sturt University degree under your belt, you're ready to make a difference in your industry and community from day one.

So, together, let's create a world worth living in.

1 QILT 2020 Graduate Outcomes Survey.

International Year 12 students apply directly to Charles Sturt University.

Important dates

Term 1, 2022
starts Monday 7 March 2022

Term 2, 2022
starts Monday 11 July 2022

For the latest information on these dates, visit handbook.cqu.edu.au.

Studying at CQUniversity

With so many options out there, choosing the right university for you isn't always an easy decision. At CQUniversity Australia, our students choose to study with us so they can be what they want to be. We believe higher education should be for everyone – no matter your postcode or educational background. That's why we offer a wide range of up-to-date, industry-aligned courses, from TAFE certificates right through to research degrees, online and at campuses across Australia. Our convenient Sydney campus is situated in the heart of the CBD, a 5 minute walk from Town Hall Station. We offer a range of on-campus courses in accounting, business, diagnostic imaging, digital media, IT, OHS, public health and more, as well as access to facilities and support for online students.

When you choose CQUniversity you'll benefit from convenience and flexibility, smaller, more intimate class sizes and greater access to teaching staff. We're committed to student success and providing positive graduate outcomes – and it shows. Data released by ComparED in 2020 shows that CQUniversity outperforms most Australian universities when it comes to study support, graduate employment and graduate salary outcomes. This is backed up by *The Good Universities Guide* (2021), which gives CQUniversity five stars for social equity, first-generation student ratio, undergraduate full-time employment, and starting salary. So, rest assured that when you choose CQUniversity, you're choosing a high-quality education to help you be what you want to be.

International Year 12 students apply directly to CQUniversity.

Aboriginal and Torres Strait Islander applicants

CQUniversity has a dedicated student support team that provides Aboriginal and Torres Strait Islander students with guidance and support. We also offer a range of pathways into our courses including our free preparatory course, Skills for Tertiary Education Preparatory Studies (STEPS). Applicants who are successful in completing the course will be considered eligible for admission to the university.

To find out more, call 13 27 86 or search for 'STEPS' at cqu.edu.au.

Orientation for commencing students (all campuses)
Monday 7 – Friday 11 March 2022

Trimester 1
Starts Monday 14 March 2022

Studying at Griffith University

At Griffith, you'll be welcomed into an inclusive community and supported to face the future with confidence, competence and the knowledge and skills to thrive in a rapidly changing world.

You'll study at a university positioned in the top 250 of two major global rankings, placing us in the top 2 per cent worldwide.[1] Our high-quality degrees are developed in consultation with industry, based on cutting-edge research, and taught by award-winning teachers.[2]

You'll get inside access to industry, with many Griffith degrees offering work placements, field trips and industry projects for real clients. Our industry connections provide practical experience that helps to make sense of the knowledge you're gaining in the classroom, while also enhancing your job-ready skills. Such experience is valued highly by employers, opening doors to new perspectives, professional networks and employment opportunities.

At Griffith, we've put a focus on flexibility. Depending on your degree, you'll have the choice to study in person at one of our campuses in South East Queensland, online – or using a combination of both – either part-time or full-time over two or three trimesters.

Since its beginning, Griffith University has been deeply connected to the Asian region, environmentally aware, open to the community and industry focused. Always ahead of its time, Griffith introduced Australia's first degrees in a range of important areas, including modern Asian studies and environmental science, and our students benefit from an extensive network of industry partners who ensure they gain the skills and confidence that employers want.

Griffith offers degrees in almost every discipline, including architecture, construction and planning; business and government; criminology and law; education; engineering, IT and aviation; humanities, languages and social science; medicine, dentistry and health; music and performing arts; science and environment; and visual and creative arts.

1 *Times Higher Education World University Rankings 2021: 201-250, US News Best Global Universities: 217.*

2 *Includes three Australian University Teacher of the Year awards: universitiesaustralia.edu.au.*

Aboriginal and Torres Strait Islander applicants

If you have First People's heritage we encourage you to self-identify on your UAC application. You will be required to provide evidence of your heritage to the university. Then, if you do not meet the published admission criteria you may be invited to apply for your degree via the First Peoples Selection Survey. For any enquiries about this admission pathway, call 1800 677 728.

Our GUMURRI Student Success Unit provides a range of support services and offers a safe and culturally appropriate environment to enhance your student experience. For further information, visit griffith.edu.au/gumurrii.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

Griffith University will increase your selection rank by a **maximum of 8 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Excludes preferences to B Medical Science and B Dental Health Science – For details go to uac.edu.au/eas
Location adjustments For students who reside in an eligible region and apply to study at the Gold Coast campus	Gold Coast and Logan Priority Access Pathway – 2 points / automatically applied – Eligible regions defined by postcode – For details, including eligible postcodes, visit griffith.edu.au/adjustment-factors
Elite athlete and performer adjustments	None
Subject adjustments For students who have achieved Band 3 or higher in HSC subjects (or equivalent) related to specific Griffith University courses	Year 12 Subject Adjustment – Max. 2 points per subject / max. 6 points overall / applied automatically – For details of which subjects attract adjustments, visit griffith.edu.au/year-12-subject-adjustment

Early offer schemes

There are no Griffith University early offer schemes.

Open days

Open Day on Sunday 8 August 2021 is a great opportunity to experience the ICMS difference and visit our beautiful Northern Beaches campus in Manly.

Learn about our courses and student experience; take a campus tour; meet our academics, students and graduates; and find out how our unique Industry Training (Internship) program will help you build your career faster.

Learn more at icms.edu.au/open.

Campus tours

Visit our campus anytime for a tour and a personalised course consultation. To book, call 1800 110 490 or visit icms.edu.au/book-campus-tour.

Important dates

Main intake
starts Monday 7 February 2022

ICMS also offers six other opportunities for enrolment throughout the year. All seven intakes are available on all campuses and are offered for online or on-campus study.

For more information on the ICMS academic calendar, visit icms.edu.au/important-dates.

Studying at ICMS

The International College of Management, Sydney (ICMS) is a leader in career-focused education offering university-level undergraduate bachelor degrees and postgraduate masters degrees.

At ICMS we work with you to create a personalised educational experience to ignite your career and mentor you to professional success.

How ICMS prepares you for professional success:

- You study business-focused degrees specialising in various exciting and potentially lucrative industries such as business, entrepreneurship, marketing, events, fashion and global brand management, accounting, hospitality, sports management, international tourism and property.
- Industry training, also known as an internship, is included as part of your degree – and we organise it all for you through our network of partners. Our contacts become your contacts.
- Degrees have been designed in conjunction with industry, so you develop skills your future employers want.
- Active learning means you do work-relevant assessments as you would in the real world.
- From the start, you'll develop a career mindset through professional attire, CV writing and interview skills, mentoring and access to the ICMS Student Success Centre.

Your time at ICMS will be career-focused but you'll also want a memorable, fun campus experience. ICMS offers everything that you'd expect from a traditional university, such as on-campus accommodation, sporting teams, student clubs and world-class facilities.

As well as modern online classes, ICMS has three campuses:

- the iconic traditional sandstone Northern Beaches campus, affectionately called the 'castle on the hill,' which offers sweeping views over Manly Beach
- the beachfront Esplanade campus
- the new modern City campus.

These spectacular locations offer a student experience that would be hard to beat anywhere in the world.

Operated by ICMS, the Aspire Institute and the International Sport College of Australia (ISCA) are pathway institutions offering diplomas as stand-alone qualifications or as a pathway to the second year of a bachelor degree.

Aboriginal and Torres Strait Islander applicants

ICMS is committed to supporting Aboriginal and Torres Strait Islander students to succeed in higher education. All applicants are encouraged to apply directly to ICMS.

Selection rank adjustments

ICMS courses do not have an ATAR requirement.

ICMS Scholarships, unlock your potential.

Available for all bachelor degrees. Apply at icms.edu.au/scholarships

Scholarships range from $5,000 - $65,000

ICMS

Over $1.98 million of scholarships to over 138 recipients were awarded in 2020. It's a blessing that the growth of ICMS, and its pathway institutions, provide the opportunity to give back and to recognise merit - be it pure effort, ability, hardship, or diversity. Our professional corporate partners are an invaluable endorsement for many students, and enhance the prestige of an ever-growing Scholarship Program. In 2020/2021 it is expected that even more scholarships will be awarded. To find out more about benefits, eligibility and how to apply please visit: www.icms.edu.au/scholarships or call 1800 110 490.

Studying at La Trobe University

Unlock your future at La Trobe University.

For more than 50 years, students just like you have learned from our expert teachers and gained the knowledge, confidence and human skills needed for a successful career. Some of our most inspiring graduates are now CEOs, parliamentarians, human rights activists, medical researchers and Olympians.

When you study at La Trobe, you'll get an experience that sets you up for life. We're ranked in the top 1 per cent of universities worldwide,[1] and we're rated well above world standard in 23 fields of research.[2] This means you'll learn from experts – then become one.

Plus, with our Career Ready program, you'll develop the professional, technical and human skills employers want. Our unique partnerships bring professional opportunities to you so you can build the networks you need. This approach works: our graduates are highly sought after, with 87 per cent securing work within four months.[3]

While you study, you'll learn with the latest technologies and have access to flexible study options. You'll develop every part of your skill set and build all areas of your technical knowledge. And you'll graduate ready to solve real problems.

Launch your career right here at La Trobe.

1 *Times Higher Education World University Rankings 2021; Spanish National Research Council (Consejo Superior de Investigaciones Científicas), 2020; Ranking Web of Universities 2020.*

2 *Australian Research Council, 2019; Excellence in Research for Australia ERA Outcomes, 2018.*

3 *QILT 2021: ComparED: Overall undergraduate results for La Trobe University.*

Aboriginal and Torres Strait Islander applicants

Aboriginal and Torres Strait Islander people are welcome to contact Indigenous Student Services for advice about courses, application procedures, scholarships and other aspects of studying at La Trobe University.

To find out more, visit latrobe.edu.au/indigenous.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

La Trobe University's selection rank adjustment factors are being reviewed for the 2022 admissions period. For the latest information, go to latrobe.edu.au.

Early offer schemes

Our Aspire Early Admissions Program rewards your involvement in community, leadership and volunteering with an early conditional offer into your chosen course at La Trobe. This means you'll know by September, or even earlier, if you have a place at university. You'll also receive exclusive benefits designed to nurture your skills and give you the support you need to succeed at La Trobe and beyond.

With Aspire, you can lock in your future and set yourself up to succeed now.

For further information about the Aspire program, including 2022 selection criteria and dates, go to latrobe.edu.au/aspire.

For the latest course information and detailed admission criteria visit uac.edu.au/ltu

Important dates

The academic calendar is divided into three trimesters, each consisting of 12 weeks teaching followed by an examination period.

Trimester 1
March – June 2022

Trimester 2
June – September 2022

Trimester 3
October 2022 – February 2023

Studying at Macleay College

We make it our mission to ensure graduates are job ready, with the knowledge and skills they need to succeed.

Since 1988, Macleay College has fostered a vibrant community of students, alumni, experienced lecturers and industry connections. From our roots in Surry Hills to our newest campuses in Melbourne and Brisbane, we are the institution of choice for students who are eager to pursue life-changing, hands-on education in advertising and media, digital media, business, accounting, marketing and journalism.

The Macleay difference

For over 30 years we've been connecting graduates to industry success through practical education. Students learn from industry professionals in smaller classes, allowing us to cater to their individual learning needs. Our QILT results demonstrate the exceptional educational experience our students receive. In 2018, we achieved a rating of 90.5 per cent for Teaching Quality against the national average of 80.9 per cent. We also achieved 84.9 per cent for Learner Engagement – well above the national average of 64.1 per cent. Bachelor degrees can be completed in two years. This provides the opportunity to step into your chosen career even faster.

Industry-focused

Our industry-focused learning ensures Macleay graduates are job ready with the essential skills, knowledge and work experience that employers demand. Our contemporary curriculum is taught by industry professionals informed by the latest ideas and thinking in their subject areas. Students learn from experience about current industry concepts and practices that will help them hit the ground running upon graduation.

Internship program

We offer an integrated internship program in which students work with leading organisations, businesses and agencies, providing an enviable list of professional contacts before they even graduate.

Modern campus and facilities

Our Surry Hills campus provides students with a unique learning and lifestyle experience. Nestled in Sydney's creative hub, we are surrounded by Australia's leading news

organisations, advertising agencies and innovative start-ups. Just minutes from Central Station and accessible by major bus routes, Macleay College takes advantage of the unique inner-city culture and surrounding lifestyle amenities.

Aboriginal and Torres Strait Islander applicants

The Indigenous Australian Entry Scheme enables Aboriginal and Torres Strait Islander people to apply for entry to a course of study at Macleay College based on previous study, work and life experience and/or any other transferable skills that support their potential to succeed in their studies.

Applicants who identify as Indigenous Australian can provide a 300- to 500-word written statement, outlining their goals and how their qualifications, skills and experience will support them in succeeding in their chosen field of study. Supporting documents, such as senior secondary school (or other qualification) certificates, school record statements, portfolio, or references, must be attached. Applicants must also provide 'Confirmation of Aboriginality or Torres Strait Islander Heritage' at the time of their application (or at their interview).

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

Macleay College will increase your selection rank by a **maximum of 10 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 10 points – For details, go to uac.edu.au/eas
Location adjustments	None

Studying at Macquarie University

At Macquarie, we're all about unconventional thinking, inspiring collaborations and making connections with diverse people and perspectives to create real change. We believe when we all work together, we multiply our ability to achieve remarkable things.

We're ranked among the top 1 per cent of universities in the world,[1] have three subjects in the top 50 globally and seven in the top 100,[2] and we were the first Australian university to introduce a global research pathway.

Whatever you choose to study at Macquarie, our future-focused approach to teaching and learning will help you become a confident and responsible leader in your field.

Why study at Macquarie?

Degrees co-designed by industry: Many of our degrees are shaped by the latest industry trends and can be adjusted to respond to the needs of industry in real time.

Degrees with in-built internships: Practical experiences are built into all of our degrees, which means that, when you graduate you'll have the knowledge and skills you'll need to meet the current and future challenges of your chosen profession.

Personalised degrees: All universities offer double degrees, but we allow you to personalise your double degree by choosing the combination you consider will best kickstart your career.

1 *QS World University Rankings 2021.*
2 *QS World University Rankings by Subject 2020.*

Aboriginal and Torres Strait Islander applicants

The Aboriginal and Torres Strait Islander Entry Pathway is an admissions pathway aimed at increasing Aboriginal and Torres Strait Islander participation within bachelor degrees.

It provides opportunities to Aboriginal and Torres Strait Islander peoples who may:

- not have completed their HSC
- not have acquired a necessary selection rank for entry into their degree of choice
- like peace of mind with an early offer.

This pathway involves a two-stage process: an online application and then a face-to-face interview. Offers will be made according to merit, based on demonstrated capacity and readiness to undertake university study.

Applicants are encouraged to contact Walanga Muru prior to applying. Call (02) 9850 8624 or search for 'Aboriginal and Torres Strait Islander Entry Pathway' at mq.edu.au.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

Macquarie University will increase your selection rank for most courses by a **maximum of 15 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Scheme(EAS) – Submit an EAS application via UAC – Max. 5 points – For details, go to uac.edu.au/eas
Location adjustments For students from rural or regional Australia who don't have access to the same resources as students in cities and larger towns, and students who live in Macquarie's catchment region	Regional Entry Scheme – Max. 9 points / automatically applied Catchment adjustment factors – Max. 5 points / automatically applied For details, search for 'adjustment factors' at mq.edu.au
Elite athlete and performer adjustments For students with competitive commitments, such as training or performing, that have affected their Year 12 studies	**Elite athletes and artistic performers scheme** – Submit a direct application to Macquarie – Max. 4 points For details, search for 'Elite Athletes and Artistic Performers' at mq.edu.au
Subject adjustments For students who perform well in HSC subjects related to specific Macquarie course preferences	**Academic Advantage** – Max. 3 points per subject / max. 6 points overall / automatically applied For details, search for 'Academic Advantage' at mq.edu.au
Extracurricular adjustments For students with extracurricular accomplishments or commitments	**Big History scheme** – Complete Macquarie's Big History: Connecting Knowledge MOOC (massive open online course) – In your UAC application, declare a Big History MOOC qualification and upload a copy of your verified certificate – 3 points For details, search for 'Big History Scheme' at mq.edu.au **Duke of Edinburgh, Queen's Scout and Queen's Guide awards scheme** – Submit a direct application to Macquarie – Max. 6 points For details, search for 'Duke of Edinburgh' at mq.edu.au

Early offer schemes

Schools Recommendation Schemes	Apply via UAC. Applications close 19 September 2021
Macquarie Leaders and Achievers Early Entry Scheme	**Important dates** Applications open 1 June 2021
	Assessment criteria Applicants need to demonstrate their leadership qualities and/or how they have contributed towards positive change in their community and consistently achieved good results at school. There are two selection components: 1. demonstration of leadership and service to their community by completing the Macquarie Leaders and Achievers Early Entry Scheme questions when applying online 2. Year 11 studies **Notes:** Applicants for the Bachelor of Marketing and Media and the Bachelor of Actuarial Studies and its double degrees are required to have undertaken specific English and/or maths subjects in the HSC, ACT Senior Secondary Certificate or International Baccalaureate. Applicants for teaching courses need to complete and pass a survey before an offer is made. All applicants must complete their Year 12 examinations (10 units of HSC courses, including at least 8 units from Category A courses and 2 units of English) or comparable ACT Senior Secondary Certificate or International Baccalaureate subjects.
	How to apply Apply directly to Macquarie. For details, search for 'Macquarie leaders and achievers' at mq.edu.au

Important dates

Trimester 1
Monday 21 March – Saturday 25 June 2022

Trimester 2
Monday 18 July – Saturday 22 October 2022

Trimester 3
Monday 14 November 2022 – Saturday 25 February 2023

Studying at MIT Sydney

MIT Sydney, in the Sydney CBD, offers accredited degrees with a specialised focus on business and IT networking. You can choose to major in cyber security, accounting, management, marketing or digital marketing.

Our degrees are aligned to industry standards, as employability is at the heart of courses and student life at MIT Sydney. The Bachelor of Networking is accredited by the Australian Computer Society. The major in cyber security has been designed specifically to respond to market needs. As malware and cybercrime become more sophisticated, more cyber security specialists will be required in the years to come.

The Bachelor of Business (major in marketing or digital marketing) is accredited by the Australian Marketing Institute, while the Bachelor of Business (major in accounting) is accredited by peak bodies including CPA Australia, Chartered Accountants Australia and New Zealand, and the Institute of Public Accountants.

Embedded into every degree are real-world projects in the business and IT industries so you will have plenty of opportunities to be challenged to think outside the box. At MIT Sydney we offer 1:1 careers advice, interactive workshops, industry-based projects and more.

Students enjoy studying in the heart of Sydney. The city campus is easy to get to and has everything you need to excel in your studies – high-tech computer labs, fast wireless internet, a library, plus plenty of study spaces and chill-out areas.

Want to know more? Visit mit.edu.au or call us on 1800 648 669.

Aboriginal and Torres Strait Islander applicants

Indigenous students studying with MIT are provided with the academic and personal support they need to enjoy and complete their studies.

Selection rank adjustments

MIT courses do not have an ATAR requirement; however, you must successfully complete the HSC (or equivalent).

Early offer schemes

There are no MIT early offer schemes.

NSW GOVERNMENT | NATIONAL ART SCHOOL

CRICOS provider number 03197B

Get in touch

National Art School
Forbes Street
Darlinghurst NSW 2010

tel: (02) 9339 8651
email: student.services@nas.edu.au
website: nas.edu.au

Open day

Saturday 4 September 2021

An evening information session will also be held.
For the latest information, visit nas.edu.au.

Campus visits

You are welcome to visit the campus at any time during the year. To take a tour of the campus and meet with academic staff or our student recruitment team, call (02) 9339 8651, email student.services@nas.edu.au or stop by the student services' desk during business hours.

The National Art School campus is open from 9am to 5pm Monday to Friday and includes a cafe and art supplies store.

The NAS Gallery is open from 11am to 5pm Monday to Saturday during advertised exhibitions.

During semester, the campus is open to students for extended hours Monday to Saturday.

Important dates

Contact NAS for information about 2022 intakes.

Studying at National Art School

The National Art School (NAS) is a culturally significant Australian visual arts institution with origins that can be traced back to 1843. Situated within the historic walls of the old Darlinghurst Gaol, the school has a rich tradition of artistic practice and has produced generations of many of the country's best-known artists. The campus, located in inner-city Darlinghurst, offers a select number of full-time programs – B Fine Art and M Fine Art – as well as a comprehensive range of part-time and intensive short courses.

The National Art School uses practice-driven teaching methods and maintains a high staff-to-student ratio. Intensive instruction by over 80 eminent practising artists and art historians takes place in a studio environment. Drawing, art history and theory and their relationships to contemporary culture are taught each year in the undergraduate programs. Specialist study is offered in the studio disciplines of ceramics, painting, photography, printmaking and sculpture.

The fully accredited B Fine Art program is designed to develop the creative independence, knowledge and experience required for a career as a professional artist and the academic rigour required for further study at postgraduate level. The program is delivered full-time over three years and involves a comprehensive investigation of studio practices and historical and theoretical reflection supported by individual tutorials, peer discussions and reviews.

Aboriginal and Torres Strait Islander applicants

There is no separate admissions process for Aboriginal and Torres Strait Islander applicants.

Selection rank adjustments

NAS courses do not have an ATAR requirement.

Sydney
Sunday 8 August 2021, 10am – 2pm

Byron Bay
Sunday 8 August 2021, 10am – 2pm

Come and see why SAE is the leading global specialist in creative media education at an SAE Open Day. You'll get to check out our industry-leading facilities and meet your future lecturers and mentors. Register or find out about other information sessions at sae.edu.au/events.

Campus tours

Personal campus tours with friendly and knowledgeable SAE staff are available year round. Book by calling 1800 SAE EDU (1800 723 338) (freecall) or visit sae.edu.au.

Important dates

Trimester I
Monday 7 February – Friday 6 May 2022

Trimester II
Monday 30 May – Friday 26 August 2022

Trimester III
Monday 19 September – Monday 16 December 2022

Orientation
Orientation weeks are conducted every trimester, one week prior to the commencement of study periods.

Studying at SAE

SAE Creative Media Institute (SAE) is a leading global specialist in creative media education with almost 50 campuses worldwide. SAE is committed to providing innovative, real-world learning that challenges, develops and inspires. Offering postgraduate, bachelor, associate degree, diploma and certificate courses in animation, audio and music, creative industries, design, film, games, and web and mobile, SAE's students receive an outstanding industry-focused and internationally recognised education.

In Australia, SAE provides courses to more than 3,000 students across six campuses in Brisbane, Byron Bay, Sydney, Melbourne, Adelaide and Perth.

For over 40 years, SAE has maintained a strong commitment to providing high-quality practical education in creative media technologies, producing graduates with industry skills to fill integral professional roles within the sector. With accredited fast-tracked learning pathways, graduates can be on their way to their dream job sooner.

Each course at SAE focuses on teaching high-end technical production techniques specific to its niche, as well as developing broader industry perspectives and creative, analytical, communication and project management skills.

Course content has been structured to align with current industry practices and includes intensive training in world-class facilities with cutting-edge equipment and software, as well as industry-based internships.

As part of SAE courses, students engage in many collaborative multi-discipline real-world projects that replicate industry scenarios. This ensures students hone their technical knowledge and analytical skills while developing their creativity.

SAE offers flexible payment options, including payment plans, as well as access to FEE-HELP or VET student loans, scholarships and study grants.

Aboriginal and Torres Strait Islander applicants

All Aboriginal and Torres Strait Islander students who do not meet the entry requirements for our courses are encouraged to call the SAE admissions team on 1800 723 338 and arrange for an interview.

SAE acknowledges that many factors could demonstrate your suitability for entry to SAE courses, including community engagement, prior work history and family commitments.

Selection rank adjustments

SAE courses do not have an ATAR requirement.

Studying at SIBT

SIBT is your direct pathway to Western Sydney University, Sydney City campus. Our flexible entry criteria will allow you to complete a diploma program and progress to the second year of your university studies. If you successfully complete your diploma, you are guaranteed a place at Western Sydney University, Sydney City campus.

Why study at SIBT?

A range of pathways to degrees
Study accounting, business, communications (advertising, journalism, public relations), engineering, information technology and social science (criminology and criminal justice).

Flexible study options
Start in March, July or October and choose to accelerate your studies and complete a diploma in just eight months.

Personalised learning
With smaller classes, student support and a personalised learning experience, SIBT helps you to improve your academic performance and prepare you for life beyond the lecture room.

Help when you need it
Our Student Services team is here to help you and guide you throughout your journey. Whether you are having trouble studying, with assignments or any other personal matter, our staff will support you.

University preparation programs
We offer all students programs to help with skills such as literacy, time management, self-directed learning, assignment preparation and stress management.

Guidance from peer mentors
Selected senior SIBT students work as trained peer mentors who will share their passion and experience to make you feel welcome and provide you with essential information about campus life.

Sydney City is your campus
Located in the heart of Sydney CBD, on Western Sydney University's Sydney City campus, SIBT's central location provides convenient access to transport and all the facilities and services you may need.

Since 1997, over 25,000 graduates have successfully completed their SIBT diploma program and 90 per cent of students have progressed to university.

Begin your study journey with SIBT and we'll help you to make your #UniGoals happen.

International Year 12 students apply directly to SIBT.

Aboriginal and Torres Strait Islander applicants

Aboriginal and Torres Strait Islander people who don't meet the academic requirements may be admitted to a foundation or diploma program (depending on what level of high school they completed) based on demonstrable expertise and relevant work experience.

Applicants are required to provide a Statement of Purpose, information on work experience and any studies undertaken since leaving high school.

For details, call the admissions office on (02) 9964 6555.

Selection rank adjustments

ATARs are not used for admission to SIBT. Admission is based on successful completion of an Australian Year 12 qualification (or international equivalent).

SIBT will give special consideration to students who have experienced disadvantage in education and employment in the past, including those from an Aboriginal and Torres Strait Islander background, people with a disability and people from culturally and linguistically diverse backgrounds.

For details, call the admissions office on (02) 9964 6555.

Early offer schemes

There are no SIBT early offer schemes.

Studying at Southern Cross University

Southern Cross University is a multi-campus university with locations along the east coast of Australia. We focus on delivering degrees of the highest quality together with inspirational student experiences.

Our main campuses are located on the southern Gold Coast adjacent to Gold Coast Airport, in the heart of the Northern Rivers in Lismore and in Coffs Harbour on the mid north coast of NSW, where the University's National Marine Science Centre is also located. The University operates The Hotel School Sydney, Melbourne and Brisbane in partnership with Mulpha Australia.

The regions we call home all have unique characteristics as study locations – from cosmopolitan cities, thriving industries and coastal lifestyles to living laboratories of great natural beauty and ecological diversity, right next to the campus.

Southern Cross delivers degrees on campus and online, with a rich academic portfolio covering the arts and humanities, media, music and creative arts, social work and community welfare, health (including nursing and midwifery, osteopathy and a range of allied health specialisations), law (including a suite of double degrees), teaching and education, information technology, business, tourism, science, engineering and Indigenous knowledge.

Southern Cross has been ranked in the top 200 young universities in the world by the Times Higher Education World University Rankings 2020 and is ranked first in Australia for overall experience in Agriculture and Environmental Studies, Engineering and Technology by the *Good Universities Guide 2021.*

International Year 12 students apply directly to Southern Cross University.

Aboriginal and Torres Strait Islander applicants

If you are an Indigenous Australian and do not receive an offer to Southern Cross University based solely on your application, there is a pathway scheme available.

The Testing and Assessment Program allows you to sit an assessment task and then discuss your options for University admission. This may include you receiving an offer into the course you have applied for or considering a pathway into your preferred course.

Indigenous Australian Student Services (IASS) provides an extensive service to all Aboriginal and Torres Strait Islander students who are studying at Southern Cross University. There are IASS officers at each campus.

For all details, search for 'IASS' at scu.edu.au.

Selection rank adjustments

There are no SCU selection rank adjustments.

Studying at Torrens University

As the country's newest and fastest-growing university, Torrens University Australia brings a fresh approach to higher education. Employability is at the centre of everything we do, which is why 9 out of 10 graduates find a job they love within one year.

As a progressive university that fosters passion, we take a strengths-based approach to teaching. Our focus on transferable soft skills means everyone has the chance to achieve their academic and career goals.

Built on the strong foundations of our distinguished schools and colleges, such as Billy Blue College of Design and Blue Mountains International Hotel Management School, Torrens University offers undergraduate and postgraduate courses designed with and for industry.

Our academic staff and industry partners help students bridge the gap between study and work. Completing internships and practical experience with some of the most influential brands on the planet, students have access to cutting-edge facilities and technology. Many of our graduates secure jobs at companies they've collaborated with or through connections they've made during their time with us.

Studying at Torrens University means students have access to our Success Coaches, who ensure they excel in their studies and create the right trajectory for their chosen career.

Our industry-relevant courses are taught by leading experts and delivered on campus, online and as a blend of both. Small class sizes allow for more dedicated time with expert academics. With locations in Sydney, Melbourne, Brisbane and Adelaide our national campus network and flexible study options allow students to tailor their learning journey.

Back to Guide contents

Aboriginal and Torres Strait Islander applicants

Torrens University is committed to ensuring that Aboriginal and Torres Strait Islander students have access to all our services and are supported throughout their academic journey.

We have a range of support services and other resources available, such as scholarships and the yarning space. For further information, search for 'Indigenous students' at studenthub.torrens.edu.au.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

Torrens University will increase your selection rank across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – For details, go to uac.edu.au/eas Other consideration – To discuss options, call 1300 575 803
Location adjustments For students who live in regional areas	– Max. 5 points / automatically applied
Elite athlete and performer adjustments	None
Subject adjustments For students who achieve a Band 2 or above in three subjects (one related to the field of study)	– Automatically applied – For details, call 1300 575 803

Orientation
Monday 25 – Friday 29 July 2022

Studying at University of Canberra

The University of Canberra is a young, vibrant and energetic university with a clear public purpose serving the community of Canberra and the surrounding regions – city to coast, alpine to tablelands. Our home in Canberra is a place where ideas are born, creativity is explored and opportunity is created.

Whether it's solving environmental challenges, meeting the healthcare needs of our community or equipping the leaders of the future, our university is an embodiment of our city. Though our home is in Canberra, our global connections are deep and far-reaching through our research, business connections, alumni networks and partnerships.

With a real-world, practical approach to education and deeply embedded work-based learning, our graduates enjoy an 89 per cent employment rate and higher starting salaries than the Australian university average (ComparED, 2020). Many of our 86,000 alumni hold influential positions in public and private sectors in 120 countries.

Our ambition, talent and drive have seen us rocket up the international rankings, placing us in the top 1 per cent of universities worldwide and the top 10 universities in Australia (Times Higher Education World University Rankings 2021).

We are a leading sports institution with strong ties to elite sporting teams. We also have world-class health facilities, including our integrated health precinct, which provides access to cutting-edge learning and research environments.

Aboriginal and Torres Strait Islander applicants

If you do not meet standard entry requirements you may apply for admission to the UC College Aboriginal and Torres Strait Islander Foundation Program. The university also reserves places in nominated courses in each intake. These places are awarded on merit, including performance in an interview.

If you identify as Aboriginal or Torres Strait Islander when you apply through UAC, you may be eligible to have your selection rank increased: see 'Selection rank adjustments' on the next page.

Back to Guide contents

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

The University of Canberra will increase your selection rank by a **maximum of 20 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Scheme (EAS) – Submit an EAS application via UAC – Max. 10 points For details, go to uac.edu.au/eas Aboriginal or Torres Strait Islander applicants Refer to the University Priority Groups below
Location adjustments For students who attend a rural or regional school	Refer to the Educational Access Scheme For details, go to uac.edu.au/eas
Elite athlete and performer adjustments For elite athletes or sporting coaches whose sporting commitments have affected their academic performance	Refer to the University Priority Groups below
Subject adjustments For students who perform well in HSC subjects (or equivalent) related to specific University of Canberra course preferences	– Max. 10 points / automatically applied – Excludes preferences to B Physiotherapy and B Midwifery For details, search for 'adjustment factors' at canberra.edu.au
University Priority Groups For students from priority groups defined by the university	Aboriginal or Torres Strait Islander applicants – Identify as Aboriginal or Torres Strait Islander in your UAC application – Max. 5 points across all University Priority Groups Australian Defence Force (ADF) personnel and reservists – Submit a direct application to University of Canberra Elite athlete and performer adjustments – Submit a direct application to University of Canberra – Max. 5 points across all University Priority Groups For details, including supporting statement and evidence requirements, search for 'adjustment factors' at canberra.edu.au

Orientation: Friday 24 June 2022

Trimester 3
Monday 24 October 2022 – Friday 24 February 2023
Orientation: Friday 21 October 2022

Studying at UNE

On campus

At the University of New England you get more than a degree, you get a complete university experience: a vibrant, supportive community, small classes and easy access to your expert lecturers. This means that you get every opportunity to reach your potential and get the very best start (plus some great memories along the way).

UNE remains one of the few universities to provide the complete on-campus experience, combining affordability, student support and community, as well as extensive sporting facilities. Study with UNE and see why we get the maximum five-star rating from graduates for Overall Satisfaction and Teaching Quality in The Good Universities Guide year after year.[1]

1 *Good Universities Guide Ratings, 2007–21. The Good Universities Guide provides the only independent performance ratings of Australian undergraduate courses and their providers.*

Online

At UNE we know it takes more than being online to be a great online university; it takes time and a lifetime's experience. We pioneered distance education for working adults back in the 1950s and we've been perfecting it ever since. Our mission is to help ordinary people 'future fit' their life in response to the rapidly changing world in which we live.

We now have more than 18,000 online students studying over 170 online courses. We provide 24/7 tutor support and even our exams are online. We have three teaching periods (trimesters), commencing in February, June and October, giving students greater choice about when and how much they study each year.

Pathways

If it's been a while since you last studied or if you don't have entry qualifications, UNE offers a range of pathways to help get you on your way, including the Pathways Enabling Course, Science Pathways and TRACKS Tertiary Preparation Program for Aboriginal and Torres Strait Islander students.

The Pathways Enabling Course is studied fully online, has no tuition fees and will give you entry and credit to most undergraduate degrees at UNE.

Visit une.edu.au/pathways for more information.

International Year 12 students apply directly to UNE.

Aboriginal and Torres Strait Islander applicants

UNE's Oorala Aboriginal Centre provides coordinated academic services and study facilities for Aboriginal and Torres Strait Islander students.

Oorala also offers dedicated pathways to Aboriginal and Torres Strait Islander applicants seeking admission to UNE.

The Internal Selection Program is a one-day testing and assessment program which focuses on each participant's study skills and career goals. Following an interview, participants are recommended for admission to either mainstream UNE courses or the TRACKS Tertiary Preparation Program and advised on suitable alternatives for study in their chosen field.

The TRACKS Tertiary Preparation Program is a flexible, on-campus or online university preparation course. The program provides Aboriginal and Torres Strait Islander students with the opportunity to access and explore tertiary education, while also developing the skills required for undergraduate study. Successful completion of TRACKS will provide entry into an undergraduate degree program.

To find out more, visit une.edu.au/oorala.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

UNE will increase your selection rank by a **maximum of 5 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Scheme (EAS) – Submit an EAS application via UAC – Max. 5 points For details, go to uac.edu.au/eas
Location adjustments For students who live in regional, rural and remote locations	– 5 points / automatically applied – Excludes B Laws (3 years), Joint Medical Program and B Music For details, and a link to an eligible postcode look-up tool, search for 'adjustment factors' at une.edu.au
Elite athlete and performer adjustments	None For details of UNE's Elite Athletes Program, search for 'Elite Athletes Program' at une.edu.au
Subject adjustments	None

Early offer schemes (Offer dates may have changed due to the delayed release of HSC results and ATARs. Check with the institution.)

Schools Recommendation Scheme	Apply via UAC. Applications close 19 September 2021
UNE Early Entry Direct	**Important dates** Applications open: Mid-February Applications close: 17 September 2021 Offers released: Early November
	Assessment criteria Your school's assessment of your attributes and abilities. The assessment is based around your ability to work and learn independently, as well as your overall potential for academic success at UNE.
	How to apply – Submit a direct application to UNE, go to earlyentry.une.edu.au – Ensure any additional supporting documentation is attached – Your application will be sent electronically to your school for the principal's review. Your school will approve and submit the application to UNE on your behalf before the closing date.

For the latest course information and detailed admission criteria visit uac.edu.au/une

Get into uni ahead of the pack

une University of New England

UNE Early Entry

UNE Early Entry is open to all Year 12 applicants, whether or not you're expecting to receive an ATAR.

- Get into uni with or without an ATAR.
- No application fees.
- Know in November that you have a place at UNE to relieve the pressure of waiting for results.
- Applying through UNE Early Entry does not prevent you from making another application through a Tertiary Admissions Centre so it's a great way to increase your chances of getting into the course you want.

Apply now to secure your place for 2022
une.edu.au/earlyentry

Refer to page 58 for an explanation of abbreviations and selection rank.

CRICOS provider number 00109J

Get in touch

Student Central
The University of Newcastle
Callaghan NSW 2308

tel: 1300 ASK UON (1300 275 866) or
(02) 4921 5000

In person

Newcastle – Callaghan campus
Student Central, Student Services Building
University Drive, Callaghan NSW 2308

Newcastle – City Precinct
Student Central City, Level 1
Cnr Hunter and Auckland Streets, Newcastle NSW 2300

Central Coast – Ourimbah campus
Student Central Ourimbah
10 Chittaway Road, Ourimbah NSW 2258

Open days

Central Coast campus – Ourimbah
Saturday 31 July 2021

Newcastle campuses – Callaghan and City
Saturday 28 August 2021

Campus visits

Join us for a student-led campus walking tour and see the highlights of our Newcastle or Central Coast campus. To book a tour, visit newcastle.edu.au/tours, or for further information email futurestudents@newcastle.edu.au.

Important dates

Semester 1
starts Monday 21 February 2022

Mid-semester recess
Monday 11 – Friday 22 April 2022

Exams
Monday 6 – Friday 17 June 2022

Semester 2
starts Monday 18 July 2022

Mid-semester recess:
Monday 26 September – Friday 7 October 2022

Exams
Monday 31 October – Friday 11 November 2022

Studying at University of Newcastle

We take education outside the classroom and beyond the textbooks. Our strong partnerships with local and global organisations ensure everything you study is shaped by the real world. Whether you study at our Newcastle (Callaghan and City), Central Coast (Ourimbah and Gosford) or Singapore campus, access to internships, work experience and industry connections is embedded in all our degrees.

When it comes to lifestyle, you can't go wrong. Think stunning beaches, public art, a buzzing music scene, chilled-out cafes, eclectic markets, micro-breweries and small bars. The people are friendly, and the coffee culture is taken seriously. If sports are your thing, make sure you experience the excitement of an A-League or NRL game.

Maybe you're keen to take your studies around the world? With more than 100 partner universities spanning all major continents, we've got you covered.

Or, if you're not quite sure whether attending university is possible for you – we hear you. Helping people access higher education is in our DNA.

We're proud to be the largest provider of enabling programs in Australia. So, if you didn't quite get the marks you expected, or financial stress is holding you back, get in touch with us.

We also offer hundreds of scholarships to support our Indigenous students, students with educational or financial disadvantage, elite athletes, students who have achieved academic excellence and many more.

Need a place to stay? Take advantage of our award-winning student accommodation. Living on-campus is ideal if you're looking to meet new friends, get involved with social activities and have access to countless amenities.

So take the leap. Choose a university that embraces new technologies and pushes boundaries. That connects you with industry and helps you stand out in the crowd. Graduate ready to make an impact.

Aboriginal and Torres Strait Islander applicants

Australian Aboriginal and Torres Strait Islander students are enrolled in a variety of degrees and preparatory courses across the University.

Aboriginal and Torres Strait Islander applicants who wish to access university entry pathways will be invited to the University to participate in an interview prior to admission.

Applicants may gain direct entry or be advised to undertake an enabling program offered through the University's English Language and Foundation Studies Centre.

For more information, visit newcastle.edu.au/study/undergraduate/getting-in/entry-schemes and newcastle.edu.au/our-uni/indigenous-collaboration/the-wollotuka-institute.

For the latest course information and detailed admission criteria visit uac.edu.au/uon

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

The University of Newcastle will increase your selection rank by a **maximum of 12 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 4 points – For details, go to uac.edu.au/eas
Location adjustments For students who attend school in selected regions	Regional and Rural Adjustment Scheme – 5 points / automatically applied – For details, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes
Elite athlete adjustments For verified elite athletes	– Submit an application directly to NUsport at the University of Newcastle – Max. 4 points / automatically applied – For details, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes
Subject adjustments For students who perform well in HSC subjects related to their Newcastle course preferences	– Max. 4 points – For details, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes

Early offer schemes (Offer dates may have changed due to the delayed release of HSC results and ATARs. Check with the institution.)

Schools Recommendation Schemes	Apply via UAC. Applications close 19 September 2021
Indigenous and Refugee Law Early Entry Program For Indigenous and refugee HSC students applying for entry to 483100 B Laws (Honours) Combined	**Important dates** List 483100 B Laws (Honours) Combined as a UAC preference: midnight 12 September 2021 Submit direct application to Newcastle Law School: midnight 12 September 2021 Offers released: 8 October 2021 (October Round 1)
	Assessment criteria – Strong performance across Year 11 – School recommendation – Selection interview For details of requirements, go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes
	How to apply – List 483100 B Laws (Honours) Combined as a UAC preference – Submit direct application to Newcastle Law School by midnight 12 September 2021: go to newcastle.edu.au/study/undergraduate/getting-in/entry-schemes
Year 12 Subject Spotlight Your performance in your Year 12 subjects is matched to related degrees	**Important dates** Eligible applicants notified between the release of HSC results and the deadline for close of preferences for January Round 2 (21 January 2022) Offers released in January Round 2 (26 January 2022)
	Assessment criteria Strong performance in one or more subjects related to your degree. View requirements for each degree at newcastle.edu.au/study/undergraduate/getting-in/entry-schemes
	How to apply No separate application required. Apply via UAC

Details of selection rank adjustments and early offer programs are subject to change.

Refer to page 58 for an explanation of abbreviations and selection rank.

Semester 2
Monday 25 July – Saturday 19 November 2022

Orientation week
Monday 18 – Friday 22 July 2022

Studying at Notre Dame University

You are the new generation of ethical leaders. Navigate your future with an ethical education.

At The University of Notre Dame Australia, we're shaping a new generation of ethical leaders through our unique holistic approach to education. We are here to empower you to make a difference by immersing you in an intellectual tradition that has inspired the world's best thinkers for centuries. Our lecturers are industry professionals and leaders in their field who can guide you to reach your academic potential, while our programs offer practical, career-focused learning as well as a strong foundation in ethics to help prepare you to achieve your personal and professional goals. It's why we are the number one university in Australia for Overall Satisfaction and Skills Scale (QILT 2020 Graduate Outcomes Survey, undergraduate category).

Notre Dame provides our students with an integrative and transformative educational experience that combines theoretical knowledge, excellent disciplinary expertise and skills relevant to their chosen profession with the aim of producing work-ready graduates.

Notre Dame is a national university with 12,000 students across three campuses in Sydney, Fremantle and Broome. Our Sydney campuses are centrally located in the vibrant inner city hubs of Chippendale and Darlinghurst, which are close to public transport, a wide variety of cafes and restaurants, and Sydney's Central Business District – so our students are always at the heart of the action.

Notre Dame's admissions process goes beyond a single score, which like the Notre Dame study experience, is focused on the whole person. We consider your:

- academic record
- personal qualities
- gifts and talents
- motivation to study
- contribution to community life.

Back to Guide contents

Aboriginal and Torres Strait Islander applicants

Notre Dame is committed to providing Aboriginal and Torres Strait Islander students support to succeed in their university studies and beyond.

Commencing students have the opportunity to participate in our Aboriginal and Torres Strait Islander Mentoring Program. In your first semester, your Aboriginal peer mentor will help you to navigate university, answer any questions that you have and be a friendly face around campus.

As a Notre Dame student, you will have access to the Indigenous Student Success Program, a government-funded program which enables us to offer tutorial assistance to Aboriginal and Torres Strait Islander students in need of additional support.

You will also have the opportunity to gain practical work experience through industry internships with our partner, CareerTrackers.

For further information visit notredame.edu.au/indigenous-support.

Selection rank adjustments

Notre Dame may increase your selection rank under the following categories:

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Scheme (EAS) – Submit an EAS application via UAC – For details, go to uac.edu.au/eas
Location adjustments For students who live or attend school in designated areas.	Points automatically applied to students who: – demonstrate a permanent residential address in a regional or remote area or – attend a high school in a low socioeconomic area
Elite athlete adjustments For athletes who compete at – and performers who have had success at – a state, national or international level	Elite Athlete – Submit a direct application to Notre Dame: search for 'elite athlete' at notredame.edu.au for further information
Individual factors At Notre Dame, we consider the whole person and recognise non-academic achievements	Applicants are invited to provide details of personal qualities, experience and contribution to community life.

Early offer schemes (Offer dates may have changed due to the delayed release of HSC results and ATARs. Check with the institution.)

Schools Recommendation Scheme	Participation to be confirmed
Notre Dame Early Offer Program	**Important dates** Applications open: 21 April 2021 Applications close: 1 September 2021 Offers released before HSC/equivalent examinations commence
	Assessment criteria – NESA Preliminary Stage 6 (Year 11) courses and grades – Year 11 and 12 school reports
	How to apply Submit a direct application to Notre Dame: go to notredame.edu.au/earlyoffer

For the latest course information and detailed admission criteria visit uac.edu.au/unda

Studying at University of Sydney

The Sydney Undergraduate Experience prepares you for a future full of possibilities. Our flexible degrees enable you to find a study path that is right for you.

Choose from a range of professional, specialist or liberal studies, and combined and double degrees. With more than 100 majors and minors you can broaden your skills or follow your interests and add multidisciplinary knowledge outside your primary degree. No matter what you study, you'll have the opportunities and support to undertake internships or placements with industry-leaders and graduate ready for work.

Through our Dalyell Scholars stream for high-achieving students, as well as our Bachelor of Advanced Studies combined degree program, you can extend your degree with advanced learning and tailored opportunities to stand out from the crowd.

We offer an extensive study abroad and exchange program, allowing you to take advantage of opportunities from all over the world.

Join the University of Sydney and discover why we are number one in Australia and fourth in the world for graduate employability in the QS Graduate Employability Rankings 2020 and have 31 subjects ranked among the top 50 globally in the QS World University Rankings by Subject.

Aboriginal and Torres Strait Islander applicants

The University is committed to supporting Aboriginal and Torres Strait Islander students to succeed in higher education. Any course offered by the University (excluding block-mode and away-from-base courses) can be studied through the Gadigal Program, an admissions pathway and support program. If you are younger than 21, you need to have completed the HSC or equivalent but are not required to have an ATAR.

Submit your Gadigal Program application via your course application through UAC.

For more information, visit gadigal.sydney.edu.au.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

The University of Sydney does not accumulate points across the following categories. You will be awarded the points that benefit you the most.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) / Broadway Scheme – Submit an EAS application via UAC – Max. 10 points (depends on course demand, availability of courses and severity of the disruption to your studies) – Excludes Medicine double degrees
Location adjustments	None
Elite athlete and performer adjustments For athletes or performers whose rehearsal, training and/or competitive commitments have significantly impacted their Year 12 studies	– Submit two applications: ▪ your UAC application ▪ a separate application form (and supporting documentation) for the Elite Athletes and Performers Scheme: visit sydney.edu.au/admission-pathways – Max. 5 points
Subject adjustments For students who have achieved Band 5 or 6 in English Advanced or Mathematics Advanced (or E4 in extension courses)	Academic Excellence Scheme – Max. 5 points / automatically applied

Early offer schemes (Offer dates may have changed due to the delayed release of HSC results and ATARs. Check with the institution.)

Schools Recommendation Schemes	Apply via UAC. Applications close 19 September 2021 The SRS application does not take effect on its own; you must complete all components of the E12 application.
E12 (via SRS application)	**Important dates** SRS/E12 applications close: 19 September 2021 Do not remove your E12 course from your preferences after this date Conditional offers released: 12 November 2021 Unconditional offers released: 22 December 2021
	Assessment criteria – EAS application – SEIFA index – E12 questions – SRS application **Tip:** If your residential address lies within the lowest 25% of the SEIFA index, you will receive an email to this effect the day after you complete your UAC application for undergraduate admission. You will then know if you have met this criteria.
	How to apply – Check that you meet the E12 eligibility criteria for admission (financial hardship + SEIFA index lowest 25%), choose an E12-eligible course and download the E12 application questions: search for 'early offer Year 12 scheme' at sydney.edu.au – Talk to your principal and careers adviser about applying for E12 – Complete your UAC undergraduate application and include your E12-eligible course as a preference – Apply for EAS at the end of your UAC application (financial hardship disadvantage F01A, F01B, F01C or F01D) – Apply for SRS at the end of your UAC application or via the UAC website and upload your answers to the E12 question

Studying at UTS

You're young and bright. So are we.

Like you, UTS is breaking new ground. We're resourceful and technology driven, committed to new ways of thinking and doing. Our youth makes us curious – but it doesn't limit our success. Need proof? We're Australia's number one young university and eleventh in the world under 50 years old.[1]

Like you, we're creating the future.

When you choose UTS, you'll join a community of inspired – and inspiring – students, academics and creative industry partners who are shaping the future. What's more, we're located right in the heart of Sydney's leading digital and creative precinct, with countless opportunities right on our doorstep.

Like you, we're ready for anything

Nothing prepares you for the real world like industry experience. That's why hands-on, practice-based learning experiences are key to UTS courses. Open the door to work placements, community and case-based projects, and real-life simulations – when it comes to the future world of work, you'll be ready for anything that life throws your way.

Like you, we're pushing the boundaries

We're known for being the most industry-focused of all Sydney metro unis,[2] and that's no accident – at UTS, our course content and industry opportunities are a launching pad for new ideas. No matter what you study, we'll support you to work with creative techniques and innovative solutions that push the boundaries of your future profession.

1 *QS Top 50 Under 50 2021.*
2 *RepTrak Survey 2019.*

Aboriginal and Torres Strait Islander applicants

The Jumbunna Institute for Indigenous Education and Research provides support and access to all Australian Aboriginal and Torres Strait Islander applicants who would like to study at UTS via the Jumbunna Pathways Program.

In collaboration with UTS College, a number of tuition-free scholarships are available to applicants of the Jumbunna Pathways Program. Upon successful completion of the UTS College diploma program (and depending on your grade point average and chosen degree), you will be offered a place in an undergraduate degree at UTS.

For further information, visit uts.edu.au/future-students and select 'Indigenous Australians'.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

You may be eligible for adjustment points across the following categories. You can receive a **maximum of 10 points** for Business courses and a **maximum of 13 points** for courses in Design, Architecture and Building; Engineering and IT.
Go to uts.edu.au/admission-schemes for more information.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Complete an EAS application via UAC – 10 points for eligible applicants – For details, go to uac.edu.au/eas
Location adjustments	None
Elite athlete and performer adjustments For students whose studies have been impacted by representing their school or state at a national level competition/event	– Submit an Elite Athletes and Performers application directly to UTS – 5 points for eligible applicants – For details, search for 'admission schemes' at uts.edu.au
Subject adjustments For students who perform well in HSC subjects related to specific UTS course preferences	– Max. 5 points / automatically applied – Min. ATAR (or equivalent) of 69.00 required – Excludes courses from the Faculty of Law, Health, and Education courses from the Faculty of Arts and Social Sciences
Women in engineering, information technology and construction For female applicants to selected engineering, information technology or construction project management course	– 10 points / automatically applied – For details of specific courses, search for 'Women in engineering, IT and construction' at uts.edu.au

Early offer schemes

Schools Recommendation Schemes	Apply via UAC. Applications close 19 September.

For the latest course information and detailed admission criteria visit uac.edu.au/uts

UNIVERSITY OF WOLLONGONG AUSTRALIA

CRICOS provider number 00102E

Get in touch

UOW Future Students
University of Wollongong
Wollongong NSW 2522

tel: 1300 367 869 (within Australia)
+61 2 4221 3218 (International)
email: futurestudents@uow.edu.au
website: uow.edu.au/study

In person

UOW Student Central
(Ground Floor, Building 17)
Northfields Avenue, Gwynneville NSW 2522

Open days

Saturday 7 August 2021
uow.edu.au/openday

See our campus for yourself and have all your questions answered by UOW experts. Learn more about our world-class programs and facilities, and see why UOW is ranked the number one university in NSW overall, as chosen by students.[1]

Campus tours

Explore the Wollongong campus with a UOW student guide. From state of the art facilities to the exquisite natural surrounds, tours can even include a visit through campus accommodation. These one hour tours happen every Friday at 10 am and 2.30 pm (excluding public holidays). Tours can be arranged at all UOW campuses.

Call 1300 367 869 or book online at uow.edu.au/study/visit

Important dates

First session
Starts 28 February 2022

Orientation
South Western Sydney campus: 15 – 16 February 2022
Wollongong campus: 22 – 24 February 2022

Mid-year recess
27 June – 22 July 2022

Second session
Starts 25 July 2022

Orientation
South Western Sydney campus: 13 July 2022
Wollongong campus: 18 July 2022

Studying at University of Wollongong

Ranked the number one university in NSW overall,[1] the University of Wollongong (UOW) not only focuses on teaching you specialist knowledge, but also the skills needed to adapt and solve tomorrow's challenges.

This approach, which emphasises practical experience and real-world learning, inspires you to follow your passions, stand for purpose and connect with the brightest minds across the globe. Graduating with the tools necessary to solve complex social, environmental or economic challenges, you will gain the edge in a competitive job market. In fact, UOW graduates are among the world's most employable.[2]

University is a time to find yourself and become more independent. With a myriad of opportunities for development, fun and self-discovery, you'll soon find your place and your people. You'll get the most out of being a student at UOW's safe, vibrant and open campuses. And with the tools and support available to succeed, you'll experience a student life like no other, rated the maximum five stars by students themselves.[3] We're proud to continue to provide the high quality learning, teaching and support services that we're known for, whether it's face-to-face or online.

UOW has nine campus locations across NSW, plus a growing reach of international campuses and partner institutions. So, wherever you choose to study, you'll be joining a global community of learning.

Advanced study programs are also available for high achieving students, offering self-directed study and research opportunities — the kind not usually available to undergraduate students. Many of our Dean's Scholar degrees provide an academic mentor from your area of study and the chance to potentially fast-track your degree.

Studying with UOW, ranked among the world's top 20 modern universities,[4] earns you a globally recognised and respected degree — your passport to a world of opportunity.

Aboriginal and Torres Strait Islander applicants

The Indigenous Admissions Program, run by the Woolyungah Indigenous Centre, offers a pathway for Aboriginal and Torres Strait Islander people over the age of 17 who are seeking entry into UOW's undergraduate programs. For more information, search for 'Woolyungah' at uow.edu.au.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

UOW will increase your selection rank by a **maximum of 10 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 5 points – For details, go to uac.edu.au/eas
Location adjustments For students who attend school in UOW's catchment area or in regional and remote areas	Completing the HSC at a school in UOW catchment area or regional NSW – 3 points / automatically applied – To check if your school is eligible, search for 'catchment adjustments' at uow.edu.au Applicants for B Pre-Medicine, Science and Health – Applies to students living in regional, rural or remote areas defined by the Australian Statistical Geographical Classification – Remoteness Area (ASGC-RA) (abs.gov.au) – 5 points / automatically applied – For more information, search for 'ATAR-based information' at uow.edu.au
Elite athlete and performer adjustments	For the latest information, visit uow.edu.au/study/high-school/apply
Subject adjustments For students who perform well in HSC subjects related to specific UOW course preferences	– Max. 3 points / automatically applied – For details, search for 'subject adjustments' at uow.edu.au

Early offer schemes (Offer dates may have changed due to the delayed release of HSC results and ATARs. Check with the institution.)

Early Admission	**Important dates** Applications open: 19 July 2021 Applications close: 13 August 2021
	Assessment criteria – On track for an ATAR, IB or equivalent – Year 11 and 12 results, including trial results – Responses to questions in your application addressing the themes of academic readiness, motivation and passion, planning and persistence, communication and collaboration – Interview and/or registered attendance at an Early Admission Day
	How to apply Submit direct application to UOW: search for 'early admission' at uow.edu.au

For the latest course information and detailed admission criteria visit uac.edu.au/uow

UNSW Sydney Open Day
Saturday 4 September 2021

UNSW Canberra Open Day
Saturday 21 August 2021

Campus visits

A UNSW campus tour is a great way to see if UNSW is the right place for you. Led by our knowledgeable Student Ambassadors, discover the ins and outs of studying at UNSW and the diverse range of student life opportunities on offer. Tours run regularly throughout the year (subject to the latest NSW Health COVID-19 guidelines and advice) and are available for both the Kensington and Paddington campuses.

For the latest tour dates and to register your place, visit campustours.unsw.edu.au.

Important dates

Term 1
Monday 14 February – Thursday 12 May 2022
Study period: Saturday 23 April – Thursday 28 April 2022
Term break: Friday 13 May – Sunday 29 May 2022

Term 2
Monday 30 May – Thursday 25 August 2022
Study period: Saturday 6 August – Thursday 11 August 2022
Term break: Friday 26 August – Sunday 11 September 2022

Term 3
Monday 12 September – Thursday 8 December 2022
Study period: Saturday 19 November – Thursday 24 November 2022

Studying at UNSW Sydney

UNSW Sydney helps you discover your potential and make a positive difference in the world. Our community challenges you to put your passion and purpose towards making an impact and builds your skills so you can make it happen.

As one of the world's top 50 universities,[1] our learning experience provides the best hands-on opportunities, work-integrated learning and extracurricular activities so you can shape your experience while working towards your degree.

UNSW's 3+ academic teaching calendar – made up of three 10-week teaching terms and an optional intensive summer term – offers students flexibility and time to pursue professional development opportunities in Australia and worldwide.

Our students are set up for career success, with more of our undergraduate students finding full-time employment and earning higher salaries than any other Sydney-based or Group of Eight university.[2]

Located just 7 kilometres from Sydney's CBD and close to both Coogee and Bondi Beach, UNSW is one of Australia's most cosmopolitan universities — with over 60,000 students from 137 countries.

Our six faculties combine world-leading researchers and educators to offer a wide range of study areas. These renowned minds mentor students to learn the latest innovations in practice and theory that push the boundaries of future applications. Students realise their ideas by putting this thinking into doing, with access to facilities, business leaders and real-world situations that will prepare them for industry.

We're committed to taking actions today that create a more positive tomorrow. As the world's top institution for our approach to the UN Sustainable Development Goal for Responsible Consumption and Production,[3] UNSW leads the way towards a more sustainable future. Our community is pushing boundaries and solving today's biggest challenges; that's why we're the number one institution attended by startup founders.

Back to Guide contents

Aboriginal and Torres Strait Islander applicants

UNSW offers entry programs specifically for Indigenous Australians. The entry pathway program you apply for will depend on the degree you want to study. Throughout these programs you will be assessed on your commitment, attitude and aptitude towards your studies and your ability to participate academically in your selected discipline.

UNSW Indigenous Preparatory Programs (Pre-Programs)

The Pre-Program for Business, Education, Law, Medicine, Science and Engineering, and Social Work is a three-week residential program that involves participation in lectures, tutorials, group work, social activities, exams and assessments. Selection for the program is based on the submission of an application. For more information, visit nuragili.unsw.edu.au/preprograms.

UNSW Indigenous Admission Scheme (IAS)

IAS is a one-day entry program that involves an application through Nura Gili. You will be invited to visit Nura Gili to have a conversation with faculty and Nura Gili staff about your aspirations for university studies and undertake a written and numeracy task.

The scheme is suitable for students wishing to undertake an undergraduate degree in Arts and Social Science (excluding Education and Social Work), Art and Design, Built Environment, Exercise Physiology, Engineering and/or Science. For more information, visit nuragili.unsw.edu.au/ias.

Enabling programs for Australian Aboriginal and Torres Strait Islander People

The Humanities Pathway Program is a one-year program that provides a pathway into academic study in Arts, Social Sciences and Law for Australian Aboriginal and Torres Strait Islander students who may need to gain further knowledge in their selected discipline or better prepare themselves for university. For more information, visit nuragili.unsw.edu.au/unswenablingprograms.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

UNSW will increase your selection rank by a **maximum of 12 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) / UNSW ACCESS Scheme – Submit an EAS application via UAC – Max. 10 points – For details, go to uac.edu.au/eas
Elite athlete and performer adjustments For students who have excelled in areas of sport, academia, leadership, and/or music at an elite level	UNSW Elite Athletes, Performers and Leaders (EAPL) Program – Submit an application direct to UNSW – Max. 5 points – For details, go to futurestudents.unsw.edu.au/adjustment-factors-eapl
Subject adjustments For students who perform well in Year 12 subjects relevant to specific UNSW course preferences	HSC Plus – Max. 5 points / automatically applied – For details, go to futurestudents.unsw.edu.au/adjustment-factors-hsc-plus

Early offer schemes

UNSW Gateway Early Conditional Offer Scheme	UNSW Gateway is an admission pathway for students in Years 11 and 12 attending Gateway schools. It significantly adjusts the ATAR requirements for your preferred UNSW degree and provides you with an early conditional offer to UNSW. For more information visit futurestudents.unsw.edu.au/unsw-gateway-early-offer

For the latest course information and detailed admission criteria visit uac.edu.au/unsw

Mid-February – late June 2022

Semester 2
Mid-July – early November 2022

Studying at UNSW Canberra – ADFA

UNSW Canberra at the Australian Defence Force Academy (ADFA) is the Canberra-based campus of UNSW Sydney (University of New South Wales). ADFA is a unique partnership between the Australian Defence Force and UNSW Canberra, providing training and education for future leaders of the Australian Defence Force.

UNSW Canberra also provides education to non-Defence applicants pursuing studies in Engineering. Students can apply to be considered under the Defence Civilian Undergraduate Sponsorship scheme into Engineering, and Computing and Cyber Security degree programs.

International students cannot apply to ADFA.

Aboriginal and Torres Strait Islander applicants

Aboriginal and Torres Strait Islander applicants should contact Student Administrative Services on (02) 5114 5000 or email sas@adfa.edu.au.

Early offer schemes

There are no UNSW Canberra early offer schemes.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

UNSW will increase your selection rank by a **maximum of 12 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) / UNSW ACCESS Scheme – Submit an EAS application via UAC – Max. 10 points – For details, go to uac.edu.au/eas
Elite athlete and performer adjustments For students who have excelled in areas of sport, academia, leadership, and/or music at an elite level	UNSW Elite Athletes, Performers and Leaders (EAPL) Program – Submit a direct application to UNSW – Max. 5 points – For details, go to futurestudents.unsw.edu.au/adjustment-factors-eapl
Subject adjustments For students who perform well in Year 12 subjects relevant to specific UNSW course preferences	HSC Plus – Max. 5 points / automatically applied – For details, go to futurestudents.unsw.edu.au/adjustment-factors-hsc-plus

For the latest course information and detailed admission criteria visit uac.edu.au/unsw-adfa

Studying at Western Sydney University

Western Sydney University prides itself on challenging the traditional notion of what a university should be. We are deeply embedded in the community and the region we serve.

We are dedicated to ensuring our students enjoy a dynamic learning experience. From our award-winning, tech-infused vertical campuses in Western Sydney's growing CBDs, to the forward-focused new teaching methodologies, we ensure you are well prepared for the future.

According to Times Higher Education World University Rankings (2020, 2021), Western is in the top 2 per cent of universities in the world and number three globally for United Nations' Sustainable Development Goals.

We demonstrate our pledge to students with our unique early offer program, HSC True Reward. We recognise that you are more than your ATAR so we focus instead on your strongest

skills and the subjects in which you excel. At Western we make early offers into a degree based on corresponding HSC subject band outcomes.

And we're not stopping there. We're working on ways to measure skills such as resilience, time management, and the ability to form networks and cultural capital – recognising the critical life skills needed.

For high achievers, The Academy at Western Sydney University is a program that challenges our students to think differently and cultivates leadership skills. We empower our students with professional and personal experiences so they can influence change locally and globally.

With more than 200,000 highly respected alumni, the University offers the benefits of a dynamic, culturally rich and globally aware graduate community.

Find your unlimited with Western Sydney University.

Aboriginal and Torres Strait Islander applicants

In addition to applying through UAC, Aboriginal and Torres Strait Islander applicants may wish to be considered for entry through the Aboriginal and Torres Strait Islander Pathway Program.

The Pathway Program will be delivered virtually with assessments and an interview component completed online.

We accept applications throughout the year with assessment workshops scheduled in:

- August (2022 commencement)
- November (2022 commencement).

For more information, visit westernsydney.edu.au/pathwayprogram or call our friendly student support team on 1300 897 669.

Selection rank adjustments

Refer to pages 27–28 for an explanation of selection rank adjustments.

Western Sydney will increase your selection rank by a **maximum of 10 points** across the following categories.

Equity adjustments For students who have experienced long-term educational disadvantage	Educational Access Schemes (EAS) – Submit an EAS application via UAC – Max. 5 points – For details, go to uac.edu.au/eas

Apply direct institutions

Academy of Information Technology	183
Academy of Interactive Entertainment	185
Academy of Music and Performing Arts	187
Australian Institute of Music	189
Elite Education Institute	191
Endeavour College of Natural Health	193
Kent Institute Australia	195
Legal Profession Admission Board of NSW	197
National Institute of Dramatic Art	198
Wentworth Institute of Higher Education	200
William Angliss Institute	201

Introduction

The institutions in this section manage their own admissions. UAC does not process applications to these institutions.

Each institution's entry includes general information and a list of available courses. Full course descriptions are published on the UAC website.

Reading the course lists

Course name

B = Bachelor
M = Master
Dip = Diploma
AdvDip = Advanced Diploma
AssocDeg = Associate Degree

Fee type

The fee type indicates how much you pay towards the cost of the course. The two main types of courses for domestic students are:

DFEE = domestic fee-paying (not subsidised - you pay the full cost of the course) Most courses offered at apply direct institutions are DFEE.
CSP = Commonwealth-supported place (subsidised by the Australian Government)

All international students pay the full cost of their course.

Course code

Each course is given a UAC identification code. This code is for use on UAC's online course search only. You do not apply for this course through UAC or use this code when you apply directly to the institution.

Duration

3F = 3 years of full-time study
6P = 6 years of part-time study
3F/EqP = 3 years of full-time or equivalent part-time study

Open days

AIT hosts regular virtual info sessions and open days throughout the year providing an opportunity for prospective students to learn about our courses, explore the campus, meet our teachers, see our student work and hear from graduates.

Check ait.edu.au for dates and to register your attendance.

Important dates

We have multiple intakes per year:

- February
- May
- September.

Studying at AIT

Are you ready to turn your ideas into a creative career that you'll love in film, 2D animation, 3D design, games or mobile app development? For over 20 years, AIT has delivered progressive education for the creative, digital media and tech industries that places graduates at the top of their game. We pride ourselves on getting to know our students' passions, sources of inspiration and their unique artistic style – while providing regular opportunities to connect them to industry. We do this because we believe in cultivating the creativity and potential of every individual. What makes us most proud is that we actually change people's lives.

We simulate the demands of industry

With a balance of foundational education, software-based technical training and project-based work, our curriculum gives students an extensive and in-depth skill set that is relevant to the demands of industry.

We get you job ready

Learn the theory and get trained on the tools, processes and workflows that you'll use when you graduate – and become immersed in real-world training via our exclusive industry preparation programs for final year bachelor students:

- **The Forge & Advanced Studio**
  Collaborate as part of a team to create your own game, film, 2D animation, 3D design or mobile app, which you'll then pitch to an industry panel for feedback.
- **Launchpad**
  Gain the soft skills you need to land your dream gig and excel in your career – from portfolio development to resume creation, interview techniques and personal branding.
- **Internship**
  Complete a 120-hour internship as an elective subject (subject to eligibility criteria) to gain valuable on-the-job experience and a network of meaningful contacts.

We teach for job placement and the stats don't lie! We boast a 77 per cent employment rate for graduates landing jobs after completing their studies.

We connect students to industry

We know it's not just about what you know but also who you know. That's why we provide regular opportunities for our students to connect with and get recognised by industry. We've hosted some of the biggest names in the interactive media and IT business on our campus for panel discussions, student presentations to industry judges, networking events and our annual .Motion and .Games Day student showcase and awards events. Students often land job interviews, internships or paid employment on the spot.

What are you waiting for? Come and turn your ideas into a creative career you'll love, at AIT.

Important dates

2022 applications open on Tuesday 4 May 2021.

Studying at AIE

The Academy of Interactive Entertainment (AIE) is Australia's most awarded 3D animation, game development, virtual production and visual effects educator. Created as a non-profit organisation to grow the creative digital sector, AIE pioneered the development of specialist game qualifications and continues to innovate through industry partnerships and dynamic teaching. AIE courses are practical, career-focused and delivered by industry-experienced teachers in a seriously fun and creatively demanding studio environment.

AIE offers specialist training in computer game development (art, design and programming), film, virtual production and visual effects, supporting the Australian digital creative industries, which continue to grow faster than any other entertainment or content sector. All AIE's certificate and advanced diploma programs are nationally accredited and recognised through the Australian Qualifications Framework.

AIE graduates can be found working around the world at major games, animation and visual effects studios: Animal Logic, ILM, Weta Digital, Epic Games, Bioware, Ubisoft, Wargaming and Rockstar. Our graduates have been credited on blockbuster games including GTA V, Destiny and Gears of War 5 and their short films have featured in film festivals around the world. AIE graduates have worked on blockbuster films and TV shows, including *Shang-Chi and the Legend of the Ten Rings*, the Lego movies and *WandaVision*, as well as AIE's funded feature films *Blue World Order*, *The Furies* and *Sissy*.

The software, production process and knowledge involved in the development of games, film and visual effects production mirrors activity in technology-driven industries from engineering, architecture and urban planning to defence simulation and biotechnology. AIE graduates are just as likely to be hired by a games or film studio as they are for a software development team working within Australia's biggest finance companies.

AMPA holds auditions for each intake throughout the year with flexible audition options for interstate, regional and international applicants.

Studying at AMPA

The Academy of Music and Performing Arts (AMPA) is an innovative independent institution leading the way in tertiary education for performing arts in Australia.

With its uniquely personal approach and highly selective admission criteria, AMPA commits to providing the highest quality in undergraduate and postgraduate performing arts degrees. Focus areas include music (contemporary, jazz and classical), dance (contemporary, ballet, jazz and hip hop), and music theatre and composition/music production.

The institution's supportive and collaborative community environment encourages students to pursue excellence in all aspects of their academic, practical and creative study. AMPA equips talented artists with the skills essential to succeed as musicians, dancers, performing artists, composers, producers, choreographers, directors, teachers and industry professionals in Australia and around the world.

Studying at AIM

The Australian Institute of Music (AIM) is the only private tertiary college in Australia dedicated exclusively to the pursuit of excellence in music and helping you on the path to a fulfilling career in the music industry.

Our programs include undergraduate certificates, the Bachelor of Music, Bachelor of Entertainment Management as well as postgraduate Music and postgraduate Arts and Entertainment Management, and are specifically designed to educate the next generation of artists and music industry professionals.

At AIM we know industry and practical experience matter – that's why our academics are all music industry professionals who will help ensure you receive an education that's current and relevant. We provide opportunities for you to mix and mingle with industry through a series of industry-focused events.

We also offer you the chance to be involved in the release of high-quality recorded material through our student-led record company – to take part in gigs and events held on- and off-campus and perform in our showcase.

With campuses in central Sydney and Melbourne, you'll have access to AIM's world-class facilities during, and after you complete, your study.

At AIM you'll be part of a thriving student community, an industry-connected organisation and a faculty dedicated to bringing out your best sound; this will help you start developing a network of music professionals that you'll remain connected with as you commence your music career.

We understand that you want a mix of musical experiences – because we're dedicated to music, we're able to offer a wide range of electives to complement your main area of study.

If you want to pursue or further a career in music, start working on your industry connections and take your skills to the next level, AIM is the place to be.

For course information, how to apply and enrol, visit aim.edu.au.

Important dates

The academic year is divided into three 14-week trimesters.

Trimester 1
March – June

Trimester 2
July – October

Trimester 3
November – February

Students are able to select to study for two semesters (semester-based enrolment) or three semesters (trimester-based enrolment) per academic year. Those students who select three semesters per academic year (trimester model) will take 12 units per year and graduate after two years of study. Students who select a semester model will take 8 units per year and graduate after three years of study.

For exact dates, search for 'key dates' at ee.edu.au. Note each trimester's census date – the official deadline for finalising your tuition fees and enrolment.

Studying at Elite Education Institute

Australia is one of the world's favourite destinations for students seeking a first-class education. Elite Education Institute (EEI) takes great pride in the quality of courses and services delivered to students seeking a highly-prized Australian higher education qualification. EEI is accredited by the Tertiary Education Quality and Standards Agency (TEQSA) as a higher education provider.

Elite Careers

EEI, in partnership with Budding Talents Recruitment, is proud to introduce Elite Careers, a dedicated team of careers advisers to assist Elite students and graduates.

This scheme offers EEI students:

- Exciting internship opportunities in various roles with growth prospects
- Reputable Australian and multinational companies
- Part-time and full-time options to suit your study and work commitments.

Student welfare

EEI provides students with a nurturing higher education environment and the enhancement of students' education outcomes and welfare is our highest priority. To support professional and personal development, students have access to mentoring and one-on-one support programs.

Inclusiveness

We welcome students from all walks of life and offer an inclusive, multicultural learning environment. Our new students quickly become part of the EEI family and learn in safe, friendly classrooms. Students are encouraged to participate and interact with each other in class to develop the necessary skills and confidence that a career in accounting, business management or public relations – or a masters degree – demands.

Modern facilities

We provide students with contemporary facilities conveniently located across key locations and close to transportation, accommodation and eateries. Our campuses have modern, light-filled and fully equipped lecture rooms with audio visual projection equipment, internet access and the appropriate software. In addition to teaching rooms, all campuses have breakout and study areas for groups and individuals. Students also have access to fully equipped computer labs for self-study purposes, photocopiers and scanners.

Library Facilities

Students have access to physical libraries, an e-library, online research journal database (ProQuest), photocopying, and printing services.

Wi-fi, internet access, and e-learning

EEI provides students with free wi-fi and internet access while on campus. We also have an e-learning system (Moodle) to facilitate students' learning. Students can access Moodle 24/7.

Studying at Endeavour

At Endeavour College of Natural Health, we're committed to the future and success of natural health both in Australia and internationally. Our purpose is to educate first-rate professionals who are perfectly positioned to service the thriving health and wellness sector.

Endeavour College of Natural Health offers five bachelor degree programs in Naturopathy, Nutritional and Dietetic Medicine, Acupuncture, Myotherapy and Complementary Medicine, as well as two diplomas: our HLT52015 Diploma of Remedial Massage and Diploma of Health Science. In addition, Endeavour College offers an HLT42015 Certificate IV in Massage Therapy and four undergraduate certificates. Endeavour College also offers several school-leaver and Indigenous school-leaver scholarships to high achievers.

Each campus hosts a fully-equipped student clinic which is open to the public and provides a variety of affordable, natural healthcare treatments. At these clinics, students gain significant clinical experience under the supervision of qualified practitioners.

It's an exciting time to become more involved in the dynamic and booming natural health industry. There's never been such high demand in Australia for natural health practitioners and the range of industries employing our professionals continues to grow. We believe that more than half of the job types available to health and wellness professionals of the future are yet to be invented. This means your wellness career could take exciting turns you could never have predicted.

We are committed to advancing the future of natural medicine by ensuring our graduates are equipped with a competitive edge to become leaders in their chosen fields of practice.

Studying at Kent Institute Australia

Kent Institute Australia has been providing quality higher education and training to local and international students for over 30 years. During this time, Kent has continued to grow and innovate, and today, Kent is officially recognised as a leading provider of accredited vocational and higher education courses.

Kent aspires to create a brighter future for all our students – we empower our students to challenge themselves academically and socially, and we provide an environment that nurtures development. Kent graduates are prepared for a career in business or information technology and are guided to career opportunities.

Our principle goal is to provide the pathway to each student's future by broadening knowledge and expanding life experience – and we help create the next generation of business and information technology leaders.

Our campuses in Sydney and Melbourne offer students a modern, interactive learning environment. Kent's boutique and personalised approach means smaller classes, superior student support, student engagement, and enhanced teaching and learning.

Kent has a diverse student body of over 55 nationalities and we assist students from all backgrounds and cultures gain access to quality higher education. We strive to stimulate discussion, encourage critical thinking and empower our students to make confident, informed educational and career decisions.

Kent Institute Australia has established and maintains excellent links with industry and professional standard bodies, all of which enhance the student experience and graduate outcomes. And our 10,000 worldwide alumni work in various industries worldwide.

Discover the pathway to your future at Kent Institute Australia.

Studying at the Legal Profession Admission Board

Study law in our flexible and accessible pathway to legal practice. Our Diploma in Law course provides a qualification that is equivalent to a law school degree for the purpose of entry to the legal profession in Australia. It is also the oldest law course in Australia.

Delivered in partnership with the University of Sydney, lectures are given by leading practitioners and academics. Teaching involves a combination of face-to-face sessions at the Camperdown campus in Sydney and recorded lectures that are available online.

The aim of the course is to provide an affordable legal education. Our program is especially suited to part-time students and country/interstate residents. Weekend seminars at key points in the semester provide opportunities for live interaction with lecturers and other students for the purpose of revision, discussion and problem-solving practice.

Our entry requirements make law study available to a wide cross section of the community, while at the same time our course is academically rigorous. We place an emphasis on performance in the course, rather than on restrictive entry requirements.

The course has a practical and professional orientation, and study with us requires independence, perseverance and a drive to attain legal knowledge. Coupled with the high academic standards within the course, this approach produces confident and work-ready graduates. Generations of judges, solicitors and barristers have been educated in this way for over 170 years.

Semester 2
starts July 2022

Studying at NIDA

Founded in 1958 as Australia's National Institute of Dramatic Art, NIDA is now one of the most respected performing arts schools in the world.

For over 60 years, the school's unique practice-based and personalised learning experience, unparalleled rigour, fearless culture of innovation, and deep industry connection has produced some of the most influential and in-demand storytellers, from performers to makers and technicians, across stage, screen and beyond.

Continually investing in bold new initiatives, NIDA's goal is to unlock the creativity of storytellers of all ages and backgrounds.

NIDA offers an unmatched range and depth of industry-relevant training across performing arts disciplines including acting, costume, cultural leadership, design, directing, make-up, musical theatre, props, scenic construction, stage management, technical theatre, voice and writing.

This, along with the Institute's international networks and deep industry links, ensures our graduates are immediately employable, enjoying successful careers in theatre, dance and opera companies, festivals and events, film, television and games production.

Vision

Training the world's most wanted storytellers.

Purpose

We unlock the power of the performing arts across stage, screen, future media and beyond.

Graduates

NIDA alumni can be found all over the world. Since 1959, they have had national and international impact in theatre, screen and creative industries. They are recognised, not only for their success as performing and behind-the-scenes artists, but also for their dedication to telling Australian stories.

Back to Guide contents

NIDA's impressive roster of star alumni includes household names such as Hugo Weaving, Sam Worthington, Cate Blanchett, Baz Luhrmann and Sarah Snook, as well as rising stars such as *Orange is the New Black's* Yael Stone, *Spiderman: Far From Home's* Remy Hii, *The Wilds* star Mia Healey, Steven Spielberg's forthcoming *Halo* star Yerin Ha, Amazon Prime's forthcoming *Lord of the Rings* actor Fabian McCallum, and rising star Sophie Wilde.

Studying at Wentworth Institute

Wentworth Institute of Higher Education is located opposite Central Station and is distinguished by its small classes and support for the individual student. Wentworth Institute provides high-quality study programs in business and interactive media at undergraduate and postgraduate levels.

Our mission is to provide industry-relevant and innovative higher education courses to address the learning needs of committed students and, in turn, the future needs of the businesses and industries in which they'll contribute their values, skills and knowledge.

Wentworth Institute's higher education degrees are accredited through the Tertiary Education Quality and Standards Agency (TEQSA) and by the relevant professional bodies. All our courses have been developed in close collaboration with industry so that students can gain relevant and sought-after skills. Our courses are designed to lead to successful and fulfilling careers in various fields, both in Australia and in the global marketplace.

We're committed to providing a valuable educational experience in a friendly atmosphere, and student support for academic studies and personal issues so that every student has the opportunity to reach their potential.

Studying at William Angliss Institute

Founded in 1940, William Angliss Institute focuses on developing leaders in the 'experience economy' – foods, tourism, hospitality and events – where consumers choose to spend more, share more and find more happiness in 'experiences' rather than 'things'. We offer a broad range of training and education programs including certificates, diplomas and advanced diplomas, short courses, associate degrees and bachelor degrees.

The Angliss Sydney campus is centrally located in Alexandria, known for its creative edge and surrounded by cafes, bars and restaurants; this area is the perfect place to learn and launch your career in Australia's experience industry. We pride ourselves on having passionate and dedicated people with long-standing industry ties who contribute their knowledge and experience in delivering training of the very highest standard.

Our Sydney campus offers endless experiential opportunities while you gain world-recognised qualifications. Feel at home at our modern campus with state-of-the-art facilities:

- super kitchen training kitchens
- bright street front cafe
- large training restaurant with balcony dining
- full training bar
- a dynamic mix of formal and informal learning spaces
- relaxed student break-out spaces
- close to many restaurants, parks, cafes, bars and events venues.

Part 4:

Course Finder

Course Finder is a guide to undergraduate courses offered to domestic students in 2022.

Not all courses are available to international students: refer to the institution information in Part 2 for details.

Course Finder is in two parts:

'Find your topic of interest' directs you to the fields of study that incorporate your interests.

'Find your course' lists relevant courses under each field of study.

Full course descriptions will be published on the UAC website when details are confirmed.

Find your topic of interest 204

Find your course 207

Find your topic of interest

1. Find a topic that interests you (eg Aboriginal studies). It will refer you to one or more fields of study (eg see Health and Society and Culture).
2. Turn to 'Find your course' and look up the cross–referenced field of study (eg Society and Culture). Browse the courses offered in that field.

Find your course

Full course descriptions will be published on the UAC website as details are confirmed. All course descriptions will be published by August 2021.

All university courses are categorised into fields of study, or disciplines, defined by the Department of Education, Skills and Employment. You'll find that university faculties and schools are organised in a similar way, although the actual names vary – one uni might have a Faculty of Engineering while another uni has a Faculty of Engineering and IT.

Travis Smith
Junior Project Manager, Bronxx
Bachelor of Construction Management (Honours)
Graduated in 2020

"The Bachelor of Construction Management is an extremely practical course and provides knowledge that is not only relatable to our future positions within the construction industry, but also life in general. Completing the course provides the opportunity for a variety of different jobs across various construction sectors.

In the short time I've been in the construction industry, I've worked on some really interesting high-end builds which have challenged my problem-solving and planning skills. I would highly recommend the Bachelor of Construction Management course."

Architecture and Building

Architecture and building is the study of the art, science and techniques involved in designing, constructing, adapting and maintaining public, commercial, industrial and residential structures and landscapes. It includes the study of the art and science of designing and planning urban and regional environments.

Topics studied include aesthetics and space dynamics; architectural design and drawing; building economics; building science; building techniques and technologies; construction management; town planning.

Career opportunities include architect, building/property manager, building or land surveyor, construction manager, environmental planner, estimator, exhibition display designer, industrial designer, interior designer, landscaper, property valuer, town/urban planner.

I loved being able to focus my learning on a topic that I was truly interested in and really push myself to grow and reach new heights! Meeting new people and making new friends that share a lot of similar interests was also an amazing part of the experience.

My current role is never boring as each day brings new and exciting challenges. Whether designing, strategising, content writing or editing, I always have a fascinating project to immerse myself in. Obtaining my degree provided me with a profound level of flexibility and diversity in my current role and future career prospects.

Grace Mathews

Religious Education Teacher

Bachelor of Education (Secondary) and Arts

Graduated in 2020

"The aspect about my degree that I enjoyed most was the real-world experience and education provided by industry-trained professionals. In conjunction with the smaller class sizes, in which I established connections and a network with my fellow educators, being guided by educators who've worked in or continue to work in the field was highly valuable.

The highlight of my degree was the vast practical experience I gained, which allowed me to work with experienced mentors and to grow as an educator. This experience, and the knowledge I acquired from my lecturers and tutors, have shaped me to become the teacher I am today."

Engineering and Related Studies

Engineering and related studies is the study of the design, manufacture, installation, maintenance and functioning of machines, systems and structures; and the composition and processing of metals, ceramics, foodstuffs and other materials. It includes the measurement and mapping of the earth's surface and its natural and constructed features.

Topics studied include all engineering specialties; engineering and manufacturing technology; food technology; land information technology and remote sensing; materials science; mechatronics; principles of design, drafting, planning and commissioning; plant and machine maintenance.

Career opportunities include engineer in one of the following specialties: aeronautical, chemical, civil, communications, construction, electrical/electronic, environmental, geotechnical, industrial, manufacturing, marine, materials, mechanical, medical, metallurgical, mining, petroleum, production, software, structural, systems, telecommunications.

I've always had a variety of interests so a double degree mixing STEM and humanities is perfect for me. I'm particularly passionate about environmental sustainability, and this degree made me realise the importance of approaching sustainability from all perspectives: environment, social and economic. In the future, I see myself contributing to renewable energy generation and storage by helping to remove the barriers to its uptake.

I'm thoroughly enjoying my internship. It's a great opportunity to put the theory I've learned at uni into practice and it's showing me how important good processes and communication are if you want to get things done!

Isabella Notarpietro

Engineering intern, Toohey's Brewery

Bachelor of Engineering (Chemical)/

Bachelor of Arts (Environmental Humanities)

Will graduate in 2023

Maria Salazar

Automation Systems Engineer, Evoenergy

Bachelor of Engineering (Honours)/Bachelor of Arts

Graduated in 2016

At uni I majored in Renewable Energy Systems (Engineering) and Environmental Studies (Arts), and I liked that my course had an interdisciplinary focus.

Working for an electricity distributor is interesting because the power sector is currently undergoing a transition towards digitalisation, decarbonisation and decentralisation, which is driven by technology and policy. In my job I enjoy getting to do hands-on field work, such as configuring power automation and communication devices in zone substations.

Food, Hospitality and Personal Services

Food, hospitality and personal services is the study of preparing, displaying and serving food and beverages, providing hospitality services, caring for the hair and body for grooming and beautification, and other personal services.

Topics studied include application and use of skin care and cosmetic products; general beauty care; hair cutting, styling, colouring and treatment techniques; housekeeping; hygienic work practices in relation to the food and hospitality industry; preparation, display and service of food and beverages.

Career opportunities include catering manager, conference/exhibition organiser, event planner, hotel manager, resort manager, restaurant manager, tour operator, tourist information manager, travel consultant.

Health

Health is the study of maintaining and restoring the physical and mental wellbeing of humans and animals.

Topics studied include disease processes and mechanisms; diagnosis; principles and practices of public health; restoration and maintenance of health.

Career opportunities include audiologist, biochemist, chiropodist, chiropractor, community health worker, dentist, dietitian/nutritionist, doctor, exercise physiologist, fitness/personal trainer, health administrator, midwife, nurse, occupational therapist, oral health therapist, paramedic, pathologist, pedorthist, pharmacist, physiotherapist, podiatrist, psychologist, psychotherapist, radiographer, radiologist, researcher, sonographer, speech therapist, sports scientist/coach.

My degree helped prepare me for working in a clinical setting. I was exposed to many areas of health care through work placements, which gave me confidence in my choice to pursue a career in nursing.

By working in a critical care environment, I've been able to develop my analytical skills to assess deteriorating patients and react in emergency situations. I often nurse people at their sickest and it's very rewarding to be a part of their care and to hear stories of those who have recovered.

Christopher McCaughtrie
Registered Nurse, Intensive Care Unit, Sydney
Bachelor of Nursing
Graduated in 2017

Information Technology

Information technology is the study of the processing, transmitting and storage of information by computers.

Topics studied include computation theory; computer programming; data format and coding; management, storage and retrieval of information in a computer environment; robotics programming and artificial intelligence; systems analysis.

Career opportunities include app developer, computer programmer, computer scientist, cyber security specialist, data analyst, digital media producer, game designer, graphic designer, graphic web designer, filmmaker, illustrator, information systems manager, intelligence analyst, IT consultant, network administrator/engineer, photographer, software developer, systems analyst/developer, ui/ux designer, visual effects artist, web designer/developer.

Natasha Ricardo
National Account Manager Woolworths,
Reckitt Benckiser
Bachelor of Commerce
(Marketing and International Business)
Graduated in 2018

"The Bachelor of Commerce was really interesting – your eyes are quickly opened to the way the world works. Before specialising in your major, you try a number of subjects that broaden your understanding of business.

The Marketing major was incredibly engaging and included lots of group assignments and opportunities to be creative. The International Business major gave me the opportunity to learn about working in different cultural environments – I even travelled to Vietnam for one of my subjects!

I now work in the consumer goods industry, which is really fast paced – every decision has a direct impact on products we all use, so it's exciting to be able to see the impact of your work."

Combined and double degrees only appear under one field of study. Check both areas you are interested in to find these courses. Combined Law degrees are listed after 'Society and Culture.'

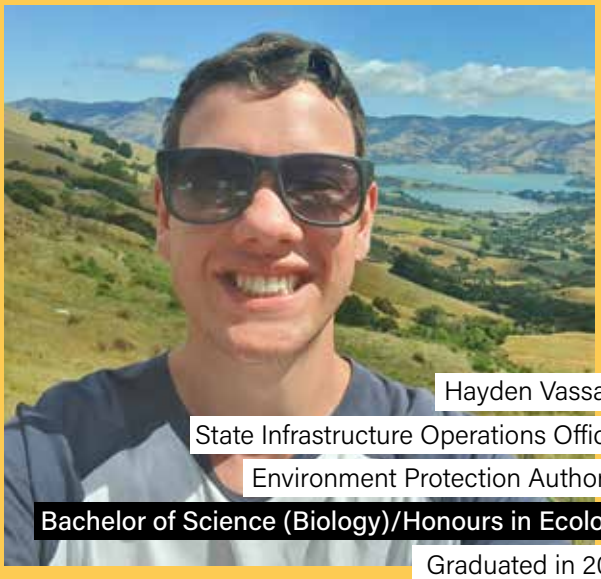
I was interested in science from an early age but never knew what I wanted to be. I chose to stick with my strengths and have a crack at undertaking a science degree. Although tough, I stuck with it and ended up loving uni life. I used uni to take opportunities and find out what I was passionate about.

When I completed my degree, I didn't have a 'dream job'; I just wanted to enjoy what I do. In my current role I enjoy every day, helping the community through environmental regulation and being hands-on in the field.



Hayden Vassallo
State Infrastructure Operations Officer,
Environment Protection Authority
Bachelor of Science (Biology)/Honours in Ecology
Graduated in 2017

Layne Holloway
Heritage Project Coordinator and trainee archaeologist, NGH Consulting
Bachelor of Science (Land and Heritage Management)
Graduated in 2018

I found my degree interesting because it exposed me to lots of different facets of environmental management. Working in heritage management now, I often have to liaise with other environmental specialists. My degree gave me a small insight to many different disciplines which has prepared me well for working professionally.

In my career I have the opportunity to gain an in-depth understanding about the places we live in and how civilisations change and evolve. The work that I do often acts as a small contribution to much larger projects. It's really satisfying hearing that a major infrastructure project has been finished, and being able to say 'I worked on that.'

Mixed Field Programs

Mixed field programs provide personal development training and general education in a range of subject areas, such as history, geography, natural science, social science, art and music.

Topics studied include general studies; literacy and numeracy skills; personal, social and workplace relationships.

Mixed field programs offer students a pathway to higher education.

Times indicated in this publication are Sydney time.

Your privacy

When you apply to the Universities Admissions Centre (NSW & ACT) (UAC) you provide a lot of personal information, sometimes including health information.

UAC values the privacy of your personal information and recognises the importance of protecting it. UAC is bound by the following legislation:

- *Privacy and Personal Information Protection Act 1998* (NSW)
- *Privacy Act 1988* (Cth)
- *Health Records and Information Privacy Act 2002* (NSW).

This means that UAC must uphold the NSW State Information Protection Principles, the Australian Privacy Principles and the NSW Health Privacy Principles. UAC is committed to upholding these principles and has implemented policies and procedures to ensure they are met.

You can view UAC's Privacy Policy and applicant declarations at uac.edu.au/privacy.
